INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

No. 2304 NOTICE OF PROOF OF COMPLETION OF WORKS and APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at
10 A. M., on the 3rd day of April,
1954, at Weiser, County of Wash-
ington, State of Idaho, before John
B. Lloyd, Notary Public, proof
will be submitted of the comple-
tion of works for the diversion of
1 $\frac{1}{2}$ th cubic feet per second of the
waters of Underground source
from a well in the SE $\frac{1}{4}$ NW $\frac{1}{4}$
Section 16, Twp. 10 N., Rge. 5 W.,
B. M. and of the application to
beneficial use of said water, in ac-
cordance with the terms and con-
ditions of Permit No. G-22681
heretofore issued by the Depart-
ment of Reclamation of the State
of Idaho.

1. The name and postoffice ad-
dress of the person or corporation
holding said permit are J. F. Clab-
by, 28 West Idaho Street, Weiser,
Idaho.

2. Said works of diversion will
be fully completed on the date set
for such completion, and the
amount of water which said works
are capable of conveying to the
place of use, in accordance with
the plans accompanying the appli-
cation for such permit, is 1 $\frac{1}{2}$ th
cubic feet per second.

3. The use to which said water
has been applied is Irrigation
purposes, and the amount applied
to beneficial use is 1 $\frac{1}{2}$ th cubic
feet per second.

4. The place where said water
is used is the East half of the
Northwest Quarter (E $\frac{1}{2}$ NW $\frac{1}{4}$)
Section 16, Township 10 North
Range 5 West of Boise Meridian.

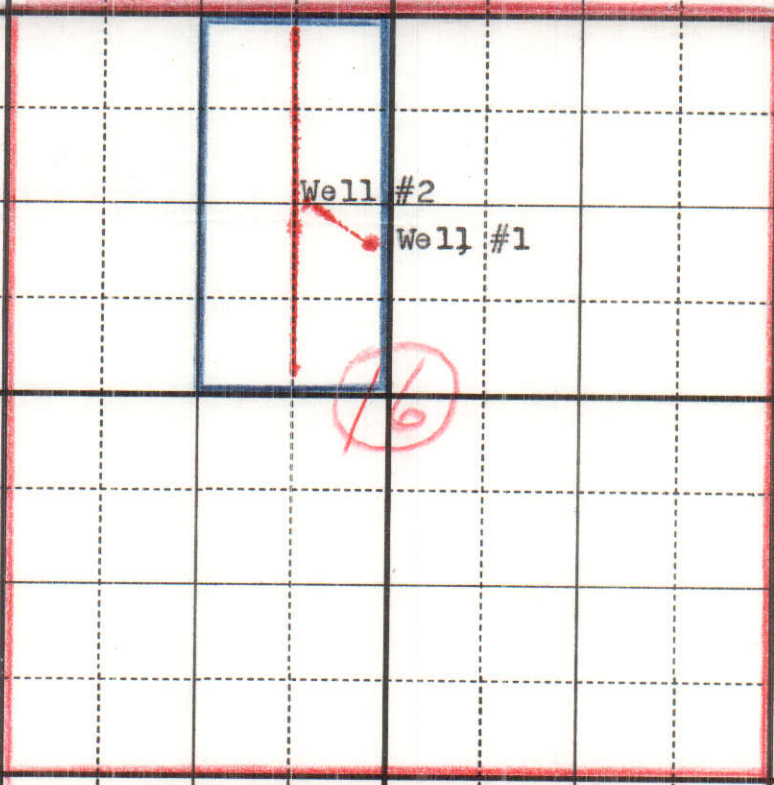

5. The date of priority which
said user is prepared to establish
is March 28, 1952.

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

J. F. Clabby
28 West Idaho St.
Weiser, Idaho

Application No. G- 30427
Permit No. G- 22681
District No.

