

State of Idaho

License and Certificate of Water Right

Water License No. 21065

Amount 0.4 second foot

Water District No.

Priority May 17, 1949

THIS IS TO CERTIFY that P. A. LEGG
of Cambridge, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated May 17, 1949; that Permit No. 21065
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
0.8 second foot, was issued thereunder on March 26, 1953, showing that said works
were completed on the 11th day of September, 1951; and that on the 24th
day of June, 1950,

P. A. LEGG

of Cambridge, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of Jensen Spring Creek
and tributaries ~~contributory~~, for the purpose of irrigation and domestic
use, under Use Permit No. 21065 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
9 of Licenses at page 5256, on the 5th day of May, 1954;

The right hereby confirmed dates from May 17, 1949;
are

The Point of Diversion is located

in the NE 1/4 SE 1/4, Sec. 35, Tp. 15 N., R. 3 W., B. M. County Washington

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 0.1 cubic foot per second from Point of Diversion # 1, and 0.3 cubic foot per second
from Point of Diversion # 2.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated

**NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 10:00 A. M. on the 24th day of June, 1950, at Cambridge, County of Washington, State of Idaho, before Arthur Wilson, Notary Public, proof will be submitted of the application to beneficial use of 0.80 cubic foot per second of the waters of Jensen Spring Creek, and East & West forks of Jensen Spring Creek in accordance with the terms and conditions of Permit No. 21065 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit is P. A. Legg, Cambridge, Idaho

The use to which said water has been applied is irrigation and domestic purposes.

The amount applied to beneficial use is 0.80 cubic foot per second.

The place where said water is used: SW $\frac{1}{4}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$ and SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 35, Twp. 15 N., Range 3 W., B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use in none

The right to take water from such works is based upon Permit No. 21065.

The source of supply from which such water is diverted is Jensen Spring Creek, and East and West forks of Jensen Spring Creek.

The date of priority which said user is prepared to establish is May 17, 1949.

APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 28728
PERMIT No. 21065
DISTRICT No.

1. Name of Applicant: P. A. LEGG

Postoffice address: Cambridge

County: Washington

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (b) Treasury stock:
- (d) Other resources:

(a) Cash on hand:

(c) Bonds to be issued:

2. Quantity of water claimed: 0.80

cubic feet per second.

3. Source of water supply: Jensen Spring Creek, and East and/ West forks of Jensen Spring Creek which is a tributary of Weiser River

4. Location of point of diversion: See Remarks

feet distant from the

corner of Section , T. , R. , B.M., and is in the

of Section 35 , T.15 N. , R. 3 W. , B.M., County of Washington

5. Water is to be used for Irrigation and domestic purposes

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T. , R. , B.M., in the of Section , T. , R. , B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section , T. , R. , B.M., in the
of Section , T. , R. , B.M.

7. Estimated cost of works: \$ 50.00

8. Kind of works: Headgate and ditch

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width 1 feet; height 2 feet.

11. Ditch: Width at bottom 1 feet; width at water line 3 feet; depth of water 0.5 feet;

dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is One (1) years.

13. The time required for the complete application of the water to the proposed use is None additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None (See permit No. 21066 of even date)

- (a) Is reservoir to be used?

If so, fill in (b) and (c) below:

(b) Name of Reservoir and number of Storage Permit:

(c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho

RE: Permit No. 21065

Mr. P. A. Legg
Cambridge
Idaho

Dear Mr. Legg:

The report of our field engineer on examination for Beneficial Use on Permit No. 21065 is now on file and shows that the water has been used to irrigate 40 acres in the E $\frac{1}{2}$ SE $\frac{1}{4}$ Section 35, Township 15 North, Range 3 West, B. M. and that the water has been diverted from Jensen Spring Creek from two points, both in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of said Section.

Upon receipt of the statutory fee of \$4.00 a license can be issued for 20 inches which includes 5 inches from the first point of diversion and 15 inches from the second point of diversion.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
By

Chief Clerk

A:br

21065

Point of diversion #1. Source of water is a spring as indicated on map and is diverted from its natural channel by a small ditch and dam the original channel has been ~~pounded~~ ^{filled} in. Amount of water from this diversion was measured over a V-notched weir at 5 inches.

Point of diversion #2. There is a short deep ditch that connects ^{these} ~~this~~ springs, ~~and~~ and ~~some of~~ this water is diverted by a small dirt dam with a wooden head-gate. Water from this diversion was measured over a V-notched weir at 15 inches. Water is distributed by gravity through ditch. Direction of flow is to the South.

