NOTICE OF PROOF OF
COMPLETION OF WORKS
and
APPLICATION OF WATER TO
BENEFICIAL USE

Notice is hereby given that at 10:30 A. M., on the 10th day of August, 1964, at Boise, County of Ada, State of Idaho, before Harley M. McDowell, Notary Public, at 224 Idaho Building, proof will be submitted of the completion of works for the diversion of 2.4 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-30474, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Kenneth D. Casper, Route No. 3, Box 251, Nampa, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 2.4 cubic feet per second.

3. The use to which said water has been applied is irrigation, purposes, and the amount applied to beneficial use is 2.4 cubic feet per second.

4. The point of diversion of said water is NW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 21, Township 1 North, Range 2 West, B. M.

5. The place where said water is used is W $\frac{1}{2}$ NE $\frac{1}{4}$ NE $\frac{1}{4}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$, Section 21, NE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 20, Township 1 North, Range 2 West, B. M.

6. The date of priority which said user is prepared to establish is April 24, 1962.

CARL E. TAPPAN,
State Reclamation Engineer,
July 11, 18, 25; Aug. 1, 1964.

Jeanne Bruner
of Nampa, Canyon County, Idaho, being first duly sworn,
deposes and says:

1. That I am a citizen of the United States of America, and at all times hereinafter mentioned was over the age of twenty-one years, and not a party to the above entitled action.

2. That I am the Principal Clerk of the Idaho Free Press, a daily, (except Sunday) newspaper published in the City of Nampa, in the County of Canyon, State of Idaho; that the said newspaper is in general circulation in the said County of Canyon, and in the vicinity of Nampa, and has been uninterruptedly published in said County during a period of seventy-eight consecutive weeks prior to the first publication of the notice, a copy of which is hereto attached.

3. That the notice, of which the annexed is a printed copy, was published in said newspaper

Four times in the regular and entire issue of said paper, and was printed in the newspaper proper, and not in a supplement.

4. That said notice was published the following dates:

July 11, 18, 25; August 1, 1964

AFFIDAVIT OF PROTEST OF WATER
PERMITS NOS. 30474, 30688 and 30689

State of Idaho)
 : ss.
County of Canyon)

Kenneth E. Tiegs, being first duly sworn, on his oath does depose and say:

That he is the president of Kenneth Tiegs & Sons, Inc., an Idaho corporation, that does own adjacent property. That the affiant is making this protest in behalf of Kenneth Tiegs & Sons, Inc., an Idaho corporation.

That the said corporation does hereby protest the statements made by the person or persons submitting Proof of Beneficial Application of water in the published notice of their intention to submit such proof, all concerning Permit No. 30474 of the State Department of Reclamation of the State of Idaho issued to Kenneth D. Casper. The reasons for such protest on Permit No. 30474 are as follows:

1. That the Notice of Proof of Completion of Works and Application of Water to Beneficial Use states that the place where the water is used is W $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$, Sec. 21, NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 20, Twp. 1 N., R. 2 W., B.M. This protest is against the application of any water from this well to any land other than the W $\frac{1}{4}$ of the NE $\frac{1}{4}$ and the NE $\frac{1}{4}$ of the NW $\frac{1}{4}$, all in said Section 21. The protestant refers the Board to the Transcript, Volume II, in the matter of Kenneth Tiegs & Sons, Inc. vs. Kenneth D. Casper before your Department concerning the testimony of Kenneth D. Casper starting at page 265 of said Volume II of said Transcript. All of the testimony of Kenneth D. Casper is by reference thereto made a part hereof as though set forth in full herein. Mr. Casper

30474

2.

did testify in effect that the water from this well was used on this 120-acre tract only, and was not and could not be used on the balance of the land in Section 21, namely, the SW¼ thereof, and was not and could not be used upon the said ground in Section 20. One particular of this is set forth on page 268 of said Transcript in lines 23 and 24, in which Mr. Casper states in effect that there is no desire to put that water upon the other lands served. At the time of the hearing, namely, May 29, 1964, the permit was only for the original 120 acres. Any amendment of the said permit No. 30474 after said date is a subterfuge and is in direct conflict with the sworn testimony in said hearing.

