INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 9:00 A. M. on the 7th day of July, 1949, at Weiser, County of Washington, State of Idaho, before Oliver J. Smith, Notary Public, at 124 East Main Street, Weiser, Idaho, proof will be submitted of the application to beneficial use of one cubic foot per second of underground water in accordance with the terms and conditions of Permit No. 20243 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Joseph T. Harrer, 429 West Idaho Street, Weiser, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is 1 cubic foot per second.

The place where said water is used, Northeast quarter of Southwest quarter and the North half of the Southeast quarter of the Southwest quarter of Section 9, Township 10 North, Range 5 West of Boise Meridian, in Washington County, Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is from well and sprinkler system.

The right to take water from such works is based upon Permit No. 20243.

The source of supply from which such water is diverted is from well, located on said premises, in NE 1/4 SW 1/4 Section 9, Twp. 10 North, Range 5 West, B. M.

The date of priority which said user is prepared to establish is December 29, 1947.

SCALE: 2 Inches Equal 1 Mile. Draw Plan in Ink.

9. If applicant was not the original holder of this right explain how it was acquired: _____
original holder of license No. 67-2184

10. CHANGE IN POINT OF DIVERSION

1.0 cfs to be diverted from either or both P.O.D's.
See telephone memo
date 5-22-72 KHF
nt: 0.5 c.f.s. and/or _____ acre feet

- a. Quantity to be diverted at new point: 0.5 c.f.s. and/or acre feet
(2 points)
- b. New point of diversion: NE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 9, Township 10 N
 , Range 5 W, B.M.
- c. Description of method of diversion and conveyance from new points of diversion:
The new well will be connected directly with the present well and will use
the same main line.
- d. Is water to be conveyed to the lands previously irrigated? Yes X No .
If not, the place of use should be changed below.
- e. Describe the reasons for applying for a change in the point of diversion:
The original well under License No. 67-2184 has decreased in out-put to
approximately 0.5 cubic feet per second and the new well will be drilled
to bring the total amount back up to 1.0 cubic feet per second, which is
licensed under License No. 67-2184
- f. Do you intend to make the transfer permanent? YES
- g. Do you intend to abandon completely the old point of diversion? NO
- h. Indicate on the above plat the new point of diversion and lands to be irrigated.

11. CHANGE IN PLACE OF USE

- a. Describe the new lands on which you wish to use your right.

[illegible]

Total number of acres to be irrigated_____

67 2164

b. Do you intend to make the transfer permanent? _____

c. Are you completely abandoning the lands previously irrigated by this right? If not, explain your plans:

d. Describe any other water rights that you claim for the new ground upon which you wish to transfer this right: _____

e. Indicate on the above plat the new land to be irrigated and the point of diversion.

I hereby assert that no one will be injured by such transfer and that the change will be made at my own risk. The information contained in this application is true to the best of my knowledge.

Mr. Don E. Roberts, Manager
Federal Land Bank Association
of Ontario
P. O. Box 279
Ontario, OR 97914

Dear Mr. Roberts:

Re: 67-2184

In researching our records, I located a transfer of water right License No. 67-2184 referencing two points of diversion from a groundwater source appurtenant to the lands identified below:

T. 10 N., R. 5 W.

Section 9: NE $\frac{1}{4}$ SW $\frac{1}{4}$ (38 ac.)

SE $\frac{1}{4}$ SW $\frac{1}{4}$ (20 ac.)

Additional information pertaining to the irrigation wells is found in the enclosed copies of Transfer No. 1991 approved in 1972, a well log, and an engineer's report conducted prior to licensing.

Enclosed is a billing for copy fees.

If you have any questions or need further assistance, please do not hesitate to contact me.

Sincerely,

Robertta Garrett
Records Supervisor

Roberta Garrett, Records Supervisor
Department of Water Resources
State Capitol
Boise, Idaho 83720

Dear Ms. Garrett:

We have an application for a real estate loan from Double R Cattle Company and Richard Hormaechea on the property they are purchasing from Reginald Lang. In that connection we need the information on the irrigation wells on the property. Will you please send us any information that you can regarding the wells?

