POINT OF DIVERSION AMENDMENT ✓																			
Comes now Harold G. Ross, Route #2, Meridian, Idaho and represents to the State Reclamation Engineer of the State of Idaho: That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-30552. That the point of diversion is described in said Permit as being located: 2 wells in the NE ¹ / ₄ , Section 7, T 3 N., R 1 E., B.M. That he now requests that the point of diversion be changed to a point located: 3 wells in the NE ¹ / ₄ , Section 7, T 3 N., R 1 E., B.M. That the reason for desiring to make such change is as follows: Well #1 and a 2" casing; well #2 has a 6" casing = 90 G.P.M. Inadequate and unreliable water supply from the original two wells. That no one will be injured by such change and that such change will be made at Permit Holders own risk. Signed at Boise, Idaho this 25th day of May, 1966.

Dear Mr. & Mrs. Ross:

A representative of this Department has made an examination of the works covered by your permit 30552/63-3300 and has found the following:

Quantity of water diverted: more than 0.04 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 0.04 cfs

The maximum quantity of water diverted shall not exceed 29.2 acre feet per year.

Beneficial Use: Irrigation of 3 acres within the NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 7, Twp. 3 N,
Rge. 1 E, B.M. and domestic purposes.

The priority date established is: July 18, 1962

A fee totaling \$7.00 must be received within 30 days from the date of this letter in order that we can issue you a Water License as set forth in this letter.

Please be advised that our field examination indicates that you are diverting and beneficially using more water than is authorized by your existing permit. Idaho is under a mandatory permit system for ground water use, therefore, you will be required to file for a new permit to cover your additional diversion and use. We are enclosing an application form with instructions for your use in this matter.

Very truly yours,

Dear Mr. and Mrs. Ross:

This acknowledges receipt of the notice of intent to make proof of completion of works and application of water to beneficial use for permit G-30552 .

We have mailed the notice to the Idaho Daily Statesman, Boise, Idaho, to be published once a week for four consecutive weeks prior to July 21, 1967 , which is the hearing date when the permit holder Harold G. or Elberta Ross, and two disinterested witnesses must appear before Harry Frost, Meridian, Idaho , notary public, to complete the enclosed depositions. The witnesses must be familiar with the works and permit.

After the hearing, the depositions and an affidavit of publication must be submitted to this office. The affidavit may be obtained from the newspaper when the advertising bill is paid by Harold G. Ross, Meridian, Idaho . Be sure all the forms have the notary's seal and are signed.

Please feel free to contact us if we may be of any assistance.

Very truly yours,

Donald W. McEldeaney

Dear Mr. and Mrs. Ross:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G-30552 are due not later than **July 6, 1967**

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

STATE RECLAMATION ENGINEER

Comes now Harold G. Ross Route #2, Meridian, Idaho
and represents to the State Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho, No. G-30552.

That the point of diversion is described in said Permit as being located:

2 wells in the NE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 7, T 3 N., R 1 E., B.M.

That he now requests that the point of diversion be changed to a point located:

3 wells in the NE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 7, T 3 N., R 1 E., B.M.

That the reason for desiring to make such change is as follows:

Well #1 has a 2" casing; well #2 has a 6" casing = 90 G.P.M.

Inadequate and unreliable water supply from the original two wells.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

APPROVAL OF STATE RECLAMATION ENGINEER

I, R. KEITH HIGGINSON, Deputy, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to Appropriate the Public Waters of the State of Idaho, No. G-30552. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

Re: Permit No. G-30552
Harold G. Ross or
F. Elberta Ross

July 11, 1962

Mr. Harold G. Ross,
Rt. #2,
Meridian, Idaho.

Dear Mr. Ross:

We enclose Permit No. G-30552 in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

~~Harold G. Ross~~ Departmental Receipt No. G-7127 which was issued covering payment in the amount of \$ 5.00 for the filing fee of the above mentioned permit was handed to you.

