ORDER

WHEREAS, on May 7, 1952, Wayne Schlehuber filed with the Department of Water Administration (formerly the Department of Reclamation) an application for permit to appropriate 2.40 cfs of water from Grizzly Creek and the Weiser River from a point within the NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 18 (Grizzly Creek) and NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 21 (Weiser River); Twp. 15 N, Rge. 2W, B.M., Washington County, to be used for irrigation purposes; and,

WHEREAS, on June 3, 1952, the Department approved said application and issued Permit No. 22811/67-2219 with the condition that one-fifth of the work be completed on or before December 3, 1954; and that the whole of said work be completed on or before June 3, 1957; and that the water be appropriated to a beneficial use on or before June 3, 1959; and,

WHEREAS, proof of completion of works was made on June 13, 1957; and,

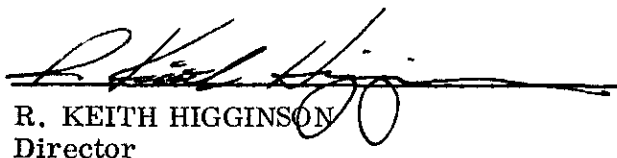

WHEREAS, on May 10, 1971, the Department notified the permit holder that Permit No. 22811/67-2219 was subject to cancellation for failure to submit proof of beneficial use of water due on June 3, 1959; and,

WHEREAS, the Department received the required proof of beneficial use on December 15, 1972; and,

WHEREAS, Section 42-218a of the Idaho Code provides that in the event that proof of beneficial use is submitted after the deadline set forth in the conditions of approval, the priority date of such permit shall be advanced the same number of days that said proof is late;

IT IS, THEREFORE, HEREBY ORDERED that the priority under Permit No. 22811/67-2219 be advanced to November 18, 1965.

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the department to conduct the field examination, but you may change to another certified examiner.

**NOTICE OF EXISTING
WATER PERMIT**

Notice is hereby given that Wayne Schiehuber, Cambridge, Idaho, has received an approved Permit No. 22811/67-2219 issued by the Idaho Department of Water Administration authorizing the diversion of 2.40 cubic feet per second of water from Grizzly Creek and the Weiser River. The priority to be established under this permit is November 18, 1965, and the permit was approved June 3, 1962.

Water is to be diverted by ditch and pipe from a point within the NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 18 (Grizzly Creek) and NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 21 (Weiser River); both in Twp. 15 N., Rge. 2W, B. M., Washington County, to be used for irrigation purposes in the S $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 18; SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 19; NW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 20; W $\frac{1}{2}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 30; Twp. 15 N, Rge. 2W, B.M.

Proof of the application of the water to beneficial use was submitted to the Department on December 15, 1972. Any protest against the issuance of the license for the above referenced permit should be filed with the Idaho Dept. of Water Administration, Statehouse, Boise, Idaho 83707, within ten (10) days of the last date of publication of this notice.

Mr. Wayne Schlehuber
Cambridge,
Idaho 83610

Dear Mr. Schlehuber:

We acknowledge receipt of your affidavit submitted as proof of beneficial use for the above referenced permit. Enclosed you will find an Order which advances the priority under this permit.

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a permit holder to make proof.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a newspaper as prescribed by the Department. If you will sign and return the enclosed advertising authorization, we will cause the legal notice to be published.

If you have any questions regarding the above matters, please contact us. It will be greatly appreciated if you will return the advertising authorization at your earliest convenience.

Sincerely,

Dear Mr. Schlehuber:

In answer to your letter of September 14, 1971, the Department will contact you again in July of 1972 regarding the submission of proof of beneficial use for the above referenced permit.

In connection with Permit No. G-33183/67-2362, we wish to advise you that proof of beneficial use is due on or before September 23, 1971. If proof is not received by that date, the permit will automatically lapse. The Department will forward a notice of lapsing to you. Proof must be submitted within 60 days from the date of the notice of lapsing in order for the Department to reinstate the permit.

If we may be of further assistance, please feel free to contact us at any time.

Department of Water Administration

Could you please give me until
July 15, 1972 to fully utilize and make
proof of beneficial use of water under
permit # 22 811 / 67-2219.

I have a bad hernia and unable to
work as much as I would like to, and it
is very difficult to hire the necessary
work, especially when you do not have
adequate funds.

