

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE
REPORT OF ENGINEER
PERMIT NO. 15411

NOTICE OF PROOF
APPLICATION OF WATER TO
BENEFICIAL USE

Notice is hereby given that at 10 A. M. on the 30th day of March, 1940, at Cambridge, County of Washington, State of Idaho, before Arthur Wilson, Notary Public, proof will be submitted of the application to beneficial use of 1.6 cubic feet per second of the waters of Weston Slough in accordance with the terms and conditions of Permit No. 18414 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit is Fred Barton, Cambridge, Idaho.

The use to which said water has been applied is Irrigation and domestic.

The amount applied to beneficial use is 1.6 cubic feet per second.

The place where said water is used is the northwest quarter of the southeast quarter, the northeast quarter of the southwest quarter, (excepting approximately 6 acres out of the southwest corner thereof), and 13 acres out of the southeast corner of the southwest quarter of the northeast quarter of Section 1, Township 14 N. R. 3 W. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is the Allison and Jewell Ditch.

The right to take water from such works is based upon Permit No. 18414.

The source of supply from which such water is diverted is Weston Slough.

The date of priority which said user is prepared to establish is March 18, 1937.

JAMES SPOFFORD
Commissioner of Reclamation

18414

AFFIDAVIT OF PUBLICATION

State of Idaho
County of Washington } ss.

Stuart Dopp, being first duly sworn, deposes and says that he is the publisher, foreman, principal clerk, of THE NEWS-REPORTER, a weekly newspaper published at Cambridge, Washington County, Idaho, and that said paper has been published continuously for more than 78 weeks immediately preceding the first publication of the attached notice; that said paper is in general circulation in the county aforesaid and in the vicinity of Cambridge, Idaho; that the notice, a copy of which is attached hereto, was published in said newspaper once a week for five consecutive weeks in the regular and entire issue of every number thereof during the period and time of publication, and was published in the newspaper proper and not in a supplement thereto; that the publication of said notice began with the issue of Feb. 29 1940, and ended with the issue of March 28, 1940.

NOTICE OF PROOF
APPLICATION OF WATER TO .
BENEFICIAL USE

1 Notice is hereby given that at 10
3 A. M. on the 30th day of March,
1940, at Cambridge, County of Wash
ington, State of Idaho, before Arthur
Wilson, Notary Public, proof will be
submitted of the application to bene-
ficial use of 1.6 cubic feet per second
of the waters of Weston Slough in
accordance with the terms and con-
ditions of Permit No. 18414 hereto-
fore issued by the Department of
Reclamation of the State of Idaho.

The name and postoffice address
of the person or corporation holding
said permit is Fred Barton, Cam-
bridge, Idaho.

The use to which said water has
been applied is Irrigation and do-
mestic.

The amount applied to beneficial
use is 1.6 cubic feet per second.

The place where said water is
used is the northwest quarter of the
southeast quarter, the northeast
quarter of the southwest quarter,
(excepting approximately 6 acres
out of the southwest corner thereof),
and 13 acres out of the southeast
corner of the southwest quarter of
the northeast quarter of Section 1,
Township 14 N. R. 3 W. B. M.

The name of the canal or ditch or
other works by which said water is
conducted to such place of use is the
Allison and Jewell Ditch.

