Dear Madam:-

In checking the report of our examining engineer on proof of beneficial use of water under your above permit, we find that the land irrigated is in Section 28 instead of 27. To correct the records in this particular, it will be necessary for you to file an application for amendment to the permit, blank for which is enclosed.

In looking over the map filed with your permit we find it shows the lands in section 28. It will not be necessary, therefore, to file another map.

The fees due before issuing license will be \$4.00, being \$2.00 for each legal subdivision irrigated.
