NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE
Notice is hereby given that at 8:00
A. M. on the 19th day of January,
1962, at Weiser, County of Washing-
ton, State of Idaho, before Daryl Boh-
man, Notary Public, proof will be
submitted of the application to bene-
ficial use of .92 cubic feet per sec-
ond of the waters of underground
well in accordance with the terms
and conditions of Permit No. 21864
heretofore issued by the Department
of Reclamation of the State of Idaho.
The name and postoffice address of
the person or corporation holding said
permit are LaVere A. Hoffer, Route
No. 3, Weiser, Idaho.
The use to which said water has
been applied is Irrigation.
The amount applied to beneficial
use is 46 inches, or .92 second feet.
The place where said water is used
(if for irrigation, give full and accur-
ate description of the lands irrigated)
Point of diversion SW $\frac{1}{4}$ SW $\frac{1}{4}$, Section
14, Township 10 North, Range 5 W.
B. M. Location of use: W $\frac{1}{2}$ SW $\frac{1}{4}$ Sec-
tion 14, Township 10 North, Range 5
West Boise Meridian.
The right to take water from such
works is based upon Permit No. 21864.
The source of supply from which
such water is diverted is underground
well.
The date of priority which said
user is prepared to establish is Jan-
uary 12, 1951.

APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 29586
PERMIT No. 21864
DISTRICT No.

1. Name of Applicant: LaVERE A. HOFFER

Postoffice address: Route 3, Weiser

County: Washington

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bonds to be issued:
- (d) Other resources:

2. Quantity of water claimed: 0.92 cubic feet per second.

3. Source of water supply: Underground (well) which is a tributary of

4. Location of ~~point of diversion~~ ^{well}: 660' E. and 850' N. feet distant from the Southwest corner of Section 14, T. 10 N., R. 5 W., B.M., and is in the SW ¹/₄ SW ¹/₄ of Section 14, T. 10 N., R. 5 W., B.M., County of Washington

5. Water is to be used for Irrigation

6. If for mining, milling, power or manufacturing purposes, give:

- (a) Point of use of water: feet distant from corner of Section
T. , R. , B.M., in the of Section , T. , R. , B.M.
- (b) Amount of power generated: H.P., under feet head.
- (c) Water is to be returned to at a point feet
distant from the corner of Section , T. , R. , B.M., in the
of Section , T. , R. , B.M.

7. Estimated cost of works: \$ 3,000.00

8. Kind of works: Sprinkler irrigation (Dug well and electric pump)

9. Height of dam feet; length of dam at top feet; length of dam at bottom
feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;
dimensions of flume:

Diameter of pipe 4 - 3 inches; length of conduit 0.77 miles.
Average grade per mile feet.

12. The time required for the completion of such work is Five (5) years.

13. The time required for the complete application of the water to the proposed use is Six (6) additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

16. (a) Is reservoir to be used? No If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

Re: Permit No. 21864

LaVere A. Hoffer
Rt 3
Weiser, Idaho

Dear Mr. Hoffer:

Our field engineer's report on his inspection of the application of water to beneficial use under the terms of Permit No. 21864 shows the ~~well~~ is capable of conveying 46 miner's inches, or 0.92 c.f.s. of water for the irrigation of 80 acres.

Upon receipt of the statutory fee of \$ 6.00 -based at the rate of \$2.00 for each 40-acre subdivision - we will issue the License and Certificate of Water Right, confirming the right with priority of January 19, 1951 to the use of 0.92 second feet of ~~surface~~ ~~subteranean~~ water with the point of diversion in the SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 14 for irrigation of 80 acres in the NE $\frac{1}{4}$ SW $\frac{1}{4}$, W $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 14, T. 10 N., R. 5 W., B.M.

Since your permit does not include the NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 14 it will be necessary to amend the land list on the permit if you want the extra land included in the license. Complete the enclosed form, submit it with the above mentioned statutory fee, plus an additional fee of \$1.00 for recording the amendment, to this office and the License and Certificate of Water Right will be issued as shown above.

If you do not want the extra land included the statutory fee will total \$4.00 and the land list will be restricted to the lands shown on the permit which are actually irrigated.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Dear Mr. Hoffer:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the The Weiser Signal, all submitted in proof of completion of works and beneficial use on Permit No.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

BOISE, IDAHO

Department of Reclamation

Department of Reclamation

Permit No. 21864

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Mr. LaVere A. Hoffer, Rt. #3, Farmer, Weiser, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 21864 - Jan. 12th, 1951

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Underground FROM A WELL SW¹/₄ SW¹/₄ section 14, township 10 North, range 5 West, B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Depth of well is 36ft. From ground level to 20 ft. depth is concrete tile 54 inches in diameter. The last 16 ft. is drilled steel casing- 16 inches in diameter, to water supply.

Discharge of pump is 50 cu. in. per second. It was measured with test pump.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation on Lot 18; S¹/₂ of lot 13; Tn. -1 of lot 14; Southern Idaho Lands Co. Orchard and Garden tract 65 Acres. This is cultivated land and it has been levelled for gravity irrigation. in W²SW⁴ Sec. 14, T. 10N, - R. 5WBM

Ques. 6-a If this is a ground water permit, give name and address of person that drilled the well.