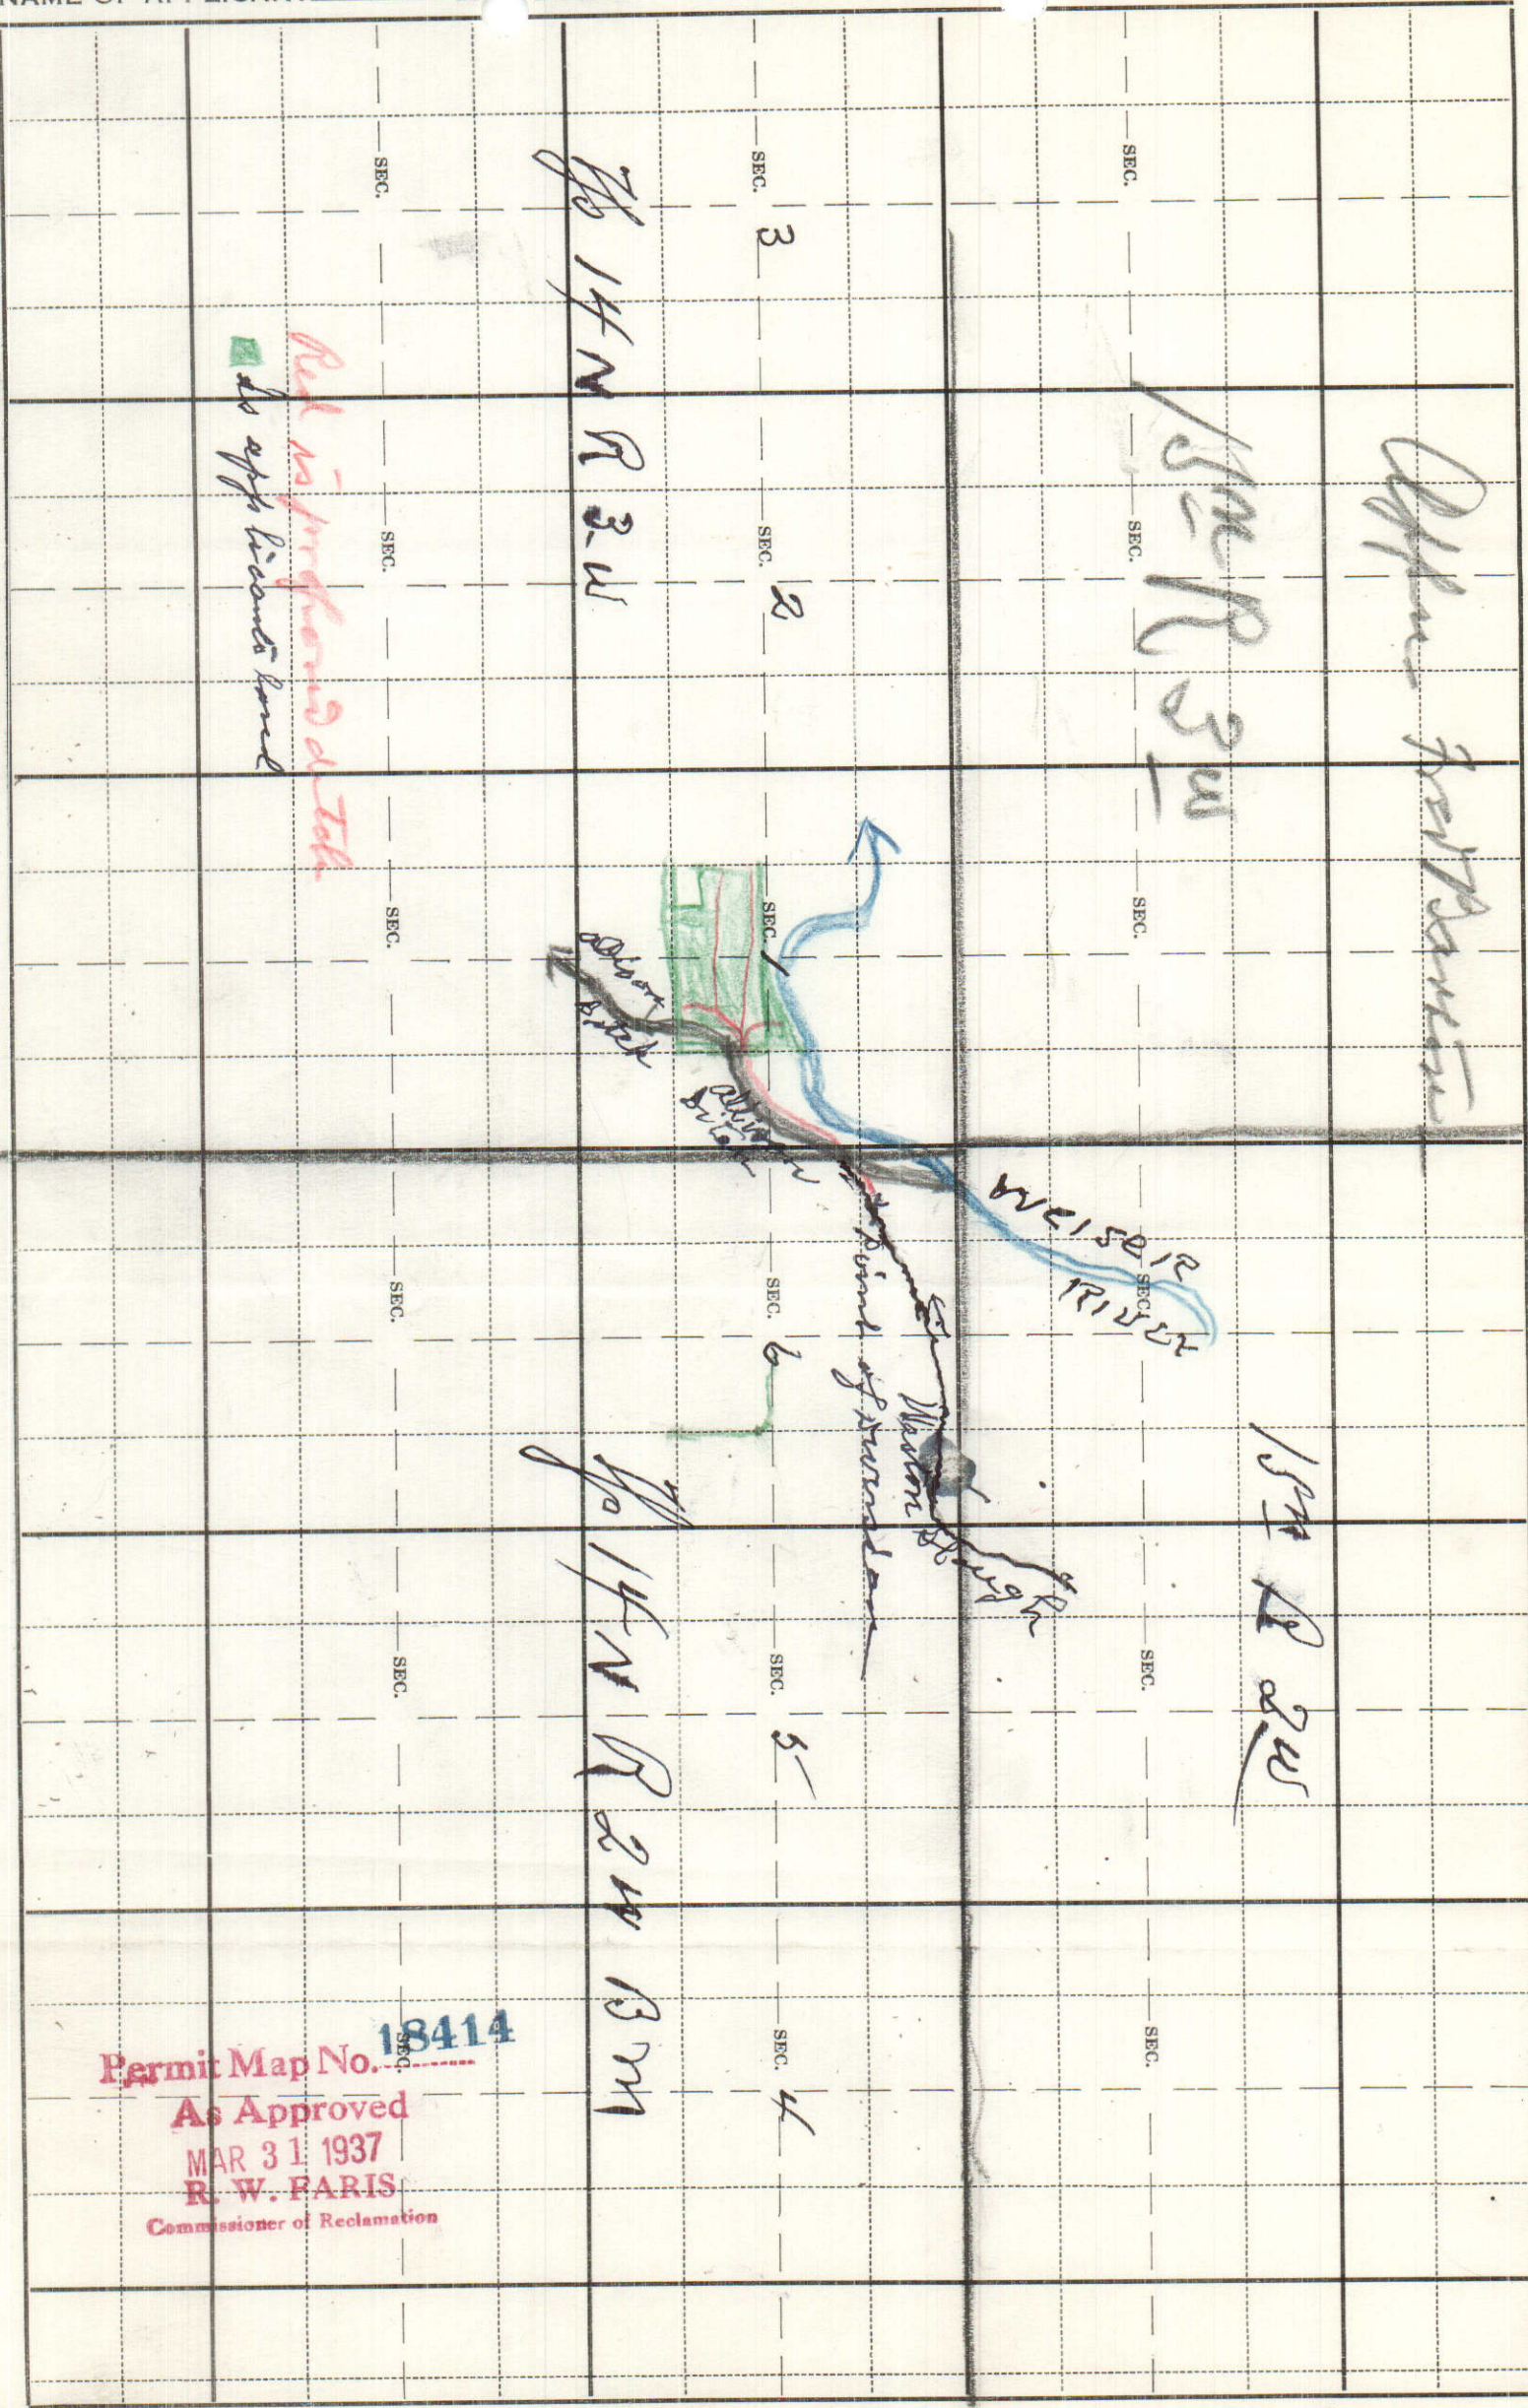

The right to take water from such
works is based upon Permit No.
18414.

The source of supply from which
such water is diverted is Weston
Slough.

The date of priority which said
user is prepared to establish is
March 18, 1937.

APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

Application No. 25709
Permit No. 18414
District No.

1. Name of Applicant: FRED BARTON

Postoffice address: Cambridge County: Washington State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock
- (c) Bonds to be issued:
- (d) Other resources:

2. Quantity of water claimed: 1.6 cubic feet per second.

3. Source of water supply: The Weston Slough (being the accumulation therein of drainage water) which is a tributary of

4. Location of point of diversion: 1320 southeasterly feet distant from the NW

corner of Section 6, T. 14 N., R. 2 W., B. M., and is in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 6, T. 14 N., R. 2 W., B. M., County of Washington

