Dear Mr. Cada:

We now have on file the report of our field engineer on examination for beneficial use on your Permit No. 22287.

This report shows that you have irrigated 5 acres in the NW $\frac{1}{4}$ SE $\frac{1}{4}$  and 1 acre in the SW $\frac{1}{4}$ SE $\frac{1}{4}$  of Section 18, Township 11 North, Range 1 West B.M. from the spring in the same location.

A license can therefore be issued for .06 of a second foot or 3 inches of water, as applied for, upon receipt of the statutory fee of \$4.00.

Very truly yours,

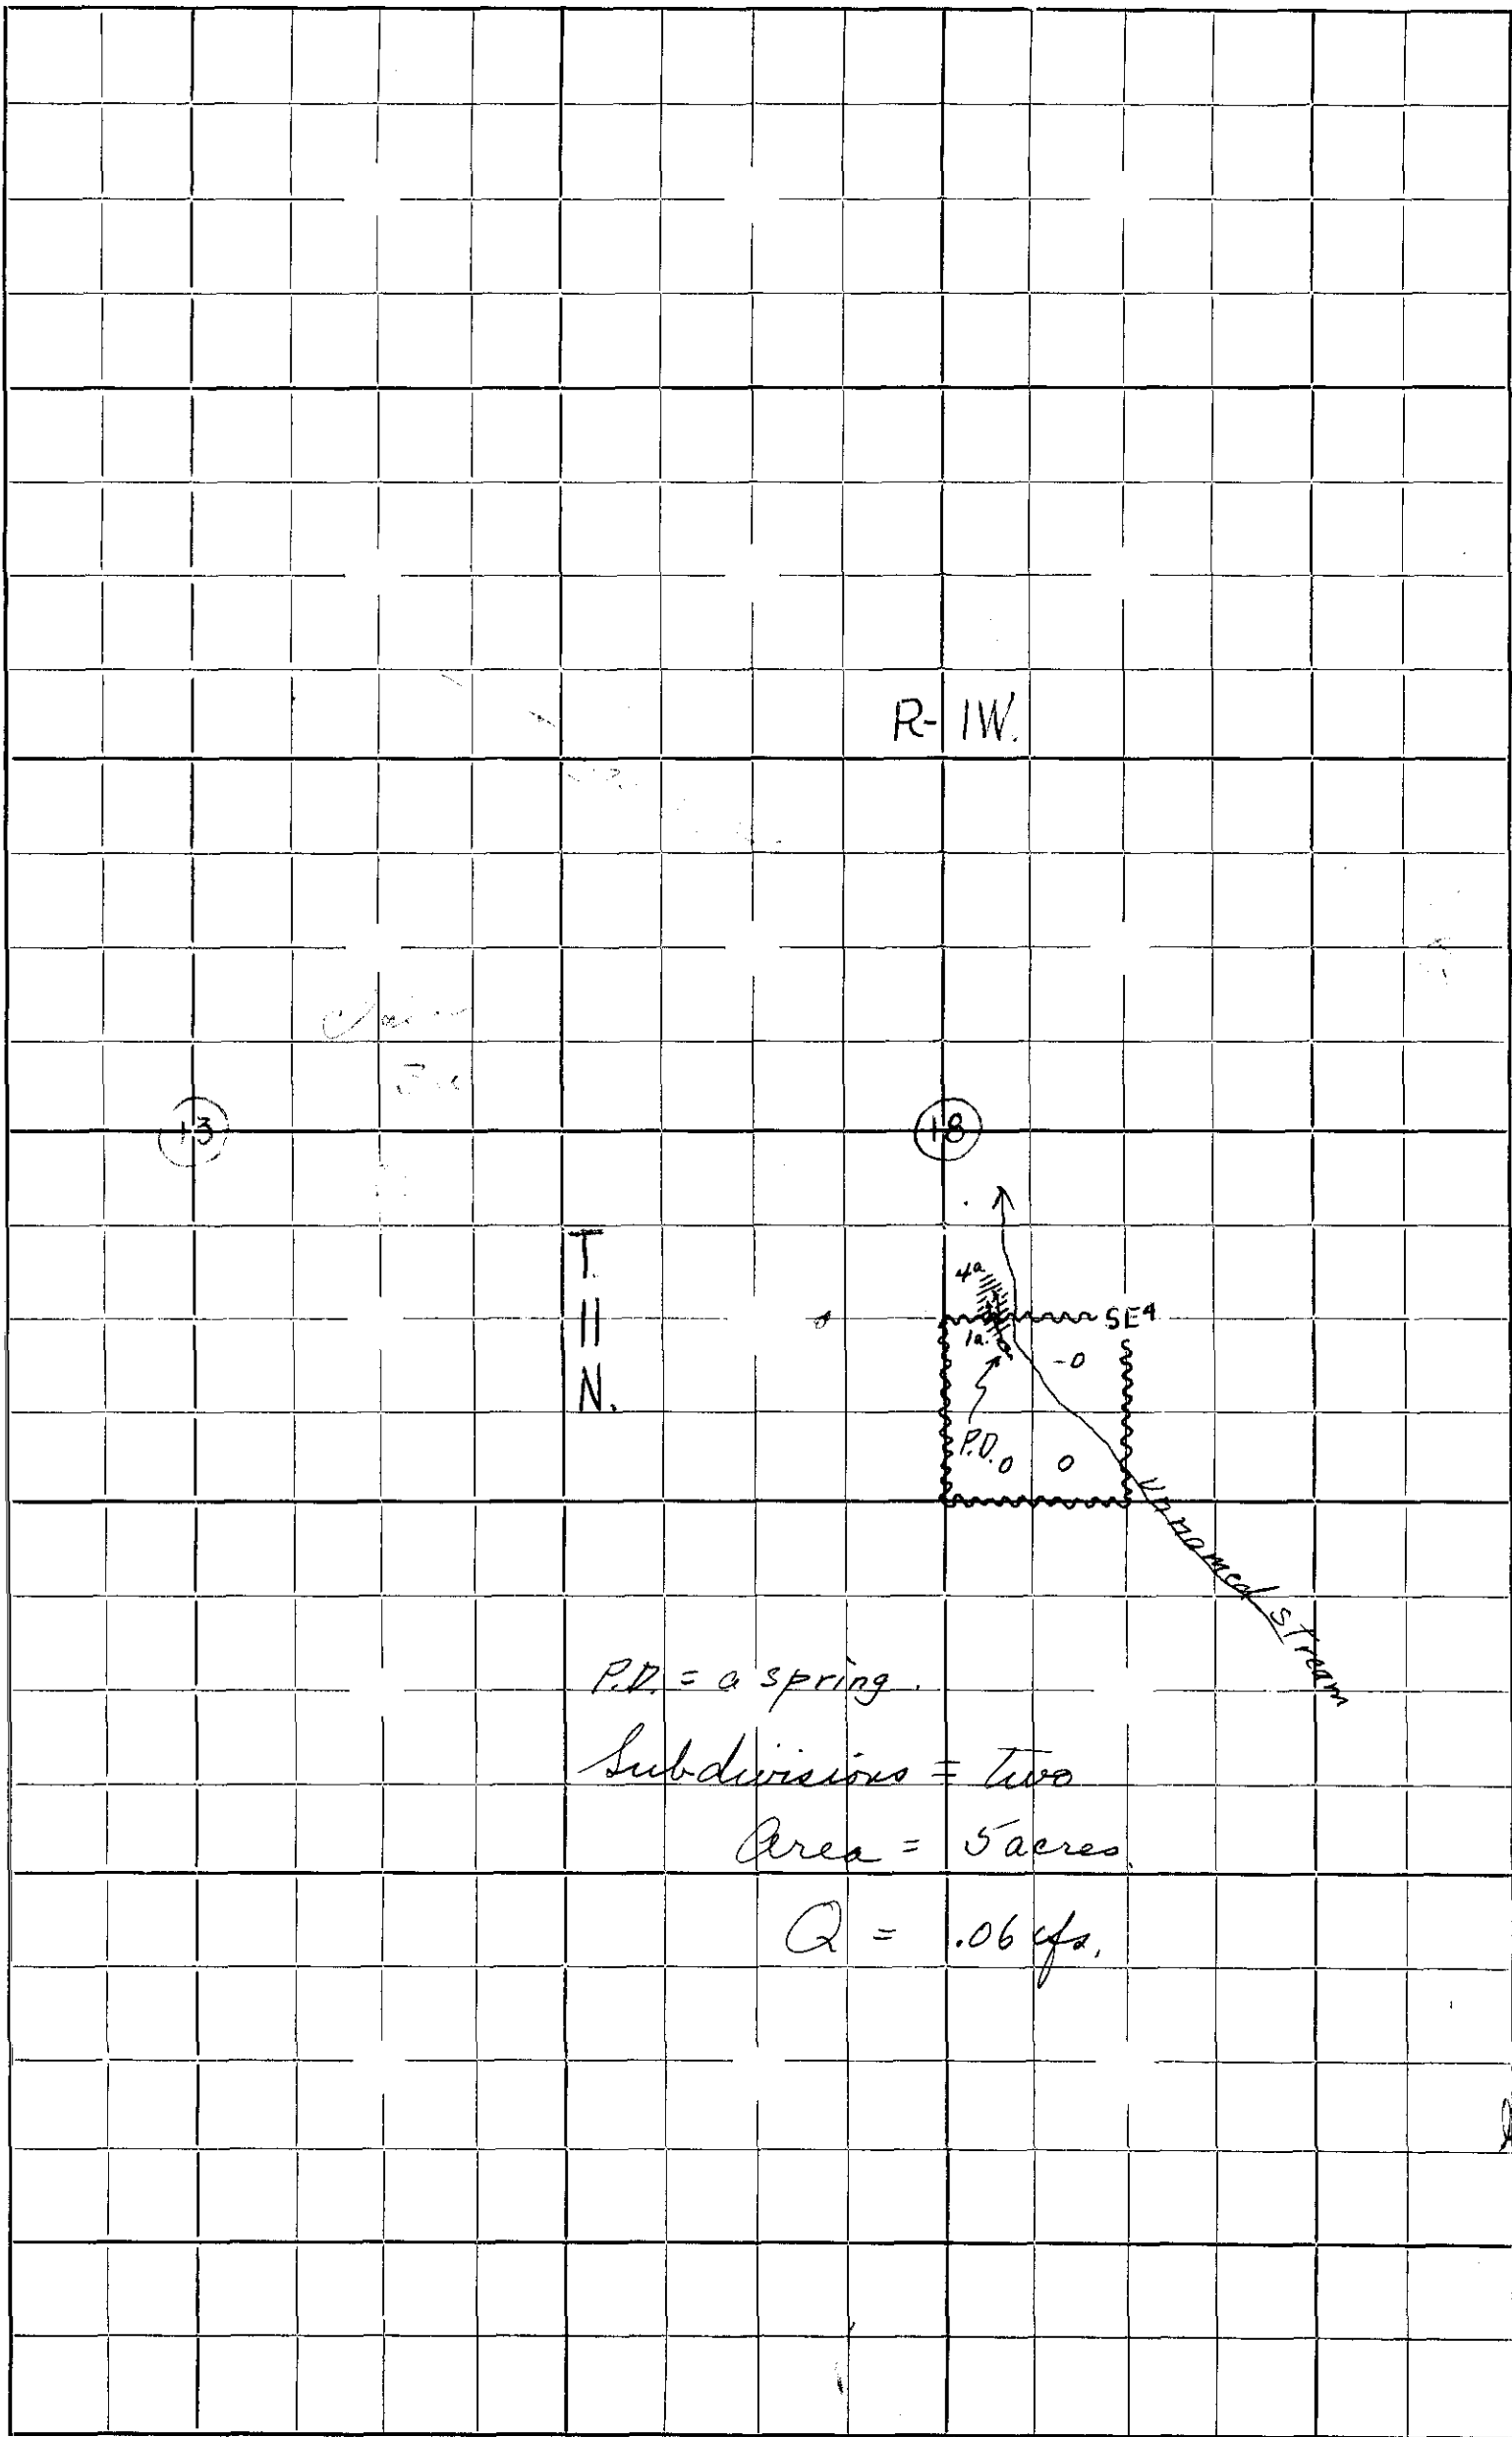

MARK R. KULP

RE: Permit No. 22287

Mr. Tony Cada, Jr.  
Midvale  
Idaho

Dear Mr. Cada:

An inspection is required by law in connection with any Permit for use of water being brought to license in Idaho.

Mr. E. W. Humphrey will make inspection for Permit No. 22287 on Tuesday, October 19, shortly after noon.

Please be prepared to accompany me on the inspection or have someone familiar with the works do so.

Please meet me in Midvale between 1 and 1:30 P.M. at the restaurant. I will inspect yours immediately after inspecting one for Mrs. Butts about 8 to 10 miles Northeast of Midvale.

Yours truly,

RE: Permit No. 22287

Mr. John B. Lloyd  
c/o Lloyds' Agency  
Weiser, Idaho

Dear Mr. Lloyd:

We return the application of Tony Cada, Jr. for amendment to the place of use in permit No. 22287 which has been approved by the State Reclamation Engineer and recorded in this Department.

We also enclose Certificate of Completion of Works issued under this Permit for the diversion of .06 second foot of water from an un-named spring with point of diversion in the SW 1/4, Section 18, Township 11 North, Range 1 West, B. M., for irrigation and domestic use in the same subdivision.