1. Name of Applicant: J. F. CLABBY
Postoffice address: Weiser County: Washington State: Idaho
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second. 1.6 or Idaho
Miners' inches 80 or gallons per minute. 720
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: Subterranean flow from a well
4. Location of point of diversion or well is in the SE 1/4 of the NW 1/4 of Section 16
Twp. 10 N. , Rge. 5 W. , B. M., County of Washington
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the 1/4 of the 1/4 of Section , Twp.
Rge. , B. M.
 - (b) Waste water or sewage effluent is to be returned to
at a point in the 1/4 of the 1/4 of Section , Twp. , Rge. , B. M.
7. Kind of works: Well, electrically driven pump and sprinkler- Curbed dug well
8. Estimated cost of works: \$ 4,000.00
9. (a) Is reservoir to be used? No
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is One years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash onhand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

Permit No. G-22681
CERTIFICATE OF COMPLETION OF WORKS

TO ALL WHOM IT MAY CONCERN:

This is to certify that J. F. CIABBY of Weiser, County of Washington, and State of Idaho, the holder of Permit No. G-22681, issued upon Application No. G-30427 bearing date of priority of March 28, 1952, authorizing the diversion of 1.6 second feet of the waters of wells (subterranean flow) County of Washington, State of Idaho, for irrigation purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use one second feet of the waters of said wells; that the points of diversion of said waters are in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ and on the center line between the NE $\frac{1}{4}$ NW $\frac{1}{4}$ and SE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 16, Township 10 North, Range 5 West, B. M., and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: E $\frac{1}{2}$ NW $\frac{1}{4}$ Section 16, Twp. 10 North, Range 5 West, B.M.

RE: Permit No. 22681

Mr. J. F. Clabby
849 West 1st Street
Weiser, Idaho

Dear Mr. Clabby:

We now have on file the report of our field engineer on examination for completion of works and beneficial use on your Permit No. 22681. This report shows that you have irrigated 80 acres in the N $\frac{1}{4}$ NW $\frac{1}{4}$ Section 16, Township 10 North, Range 5 West B.M. from two wells, one in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ and the other on the center line between the NE $\frac{1}{4}$ NW $\frac{1}{4}$ and SE $\frac{1}{4}$ NW $\frac{1}{4}$ of said Section.

We enclose a form of Application for amendment to the points of diversion to include these two wells, which you may complete and return to this department for approval and record.

A Certificate of Completion of Works and License can then be issued for 1 second foot of water. The statutory fees for which amount to \$5.00 for Certificate of Completion of Works and \$4.00 License fee.

Very truly yours,

REPORT OF ENGINEER

Permit No. 22681

This proof is for Beneficial Use & Completion of Work Water District No. _____

1. Name of applicant J. F. Clabby Weiser, Idaho
2. Source of water supply: subterranean, from two wells
3. Location of point of diversion: Is in the SE 1/4 NW 1/4 of Section 16
T. 10 N. R. 5 W. B. M. County of Washington
4. Describe works as they exist, giving dimensions and capacities of same: North well has a 25hp. G.E. Motor and Cornell Pump, centrifugal 4" x 3". South well has a 3 hp. single phase motor and a Worthington 4" x 3" centrifugal pump. Wells are both shallow wells with a deep pit at the top concrete cased. Pumps and motors set down in the wells 8' to 12'. Irrigation is by sprinklers. 6" main line and four short, 1/8 mi. laterals. Rainbird sprinklers
5. Water is used for: Irrigation
6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

E 1/2 NW 1/4 Section 16, Twp. 10 N., Rge. 5 W., B.M.See map.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks: _____

Both pumps and motors were in deep pits. Information re same was obtained from the Co-op. Company in Weiser.

Today the system is delivering 4 1/2 inches or more. Pressure at end of lines was 2.3 to 25 pounds.

This examination was made on the 28 day of July, 19 54(Signed) E. N. Thompson Examiner.

Examination for Beneficial Use

County Washington

Well # Little Wood
log house type

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

NOTARY PUBLIC
COMMISSION EXPIRES

APPLICATION OF WATER
TO RECLAMATION

Notice is hereby given that on
March 18, on the 2nd day of April,
1954, at Weiser, County of Wash-
ington, State of Idaho, before John
H. Lloyd, Notary Public, proof
will be submitted of the comple-
tion of works for the diversion of
1 1/4 cubic feet per second of the
waters of Underground source
from a well in the SE 1/4 NW 1/4
Section 18, Twp. 18 N., Rge. 5 W.,
B. M. and of the application to
beneficial use of said water, in ac-
cordance with the terms and con-
ditions of Permit No. G-22681
heretofore issued by the Depart-
ment of Reclamation of the State
of Idaho.