5. Water is to be used for: Irrigation and domestic purposes

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T., R., B. M., in the of Section, T., R., B. M.

(b) Amount of power generated: H. P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section, T., R., B. M., in the of Section, T., R., B. M.

7. Estimated cost of works: \$ 50.00

8. Kind of works: Dam, ditch and headgate

9. Height of dam 3 feet; length of dam at top 6 feet; length of dam at bottom 5 feet; material used in dam:

10. Size of headgate: Width 2 feet; height 3 feet.

11. Ditch: Width at bottom 3 feet; width at water line 4 feet; depth of water 2 feet; dimensions of flume:

Diameter of pipe inches; length of conduit one-fourth miles.

Average grade per mile three feet.

12. The time required for the completion of such work is one years.

13. The time required for the complete application of the water to the proposed use is two additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. (a) Is reservoir to be used? ☐ No ☐ Yes If so, fill in (b) and (c) below.
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

FRED BARTON

Applicant.

By

Agent.

Date of first receipt at Department of Reclamation: 9:00 A. M., March 18, 1937

Returned to applicant for correction: March 19, 1937

Corrected application received: March 29, 1937

APPROVAL OF COMMISSIONER OF RECLAMATION

The number of this permit is 18414

Recorded in Book 67 Page 18414 Approved March 31, 1937

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ _____ to be filed on or before _____

Work to begin on or before May 30, 1937 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before September 30, 1937

The whole of said work to be completed on or before **March 31, 1938**

Beneficial use of water appropriated in accordance herewith, to be made on or before March 31, 1940

Witness my hand this 31st day of March, 1937

R. W. FARIS

Commissioner of Reclamation.

