Corrected application received Sept. 12, 1916.

APPROVAL OF STATE ENGINEER

The number of this permit is 12509

Recorded in Book 43 Page 12509 Approved September 23, 1916.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of _____ to be filed on or before

Work to begin on or before November 22, 1916. and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before March 23, 1919.

The whole of said work to be completed on or before September 23, 1921.

Beneficial use of water appropriated in accordance herewith, to be made on or before September 23, 1921.

Witness my hand this 23rd day of September, 1916.

J.H. Smith.

State Engineer.

Remarks:

14. The land to be irrigated is described in the following tabulation:

Twp. Range Sec. $NE\frac{1}{4}NW\frac{1}{4}SW\frac{1}{4}SE\frac{1}{4}$ - $NE\frac{1}{4}NW\frac{1}{4}SW\frac{1}{4}SE\frac{1}{4}$ - $NE\frac{1}{4}NW\frac{1}{4}SW\frac{1}{4}SE\frac{1}{4}$ - $NE\frac{1}{4}NW\frac{1}{4}SW\frac{1}{4}SE\frac{1}{4}$ - Totals.

11 N. 6 W. 24 -40-40-40- 120 a.

Total Number of Acres to be Irrigated - 120 A.

15(a) Is reservoir to be used? No.

The point of diversion of water herein asked for in this appropriation application, is some 20 feet higher than the lands intended to be irrigated. From an investigation it has been determined that the bed rock at the point of diversion is some ten or twelve feet below the surface level. It is the intention of the applicant to dig his ditch sufficiently deep to tap the bed rock and get the water herein asked to be appropriated, off the bed rock of Jenkins Creek. This is a seepage proposition. There is a large amount of seepage and it is possible to obtain the amount of water herein asked to be appropriated.

The dam mentioned in No. 9, and 100 feet of ditch are required to divert the Creek around point of development of underground flow.

Proof of Completion of Works made July 29, 1921.

Certificate issued August 5, 1921.

CERTIFICATE OF COMPLETION OF WORKS

TO ALL WHOM IT MAY CONCERN:

This is to certify that Addie McCormick, heir of M. E. McCormick, of Weiser, County of Washington, and State of Idaho, the holder of Permit No. 12509, issued upon Application No. 17897 bearing date of priority of August 10, 1916, authorizing the diversion of 2.4 second feet of the waters of Jenkins Creek, tributary of Snake River, County of Washington, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 2.4 second feet of the waters of Jenkins Creek; that the point of diversion of said waters is in the $SE\frac{1}{4}NE\frac{1}{4}$, Sec. 13, T. 11 N., R. 6 W., B. M., and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: $SW\frac{1}{4}NW\frac{1}{4}$, $NE\frac{1}{4}NW\frac{1}{4}$, Sec. 24, T. 11 N. R. 6 W., B. M.

Witness my hand this 5th day of August, A. D. 1921.

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
of the STATE OF IDAHO, No. 12509.

Comes now Addie C. McCormick, and represents to the Commissioner of Reclamation of the State of Idaho,

That she is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 12509, and requests that the list of land to be irrigated, as described in said permit, be changed to read as follows: The north half of the Northwest $\frac{1}{4}$ and the East $\frac{1}{2}$ of the Southwest $\frac{1}{4}$ of the Northwest $\frac{1}{4}$, Section 24, Township 11 North, Range 6 W. B. M., making a total of 120 acres.

That an additional amount of water is not asked for, and that the rights of others will not be adversely affected by such change.

Signed at Weiser, Idaho, this 13th day of September, 1921.

Addie McCormick.

Date of receipt at Office of Department of Reclamation September 14, 1921.

APPROVAL OF COMMISSIONER OF RECLAMATION

I, W. G. Swendsen, Commissioner of Reclamation of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. 12509. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

Re: Permit No. 12509.

Mrs. Addie C. McCormick,
Weiser, Idaho.

Dear Madam:

According to the report of our examining engineer on Beneficial Use of Water under above Permit, a discrepancy occurs in the description of the land to be irrigated. The engineer shows the E $\frac{1}{2}$ of the SE $\frac{1}{4}$ NW $\frac{1}{4}$ instead of the E $\frac{1}{2}$ of the SW $\frac{1}{4}$ NW $\frac{1}{4}$. If this is the correct description of the land, your Permit should be amended by making application upon the enclosed form. I am enclosing herewith a copy of the map filed with the engineer's report in order that you may see the correction necessary.