There is a creek between the two springs that flows during high water but according to Mr. Legg, goes dry very early. The creek is a short stream and apparently has no name. *or is Jensen Spring Creek.*

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 21065

This proof is for Beneficial use In Water District No. _____

1. Name of applicant P. A. Legg, Cambridge, Idaho
2. Source of water supply: Jensen Spring Creek and tributaries
3. Location of point of diversion: Is in the NE¹/₄ SE¹/₄, NW¹/₄ SE¹/₄ of Section 35
T. 15 N. R. 3 W. County of Washington
4. Describe works as they exist, giving dimensions and capacities of same:

5. Water is used for: Irrigation and domestic purposes
6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

SW $\frac{1}{4}$ NE $\frac{1}{4}$ N $\frac{1}{2}$ SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 35, Twp. 15 N., Range 3 W., B.M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?.....

Remarks: _____

Measured over a V Notch weir

This examination was made on the 13 day of April, 1954

(Signed) E. N. Humphrey Examiner.

21065

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Idaho

Dear Mr. Legg:

We have secured the necessary affidavits from Mr. Arthur Wilson in regard to the taking of your proofs for beneficial use on Permit No. 21065.

This completes your proof, but before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP

BOISE, IDAHO

Permit No. 21065

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. P. A. Legg
Cambridge, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No. 21065, May 27, 1949

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Jensen Spring Creek, and tributaries.

Points of diversion, NW $\frac{1}{4}$ SE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$, S 25, 15N, 3W.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Earthen dams, and ditches, capable of conveying .80 cu ft per sec.
Springs rise on premises, and dams, two to five high ft high, divert water on to land.

15 N., 3W., S. 25, NE $\frac{1}{4}$ SE $\frac{1}{4}$ 12 a.: NW $\frac{1}{4}$ SE $\frac{1}{4}$ 10 a. : SE $\frac{1}{4}$ SE $\frac{1}{4}$ 24 acres

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. agriculture

21065

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans.

Ques. 8. What is the minimum amount of water required for the purpose specified above? Whatever amount of water available, up to the amount of "Duty" of
Ans. water, which would be about 1 in per acre.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Commencing in 1938, and used continuously since that date.
Used water on lands designated, about 40 inches, steady.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No record rights. Have used flood waters from Rush Creek in the
springtime whenever available

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. A. D. Wilson Age 53 farmer, Cambridge, Idaho.

Ques. 2. Are you acquainted with A. P. Legg, the holder of Permit No. 20165? How long have you known him and where does he reside?

Ans. yes, 15 years, Cambridge, Idaho.

Ques. 3. Have you read or heard read said Permit No. 20165, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Spring, that raise on the lands,
nwset $\frac{1}{4}$, nese $\frac{1}{4}$, sese $\frac{1}{4}$ Sec. 35, Twp. 15 N. R. 3 W.
Water diverted by earth and wooden dams.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. About 30 inches

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. _____

21065

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. irrigation

nwse 10 A

nese 12 A

sese 24 A

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Flat, black soil, with dome in some part.

About one inch per acre could be used.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. no

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Saw the water running on the land, about 25 inches:

in June 1950

Permit No. 21065**Certificate of Completion of Works**

TO ALL WHOM IT MAY CONCERN:

This is to certify that P. A. LEGG
of Cambridge, County of Washington, and State of
Idaho, the holder of Permit No. 21065, issued upon Application
No. 28728 bearing date of priority of May 17, 1949, authorizing the diversion of
0.80 second feet of the waters of Jensen Spring Creek, and East and West
forks of Jensen Spring Creek, tributary to Weiser River,

County of Washington, State of Idaho, for irrigation and domestic
purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the
proof of completion of the works of diversion set out and described in said Permit; that said works are
adequate for diverting and conveying to the place of intended use 0.80
second feet of the waters of said streams;

that the point of diversion of said waters

and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit:

Dear Mr. Wilson:

This is definitely an S.O.S.

We have been holding Mr. P. A. Legg's Proof of Completion of Works on Permit No. 21065 since May 27, 1950, awaiting correction or clarification in regard to the point or points of diversion.

We have also been awaiting return of the depositions of himself and two witnesses which were sent you on July 10, 1950, for certain corrections; also your own affidavit in regard to postponement of the date for making these proofs.