Remarks: From the point of diversion, this water would only run about 50 feet, and then empty into the ALLISON ditch, and thence southwesterly about one fourth of a mile through this ditch to and upon the applicant's land, the place of intended use - these works are already completed, other than said headgate.

Re: 18414

Mr. Fred Barton
Cambridge, Idaho

Dear Mr. Barton:

We are enclosing License and Certificate of Water Right issued under the above numbered permit, confirming your right to use .86 second feet of the waters of Weston Slough, with a priority date of March 18, 1937 for irrigation and domestic use.

The department's receipt number 17826 for the \$6.80 fee paid in connection with final proof is also enclosed.

Very truly yours,

E. V. BERG.
Commissioner of Reclamation.

Dept. of Reclamation ^{Cambidge, Ida}
Boise, Ida. ⁰⁻¹⁸⁻⁴¹

Dear Sirs,-

Find Enclosed Money order
for \$6.80 The amount of the
statutory fee for which I am to
receive license for irrigation water
filed on.

R.E. 18414

Yours truly
Fred Barton

March 19, 1941.

Re: 18414

Mr. Fred Barton
Cambridge, Idaho

Dear Mr. Barton:

A short time ago we received our field engineer's report on proof of Beneficial Use on the above numbered permit. Our engineer found that the works would be capable of conducting to the place of use .86 cubic feet per second of water from Weston Slough.

Therefore, upon receipt of the statutory fee, which in this case will be \$6.80 for irrigating 43 acres! Upon receipt of this fee, a license will be issued.

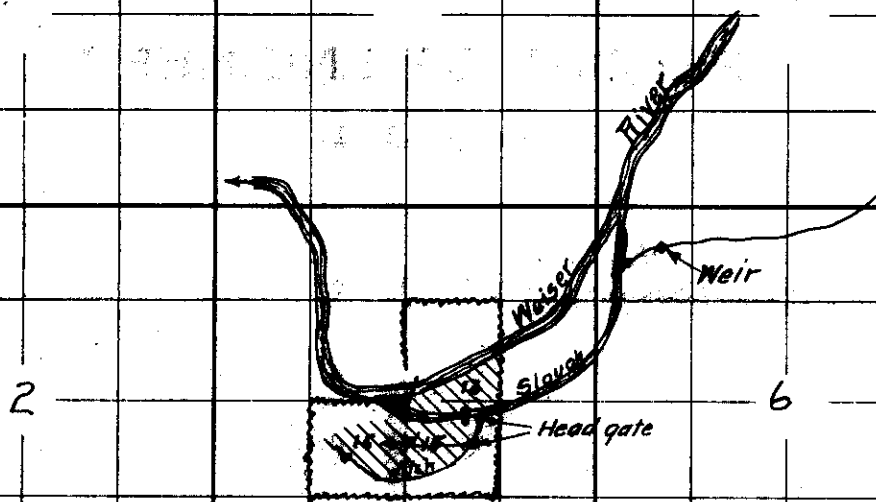

Very truly yours,

E. V. BERG.
Commissioner of Reclamation.

By
Chief Clerk.

REPORT OF ENGINEER

Permit No. 18414

This proof is for Beneficial Use In Water District No. _____

1. Name of applicant Fred Barton, Cambridge, Idaho
2. Source of water supply: Weston Slough
3. Location of point of diversion: Is in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 6
T. 14 N. R. 2 W. County of Washington
4. Describe works as they exist, giving dimensions and capacities of same: A weir box at the
designated point of diversion is 4ft. long, 3ft. wide and 3ft. deep
A headgate at the slough is 5ft. long, 3ft. wide and 3ft. deep
controls delivery to a ditch of 3 to 8 feet wide and 1 foot deep.
5. Water is used for: Irrigation and domestic
6. State whether or not water has been turned into works of diversion: Yes
7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): NW $\frac{1}{4}$ SE $\frac{1}{4}$, Part NE $\frac{1}{4}$ SW $\frac{1}{4}$, Part SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 1, Twp. 14 N., Range 3 W., B.M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Weiser River

Remarks Possibly the principal benefit from this diversion is by
sub-irrigation

This examination was made on the 3rd. day of May, 19 40.

Permit No. 18414

Examination for Beneficial Use

County Washington

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
 2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
 3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
 4. If any unusual conditions are discovered, make a plain statement of them under remarks.
 5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.

