NOTICE FOR PUBLICATION

Notice of Proof Application of
Water to Beneficial Use

Notice is hereby given that at 10 a. m. on the 22nd day of August, 1925, at Cambridge, County of Washington, State of Idaho, before R. E. Wilson, notary public, proof will be submitted of the application to beneficial use of 0.8 cubic feet per second of the waters of East Fork Cow Creek in accordance with the terms and conditions of Permit No. 14850 heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are J. A. Nyquist, Cambridge, Idaho.

The use to which said water has been applied is irrigation and domestic use.

The amount applied to beneficial use is 0.8 cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 25, Township 16, N. Range 3 West, B. M.

The right to take water from such works is based upon Permit No. 14850.

The source of supply from which such water is diverted is East Fork Cow Creek.

The date of the priority which said user is prepared to establish is June 20, 1924.

W. G. Swendsen
51-4t-2 Commissioner of Reclamation

APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

67-2132

Application No. **21004**
Permit No. **14850**
District No. **40-I**

1. Name of Applicant: **J. A. Nyquist.**

Postoffice address: **Cambridge**

County: **Washington**

State: **Idaho.**

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (b) Treasury stock:
- (d) Other resources:

(a) Cash on hand:

(c) Bonds to be issued:

RECEIVED - present to Sec. of
 Comptd. Statutes of Idaho, by
 order of C. Commissioner of Registration
 dated **NOV 1 1923**

2. Quantity of water claimed: **0.8** cubic feet per second.

3. Source of water supply: **East Fork Cow Creek** which is a tributary of **Weiser River.**

4. Location of point of diversion: _____ feet distant from the
 corner of Section _____, T. _____, R. _____, B. M., and is in the **NW $\frac{1}{4}$ SE $\frac{1}{4}$**
 of Section **25**, T. **16 N.**, R. **3 W.**, B. M., County of **Washington.**

5. Water is to be used for: **irrigation and domestic purposes.**

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: _____ feet distant from _____ corner of Section
 T. _____, R. _____, B. M., in the _____ of Section _____, T. _____, R. _____, B. M.

(b) Amount of power generated: _____ H. P., under _____ feet head.

(c) Water is to be returned to _____ at a point _____ feet
 distant from the _____ corner of Section _____, T. _____, R. _____, B. M., in the
 of Section _____, T. _____, R. _____, B. M.

7. Estimated cost of works: \$ **100.00**

8. Kind of works: **ditch.**

9. Height of dam _____ feet; length of dam at top _____ feet; length of dam at bottom _____
 feet; material used in dam _____

10. Size of headgate: Width **two** feet; height **two** feet.

11. Ditch: Width at bottom **1 $\frac{1}{2}$** feet; width at water line **2** feet; depth of water **$\frac{1}{2}$**
 feet; dimensions of flume _____

Diameter of pipe _____ inches; length of conduit **$\frac{1}{2}$** miles.

Average grade per mile **15** feet.

12. The time required for the completion of such work is **one** years.

13. The time required for the complete application of the water to the proposed use is **no** additional years.

14. The land to be irrigated is described in the following tabulation: **See Remarks.**

15. (a) Is reservoir to be used? **No.** If so, fill in (b) and (c) below.
 (b) Name of reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

J. A. Nyquist Applicant.

By R. F. Nyquist. Agent.

Commissioner of Reclamation

Date of first receipt at office of ~~State Engineer~~ 9 A. M. June 10, 1920.

Returned to applicant for correction **June 16, 1920.**

Corrected application received July 22, 1920.

APPROVAL OF ^{COMMISSIONER OF RECLAMATION}
~~STATE ENGINEER~~

The number of this permit is 14850

Recorded in Book 52 Page 14850 Approved August 2, 1920.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ _____ to be filed on or before _____

Work to begin on or before **October 1, 1920** and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before **February 2, 1921.**

The whole of said work to be completed on or before **August 2, 1921.**

Beneficial use of water appropriated in accordance herewith, to be made on or before **August 2, 1921.**

Witness my hand this 2nd day of August, 1920.

Re: Permit No. 14850

Mr. J. A. Nyquist
Cambridge, Idaho.

Dear Sir:-

Referring to your letter of the 1st inst., would say that the fee for proof of beneficial use of water under the above numbered permit has not been paid. On April 29, we wrote you that upon the receipt of fees in the sum of \$2.00, license would be issued you but as yet no answer has been received to this letter. The license has, therefore, been withheld.