If this Permit is to be kept in good standing, it is important that these proofs be returned at an early date.

Very truly yours,

21065

July 10, 1950

Re: Permit No. 21065

Mr. Arthur Wilson
Cambridge, Idaho

Dear Mr. Wilson:

We acknowledge receipt of the depositions of P. A. Legg and two witnesses, Affidavit of Publication in the Cambridge News-Reporter, and Affidavit of P. A. Legg in regard to postponement of the date for making proof; all submitted in Proof of Beneficial Use under Permit No. 21065.

These proofs can be accepted as of the later date if you, as Notary Public, will furnish an affidavit to the effect that your office was open on May 24, 1950, the date set for proof, and that no protests were received, and that the proof was postponed to July 7 (or July 8), 1950.

In checking the depositions, we note the following:

Mr. Legg's deposition describes two points of diversion, namely the NW $\frac{1}{4}$ SE $\frac{1}{4}$ and NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 35, and the depositions of the two witnesses fail to give the location of the points of diversion, but refer to three different dams. Since the Permit also describes a point of diversion in the SE $\frac{1}{4}$ SE $\frac{1}{4}$, we wonder if this location was omitted from Mr. Legg's deposition.

Question 6 of Mr. Legg's deposition and the deposition of Richard Coriell describe the place of use in the NW $\frac{1}{4}$ SE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$ and SE $\frac{1}{4}$ SE $\frac{1}{4}$, but fail to give the Section, Township and Range, and they also omit the SW $\frac{1}{4}$ NE $\frac{1}{4}$ which is included in the Permit, and the deposition of A. D. Wilson fails to give the legal description of the place of use as called for under Question 6.

We return all three depositions for the necessary correction and also for your affidavit referred to above.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
By

Chief Clerk

CC: Mr. P. A. Legg

21065

**NOTICE OF PROPOSED APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 10:30 A. M. on the 24th day of June, 1950, at Cambridge, County of Washington, State of Idaho, before Arthur Wilson, Notary Public, proof will be submitted of the application to beneficial use of 0.80 cubic foot per second of the waters of Jensen Spring Creek, and East & West forks of Jensen Spring Creek in accordance with the terms and conditions of Permit No. 21065 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit is P. A. Legg, Cambridge, Idaho.

The use to which said water has been applied is irrigation and domestic purposes.

The amount applied to beneficial use is 0.80 cubic foot per second.

The place where said water is used: SW 1/4 Sec 34, N 1/2 SE 1/4 and SW 1/4 SE 1/4 Section 34, Twp. 15 N., Range 3 W., R. 14.

The name of the canal or ditch or other works by which said water is conducted to such place or use is none.

The right to take water from such works is based upon Permit No. 21065.

The source of supply from which such water is diverted is Jensen Spring Creek, and East and West forks of Jensen Spring Creek.

The date of priority which said user is prepared to establish is May 17, 1949.

21065

Re: Permit No. 21065

Mr. Arthur Wilson
Cambridge, Idaho

Dear Mr. Wilson:

We enclose the necessary forms for making Proof of Beneficial Use under Permit No. 21065 in the name of P. A. Legg. As you know, this proof is to be made before you as Notary Public on June 24, 1950, at which time Mr. Legg should appear before you together with two disinterested witnesses who are familiar with the terms of the Permit and the work done thereunder for the purpose of executing the depositions.

We remind you that Certificate of Completion of Works on this Permit is being held up, awaiting information as to the correct points of diversion. Mr. Legg's Proof of Completion of Works describes the points of diversion in the NW¹/₄ SE¹/₄ and SW¹/₄ NE¹/₄ of Section 35, whereas the Permit describes the points of diversion in the SE¹/₄ SE¹/₄, NW¹/₄ SE¹/₄, and NE¹/₄ SE¹/₄.

This should be clarified as soon as possible in order that Certificate of Completion of Works may be issued.

Very truly yours,

Re: Permit No. 21065

Mr. Arthur Wilson
Cambridge, Idaho

Dear Mr. Wilson:

We are in receipt of corrected Affidavit in Proof of Completion of Works under Permit No. 21065.

*NESE
NWSE -*

This affidavit describes the points of diversion as the NW $\frac{1}{4}$ SE $\frac{1}{4}$ and SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 35, whereas the Permit describes points of diversion in the SE $\frac{1}{4}$ SE $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$, and NE $\frac{1}{4}$ SE $\frac{1}{4}$, but not in the SW $\frac{1}{4}$ NE $\frac{1}{4}$.