Re: Permit No. 18414

Mr. Fred Barton,
Cambridge, Idaho.

Dear Mr. Barton:

We have before us your letter of July 27th, in regard to examination for beneficial use under the above numbered permit.

In reply will state that the field examination has been made; but, due to the fact that our field engineer arranges his work so as to make his examinations during the summer, when the weather is suitable, and does not make his reports on such examinations until later in the season, his report has not yet been received.

As soon as his report is on file we shall notify you in regard to the fees, and upon receipt thereof the license will be issued.

Very truly yours,

JLA

Re: Permit No. 18414

Mr. Fred Barton,
Cambridge, Idaho.

Dear Sir:-

We have received from Mr. Arthur Wilson, Notary Public, the deposition of the holder, depositions of two witnesses, and affidavit of publication from the Cambridge News-Reporter, all in connection with beneficial use proof under the above numbered permit.

Before final action can be taken in this matter the law requires that a field examination be made by an engineer from this department. We are unable to say when this examination will be made, since this department has but one field engineer, who makes examinations all over the state.

However, Mr. Tolman, Field Engineer for this department, will contact you at the time set for examination, so that you may arrange to show him over the ground.

When his report is on file in this office you will be notified further as to fees before the issuance of a license.

Very truly yours,

JAMES SPOFFORD
Commissioner of Reclamation

NOTICE OF PROOF
APPLICATION OF WATER TO
BENEFICIAL USE

Notice is hereby given that at 10 A. M. on the 30th day of March, 1940, at Cambridge, County of Washington, State of Idaho, before Arthur Wilson, Notary Public, proof will be submitted of the application to beneficial use of 1.6 cubic feet per second of the waters of Weston Slough in accordance with the terms and conditions of Permit No. 18414 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit is Fred Barton, Cambridge, Idaho.

The use to which said water has been applied is Irrigation and domestic.

The amount applied to beneficial use is 1.6 cubic feet per second.

The place where said water is used is the northwest quarter of the southeast quarter, the northeast quarter of the southwest quarter, (excepting approximately 6 acres out of the southwest corner thereof), and 13 acres out of the southeast corner of the southwest quarter of the northeast quarter of Section 1, Township 14 N. R. 3 W. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is the Allison and Jewell Ditch.

The right to take water from such works is based upon Permit No. 18414.

The source of supply from which such water is diverted is Weston Slough.

The date of priority which said user is prepared to establish is March 18, 1937.

Permit No. 18414

Proof of Application of Water to Beneficial Use

Deposition of Holder

✓Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Fred Barton age 56
Farmer, Cambridge, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No. 18414 3-21-37 date of priority, Mar. 18, 1937

✓Ques. 4. State source of water supply and give exact location ^{NW NW E} of point of diversion.

Ans. From Weston Slough, which empties into Allison-Jewell Ditch in
SW corner of SW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 6, Twp. 14 N. R. 2 W.

✓Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Allison-Jewell ditch capable of conveying 2000 inches to place
of use. Weir placed at point of diversion.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation and Domestic NW $\frac{1}{4}$ SE $\frac{1}{4}$ ---- about 30 acres
NE $\frac{1}{4}$ SW $\frac{1}{4}$ about 35 acres, of which
20 acres is natural meadow land

SW NE ? Sec 1 - 14N - 3W

Ques. 7. If for other than for irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?
Ans. One acre foot per irrigated acre of land

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.
Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. First used water March, 18, 1937 for irrigation purposes to the extent of about 40 inches, and have used water each year since,

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Purchases 30 acre feet Reservoir water from Lost Valley Reservoir Company in 1930, and have used it each year on my land, together with Flood water until Watermaster limited use to owners of water rights in early summer.

(Sign) Fred Barton

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Cambridge, County of Washington, State of Idaho, on this 30 day of March, A. D. 1940.

Arthur Wilson

My commission expires Nov. 9, 1941

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 18414

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

✓ Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. C. L. Sales, age 51, Cambridge, Idaho, farmer, Cambridge, Ida.

✓ Ques. 2. Are you acquainted with Fred Barton, the holder of Permit No. 18414? How long have you known him and where does he reside?

Ans. known him for five years, and that he resides on his own place, two and one-half miles NE of Cambridge, Idaho.

✓ Ques. 3. Have you read or heard read said Permit No. 18414, and are you familiar with its provisions and conditions?