The legal description of the property is as follows:

Township 10 North, Range 5 WBM (Washington County)
Sec. 9: NE $\frac{1}{4}$ SW $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$ SW $\frac{1}{4}$, EXCEPT the East 40 feet thereof. 2020, 67-2184

Your assistance will be appreciated.

Thank you.

Sincerely yours,

Weiser Signal
P.O. Box 709
Weiser, Idaho 83672

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. In order to receive payment, the following certification must appear on the bill:

" I hereby certify that the foregoing account is just and correct,
that the amount claimed is legally due, after allowing all just
credits, and that no part of the same has been paid."

NOTICE OF PROPOSED CHANGE OF WATER RIGHT

NO. 67-2184

Notice is hereby given that Joseph T. Harrer
of Route # 3, Weiser, Idaho, has applied to the Department of Water
Administration for a change of the point of diversion of the waters of
a ground water source

The right sought to be changed is evidenced by License No. 67-2184
and is recorded as follows.

Amount: 1.0 c.f.s. Priority: December 29, 1947 Point of
Diversion: NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 9, Twp. 10 N, Rge. 5 W, B.M., Washington County
The water is used for irrigation purposes from March 15 to Nov. 15
within the E $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 9, Twp. 10 N, Rge. 5 W, B.M.

TO BE CHANGED AS FOLLOWS

Amount: 1.0 c.f.s. Point of Diversion: NE $\frac{1}{4}$ SW $\frac{1}{4}$ (2 points), Sec. 9, Twp. 10 N,
Rge. 5 W, B.M., Washington County
~~The water will be used for~~ purpose

Any protests against approval of the proposed change of water right application
must be filed with the Department of Water Administration, Statehouse, Annex #2,
Boise, Idaho, on or before July 2, 1972.

CONVERSATION MEMORANDUM

DATE 5-22-72FILE 67-2184NAME OF PARTY Joseph T. HarrerEMPLOYEE Kenneth H. Foit

RE: Mr. Harrer called this morning to express his concern over our letter dated May 18, 1972. He stated that Fred Eisenbarth filled out the transfer. He said it was his intention to add a new point of diversion and not to abandon the old point. It was not his intention either increase or decrease the amount of license 67-2184, i.e., one cubic foot per second

See line 10e and 10g of the "application to transfer a water right."

Mr. Harrer also, stated he would like the 1.0 cubic foot per second from either or both points of diversion.

Re: Transfer Application No. 67-2184

Mr. Joseph T. Harrer
Route #3
Weiser, Idaho 83672

Dear Mr. Harrer:

We find in reviewing your proposed application for transfer, that an error has been made as to the quantity of water to be diverted at your new point of diversion. The application indicates this quantity to be 0.5 cubic feet per second, instead of one cubic foot per second, as described in the original license.

We will, therefore, re-advertise the transfer application and continue processing it in this manner, unless we hear otherwise from you within ten (10) days of the date of this letter.

If you should have any questions in reference to this matter, please do not hesitate to contact this Department.

Very truly yours,

Dorian Clay
Water Resource Examiner
Western District

DC:cs

67 2184

Re: Transfer Application No. 67-2184

Transfer is in error. Change should be 1.0 cubic feet per second from two points in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 9. Advise applicant that we will correct and will re-advertise at our expense, if we counselled him wrongly.

Re: Permit No. 67-2184

Mr. Joseph T. Harrer
Route #3
Weiser, Idaho 83672

Dear Mr. Harrer:

We are in receipt of your application for permit, but possibly you would prefer to apply for a transfer, rather than a new application for permit.

If you plan to drill a new well, to be used in connection with your present well and will not exceed the quantity of water listed under License #67-2184, of one (1) cubic foot per second when combined, then you may file for a transfer on License #67-2184, to include a new point of diversion. By going this route, you would not lose your original priority date of December 29, 1947. We have typed the transfer for your convenience. Please check all items and if you are in agreement with this form, please sign it before a notary and return it to our office with the necessary fee of \$30.00.