Please advise if this is an error in the affidavit, or if there has been a change in the points of diversion. If the latter, it will be necessary to file an application for amendment to the Permit.

Meanwhile, we have sent to the Cambridge News Reporter, copy of Notice of Beneficial Use Proof to be made under this Permit on June 24, 1950, with instructions to publish it once a week for four consecutive weeks prior to that date and to send Mr. Legg the Affidavit of Publication, together with statement of costs.

Re: Permit No. 21065

Mr. Arthur Wilson
Cambridge, Idaho

Dear Mr. Wilson:

We acknowledge receipt of your letter of May 2, 1950, enclosing affidavit of P. A. Legg in Proof of Completion of Works under Permit No. 21065, together with Notice of Proof of Beneficial Use to be made under this same Permit, accompanied by check for the \$5.00 fee.

We return the Proof of Completion of Works for correction as follows:

1. Question 2 states that the source of the water is from three springs, but the Permit describes the source as Jensen Spring Creek and the East and West forks of Jensen Spring Creek. Is this water diverted directly from the springs or from the streams flowing therefrom?

2. Question 3 should give the point or points of diversion by legal subdivision, Section, Township and Range.

3. Question 8 includes in the land description the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 35, Township 15 North, Range 3 West, B.M., instead of the SW $\frac{1}{4}$ NE $\frac{1}{4}$, as described in the Permit. Which is correct?

We enclose an application for extension of time for making Proof of Beneficial Use to be executed by Mr. Legg. We suggest that you make this for about three months which will allow ample time, and as soon as the corrected Proof of Completion of Works is returned, we can correct the Notice accordingly and set the earliest date that will allow for the statutory publication.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Mark R. Kupp,
State Reclamation Engineer
Boise, Idaho.

Dear Sir:

Re: Permit No. 21065
P. A. Legg

RECEIVED
MAY 3 1950
Department of Reclamation

Herewith enclose Proof of Completion of Works under the above permit, and application in duplicate for publication of Notice of Proof Application of Water to Beneficial Use.

Mr. Legg overlooked the papers, and hence will not be able to have the notice published and proof completed before the May 27th deadline. Therefore he asks that the final date of proof be extended sufficient time to have the proper notices published.

His check for \$5.00 for Final Certificate is enclosed.

Yours truly,

Wilson's Agency

Arthur Wilson

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date)..... May 2, 1950

(P. O.)..... Cambridge, Idaho

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
News Reporter of Cambridge, Idaho published in
the county in which the works are situated.

J. A. Legg.

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

.....
Engineer.

21065

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 24th day of June, 1950,
at Cambridge, County of Washington, State of Idaho, before
Arthur Wilson, Notary Public, proof will be submitted of the
application to beneficial use of 0.80 cubic feet per second of the waters of Jensen Spring Creek,
forks of Jensen Spring Creek
and East & West in accordance with the terms and conditions of Permit No. 21065
heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are.....
P. A. Legg, Cambridge, Idaho.

The use to which said water has been applied is irrigation and domestic purposes.

The amount applied to beneficial use is 0.80 cubic foot per second.

The place where said water is used (if for irrigation, give full and accurate description of the
lands irrigated) SW₁, NE₁, N₂, SE₁ and SE₁, SE₁ Section 35, Twp. 15 N., Range 3 W., B.M.

The name of the canal or ditch or other works by which said water is conducted to such place of
use is None.

The right to take water from such works is based upon Permit No. 21065

The source of supply from which such water is diverted is Jensen Spring Creek, and East and
West forks of Jensen Spring Creek.

The date of priority which said user is prepared to establish is May 17, 1949

Form No. 5-A

STATE OF IDAHO

DEPARTMENT OF RECLAMATION

Mr. F. A. Legg

March 1, 1950

BOISE

Cambridge, Idaho

Dear Sir:

Under the terms of your permit No. 21065 you are required to complete your diversion works and make proof of beneficial use on or before May 27, 1950.

We enclose herewith a blank affidavit to be filled out, sworn to by you before a Notary Public of Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the Completion of the Works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

We also enclose blank notice for proof of application of water to Beneficial Use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths. The date for proof as set out in your permit, is May 27, 1950, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Very truly yours,

MARK R. KULP

State Reclamation Engineer