1. The name and postoffice ad-
dress of the person or corporation
holding said permit are J. F. Clab-
by, 28 West Idaho Street, Weiser,
Idaho.
2. Said works of diversion will
be fully completed on the date set
for such completion, and the
amount of water which said works
are capable of conveying to the
place of use, in accordance with
the plans accompanying the appli-
cation for such permit, is 1 1/4
cubic feet per second.
3. The use to which said water
has been applied is irrigation
purposes, and the amount applied
to beneficial use is 1 1/4 cubic
feet per second.
4. The place where said water
is used is the East half of the
Northwest Quarter (E 1/2 NW 1/4)
Section 18, Township 18 North
Range 5 West of Boise Meridian.
5. The date of priority which
said user is prepared to establish
is March 28, 1852.

MARK R. KULP
State Reclamation Engineer.

Permit No. G - 22681

Proof of Application of Water to Beneficial Use
and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. J F Clabby residing at 849 West First St. Weiser, Idaho;

Occupation: Manager of Abstract office

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. No corporation

Ques. 3 State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No G 22681 dated April 4th, 1952

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Underground source. Two wells; one located about the center of the south line of NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec 16 and on e about the center of the east line of the SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec 16, Twp 10 N., R 5 W B M

NW → Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Well: Depth 31 ft; Depth to water 18 feet; diameter of casing: about 5 feet; by actual flow the discharge of water is about 80"

25 HP motor; 4" x 3" centrifugal pump;

3 H P motor 4 x 3" Worthington Pump

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Used for irrigation on the E $\frac{1}{2}$ NW $\frac{1}{4}$, Sec 16, Twp 10 N., R 5 W B M
by sprinklers; land used for growing crops

22681

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 544 gallons per minute

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. ~~544 gallons per minute~~

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water used during years 1952 and 1953 for the irrigation of the entire E $\frac{1}{2}$ NW $\frac{1}{4}$, Sec 16, Twp 10 N., R 5 W B M by sprinklers

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No other appropriations

(Sign) J. F. Clabby

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Weiser, County of Washington, State of Idaho, on this third day of April, A. D. 1954,

Permit No. G 22681

Proof of Application of Water to Beneficial Use
Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. James H. McCrea, 42 yrs old, Rt #1 Weiser, Idaho, Pump Service
And Installation man for Consumers Corp. Weiser Idaho

Ques. 2. Are you acquainted with J F Clabby, the holder of Permit No. G 22681? How long have you known him and where does he reside?

Ans. 42 years

Ques. 3. Have you read or heard read said Permit No. G 22681, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Water supply is from two wells; one located about the center of the south line of the NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec 16; and one about the center of the east line of the SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec 16, Twp 10 N., R. 5 W B-M; the water is conveyed by pipes buried in the ground and distributed by sprinkler system

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 544 gallons per minute.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 544 gallons per minute

22681

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation, NE 1/4 NW and SE 1/4 NW of Sec 16 Twp 10, North Range 5 W3M, 80 acres.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Sandy loam, 80 inches

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. Yes

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. By installation & service on the system.

(Signed)

James H McCre

Dear Mr. Clabby:

In reply to your letter of June 12, we enclose a form of application for permit to appropriate subterranean water from a well together with a pamphlet giving regulations and instructions in regard to filing same.

When this application is approved, it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application.

In order to complete your water right, proofs of completion of works and application of the water to beneficial use are required. The time required for making these proofs should be indicated under Question 10.

Very truly yours,

RE: Permit No. G-22681

Mr. J. F. Clabby
849 West First Street
Weiser, Idaho

Dear Mr. Clabby:

We acknowledge receipt of your letter of April 5 enclosing depositions of yourself and two witnesses in proof of completion of works and beneficial use on Permit No. G-22681.

We note that these depositions all describe two wells, one about the center of the South line of the NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 16 and one described in your deposition at about center of the East line in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ but in the other depositions as about center of the East line on the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 16. However, your permit only describes one well and that in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of said section, and Question 5 of your own deposition (which seems to be unfinished) only mentions one well.

If two wells have been completed and the waters diverted for use, it will be necessary to file an application for amendment to the original permit.

Also, Question 5 of your deposition should also state whether the pumps have been installed, and if so give the kind and power.