We are returning your application for permit and your personal check #92-285, in the amount of \$25.00.

If we can be of any further assistance in this matter, please feel free to contact our office at any time.

Very truly yours,

Fred Eisenbarth
Appropriation Examiner

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 20243This proof is for Beneficial use

In Water District No. _____

1. Name of applicant Joseph T. Harrer, 429 West Idaho St., Weiser, Idaho2. Source of water supply: Subterranean from a well3. Location of point of diversion: Is in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 9T. 10 N. R. 5 W. County of Washington

4. Describe works as they exist, giving dimensions and capacities of same: Well is 4 $\frac{1}{2}$ ' in diameter and has 16' of reinforced concrete casing. The top of the well is approximately 3' below the surface of the ground. Static water level is approximately 11'.

Drawdown in August is sometime completely to the bottom of the well under continuous pumping. The water is encountered in a strata of quicksand. Motor is a 20 h.p. Master electric horizontal, directly connected to the pump, both are mounted on planking to the east side of the well, immediately along side same. There is no pump house.

Motor - 220 v., 50 amps, 60 cy., 3 ph, 3500 rpm. Serial #SH490. The whole sets in a large pit approximately 2 $\frac{1}{2}$ ' deep. Pump is a Carver Una pump, Pump, Pipe and Power Company of Portland, Oregon. Pump is Model 5L. Serial #1406. 4" intake, 3" discharge.

5. Water is used for: irrigation6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

NE $\frac{1}{4}$ SW $\frac{1}{4}$ and N $\frac{1}{2}$ SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 9, Township 10 North, Range 5 West, B. M.

58 acres of land under crop.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: Delivery is into a sprinkler system, 4" pipe for mains. Capacity of the system is 450 gal. per minute. This has been measured by Mr. Harrer with a rain gage. Mr. Harrer is the District Engineer for Soil Conservation in Weiser, Idaho. Discharge from the system is East and West. There is 1200' of 4" aluminum main pipe, 1960' of lateral pipe, some 4" and some 3", approximately half and half. There are 50 sprinkler nozzles with the holes size 3/16 and 5/32 in each nozzle. The system operates under 35 lbs. head. There is a loss of approximately 5 lbs. head from the pump to the extreme end of the system. The extreme lift in this case is 30'. The farm that this system is used on would be very difficult to irrigate by gravity. The switches and controls are Allen Bradley, Trumbull and Sangoma. Meter is an Idaho Power meter, 240 v., Type VM-3S, Model #A1211, Serial #20354755. The secondary K is 24, dial constant 10, 50 amps, 3 wire, R equals 41 2/3, multiply readings by 10, demand is 1.8 to 1.9 Kw. The farm lays on the Weiser Sunnyside Irrigation and raises row crops and hay. Temperature is 59°F.

This examination was made on the 27th day of September, 19 50

(Signed) _____

E. N. Humphrey

Examiner.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Re: Permit No. 20243

Mr. Joseph T. Herrer
429 West Idaho Street
Weiser, Idaho

Dear Mr. Herrer:

We acknowledge the receipt of the depositions of yourself and two witnesses, also Affidavit of Publication in the Weiser Signal, all submitted in Proof of Beneficial Use under your Permit No. 20243.

Before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We are unable to say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, Mr. Tolman, Field Engineer for this Department will try and contact you at the time he makes the examination in order that you may arrange to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

NOTICE OF PRIORITY APPLICATION FOR WATER RIGHTS

Notice is hereby given that at 9:00 A. M. on the 7th day of July, 1949, at Weiser, County of Washington, State of Idaho, before Oliver J. Smith, Notary Public, at 124 East Main Street, Weiser, Idaho, proof will be submitted of the application to beneficial use of one cubic foot per second of underground water in accordance with the terms and conditions of Permit No. 20243 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Joseph T. Harrer, 429 West Idaho Street, Weiser, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is 1 cubic foot per second.

