Re: Edwin D. Ford, Water Permits #21717 & 22249

Dear Sirs:

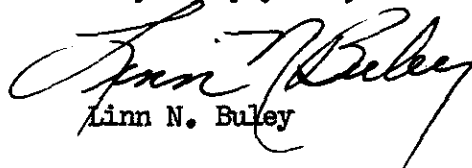

We are interested in any information that you might be able to give us in regard to the water rights issued to Mr. Edwin D. Ford Jr. on land in Township 10 North, Range 5 West Boise Meridian, and being in Sections 2, 3, 4, 10, 11, and 12. The source of supply would be the Weiser River and also primary rights in for the storage of 20,000 acre feet of water in the Crane Creek Reservoir. It is my understanding that the subject has applied for 12 cubic feet of water per second out of the Weiser River. Has the license been issued on the above mentioned permits as yet, and if so were they issued for the amount of the application.

I would appreciate knowing the status of this applicants water rights as soon as possible.

You might also be able to tell me what his priority date is and how many users are there with an earlier priority than his.

I wish to thank you in advance for your prompt consideration;
I am,

Very truly yours,

Linn N. Buley

Re: Permits 21717 and 22249

I wish to thank you for your letter of December 4th advising me that your field engineer has filed his report on examination for completion of works and beneficial use under the above numbered permits.

In accordance with your request I send you herewith my check in the amount of \$54.00 in payment of statutory and license fees. I note that you will forward to me in due course Certificates of Completion of Works and Licenses and I would appreciate it if you will send them to the above address.

I appreciate very much the careful attention you have given this matter.

RE: Permit No. 21717 and 22249

Mr. Edwin D. Ford, Jr.
2 Rector Street
Room 2600
New York 6, New York

Dear Mr. Ford:

We now have on file the report of our field engineer on examination for completion of works and beneficial use under the above numbered permits.

These reports show that you have irrigated 699 acres in 22 forty acre subdivisions, namely: S $\frac{1}{2}$ SW $\frac{1}{2}$, SW $\frac{1}{2}$ SE $\frac{1}{2}$ Section 2, SE $\frac{1}{2}$ NW $\frac{1}{2}$, S $\frac{1}{2}$ Sec-3, NE $\frac{1}{2}$ SE $\frac{1}{2}$ Section 4, N $\frac{1}{2}$ NE $\frac{1}{2}$, NE $\frac{1}{2}$ NW $\frac{1}{2}$ Section 10, NW $\frac{1}{2}$ NE $\frac{1}{2}$, S $\frac{1}{2}$ NE $\frac{1}{2}$, N $\frac{1}{2}$ NW $\frac{1}{2}$ NE $\frac{1}{2}$ SE $\frac{1}{2}$ Section 11, Township 10 North, Range 5 West, B.M.

The statutory fees in connection with these proofs are \$5.00 each for completion of works, and \$44.00 license fees, which is at the rate of \$2.00 for each 40 acre subdivision in which the land is located. Since the same land is included in both permits, there is only one charge in that connection so the total fees will amount to \$54.00.

Upon receipt of your check for this amount, Certificates of Completion of Works and Licenses will be issued for 5.15 second feet, or 2301 gallons per minute under Permit No. 21717, and for 6 second feet, or 2700 gallons per minute under Permit No. 22249.

Very truly yours,

RE: Permits Nos. 21717 and 22249

Mr. Edwin D. Ford, Jr.
Two Rector Street
Room 2600
New York 6, N. Y.

Dear Mr. Ford:

We acknowledge receipt of your letter of June 19, 1952, enclosing forms of notice for beneficial use proof under the above numbered permits, and requesting that arrangements be made to make the proof before E. W. Horner of Weiser, Idaho, sometime during the first 10 days of August.

We also note your statement that the water claimed under both of these permits is to be used interchangeably on the land described in each.

In order to do this, it will be necessary to file an application for amendment to the land list described in each permit to include the entire acreage covered in both permits. We enclose forms of application for such amendment herewith.

It is not necessary to give such detailed descriptions of the place where the water is used, only the legal subdivisions. This will materially reduce your cost of publication, and it will also be possible to include the proofs on both permits in one notice; also proof of completion of works which according to the terms of your permit has not been made, can be made along with proof of beneficial use.

21717

Mr. Edwin D. Ford, Jr.

June 24, 1952

We have, accordingly, made a suggested form of notice, one copy of which is enclosed herewith. You will note that we suggest 10:00 a.m., on August 6, as the date for making the proof, but any other date that is convenient for you will be satisfactory. If this meets with your approval, please return same to this department together with Form 11 which is your authorization for us to have the notice published in the designated newspaper in Washington County, and also the applications for amendment.

We can then send a copy of the notice to the designated newspaper with instructions in regard to publishing and will send Mr. Horner the necessary forms of deposition to be used in making the proof.