We return all depositions for the necessary corrections and in returning them, please also furnish the affidavit of publication which the Weiser Signal was instructed to send you and which is an essential part of the proof.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permit No. G-22681

Mr. J. F. Clabby
C/O Washington County Title Co.
Weiser, Idaho

Dear Mr. Clabby:

This morning's mail brings us your letter of March 9, requesting that notice for completion of works and beneficial use proof on Permit No. G-22681 be sent to the Weiser Signal instead of the Weiser American as directed by you on March 8.

We noticed the shortness of time and at once sent the notice yesterday to the Weiser American with instructions to publish it once a week for four weeks prior to April 3, the date set for proof, commencing with their next issue.

As you are on the ground, you may be able to switch this to the Weiser Signal, which will be all right with us but if publication in the Weiser Signal is too late to allow four weeks publication before April 3, it may be necessary to change the date.

In any event, please notify this office accordingly.

Very truly yours,

Dear Sir:

Reference is hereby made to application for permit No. G-22681 mailed from this office yesterday. I was in error in the authorization for publication of notice, which should have been the Weiser Signal in stead of the Weiser American, the news-paper which should notice this application.

The reason for the change is, that the Weiser Signal is published on Thursdays and this is the only paper which would allow four (4) publications of the notice prior to April fourth 1954, the date set aside for proof of beneficial use.

I am sorry to have troubled you in this manner.

Sincerely,

J. F. Clabby

22681

RE: Permit No. G-22681

Mr. J. F. Clabby
28 West Idaho St.
Weiser, Idaho

Dear Mr. Clabby:

We have your letter of September 22, regarding the necessary forms for making proof of Completion of Works on the above numbered permit.

We assume that you are also prepared to make proof of Beneficial Use, as both proofs are due at the same time.

The law requires publication of a notice once a week for four weeks prior to making these proofs and the notice should be made in duplicate on form 36 enclosed.

The time must be set sufficiently far ahead to allow for four weeks publication and the proof may be made at any place convenient for you and your two witnesses.

Both copies of form 36 to be returned to this department together with form 11, which is your authorization for us to have the notice published at your expense in the designated County Newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the necessary forms of deposition for yourself and two witnesses in making this proof.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permit No. G-22681

Mr. J. F. Clabby
28 West Idaho Street
Weiser, Idaho

Dear Mr. Clabby:

We enclose Permit No. G-22681, and direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

While the application only asks for one year within which to make the proofs necessary to complete the water right, you will note that we have allowed two years or until April 4, 1954 which is the minimum set by statute. This does not mean, however, that the proof can not be made at an earlier date and we shall be glad to send you the necessary forms upon request.

We also note what seems to be a misprint on the second page of your application, under Question 12 asking for the land description, but we have described the place of use as the NE $\frac{1}{4}$ NW $\frac{1}{4}$ and SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 16, Township 10 North, Range 5 West, B.M.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Permit is for 1.6 c,f,s, from a well in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 16;