Ans. yes

✓ Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. waste water in "Weston Slough", that drains into Allison-Jewell ditch for 3/8 mile, and then into his own ditch, which point of diversion is on his own land.
from Allison - Jewell ditch

✓ Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Five second feet, and have seen 250 in diverted onto his lands

✓ Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. used for irrigation purposes in NW 1/4 SE 1/4 ----- 30 acres irrigated
NE 1/4 SW 1/4 ----- 40 " "
about 20 acres natural pasture, and balance cultivated

18414

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. _____

✓ Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Black loam, requiring approximately 1 acre foot per season.

✓ Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. no

✓ Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. saw the water on his land each year during irrigating season,
to the amount of 175 inches at one time.

(Signed)

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Cambridge, County of Washington, State of Idaho, on this day of 30th, March, A. D. 1940.

Notary Public.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 18414

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Frank Ingebretsen Age 41,
Farmer, Cambridge, Idaho

Ques. 2. Are you acquainted with Fred Barton, the holder of Permit No. 18414? How long have you known him and where does he reside?

Ans. yes Known him 15 years Cambridge, Idaho

Ques. 3. Have you read or heard read said Permit No. 18414, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. From Weston Slough and drainage from Post-Weston Ditch
Place of Diversion: about 600 feet SE of headgate of Allison-Jewell
Headgate, which is on SW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 6, Twp. 14 N. R. 2 W.

Applicant uses Allison-Jewell ditch for $\frac{3}{8}$ mile to point of use on
his own land

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Could conduct 2000 inches to place of use. Normal flow in
irrigating season is about 1200 inches.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. Irrigation on NW $\frac{1}{4}$ SE $\frac{1}{4}$ about 25 acres -cultivated
NE $\frac{1}{4}$ SW $\frac{1}{4}$ about 35 acres of which there is
about 10 acres natural river bottom pasture

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Black loam which requires about 5/8 in per acre, or a
minimum of one acre foot per acre.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. no

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. He used water from about 1929, to the extent of 75 inches
or more, for irrigation purposes through his own ditches.

(Signed)

Frank R. Engelbutsen

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Cambridge, County of Washington, State of Idaho, on this day of 30th March, A. D. 19 40.

Re: Permit No. 18414

Mr. Arthur Wilson,
Cambridge, Idaho.

Dear Mr. Wilson:

We are returning, for your signature, the deposition of C. L. Sales, one of the witnesses in connection with the beneficial use proof under the above numbered permit, in the name of Fred Barten.

The other two depositions are signed, but this one seems to have been overlooked, as it bears neither your signature nor seal.

Very truly yours,

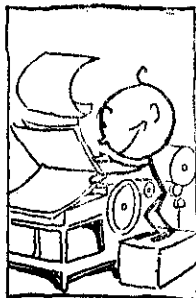

JAMES SPOFFORD
Commissioner of Reclamation

INSTRUCTIONS
PROOF OF BENEFICIAL USE OF WATER

Boise, Idaho, **March 20, 1940**

Re: Permit No. 18414
Fred Barton

Mr. Arthur Wilson,
Notary Public,
Cambridge, Idaho

Dear Sir:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 18414

Deposition of Permit Holder,
Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On March 30, 1940, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Cambridge, Idaho before Arthur Wilson, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

JAMES SPOTTORD
Commissioner of Reclamation.

NOTICE OF PROOF

APPLICATION OF WATER TO .
BENEFICIAL USE

Notice is hereby given that at 10 A. M. on the 30th day of March, 1940, at Cambridge, County of Washington, State of Idaho, before Arthur Wilson, Notary Public, proof will be submitted of the application to beneficial use of 1.6 cubic feet per second of the waters of Weston Slough in accordance with the terms and conditions of Permit No. 18414 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit is Fred Barton, Cambridge, Idaho.

The use to which said water has been applied is Irrigation and domestic.

The amount applied to beneficial use is 1.6 cubic feet per second.

The place where said water is used is the northwest quarter of the southeast quarter, the northeast quarter of the southwest quarter, (excepting approximately 6 acres out of the southwest corner thereof), and 13 acres out of the southeast corner of the southwest quarter of the northeast quarter of Section 1, Township 14 N. R. 8 W. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is the Allison and Jewell Ditch.

The right to take water from such works is based upon Permit No. 18414.

The source of supply from which such water is diverted is Weston Slough.