Mr. Casper's testimony was that water from the well involved in permit No. 30474 could not under any circumstances be used on this other land; that the same was impossible.

2. That water from this well covered by Permit No. 30474 is actually being used to irrigate the E¼ of the NE¼ of Section 21, outside the scope of the permit, even as amended, and that the license should be restricted to the W¼ of the NE¼ and the NE¼ of the NW¼, all in Section 21, and only as to the amount of water actually applied for beneficial use thereof, and in accordance with the times of usage.

That the said corporation does hereby protest the statements made by the person or persons submitting proof of beneficial application of water in the published notice of their intention to submit such proof, all concerning Permit No. 30688 of the State Department of Reclamation of the State of Idaho issued to Kenneth D. Casper. The reasons for such protest on Permit No. 30688 are as follows:

1. That this permit is for usage upon 320 acres, more or less, of ground. The Department is again referred to the testimony

30474

3.

of Mr. Casper starting on page 265 of said Volume II. In Mr. Casper's testimony, he states in effect that he only has 200 acres on his desert entry permit, with only approximately 150 acres being irrigated. You are particularly referred to lines 12 through 22 on page 271 of Volume II of said Transcript..

2. Other lands not included in the permit are actually being watered from the well in question.

3. That the well in question is actually interfering and has interfered with the wells of the protestant corporation, and that the protestant corporation prays that any license be held in abeyance until such protest of interference is adjudicated. This protest of interference will be filed within the next thirty days.

That the said corporation does hereby protest the statements made by the person or persons submitting proof of beneficial application of water in the published notice of their intention to submit such proof, all concerning Permit No. 30689 of the State Department of Reclamation of the State of Idaho issued to Lanson C. Ross. The reasons for such protest on Permit No. 30689 are as follows:

1. That the well in question is on lands belonging to Kenneth D. Casper, and that the said Lanson C. Ross has no apparent record ownership therein, and therefore cannot be an applicant for a water license.

2. That the permit in question is for 200 acres, but that 200 acres of ground are not being actually irrigated.

3. That the well in question is actually interfering and has interfered with the wells of the protestant corporation, and that the protestant corporation prays that any license be held in abeyance until such protest of interference is adjudicated. This protest of interference will be filed within the next thirty days.

4.

Nothing herein contained is to be construed as an abandonment of position by Kenneth Tiegs & Sons, Inc., in its pending action before your Department against Kenneth D. Casper that actually all three of the permits stated above are involved in this particular action, and that all licenses should be held in abeyance until final adjudication of all matters pending before your Board between the parties and pending the filing of protests for interference on the wells covered by 30688 and 30689.

Kenneth D. Tiegs,

Gentlemen:

We acknowledge receipt of the assignment conveying Permit 63-7381 to Connecticut Mutual Life Insurance Company and/or G & W Rim Ranch. The assignment has been recorded and the Department's records changed accordingly.

With regards to the assignments submitted in connection with Licenses 63-3289 and 63-3309, we wish to advise you that the Department has no procedure for changing the records of ownership once a permit has been licensed. When a license is issued, it becomes appurtenant to the land and ownership is automatically conveyed with the land unless specifically withheld in the sales transaction.

We will, however, place the assignments of the licensed rights in our files for future reference as to present ownership.

Sincerely,

D. Darlene Reich

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Dear Mr. Casper:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the IDAHO FREE PRESS, all submitted in proof of completion of works and beneficial use on Permit No. ~~as listed above.~~

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

Kenneth E. Tiegs, being first duly sworn, on his oath does depose and say:

That he is the president of Kenneth Tiegs & Sons, Inc., an Idaho corporation, that does own adjacent property. That the affiant is making this protest in behalf of Kenneth Tiegs & Sons, Inc., an Idaho corporation.

