Dear Mr. Samp:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-30428. The proofs are to be made at 10:00 clock A.M., on the 26th day of April, 1963, before Norbert J. Schwiner, 1315 3rd St. South, Nampa, Idaho., Notary Public.

As of this date we have mailed the Notice to the Idaho Free Press, Nampa, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Earl E. Reed
Attorney at Law
Box 828
Nampa, Idaho

Dear Mr. Reed:

Returned herewith are the depositions of holder and two witnesses and affidavit of publication. The two affidavits are being kept in the file.

The depositions cannot be accepted for the following reasons:

First. The works were not completed on the date set in the legal notice for proof of completion of works and beneficial use of the water.

Second. The depositions were evidently made after observance of the first setting of the sprinkler system which would not constitute beneficial use of water on 40 acres. Even one complete irrigation cannot be used to make proof of beneficial use of water as more irrigations are necessary to raise a crop.

Third. The holder of the permit shows in his affidavit that the pump was not installed on July 9, and under 10 of his deposition shows the water was used continuously since July 3, 1962.

We suggest that Mr. Samp readvertise at a later date, and make the depositions on the date shown in the legal notice when he can honestly say that the water has been used beneficially.