Ans. Holloway Drilling Co. - 80 Hillcrest Dr. - Ontario, Ore.

21864

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. For irrigation purposes only.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. For irrigation purposes only.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the original owner.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. The yrs. the water has been used are as follows; 1951, 52, 53, 54, 55, 56, 57, 58, 59, 60, and 1961; for irrigation purposes only; 50 cu. in. per sec. All of this amount has been used for irrigation.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No, I have no other water right.

Permit No. 21864

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Evert O. Youngberg - 43 - Weiser, Idaho - Farmer - Route # 3

Ques. 2. Are you acquainted with LaVere A. Hoffer, the holder of Permit No. 21864? How long have you known him and where does he reside? 8 years - Route # 3, Weiser, Idaho

Ans.

Ques. 3. Have you read or heard read said Permit No. 21864, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Well. By pump, SW 1/4 Section 14, township 10 North, range 5 West, B.M.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. About 50 inches - Same

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. About 50 inches

21864

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Row Crop Irrigation - SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 14, township 10 North, Range 5 West, B.M. - 40 acres of cultivated land. Land has been levelled for row crop use.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. No

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Estimated to 50 inches

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. 6/1/61 - personally witnessed well in operation. 50 cu. in. per sec. - witnessed for approx. 1 hour

Re: Permit No. 21864

LaVere A. Hoffer
Route #3
Weiser, Idaho

Dear Mr. Hoffer:

Returned herewith are the depositions of holder and two witnesses with affidavit of publication.

Your answer to Question 4 shows W¹/₂SW¹/₄, Sec. 14. The well location is required to be described in the 40-acre subdivision, such as SW¹/₂SW¹/₄, Sec. 14 shown on your permit. Kindly show the proper description. You did not answer Questions 7, 8, 9, 10 and 11. The answer to Question 10 should show what years you have used the water. Question 11, do you have any other water right for irrigation of this land?

Your witnesses answer Question 10 as yes. The question refers to an interest in ownership of the works, water or lands and not to an interest in the use of the water. The answers are probably not correct in the affirmative.

Kindly go to the Notary Public to complete the answers so he will not make the same error next time.

Return all forms after correction.

Very truly yours,

GEO. N. CARTER

Re: Permit No. 21864

LaVere A. Hoffer,
Rt. #3,
Weiser, Idaho.

Dear Mrs. Hoffer:

This acknowledges the Notice of Proof of ~~Completion of Work~~ and Application of Water to Beneficial Use under Permit No. 21864. The proofs are to be made at 8:00 o'clock A.M., on the 19th day of January, 1962, before Daryl Bohman, Weiser, Idaho, Notary Public.

As of this date we have mailed the Notice to the Weiser Signal-American Weiser, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER

November 17, 1961

Re: Permit Nos. 21864
and G-28247

LaVere A. Hoffer,
Rt. #3,
Weiser, Idaho.

Dear Mrs. Hoffer:

Returned herewith the Notice of Proof on Permit No. 21864 for the following reason: The name of the notary not given.

Please look on the back of your original application where your contract with the State is shown in detail. There you will see that the last proof to be made is Beneficial Use Proof due January 19, 1962.

Permit No. G-28247 is a groundwater permit which requires that both Completion of Works and Beneficial Use Proofs are to be made on the same date, November 6, 1964.

Kindly complete the Notice of Proof and return to this office without delay.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Weiser Signal-American

of

Weiser, Idaho

published in

the county in which the works are situated.

Washington Co.

James A. Hoffer

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

21864

S T A T E O F I D A H O

DEPARTMENT OF RECLAMATION

Re: Permit No. 21864

Date: Nov. 1, 1961

LaVere A. Hoffer
Route #3
Weiser, Idaho

Dear Mr. Hoffer:

The date for proof of application of water to beneficial use, as set out under the terms of Permit No. 21864 is due not later than Jan 19, 1962. If by this date you are not prepared to make this proof, you may make it at a later date, however, your priority will be advanced the same length of time for which the proof is late.

Before this proof can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county.

We enclose Form 10, in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date and/or before the time you intend to make proof. This form, in duplicate, is to include the time of day, the date, the name of the town, the address of the Notary Public before whom you will appear to make the depositions of proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use or lands which are irrigated - by legal land description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your notice is published.

Also enclosed is Form 11, which is the authorization for us to have the notice published in the designated county newspaper, at your expense. This is to be returned with Forms 10.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set and at the place named, before the Notary Public, as advertised in the publication notice.

The amount of water allowed in a license cannot be more than is actually produced and measured and put to beneficial use, and cannot be more than the statutory amount allowable per acre of land actually found by field inspection to have been irrigated at the time of proof.

Very truly yours,

GEO. N. CARTER

State Reclamation Engineer

Weiser, Idaho

Dear Mr. Hoffer:

We have your letter of April 12, 1956, requesting the forms for making completion of works on your Permit No. 21864 and in the same letter you state that the notice mailed you on April 6, 1956, is the first notice that you have received in regard to this permit.