We also enclose departmental receipt No. 26764 for the \$5.00 fee paid in connection with Completion of Works proof.

We shall send to the Weiser Signal notice of Beneficial Use proof to be made on this permit before you, as Notary Public, August 25, 1954, with instructions to publish it once a week for four weeks prior to that date and to send you the affidavit of publication together with statement of costs.

We enclose the necessary forms of deposition to be used in making this proof consisting of one for Mr. Cada and one for each of two disinterested witnesses.

Very truly yours,

RE: Permit No. 22287

Mr. John B. Lloyd  
c/o Lloyds' Agency  
Weiser, Idaho

Dear Mr. Lloyd:

We acknowledge receipt of your letter of July 6th enclosing affidavit of Tony Cada, Jr. in proof of Completion of Works on Permit No. 22287 accompanied by your check for the \$5.00 fee in connection therewith.

This affidavit will be acceptable so far as the works are concerned. but it will be necessary to amend the permit as to the place of use.

The permit gives the place of use as the NE<sup>1</sup>/<sub>4</sub> Section 13, Township 11 North, Range 2 West, B.M. which is evidently the location of the house where the water was to be used for domestic purposes. The affidavit gives the place of use as the SW<sup>1</sup>/<sub>4</sub> Section 18 which is evidently where the water is used for irrigation.

Application for amendment should be made on the form enclosed, and upon receipt and approval thereof Certificate of Completion of Works will be issued.

Also notice of Beneficial Use proof to be made August 25, 1954, will be sent to the Weiser Signal with instructions in regard to publishing.

Very truly yours,

INTER-DEPARTMENT MEMO--1

DATE July 9, 1954

FROM Chief Clerk

TO Mr. E. N. Humphrey  
Deputy State Reclamation Engineer

SUBJECT Permit No. 22287

Permit No. 22287 calls for .06 second foot of water from a spring in the SW $\frac{1}{4}$ SE $\frac{1}{4}$  Section 18, Township 11 North, Range 1 West B.M. for domestic and irrigation purposes. The Permit describes the works as a catch basin and pipe line.

Mr. Cada was in the office recently and explained that the works were different and wanted to know if he had to file a new application, but I told him that it will not be necessary, but to have his proof of completion of works describe the works as actually constructed.

We note that this proof describes land in the SW $\frac{1}{4}$ SE $\frac{1}{4}$  of Section 18 as the place of use but the Permit only describes the NE $\frac{1}{4}$ SE $\frac{1}{4}$  of Section 13, Township 11 ~~North~~, Range 2 West B.M., which the map shows to be the location of the house. We assume that with the change of plans it will be used to irrigate the land where the spring is located and this proof will be acceptable, provided an amendment application is filed for the place of use.

Your advice please.

Re: Permitt #22287 - Tony Cada Jr.

Dear Sir:

You will please find enclosed sworn Proof of Completion of Works, Form No. 11 regarding publication of Notice, and Form 10 in duplicate Notice of Publication. Also we enclose \$5.00 for Certificate of Completion fee.

Mr. Cada has set August 25th as the date of hearing as that will be a full 40 days after the first publication in the Weiser Signal. And, by the way the Signal is published on Thursdays so please send it over to them for the publication on the 15th of this month (Thursday of this coming week).

You will note that there has been some change in the type of works since the original application for permit was filed with you. The point of diversion is the same, but he found that his domestic well at his house was going to be adequate for the domestic use in the house so is going to use the spring for irrigation purposes. The application called for domestic and irrigation. Since it is to be used for irrigation only he changed the catch basin to a small earth dam, described in the enclosed forms, with distribution ditches, also of earth. It is doing a good job of irrigating about two acres. Two neighbors, Mr. Harold Pearson and Mr. Lloyd Frisby have agreed to appear on August 25th to sign the necessary proofs of completion of works and use.

I have made a red check mark on the last line of the Notice of Publication form as I didn't know what date to fill in. Will you please complete this.

If you will direct the remaining correspondence to this office it will expedite the completion of this. Thank you.

Yours very truly,

  
Lloyds' Agency

Mr. Cada was in your office about a week ago and asked concerning it and got the impression it would not be necessary for him to file an amended application for this. If in error please advise.

Dear Sir:

Under the terms of your permit No. ~~22287~~ you are required to complete your diversion works and make proof of beneficial use on or before August 6, 1954.

We enclose herewith a blank affidavit to be filled out, sworn to by you before a Notary Public or Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the Completion of the Works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

We also enclose blank notice for proof of application of water to Beneficial Use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths. The date for proof as set out in your permit, is August 6, 1954, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.