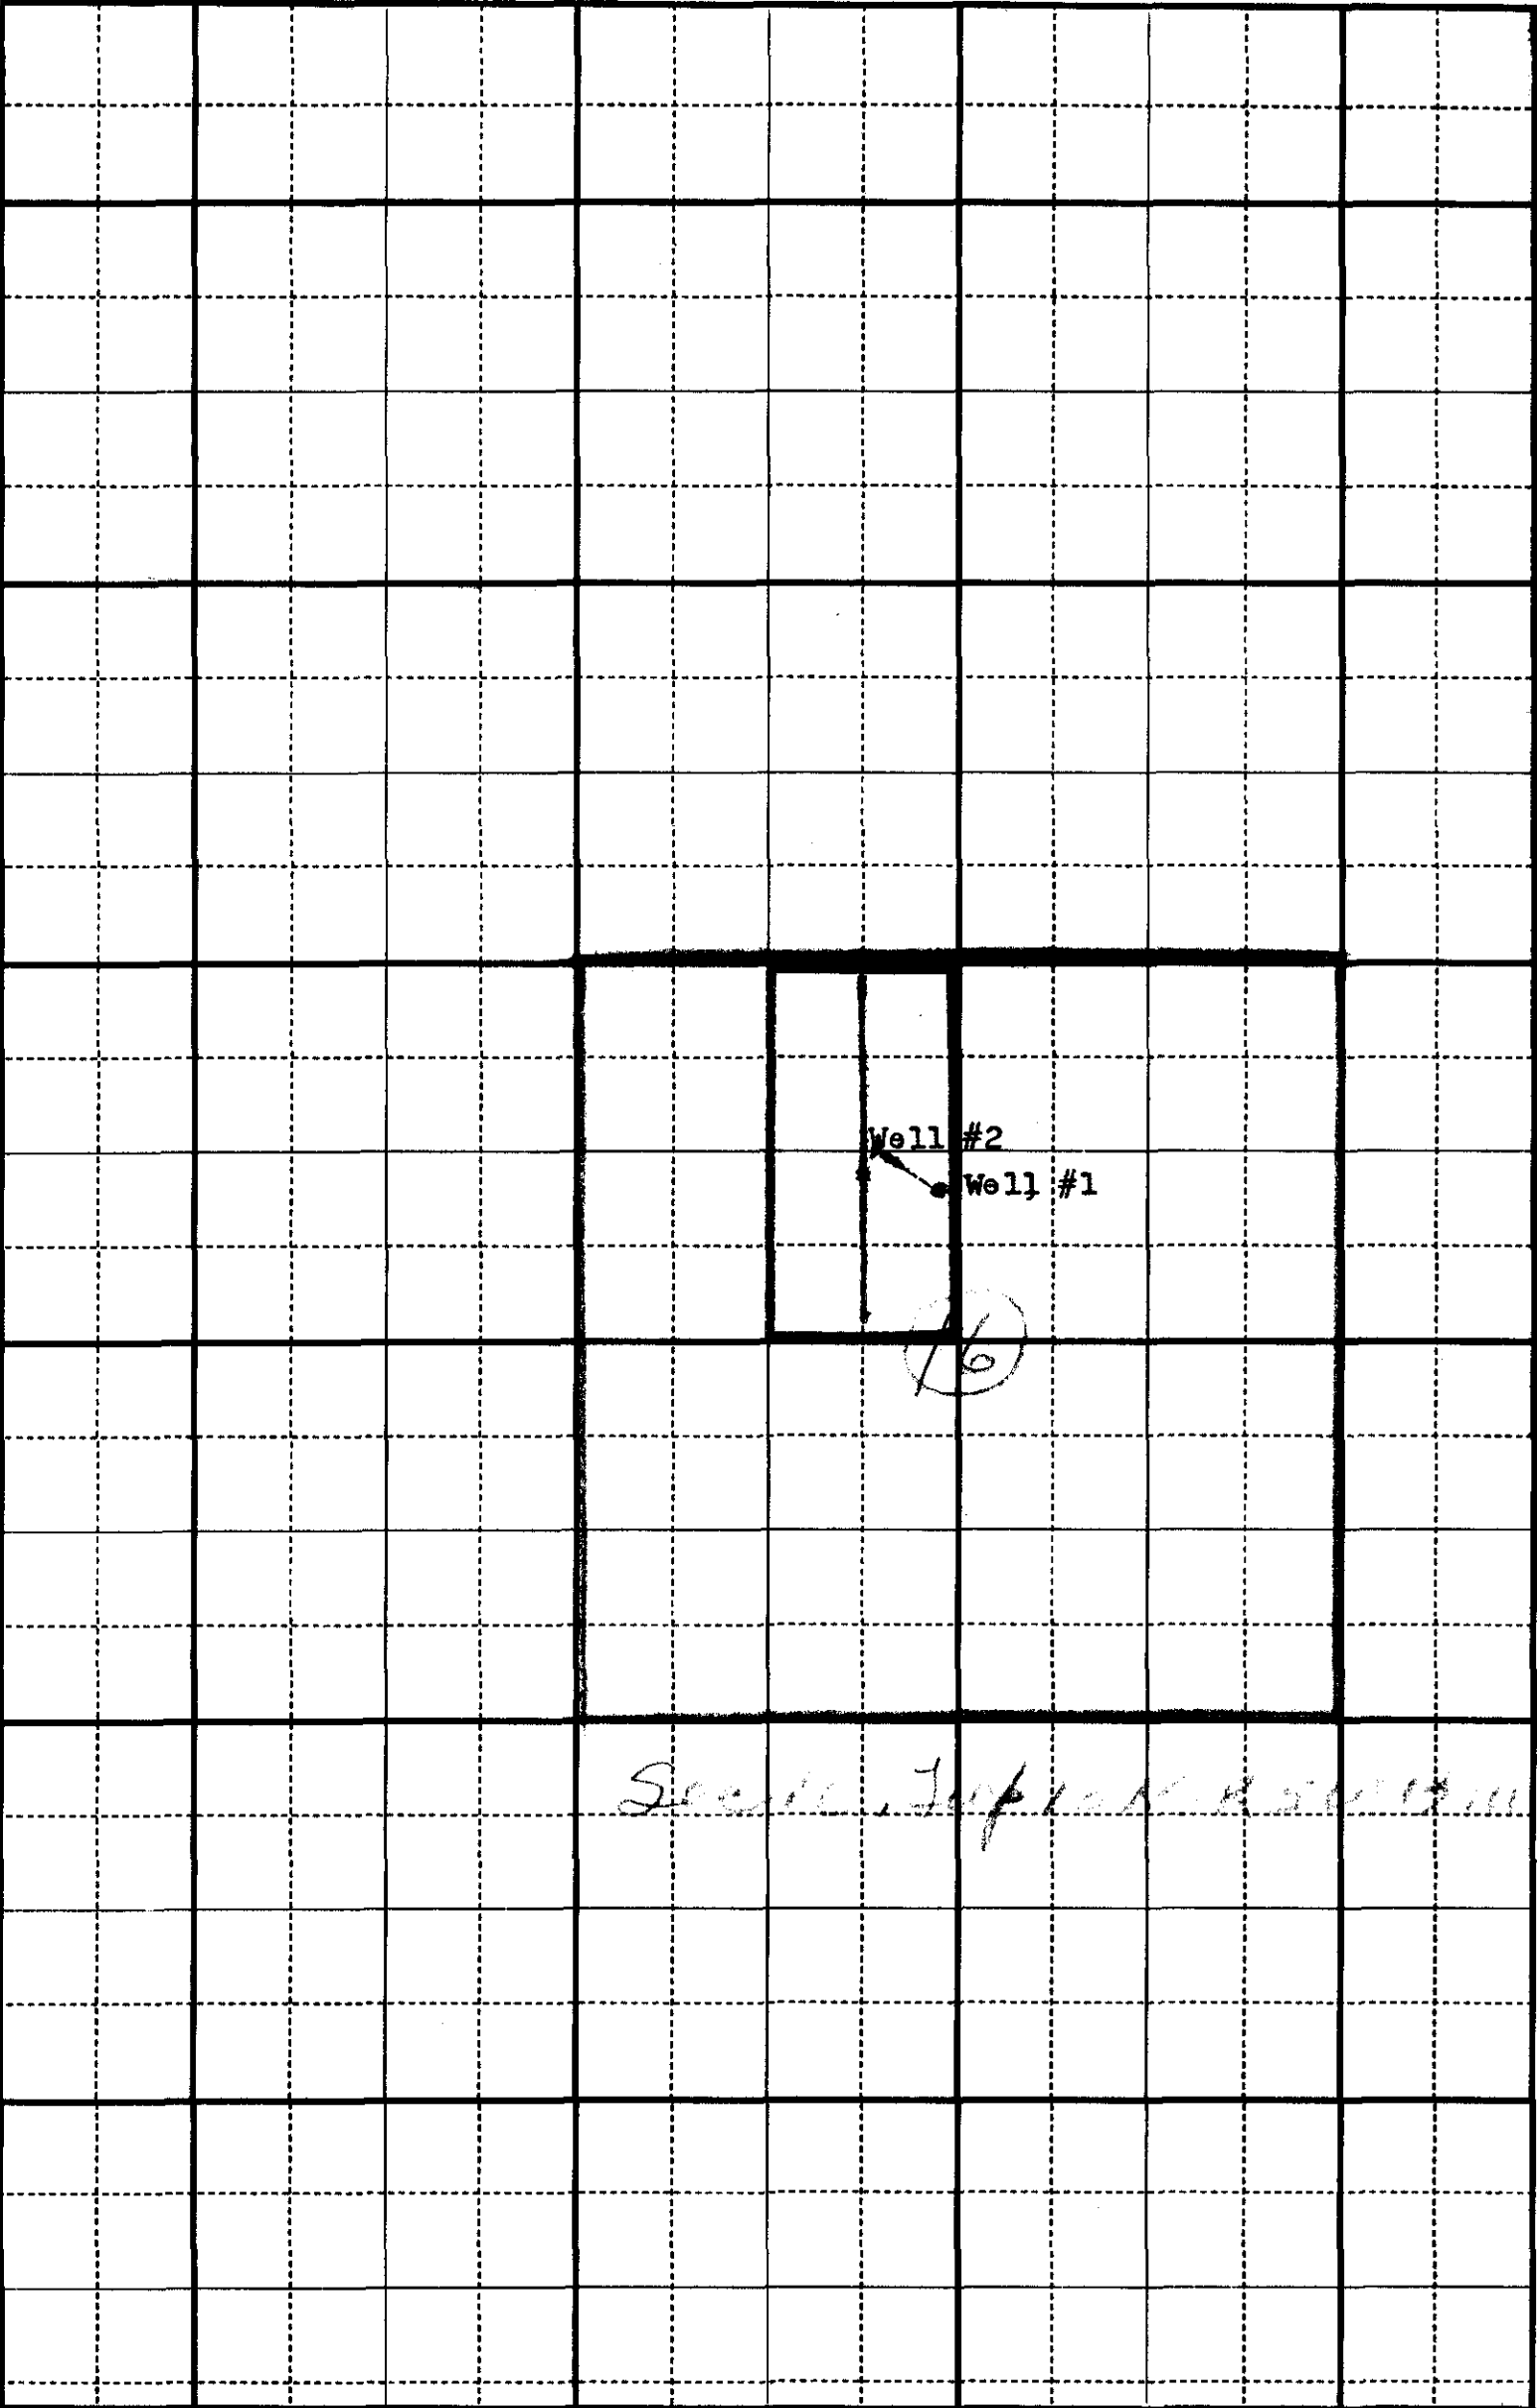

Under Remar,s it states: Well now in use since 1940 for which no permit has been obtained, which irrigates 30 acres.

New well will irrigate additional 50 acres.

RE: Permit No. G-20427

Mr. J. F. Clabby
28 West Idaho Street
Weiser, Idaho

Dear Mr. Clabby:

We have placed on file your application for permit to appropriate 80 inches of water from a well and enclose departmental receipt No. 24311 for the \$5.25 filing fee.

However, there seems to be a little discrepancy between the descriptions given in Questions 4 and 12 of the application and the sketch map. The application gives the point of diversion in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ and the place of use in the E $\frac{1}{2}$ NW $\frac{1}{4}$ of Section 16, Township 10 North, Range 5 West, B.M., but the sketch map describes the NE $\frac{1}{4}$ NW $\frac{1}{4}$ and the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of the section.