The fees due this office before issuing the license will be \$6.00, being \$2.00 for each fourth acre tract or fraction under cultivation.

Very truly yours,

PERMIT NO. 12509**Proof of Application of Water to Beneficial Use****Deposition of Holder**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Addie C McCormick, 53 years of age, Meier Idaho, housekeeper, Meier Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Acting for myself as sole heir and distributee of Moses E McCormick, deceased

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 12509

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Jenkins Creek, Southeast 1/4 of the Northeast 1/4 of Section 13, Township 11 North, Range 6 West B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Dam and ditch. Dam 6 feet high, 20 feet long on top and 10 at bottom. Headgate 3 ft high and 3 feet wide. Ditch will carry about 300 inches. Ditch has no name. Ditch about mile and half long and about 3 feet wide on bottom. Has fall of about 5 feet in mile.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivate or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. Irrigation and domestic purposes. North 1/2 of Northwest 1/4 and Southwest 1/4 of Southwest 1/4 of Section 24, Township 11 North, Range 6 West of B. M. all land cultivated about 40 acres in alfalfa and 40 acres in grain, but about 1200 14 acres that is in grain is also ditch

Ques. 7. If for other than for irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. Used for stock

Ques. 8. What is the minimum amount of water required for the specified above?

Ans. One Hundred inches to 105 inches

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Wife and sole heir and distributee of estate of Moses E McCormick, deceased.

12509

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water was being diverted at time permit was issued, but dam ^{in 1916} was built and ditch deepened and ^{and completed} ~~extended~~ in fall of 1918. Water ever since used on all land under ditch for full amount required, using from 100 to 200 inches of water on the land.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and right claimed thereunder.

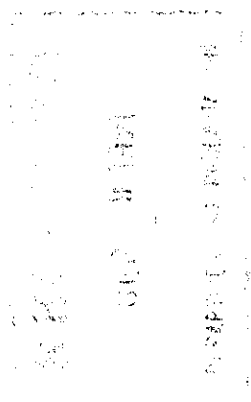

Ans. Ditch first built in about 1904 but only used on part of land and only had flood waters. The deepening of the ditch and the building of the dam ~~increased the underground flow and greatly increased the amount, in fact giving an ample and full supply all seasons.~~ Before completing these works only had flood waters, but with these works get the underground flow.

Re: Permit 12509.

Mr. Frank D. Ryan,
Attorney-at-Law,
Weiser, Idaho.

Dear Sir:

We acknowledge receipt of affidavit of proof of completion of works and notice for publication of proof of beneficial use of water under the above numbered permit.

We are returning the affidavit for correction in one particular. The point of diversion must be stated by forty-acre tract. We note that the permit gives it as SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Sec. 13, T. 11 N. R. 6 W. Upon the return of the affidavit with the point of diversion properly stated, accompanied by the statutory fee of \$5.00, Certificate of Completion will issue.

We are enclosing one copy of the notice for publication with date set for proof as of September 8th. It is required that this notice be published four consecutive weeks and as we thought it would be too late to start the publication this week, September 8th is about as soon as would be possible. If this date is satisfactory to you, kindly have the notice published in the Weiser American, also transmitting to the Editor the letter of transmittal which we are also enclosing. If the date is not satisfactory, change it, allowing full time for the four weeks publication, and notify us accordingly.

The amount of water claimed under the permit is 2.4 second feet or 120 inches, which amount we have inserted in the notice.

Very truly yours,

W. G. SWENDSEN,
Commissioner of Reclamation

Dear Sir:

At the request of Mrs. Addie C. McCormick I herewith enclose Proof of completion of work relating to permit No 12509. I also enclose Notice for publication which are to be signed by you, and if you will return one copy to me, designating what length of time you desire it published, I will have the same published in the Weiser American, if that is agreeable to you. I have left the date blank as to when this proof is to be made, and also the name blank before whom the proof is to be made. I am a Notary and if you desire you can have the proof made before me. I do not notice in the papers anywhere the number of inches for which the permit was applied for, but think it was 100 inches. You can insert the desired amount.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho,
June 6, 1921.

Mr. M. E. McCormick,
Weiser, Idaho.

Dear Sir:—

Under the terms of your permit No. 12509-----, you are required to complete your diversion works on or before Sept. 23, 1921--- I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

State Engineer.