The ice jam and flood destroyed my
headgate, spillway and pipes across river
and even washed out part of the ditch, and
is taking me much longer to repair the damages
than I had ever anticipated. Also the
grasshoppers destroyed nearly all of my crops
forcing me to apply for an emergency loan.

I will also need a little extra time to
submit report on # 33183 / 67 2362, I will
need about 60 days more but any amount would be
greatly appreciated. Please let me know.

Thank you sincerely,

Dear Sirs:

Am asking if you can please defer cancelling of this permit, and give me about 6 months to clean and repair the ditch, so you could make an inspection for beneficial use.

We personally contacted the reclamation Engineer about this permit and one held by John H. Schokker, prior to the date beneficial use was due. He assured us, we could file beneficial use at a later date, as it was an established fact, that we had rebuilt this ditch under a Gov. project and had to have it complete and water put to beneficial use, and it was approved. As we were in a red, from high cost of construction and also richness, were just not able to ^{stand} make additional cost of making beneficial use than that of Reclamation.

This is a very hard ditch to maintain, and has to be cleaned every year as is mostly on a very steep rocky hillside with a lot of slides to be removed, and ice gorges and high water have taken out head gate and spill way, and river is so high to repair upper part of it. This is one of the reasons I would like, and would much appreciate this extra time, so I could clean and repair ditch, so you could inspect it for beneficial use.

(over) 67-2219

Would sure like to keep all
the priority possible as this would
help pay back some of the high cost
of constructing and maintaining the
ditch, and would also help
keep Idaho water where it belongs.

Thanks for your consideration:

Yours Truly

Wayne Schuber

Dear Mr. Schlehuber:

It appearing to the Department of Water Administration that the terms and conditions of Permit 22811/67-2219 to appropriate the public waters of the State of Idaho have not been complied with as to failure to submit proof of beneficial use of water due on June 3, 1959, you are hereby notified that under the provisions of Section 42-311, Idaho Code, as amended, said permit is hereby held for cancellation, and you are required to show cause before the Director of the Department of Water Administration on or before June 19, 1971, why said permit should not be cancelled.

Permit 22811/67-2219 claims the use of 2.40 cubic feet per second of water from Grizzly Creek and the Weiser River, the point of diversion was to be located within the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 18 and NE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 21, T. 15N, R. 2W, B.M. and the permit was approved June 3, 1952.

RE: Permit No. 22811

Date April 1, 1959

Mr. Wayne Schlehuber
Cambridge, Idaho

Dear Sir:

The date for proof of application of water to beneficial use, as set out under the terms of Permit No. 22811 is due not later than June 3, 1959. If by this date you are not prepared to make this proof, ~~you may make it~~ at a later date, however, your priority will be advanced the same length of time for which the proof is late.

Before this proof can be made, the statutory requirement is that a Notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county.

We enclose Form 10, in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date or before the time you intend to make proof. This form, in duplicate, is to include the time of day, the date (allowing for four weeks publication), the name of the town, the address of the Notary Public before whom you will appear to make the depositions of proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use or lands which are irrigated--by 40-acre legal land description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

Also enclosed is Form 11, which is the authorization for us to have the Notice published in the designated county newspaper, at your expense. This is to be returned with Forms 10.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set and at the place named, before the Notary Public, as advertised in the publication notice.

Very truly yours,

Dear Sirs:

RECEIVED
JUN 10 1957

Department of Reclamation

Could you please send me a copy of
of my water filing permit # 22811, so I
can send you my proof of completion of work.
In regard to application acknowledgement
Jan 4, 1957 and asked about May 13.

For a new filing, The map with permit
22478 will be the same and you may use
it if you wish, or you could send me a copy
of these papers, as when the Weiser River
flood got in my house. my papers were
badly damaged and destroyed.

Thanking you sincerely

INSTRUCTIONS

RE: Permit No. 22811

PROOF OF COMPLETION OF WORKS

Mr. Wayne Schülehuber
Cambridge, Idaho

Boise, Idaho

April 1, 1957

Dear Sir:-

Under the terms of your permit No. 22811 you are required to complete your diversion works on or before June 3, 1957 I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

Dear Mr. Schlenhuber:

We enclose Permit No. 22478 and direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

We also enclose departmental receipt No. 23737 for the \$5.50 filing fee.

Since this application is to take the place of Permit No. 19904 which has lapsed, we enclose a form of relinquishment for Permit No. 19904 which we will ask you to sign and have witnessed and return in the enclosed envelope in order to clear our records.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