The date of priority which said user is prepared to establish is March 18, 1937.

JAMES SPOFFORD
Commissioner of Reclamation

Re: Permit No. 18414

News Reporter
Cambridge, Idaho

Gentlemen:

Enclosed you will find notice for publication once a week for four consecutive weeks prior to **March 30, 1940**, the date set for proof, the expense of the publication to be paid by the applicant,

Fred Barton, Cambridge, Idaho

to whom you should furnish proof of publication on or prior to the date for proof.

Please acknowledge receipt of this notice, and furnish this office with a copy of the first publication.

Very truly yours,

JAMES SPOFFORD

Commissioner of Reclamation

18414

January 24, 1940

Re: Permit No. 18414

H. E. Wilson & Son, Inc.
Cambridge, Idaho.

Attention- Mr. Arthur Wilson.

Gentlemen:-

We acknowledge receipt of your letter of January 22nd, and have accordingly made the necessary changes in the notice of proof of beneficial use under the above numbered permit in the name of Fred Barton.

This notice will be sent to the News Reporter, of Cambridge, Idaho, in ample time for the four publications prior to March 30th, the date set for proof.

About ten days before that time depositions, consisting of one for the holder and one for each of two witnesses, will be sent to you, so that you may have them in ample time for the proof.

On that date, Mr. Barton, and two disinterested witnesses, who are familiar with the terms of the permit, and the works constructed thereunder, should appear at your office in order to execute the depositions.

Very truly yours,

JAMES SPOFFORD

Dear Sir:

IN RE: Permit No. 18414
Fred Barton

In reply to your letter of the 19th to Mr. Barton concerning the description of the land used under this permit, the land described as being in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ is correct. Please make this correction on the papers.

Also please change the date for making proof to March 30th, 1939. Also change the date of priority to read March 18, 1937.

When you have made these correction on the notice of proof of application of water to beneficial use under the above numbered permit, we trust that same will be in order.

Yours very truly,

R. E. WILSON & SON, INC.

Re: Permit No. 18414

Mr. Fred Barton,
Cambridge, Idaho.

Dear Sir:-

We are this morning in receipt of duplicate notice of proof of application of water to beneficial use under the above numbered permit, and your authorization to have same published in the Cambridge News-Reporter.

We note that you have set the date for making this proof of April 1st, and no doubt you have done this on account of March 31st falling on Sunday.

It would be better, however, to set a date prior to March 31st, rather than afterwards- because under the terms of your permit this proof is to be made on or before March 31st, and by setting an earlier date it would avoid the possibility of any question arising as to your proof.

We also note that in your land list you describe a part of the Southwest quarter of the northwest quarter of Section 1- whereas in your permit and map this small acreage is shown as being in the SW $\frac{1}{4}$ NE $\frac{1}{4}$. Is this an error in the notice, or have you changed the point of use? If the latter, we can send you a form of application for amendment to the land list.

Your date of priority will be March 18, 1937, as that is the date on which your application was filed in this Department.

Very truly yours,

JAMES SPOFFORD
Commissioner of Reclamation

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Fred Barton
Cambridge, Idaho

Boise, Idaho, **January 5, 1938**

Dear Sir:—

Under the terms of your permit No. 18414.....you are required to complete your diversion works on or before.....**March 31, 1938**..... I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00 a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

R. W. FARIS

Commissioner of Reclamation.

Re: Application for Permit

FRED BARTON
Cambridge, Idaho

Dear Sir:

Your application for permit to appropriate the waters of Weston Slough is herewith being returned for correction.

Under Paragraph 4, you say that the point of diversion will be located 600 feet in a southeasterly direction from the NW corner of Sec. 6, T. 14 N., R. 2 E., B. M., and will be in the $W\frac{1}{2}NE\frac{1}{4}$. You then indicate on the plat accompanying the application that the diversion will be in the $SW\frac{1}{4}NW\frac{1}{4}$ of said section. This is physically impossible because it is 1320 ft. in a straight line across each 40-acre tract. If it is true that your diversion will actually be that distance from the NW corner of Sec. 6, then it will have to be located in the $NW\frac{1}{4}NW\frac{1}{4}$ of the section.

We are also enclosing two new township plats and suggest that you prepare the map in duplicate. When the application and plats are returned, the description as given in the application must agree with that shown on the plats.

Very truly yours

Deputy Commissioner of Reclamation