The place where said water is used, Northeast quarter of Southwest quarter and the North half of the Southeast quarter of the Southwest quarter of Section 9, Township 10 North, Range 5 West of Boise Meridian, in Washington County, Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is from well and sprinkler system.

The right to take water from such works is based upon Permit No. 20243.

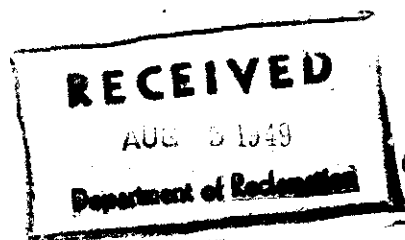

The source of supply from which such water is diverted is from well, located on said premises, in NE 1/4 SW 1/4 Section 9, Twp. 10 North, Range 5 West, B. M.

The date of priority which said user is prepared to establish is December 29, 1947.

MARK R. KULP,
20-4-s State Reclamation Engineer

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 20243

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Joseph T. Harrer, 429 West Idaho. Civil Engineer, working for Soil Conservation Service, Weiser, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Owner of land and holder of permit

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 20243, dated December 30, 1947. Priority as of April 15, 1949.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Dug well, located 660 feet west and 1000 feet south of NE corner of SW $\frac{1}{4}$ of Section 9, Twp. 10 N, R 5 W. BM, and is in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 9, Twp 10 N, R 5 W. BM. in Washington County, Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Dug well, cased with 54-inch concrete pipe and sprinkler irrigation system, capable of supplying 450 gallon per minute (1 cu ft per second)

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is being used on 58 acres of cultivated land in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ and N $\frac{1}{2}$ SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 9, Twp 10 N., R. 5 W. BM.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. (Not for other purposes)

20243

Ques. 8. What is the minimum amount of water required for the purpose specified above?
Ans. (does not apply)

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.
Ans. (Same person)

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.
Ans. Beginning April 15, 1948, used 1 cu ft per Second to irrigate 58 acres, being the land described above.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.
Ans. (No other waters)

(Sign)

Joseph T. Harner

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Weiser, County of Washington State of Idaho, on this 7th. day of July A. D. 1949.

Oliver Smith

My commission expires April 10, 1950.

20243

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 20243

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Howard H. Brechbiel - age 50 - Farmer - Rt #1 Weiser, Idaho

Ques. 2. Are you acquainted with Joseph T. Harrer, the holder of Permit No. 20243? How long have you known him and where does he reside?

Ans. Yes - four years - he resides at 429 West Idaho St. Weiser, Idaho

Ques. 3. Have you read or heard read said Permit No. 20243, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. A dug well on NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 9, Twp 10 N R 5 W. B.M. - electric pump, pumping direct into sprinkler system.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Not familiar with second feet - can only describe as being a 50-head sprinkler system operating continuously and I have observed and know personally that it runs constantly.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Used for irrigation on NE $\frac{1}{4}$ SW $\frac{1}{4}$ and N $\frac{1}{2}$ SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 9, Twp 10 N. 11 N. R 5W BM - about 58 acres irrigated. This was originally a dryland, a light soil, a capable of producing only poor grain crops. Now producing good crops of sugar beets and grain - and, now is in good condition to put to alfalfa or clover.

20243

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. (for irrigation)

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Sandy loam - 1 cubic foot

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. During seasons of 1948 and 1949 my son and I have farmed this land for the owner - I have operated the plant and sprinkler sustom - and, have observed it's operation for two seasons.

(Signed) Howard H. Breehice

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Weiser

Mr. Oliver J. Smith
Notary Public
124 E. Main St.
Weiser, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 20243.....

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On.....July 7, 1949....., the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at.....
Weiser, Idaho.....before Oliver J. Smith, Notary Public.....

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly.