We have checked the records in connection with the above permit and find that on November 1, 1955, notice was sent advising that these proofs were due on or before January 9, 1956, and since these proofs were not made, the permit was subject to cancellation as stated in our registered letter of April 6, 1956.

If the works were completed, the enclosed depositions should be executed by yourself and two witnesses describing the works and stating definitely that they were so completed prior to January 9, 1956. Upon receipt and approval of these proofs the permit may be reinstated and upon payment of the statutory fee of \$5.00 a certificate of Completion of Works issued. You may then proceed to make proof of beneficial use, which proof is not actually due until January 19, 1962.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 21864

To: LaVere A. Hoffer

Route # 3, Weiser, Idaho

It appearing to the State Reclamation Engineer that the terms and conditions of Permit No. 21864
to appropriate the Public Waters of the State of Idaho, have not been complied with as to
Completion of Works, January 9, 1956

you are hereby notified in compliance with Sec. 42-311, Idaho code that said Permit No. 21864
is hereby held for cancellation.

You are hereby required to show cause before the State Reclamation Engineer on or before forty days from
date of this notice why said Permit should not be cancelled.

Said Permit No. 21864 claims the use of 0.92 cubic feet per second of the
waters of Subterranean flow from a well with point of diversion located
SW 1/4 of Sec. 14., Twp. 10 N., Rge. 5 W., B.M.
was approved January 19, 1951

In Witness Whereof, I have hereunto set my hand and affixed the seal of my office at Boise, Idaho, the
6th day of April, 1956

Mark R. Kulp.

Department of Reclamation
Boise, Idaho

Dear Sir,

This is the first notice I've received about my water right. I've also been wondering when you would send my application for for work completed.

I definitely do not want to concede my right for water. If you will send me the application form for work completed I'll send you ~~the money by~~ return mail to have this completed. Thank you.

Sincerely,

By Barry G. Hopper

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. La Vere A. Hoffer
Route 3
Weiser, Idaho

Boise, Idaho

Dear Sir:-

Under the terms of your permit No. 21864 you are required to complete your diversion works on or before January 19, 1956. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer

Weiser, Idaho

Dear Mr. Hoffer:

We enclose Permit No. 21864, together with Departmental Receipt No. 22988 for the \$5.00 filing fee, and direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

You will note that we have reduced the amount approved under this application to .92 of a second foot, or 46 inches, the maximum amount allowed by Statute, being one inch per acre.

Very truly yours,

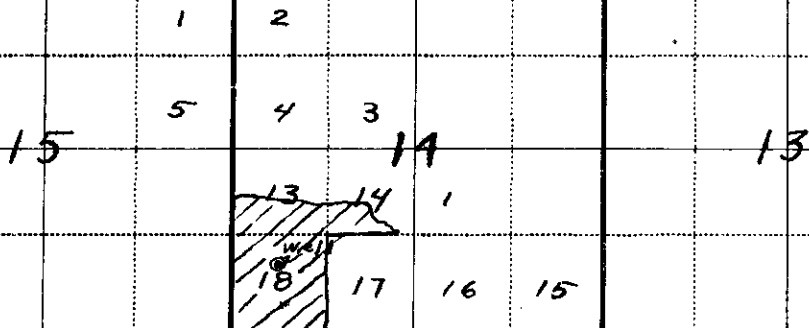

MARK R. KULP
State Reclamation Engineer

Weiser, Idaho

Dear Mr. Hoffer:

We return your application for Permit to appropriate one second foot of underground water, to be completed as follows:

1. Question 4 should give the point of diversion or location of the well by subdivision, Section, Township and Range.
2. Question 8, no doubt, should also describe a well and a pump.
3. Question 14 should give the section and it should also be shown on the sketch map.

We assume from the sketch map that Lot 18 is in the SW 1/4 NE 1/4 of the section, but as stated above, the number of the section should be given.

The filing fee of \$5.00 should accompany the application, as indicated on the fourth page of the application.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

**NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE**

It is hereby given that at 8:00

A. on the 19th day of January, 1962, at Weiser, County of Washington, State of Idaho, before Daryl Bohman, Notary Public, proof will be submitted of the application to beneficial use of .92 cubic feet per second of the waters of underground well in accordance with the terms and conditions of Permit No. 21864 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are LaVere A. Hoffer, Route No. 3, Weiser, Idaho.

The use to which said water has been applied is Irrigation.

The amount applied to beneficial use is 46 inches, or .92 second feet.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated)

Point of diversion SW $\frac{1}{4}$ SW $\frac{1}{4}$, Section 14, Township 10 North, Range 5 W. B. M. Location of use: W $\frac{1}{2}$ SW $\frac{1}{4}$ Section 14, Township 10 North, Range 5 West Boise Meridian.

The right to take water from such works is based upon Permit No. 21864.

The source of supply from which such water is diverted is underground well.

The date of priority which said user is prepared to establish is January 12, 1951.

GEO. N. CARTER.

State Reclamation Engineer.