We are sorry to advise you that we have no copy of the water laws of Idaho for distribution as these have never been printed in pamphlet form but only in the compiled statutes.

Very truly yours,

W. G. SWENDSEN
Commissioner of Reclamation

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion, and accurately plat same.
 2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
 3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
 4. If any unusual conditions are discovered, make a plain statement of them under remarks.
 5. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

PERMIT No. _____

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. J A Nyquist, aged 83 years, Cambridge, Idaho, post office same.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Filed June 10th 1920, number 14850-date of priority June 10th 1920

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. East Fork of Cow Creek- Point of Diversion nw $\frac{1}{4}$ sec 25, tp 16 north range 3 west B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. A head gate one foot square in the bank of the creek, and a ditch leading from the point of Diversion about one foot wide on the bottom and one foot high, with heavy grade, Ditch and headgate would carry one cubic foot of water- Ditch has no name.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivate or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation and domestic purposes on southwest quarter of southeast quarter of sec 25, tp 16n, r 3w B M, -when not in use for irrigation and domestic use, it is used to supply water for the engine of a saw mill on the land-The land irrigated is a clay loam-the land irrigated has been cleared, plowed and farmed. As a result a good house, a good large barn, and other outbuildings have been placed on the land and used for a home

Ques. 7. If for other than for irrigation purposes, state how applied, amount of horse power generated, etc. When not used for irrigation water is used to supply a steam engine used to run a sawmill. on same lands

Ans. _____

14850

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. One eighth of second foot(40 miners inches)

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Through said ditch and system said water has been used for irrigation of the said sw $\frac{1}{4}$ sec 25, tp 16n, r 3w B M, since the year 1910, and up to the present time, and to the extent of 40.1 inches when there is that amount in the creek to divert-we used all there was to use.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and right claimed thereunder.

Ans. No other water other than this has been used on the place.

(Sign)

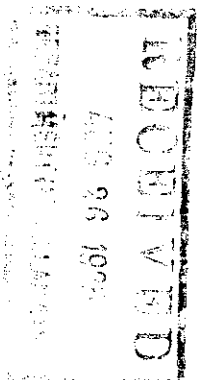

J. A. Myquist

I hereby certify that the foregoing testimony was read to the above subscribed before its signing; that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Cambridge, County of Washington

PERMIT No. 14850

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Fred Norton, aged 24 years, occupation laborer, Postoffice and
residence, Cambridge, Idaho

Ques. 2. Are you acquainted with J A Nyquist, the
holder of Permit No. 14850? How long have you known him and where does he reside?

Ans. yes

Ques. 3. Have you read or heard read said Permit No. 14850, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. East fork of Cow Creek-nw 1/4 sec 25, tp 16n r 3w B M
Ditch for conveying water.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Ditch would carry forty inches of water

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. I saw water used for irrigation on his place on cultivated
landnw 1/4 sec 25, tp 16n, r 3w B M improvements on that forty
consist of a house, barn and out buildings

14850

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. I saw ^{him} ~~him~~ use the water at the saw mill on the land
for steam purposes and conducting sawdust from the saw.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Clay loam land-It would take about an inch of water per acre
to irrigate same.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. NO.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I saw it used on the land first in 1920 and also several times
in 1922 - water came thru the ditch to the extent of about six in
ches in 1920, and about 20 inches in 1922-I saw it during the
dry season.

(Sign) *Fred W. Norton*

DEPARTMENT OF RECLAMATION
BOISE
INSTRUCTIONS
PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO,

August 15, 1925

J. A. Nyquist,

c/o R. E. Wilson,

Notary Public,

DEAR SIR: Cambridge, Idaho.

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 14850

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On August 22, 1925, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Cambridge, before R. E. Wilson, notary public.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

W. G. SWENDSEN,

Commissioner of Reclamation.

14850

July 20, 1925

Re: Permit No. 14850

Mr. J. A. Myquist
Cambridge, Idaho

Dear Sir:

The fact that you have not yet completed your proofs does not prevent you from diverting the water in order of its priority, which is claimed under the permit. In fact, applicants are permitted to divert water under the terms and conditions of his permit as soon as same has been approved and recorded in the office of the Department of Reclamation. You should understand, of course, that no rights are given you under this permit except in consideration of relative priority date attached to this right as it may affect other rights on the stream. In the case of your permit, the date of priority which is now attached, is August 2, 1920.