Well logs are an important part of your recorded water right and State Statutes require that well drillers' supply logs on all wells, whether irrigation, domestic, drain or stock wells, to be filed in the Department of Reclamation. In view of the rapidly increasing demand for ground water, the lowering of the ground water level, and the creation of critical ground water areas, it is important that you, as owner, make sure a log on your well is filed in this office.

Very truly yours,

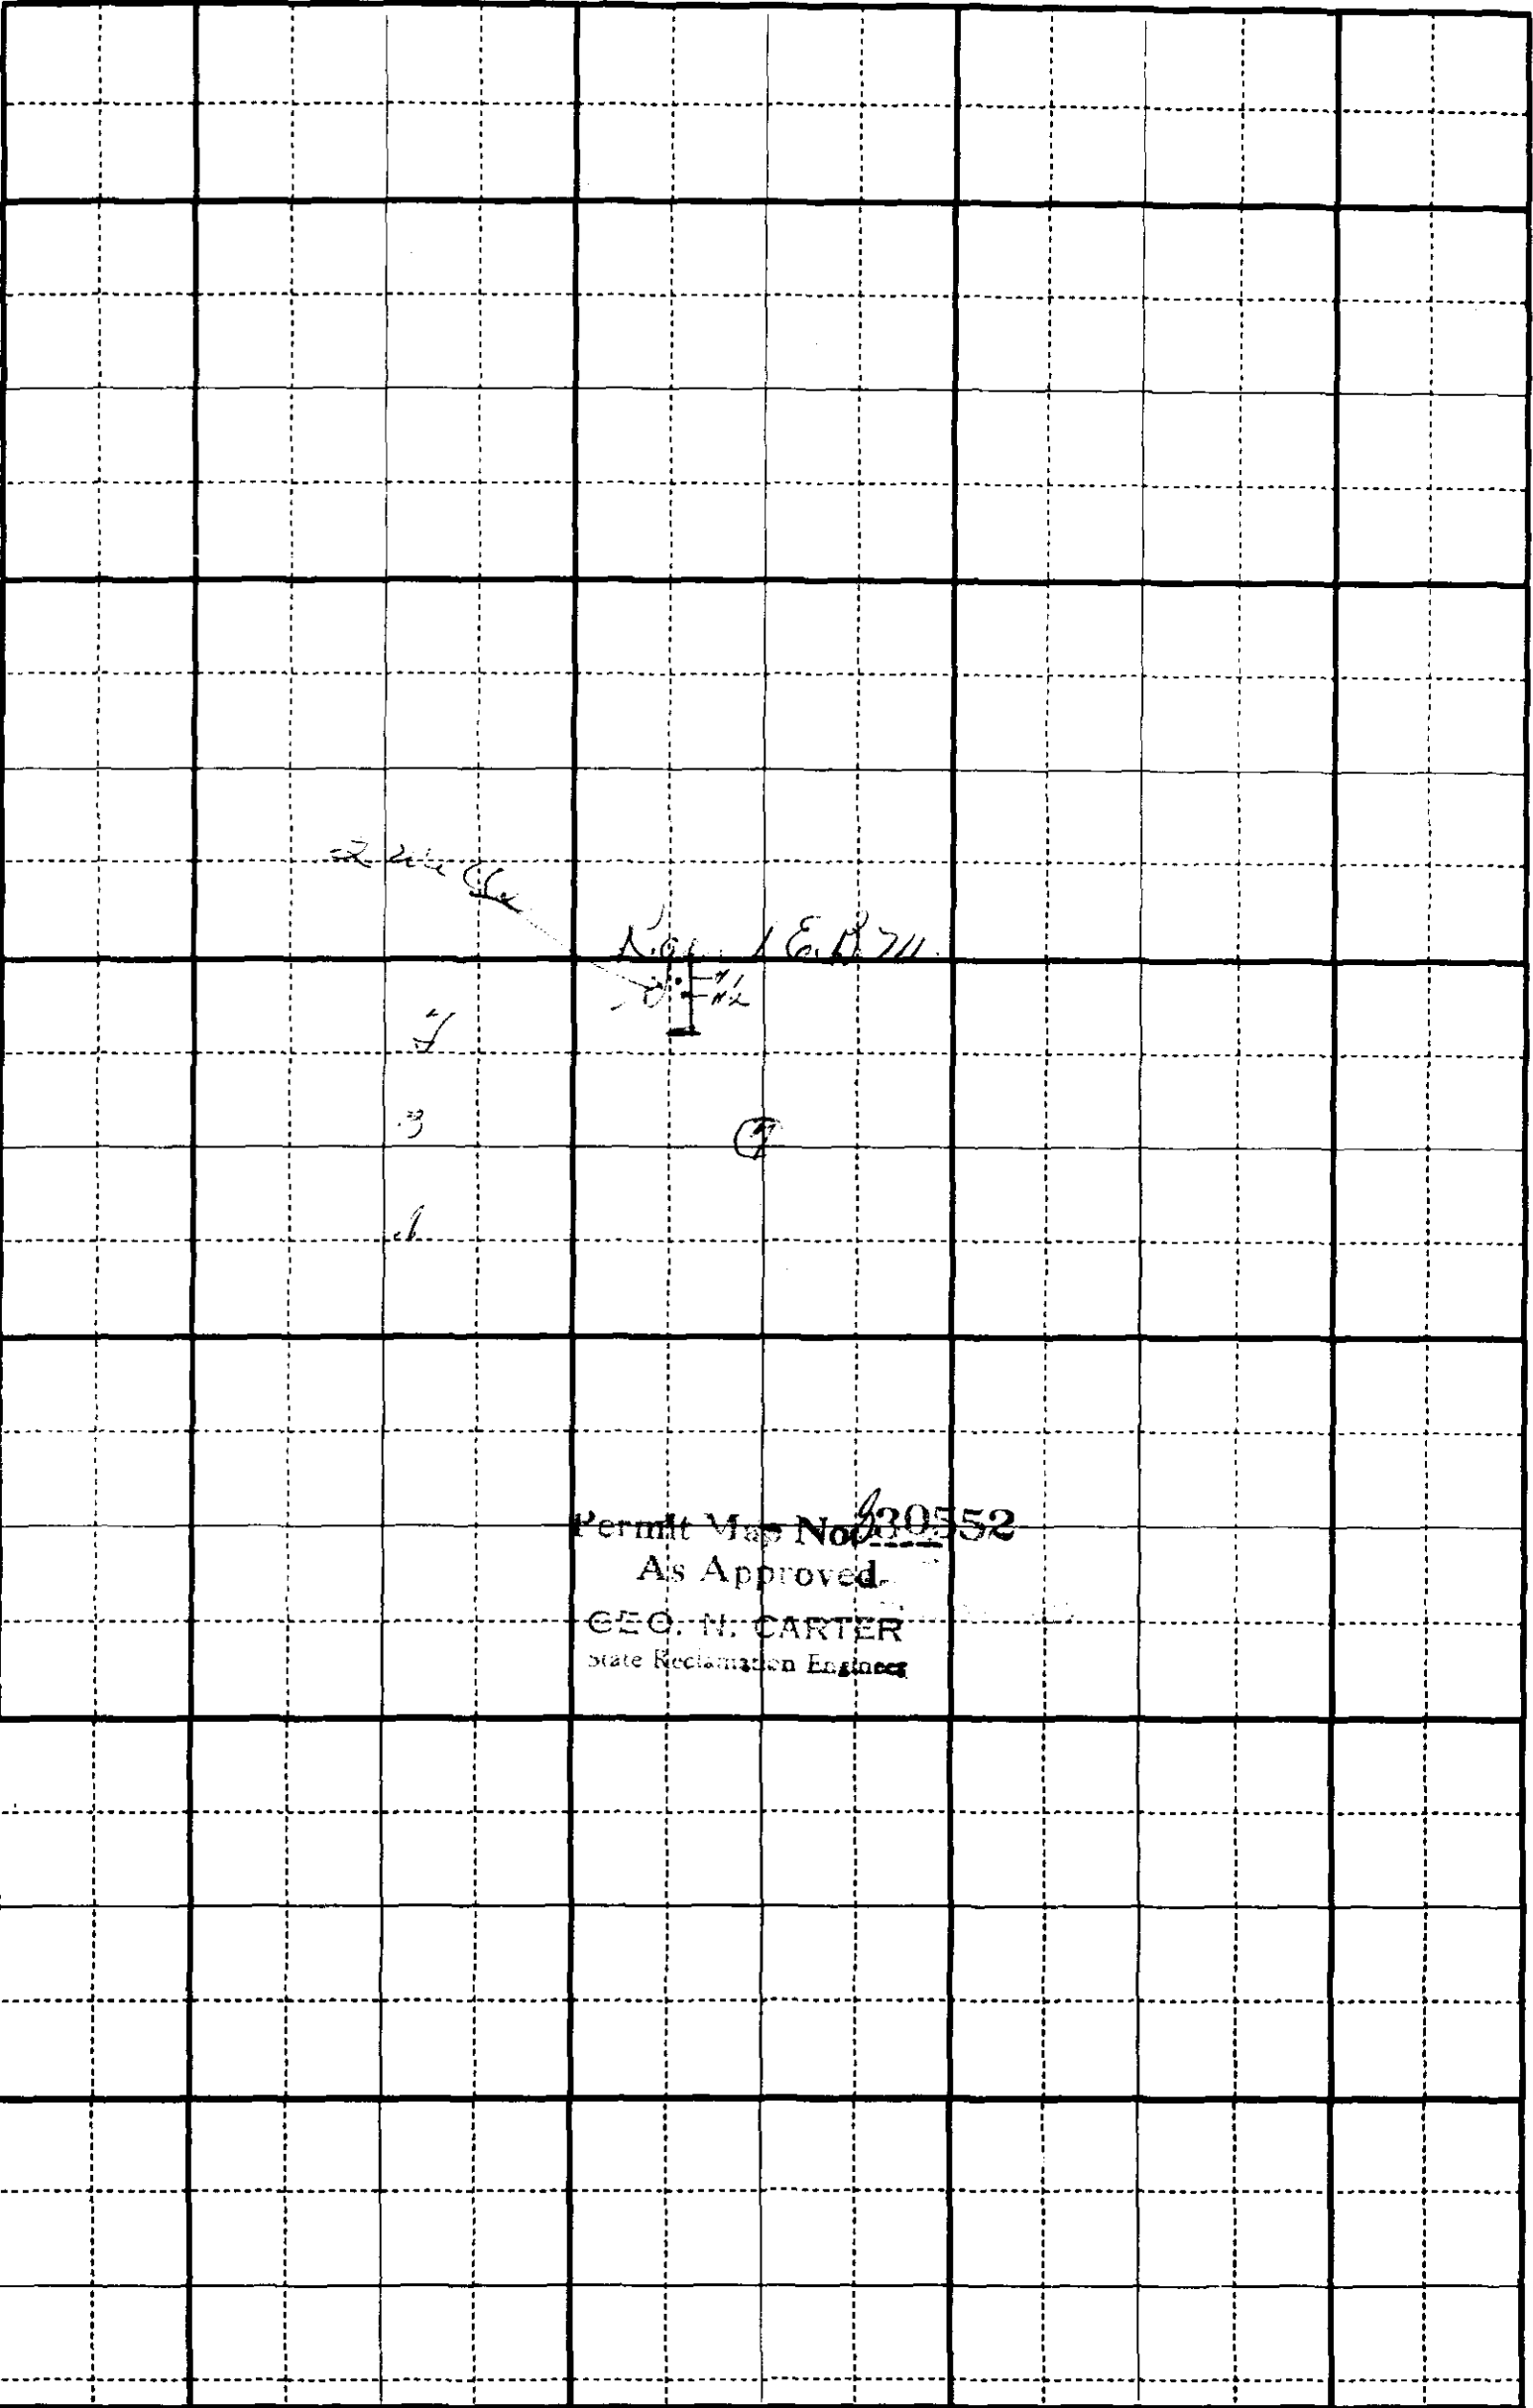

GEO. N. CARTER
State Reclamation Engineer