We assume that the sketch map is in error, but await your advice before correcting same.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

March 24, 1952

Mr. J. F. Clabby, Secretary
Washington County Title Co.
28 West Idaho Street
Weiser, Idaho

Dear Mr. Clabby:

In reply to your request of March 20, 1952, we enclose a form of application for permit to appropriate subterranean water together with a pamphlet giving regulations and instructions in regard to filing same.

When this application is approved, it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application.

In order to complete your water right, proofs of completion of works and application of the water to beneficial use are required. The time required for making these proofs should be indicated under Question 10.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

**NOTICE OF PROOF OF
COMPLETION OF WORKS**

**and
APPLICATION OF WATER
TO BENEFICIAL USE**

Notice is hereby given that at 10 A. M., on the 3rd day of April, 1954, at Weiser, County of Washington, State of Idaho, before John B. Lloyd, Notary Public, proof will be submitted of the completion of works for the diversion of 1½th cubic feet per second of the waters of Underground source from a well in the SE¼ NW¼ Section 16, Twp. 10 N., Rge. 5 W., B. M. and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-22681 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are J. F. Clabby, 28 West Idaho Street, Weiser, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 1½th cubic feet per second.

3. The use to which said water has been applied is Irrigation purposes, and the amount applied to beneficial use is 1½th cubic feet per second.

4. The place where said water is used is the East half of the Northwest Quarter (E½ NW¼) Section 16, Township 10 North Range 5 West of Boise Meridian.

5. The date of priority which said user is prepared to establish is March 28, 1952.

MARK R. KULP

State Reclamation Engineer.