With reference to the trespass and damage caused by one, M. V. Peterson, it appears that it is a matter for injunctive action or some other form of protection which is granted under the laws of Idaho in similar cases. Your county attorney should be able to advise you on this point and if necessary make an appropriate complaint.

Very truly yours,

Assistant Commissioner
of Reclamation

GNC:E

14850

Our neighbor W. J. Peterson is causing us very much undue trouble, over water and has ordered us to leave water alone and has prevented us and has denied us any water at any time.

He also takes the privilege of trespassing on our own land and tears out our head gate, and damages our ditch and would like to know what we can do by law regarding his actions.

We do not think he has any right to act as he does, and we do not want to quarrel with him, and cause any further trouble over water.

We intended to start sawing early in the season, but under circumstances it was impossible for us to do so, and logs will blue, if they are not sawed out this season.

We have engaged our crew and are ready to start to saw the 20th of this month if we can get some water.

14850

Yours truly
J. C. Nyquist

Cambridge Idaho.

7/17/25.

14850

W. S. Swindum
Boise, Ida.

Dear Sir, — Your letter of July 10th
on hand containing certificate of completion
for permit No. 14850.

We also note that Aug. 22 is date set for
final proof.

Would be pleased if you would advise us if
we could start to use water immediately.

Would also like to know if we would
be entitled to enough water to furnish
water to run a steam engine, to
operate a saw-mill.

The mill is on our own land, and mill
is 4 mi. from head of ditch.

We now have our mill in ~~shape~~ to run
and have about 200,000 ft logs at mill
ready to saw, and have our crew
engaged, but can do nothing without
water.

There is no other water now available
that we can get, with out hauling it
a long distance, which we cannot do.

W. G. Abundsen

Commissioner of Reclamation

Boise,

14850

PERMIT No. 14850

Proof of Completion of Works

DEPOSITION OF HOLDER

Under Terms of H.B. 53, Laws 1917.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. J.A. Nyquist, aged 70 years, farmer, Cambridge, Idaho,

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business, your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, amount of water you are authorized to divert, source, and point of diversion.

Ans. # 14850- Eight-tenths of one cubic foot of water-source East fork of Cow Creek, diverted at nw $\frac{1}{4}$ sec 25, tp 16n, r 3w B M

Ques. 4. State purpose for which water is to be used, and, if for irrigation, state the number of acres and give description of the land you have reclaimed or intend to reclaim.

Ans. For irrigation purposes, and domestic use, 40 acres to be irrigated out of sw $\frac{1}{4}$ sec 25, tp 16n, r 3w B M - I have actually irrigated 25 acres of this land from this ditch and water-

Ques. 5. State whether or not the water has been turned into your works of diversion, and, if so, when and to what extent.

Ans. This water has been turned thru the ditch and used on said sw $\frac{1}{4}$ sec 25, tp 16n, r 3w B M - first use was about Aug 1st 1921 the whole 25 acres was used that year on said land

Ques. 6. State whether or not the works of diversion are fully completed, if so on what date, and whether or not they comply in all respects with the terms of the permit.

Ans. The said ditch and works of diversion was complected about Aug 1st 1921 - they comply with the terms of the permit.

Ques. 7. If the works of diversion do not comply with all the terms of your permit, state fully those particulars in which there is any variance.

Ans. They comply fully

Ques. 8. Give description of works and state dimensions and capacity of each part as they existed on Aug 1st 1921, 19____, and give cost of same.

Ans. The ditch was two feet wide, at top and 1 $\frac{1}{2}$ feet wide at bottom, The water is diverted by a small dirt dam in the creek and runs through a dirt ditch from its diversion to and upon and thru said land. This ditch will carry more than one cubic foot of water, as it has a steep grade.

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, in Cambridge Cambridge, County of Washington, State of Idaho, on this 13th day of July, 1925. A. D. 19____

My Commission expires Oct. 24, 1925.

H. D. Wilson

Notary Public.

14850

The Depositions of Witnesses, in this form, taken separately, required in each case.