That the said corporation does hereby protest the statements made by the person or persons submitting ~~Proof of Beneficial~~ Application of water in the published notice of their intention to submit such proof, all concerning Permit No. 30474 of the State Department of Reclamation of the State of Idaho issued to Kenneth D. Casper. The reasons for such protest as stated in No. 30474 are as follows:

1. That the Notice of Proof of Beneficial Application of Water to Beneficial Use states that the place where the water is to be used is Sec. 20, Twp. 1 N., R. 5 E., S. 12 E. The application of any water from this well to the place where the water is to be used is in violation of the provisions of the Act of the State of Idaho, Chapter 11, in the matter of Kenneth Tiegs & Sons, Inc. vs. Kenneth D. Casper before your Department concerning the water right of Kenneth D. Casper starting at page 100 of the transcript of the proceedings. All of the testimony of Kenneth D. Casper is by reference thereto made a part hereof as though set forth in full herein. Mr. Casper

did testify in effect that the water from this well was used on this 120-acre tract only, and was not and could not be used on the balance of the land in Section 21, namely, the 80% thereof, and was not and could not be used upon the said ground in Section 20. One particular of this is set forth on page 288 of said Transcript in lines 23 and 24, in which Mr. Casper states in effect that there is no desire to use the water upon the other lands served. At the time of the hearing, namely, May 28, 1934, the permit was only for the original 120 acres. Any amendment of the said permit No. 30674 after said date is a subterfuge and is in direct conflict with the sworn testimony at said hearing.

Mr. Casper's testimony was that the well involved in permit No. 30674 could not water the 80% of the land in this other land; that the well was for irrigation.

2. That water from this well covered by Permit No. 30674 is actually being used to irrigate the 80% of the 80% of Section 21, outside the scope of the permit, even as amended, and that the license should be restricted to the 80% of the 80% and the 80% of the 80%, all in Section 21, and only up to the amount of water actually applied for beneficial use thereof, and in accordance with the times of usage.

That the said corporation does hereby protest the statements made by the person or persons submitting proof of beneficial application of water in the published notice of their intention to submit such proof, all concerning Permit No. 30688 of the State Department of Reclamation of the State of Idaho issued to Kenneth D. Casper. The reasons for such protest on Permit No. 30688 are as follows:

1. That this permit is for usage upon 320 acres, more or less, of ground. The Department is again referred to the testimony

30474

Nothing having been done in connection with the
case at present, it is suggested that the
action be deferred until the next session of the
court. It is suggested that the case be
actually set down for trial at the next
term of the court. It is suggested that
in the event of a trial, the case be
heard by the court. It is suggested that
the case be heard by the court.

Dear Mr. McDowell:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-30474, in the name of Kenneth D. Casper. Final Proof is to be made before you, as Notary on the 10th day of August, 19 64, at 10:30 o'clock A.M., at 224 Idaho Building, Boise, Idaho.

As of this date, we have mailed the Notice to the Idaho Free Press, Boise, Idaho, with instructions to publish it once a week for 7 consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Kenneth D. Casper
Permit No. G-30689 - Lanson C. Ross

Kenneth D. Casper
Route #3, Box 251
Nampa, Idaho

Dear Mr. Casper:

Returned herewith are the two applications to amend the points of diversion which show reason is to use water from both wells on all the lands and amendment to land list under No. G-30474. Also enclosed are two application forms to amend land list. The best method to achieve your desire to have water from each well for any of your land is to amend the land list under both permits to cover the same land.

The application to amend Mr. Ross's permit No. G-30689 to the same locations as your wells described in permits above will be approved subject to change in priority to June 1, 1964, the date of receipt of the application.

Very truly yours,

RALPH W. THOMAS, Deputy
State Reclamation Engineer
