Instructions to Examiners

1. Examiners will not be permitted to examine any of the receipts in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own right in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under Permit No. 13588.

DEPOSITION OF PERMIT HOLDER,

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of the permit holder's rights:

1. On Sept. 10, 1921, the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to at Weiser, before Ed. R. Coulter, notary public.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice. When these have been received, together with report of examining engineer, you will be further advised as to fees due before issuing license.

Dear Sir:

Replying to yours of the 3rd inst. will state that we have corrected the notice for publication of proof of beneficial use under the above numbered permit to show the owner as James W. Campbell, instead of the three names which had been inserted, and are today mailing same to The Signal at Weiser for the required four weeks publication. Deposition blanks will be mailed to you in time for proof to be made September 10th.

We have changed the date of priority to August 8, 1919, in the notice, as we note that the proof is made late, it being due June 24, 1920. Proof of beneficial use when made late, brings the priority date down a period of time equal to that which the proof is late.

Dear Sir:

The other day I mailed to your office notice to be signed by you for publication in connection with the water permit 13588 issued to James W. Campbell in connection with his application to appropriate one second foot of water of Warm Springs Creek of Washington County, Idaho.

January 28 you wrote me and stated that relative to proof of completion of works, it was not necessary to publish notices and sent me a blank to be filled out of the proof of completion of works.

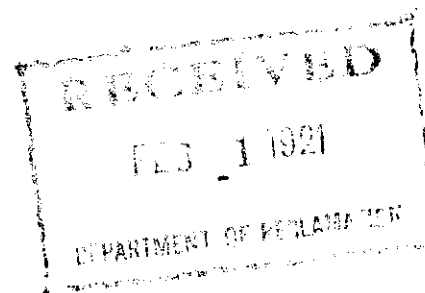

On June 16, 1919, certificate of completion of works under this permit was issued from your office. You will find this recorded in Book 47 of Permits, page 13588.

What Mr. Campbell now desires to do is to make his proof of beneficial application of water. If you will kindly send me necessary blanks for this purpose, I will fill same out and send into your office for your signature.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Jas. W. Campbell,
Weiser, Idaho.

Boise, Idaho,
March 17, 1919.

Dear Sir:—

Under the terms of your permit No. **13588**-----, you are required to complete your diversion works on or before--**June 24, 1919**----- I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,