PERMIT No. 14850

Proof of Completion of Works

DEPOSITION OF WITNESS

Under Terms of H. B. 53, Laws 1917.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Grover C. Gibbs Age 38 years, Residence Heath, Idaho,
Occupation Farmer, Postoffice address, Heath, Idaho

Ques. 2. Are you acquainted with J. A. Nyquist, the

holder of Permit No. 14850, authorizing the diversion of 8/10th second-feet of the waters of
Cow Creek, at NW 1/4 Sec. 25, T. 16 N

R 3 W B. M.
for Irrigation & Domestic purposes? How long have you known him, and where does he reside?

Ans. Fifteen years

Ques. 3. Have you read or heard read said Permit No. 14850, and are you familiar with its terms and conditions?

Ans. yes

Ques. 4. (If for irrigation purposes). Are you acquainted with the land proposed to be irrigated under said permit? If so, describe same, state its character, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Yes. The land irrigated under this permit is good sandy loam soil, gently rolling and I would estimate that one miners inch to the acre would be required for its profitable cultivation.

Ques. 5. Are the works of diversion fully completed and of sufficient capacity to convey the entire amount of water set out in the permit from point of diversion to place of use? If so, when were they so completed?

Ans. yes. They were completed about August 1, 1921

Ques. 6. Describe the works of diversion as they existed on the date stated in answer to Question 5, and give your estimate of their capacity on that date.

Ans. The ditch is about two feet wide, at the top and 1 1/2 feet wide at the bottom. The water is diverted by a small dirt and rock dam in the creek and the water runs thru an open ditch to and upon this land. The ditch will carry more than one-cubic foot of water per

Re: Permit No. 14850

Mr. J. A. Hyquist,
Cambridge, Idaho.

Dear Sir:

Reference is made to your letter of August 29th, concerning Permit No. 14850, which was issued to you.

An examination of our records discloses the fact that this permit has lapsed, due to your failure to make proof. However, as you state the construction work was completed on or before the date set for proof, it is possible to reinstate this permit, by filing an affidavit to that effect.

The reason you gave for not having made your required proofs, namely, that the water has not been adjudicated, has no bearing on the matter of permits or proofs relating thereto. If the water were adjudicated it would not be necessary for you to make proof and it is for another way of acquiring the water right that the permit law was enacted; therefore, if you still desire to make proof on this permit, you should proceed at once.

We cannot inform you as to whether or not there is sufficient water in the stream to supply you with the amount you have made application for. By conferring with the Water Master for this District, Mr. Talbot of Weiser, you might gain some valuable information regarding this point.

It is not necessary to wait until proof of completion of works has been made before you are entitled to water. As soon as the permit is approved it carries with it the right to divert whatever water is available under the priority date attached to said permit.

Very truly yours,

W. G. SWENDSEN
Commissioner of Reclamation

By _____
Assistant

GNC-H

14850

Permit
reinstated,

14850

Cambridge Idaho
Aug. 29, 1923.

W. G. Swendsen, Stat. Comm. Rec.
Boise Idaho.

Dear sir:

Referring to Permit 14850, J. G. Nyquist applicant, made application June 10, 1920, corrected application rec'd July 22, 1920. Completed within stated time of permit & wish to state that we have complied fully with all terms of permit.

Reasons we have not gone ahead and completed proof is that water has not been adjudicated.

We are entitled to flood water and since it will cost in the neighborhood of \$30 to finish proof we wish to know whether there will be enough water granted to justify proof.

We appeal that investigation be made at once because we are greatly in need of water.

The party that has first right denies us any use whatever of this water.

On Aug. 27 we sent in application for

permit on another creek but find it will take more time than we had figured to complete ditch on same and we need water now.

We would be very grateful if we could hear immediately just what can be done in regard to obtaining this water since party holding first right does not make full use of water.

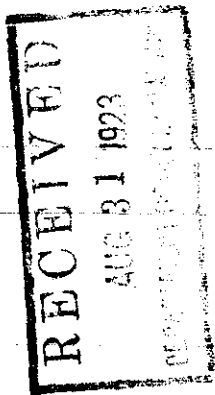

Very truly,

J. A. Nyquist.

All forms for completion of Works has been properly made out, witnessed + signed.

J. A. N.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho,

J. A. Nyquist
Cambridge, Idaho.

May 9, 1921.

Dear Sir:—

Under the terms of your permit No. ~~14850~~, you are required to complete your diversion works on or before ~~Aug. 2, 1921~~. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

W. G. Swendsen,

State Engineer.