MARK R. KULP

Mr. Joseph T. Herrer
429 Idaho Street
Weiser, Idaho

Dear Mr. Herrer:

Notice of Beneficial Use Proof to be made under your Permit No. 20234 on July 7, 1949, has been sent to the Weiser Signal, with instructions to publish it once a week for four consecutive weeks prior to that date, and to send you the Affidavit of Publication, together with statement of costs.

About ten days prior to that date, we shall send Mr. Oliver J. Smith, Notary Public, the necessary forms of deposition consisting of one for yourself and one for each of two witnesses so that he may have them in ample time for the proof.

At the time set, you should appear before Mr. Smith, together with two disinterested witnesses who are familiar with the terms of your Permit and the work done thereunder, for the purpose of executing the depositions.

Very truly yours,

20243

Form 30

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 9:00 A. M. on the 7th. day of July, 1949,
at Weiser, County of Washington, State of Idaho, before
Oliver J. Smith, Notary Public, at
124 East Main Street, Weiser, Idaho, proof will be submitted of the
application to beneficial use of one cubic feet per second of ~~the waters of~~ underground
water in accordance with the terms and conditions of Permit No. 20243
heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are.....

Joseph T. Harrer, 429 West Idaho Street, Weiser, Idaho

The use to which said water has been applied is.....irrigation

The amount applied to beneficial use is.....1 cubic foot per second

The place where said water is used ~~(if for irrigation, give full and accurate description of the~~
~~lands irrigated)~~ Northeast quarter of Southwest quarter and the North half
of the Southeast quarter of the Southwest quarter of Section 9, Town-
ship 10 North, Range 5 West of Boise Meridian, 10 Washington County,
Idaho

The name of the canal or ditch or other works by which said water is conducted to such place of
use is from well and sprinkler system

The right to take water from such works is based upon Permit No. 20243

The source of supply from which such water is diverted is from well, located on
said premises, in NE 1/4 SW 1/4 Section 9, Twp. 10 North, Range 5 West, B. M.

The date of priority which said user is prepared to establish is December 29, 1947

Re: Permit No. 20243

Mr. Joseph T. Harrar
No. 429 West Idaho
Weiser, Idaho

Dear Mr. Harrar:

Reference is made to your letter of May 16th, requesting the forms for making proof of beneficial use under Permit No. 20243.

This proof requires publication in a county paper once a week for four consecutive weeks prior to making the proof. This notice should be made in duplicate, on Form 10 enclosed, naming the time and place, and the Notary Public before whom the proof is to be made. The proof may be made at Weiser, or any place convenient for you and your two witnesses, and the time should be set sufficiently far ahead to allow for the four weeks' publication.

Both copies of Form 10 to be returned to this Department, together with Form 11, which is your authorization for us to have the notice published at your expense in the designated newspaper. We shall then send a copy of the notice to the newspaper, with instructions in regard to publishing; and we shall also send to the Notary Public the necessary forms of deposition to be used by yourself and your two witnesses in making proof of beneficial use.

Re: Permit No. 20243

Mr. Joseph T. Harrer
429 West Idaho
Weiser, Idaho

Dear Mr. Harrer:

We are in receipt of your letter of August 30 and note that you have installed your sprinkler system as described in Permit No. 20243.

Inspection by our Field Engineer is not required until your proofs of completion of works and beneficial use have been made. According to the terms of your permit proof of completion of works is not due until November 30, 1948, but can be made at any time prior thereto by executing the enclosed affidavit before a Notary Public and returning to this Department with the statutory fee of \$5.00, upon receipt and approval of which a certificate of completion of works will be issued.

The final or beneficial use proof is to be made when the water has been fully applied for the irrigation of the land for which it is to be used. As you will note from your permit, this proof is not required until November 30, 1949, but can be made at any time prior thereto.

Publication of notice of beneficial use proof is required by statute to be made once a week for four consecutive weeks prior to making your proof and we shall be glad to furnish the necessary forms upon request.

Very Truly yours,

MARK R. KULP
