**NOTICE OF PROOF OF
COMPLETION OF WORKS
AND APPLICATION OF
WATER TO BENEFICIAL USE**

NOTICE is hereby given that
at 10:00 A.M., on the 17th day
of August, 1964, at Idaho City,
County of Boise, State of Idaho,
before Katherine M. Brogan,
Notary Public, at Idaho City,
proof will be submitted of the
completion of works for the di-
version of 1.0 cubic feet per sec-
ond of the waters of Mud Springs
and of the application to bene-
ficial use of said water, in ac-
cordance with the terms and
conditions of Permit No. 29912
heretofore issued by the Depart-
ment of Reclamation of the State
of Idaho.

1. The name and postoffice
address of the person or corpor-
ation holding said permit is:
George H. Emerson, Idaho City,
Idaho.

2. Said works of diversion
will be fully completed on the
date set for such completion and
the amount of water which said
works are capable of conveying
to the place of use is 1.0 cubic
feet per second.

3. The use to which said water
has been applied is domestic &
mining purposes, and the amount
applied to beneficial use is 1.0
cubic foot per second.

4. The point of diversion of
said water is approximately the
center of N $\frac{1}{2}$ SE $\frac{1}{4}$, Section 5, T.
5 N., R. 5 E. B. M.

5. The place where said water
is used is SE $\frac{1}{4}$ SW $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$,
Section 5, T. 5 N., R. 5 E.B.M.

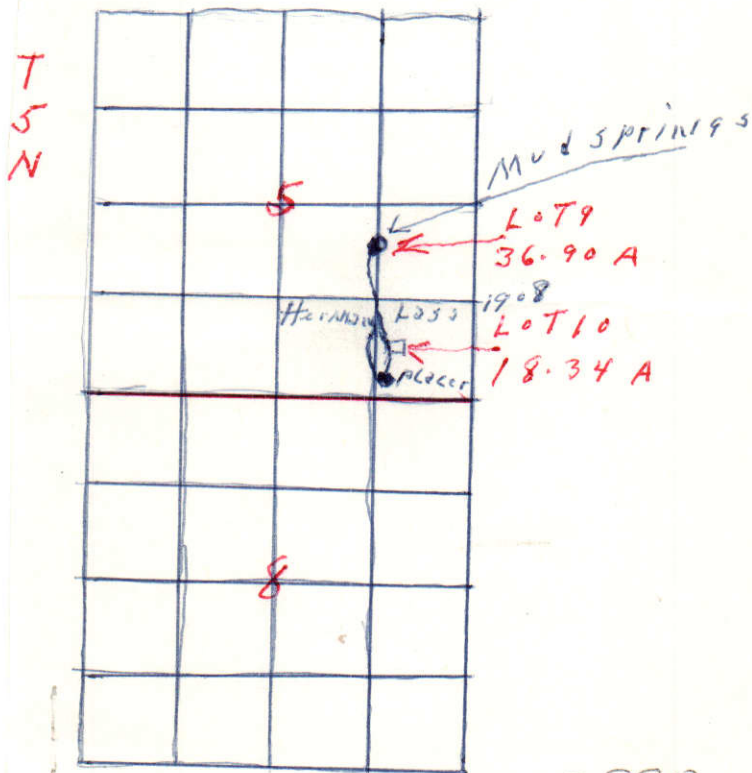

6.. The date of priority which
said user is prepared to establish
is July 6, 1961.

THIS IS TO CERTIFY that GEORGE H. EMERSON
of Idaho City, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated July 6, 19 61; that Permit No. 29912
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
.20 second feet, was issued thereunder on September 21, 19 64, showing that said works
were completed on the 17th day of August, 19 64; and that on the 17th
day of August, 19 64,

GEORGE H. EMERSON

of Idaho City, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of Mud Springs
, a tributary of Mores Creek, for the purpose of domestic and mining
, under Use Permit No. 29912 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
13 of Licenses at page 7998, on the 21 day of September, 19 64;

The right hereby confirmed dates from July 6, 19 61;

The Point of Diversion is located Center N $\frac{1}{2}$ SE $\frac{1}{4}$
in the $\frac{1}{4}$ $\frac{1}{4}$, Sec. 5, Tp. 5 N, R. 5 E., B. M. Boise County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed .20 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated

Application For Permit To Appropriate the Public Waters of the State of Idaho

63-3247

APPLICATION No. 37925
PERMIT No. 29912
DISTRICT No.

1. Name of Applicant: George H. Emerson

Postoffice address: Idaho City

County: Boise

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bond to be issued:
- (d) Other resources:

2. Quantity of water claimed: 1.0 cubic feet per second.

3. Source of water supply: Mud Springs which is a tributary of Mores Creek

4. Location of point of diversion: feet distant from the

corner of Section , T. , R. , B.M., and is in the NE $\frac{1}{4}$ SE $\frac{1}{4}$
of section 5 , T. 5 N , R. 5 E , B. M., County of Boise

5. Water is to be used for domestic and mining

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section
T. , R. , B.M., in the SE $\frac{1}{4}$ SW $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 5, N $\frac{1}{2}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ NW $\frac{1}{4}$
of Section 8 , T. 5 N , R. 5 E , B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet
distant from the corner of Section , T. , R. , B.M., in the
of Section , T. , R. , B.M.

7. Estimated cost of works: \$ 500

8. Kind of works: Develop springs, ditch and pipe

9. Height of dam feet; length of dam at top feet; length of dam at bottom
feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom 1 fee; width at water line 3 feet; depth of water .5 feet;
dimensions of flume:

Diameter of pipe 4 inches; length of conduit .75 miles.

Average grade per mile 750 feet.

12. The time required for the completion of such work is 5 years.

13. The time required for the complete application of the water to the proposed use is 6 additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:

16. (a) Is reservoir to be used? If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

			Application for Amendment POINT OF DIVERSION Permit No. 29912 Comes now GEORGE H. EMERSON and represents to the State Reclamation Engineer of the State of Idaho: That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 29912; That the point of diversion is described in said Permit as being located: NE$\frac{1}{4}$SE$\frac{1}{4}$, Sec. 5, T. 5 N., R. 5 E. That he now requests that the point of diversion be changed to a point located: Approx. center of NE$\frac{1}{4}$SE$\frac{1}{4}$, Sec. 5, T. 5 N., R. 5 E. That the reason for desiring to make such change is as follows: Error in original application. That no one will be injured by such change, and that such change will be made at Permit Holder's own risk. Signed at Boise, this 22nd day of May, 1964. s/ GEORGE H. EMERSON Date of Receipt at Department of Reclamation: May 22, 1964 APPROVAL OF STATE RECLAMATION ENGINEER I, CARL E. TAPPAN, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. 29912. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

RE: Permit No. 29912

George H. Emerson
Idaho City, Idaho

Dear Mr. Emerson:

Our field engineer's report on his inspection of completion of works and application of water to beneficial use under the terms of Permit No. 29912 shows that the dam, reservoir and pipe are capable of conveying 10 miner's inches, or 0.20 c.f.s. of water for domestic and mining use.

Upon receipt of the statutory fees totaling \$10.00 we will issue the Certificate of Completion of Works and License and Certificate of Water Right confirming the right, with priority of July 6, 1961 to the use of 0.20 c.f.s. of surface water in the center of N $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 5, T. 5 N., R. 5 E., B.M. from Mud Springs for domestic and mining use in the SE $\frac{1}{4}$ SW $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 5; N $\frac{1}{2}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 8, T. 5 N., R. 5 E., B.M.

Very truly yours,

CARL E. TAPPAN
State Reclamation Engineer

REPORT OF ENGINEER

Permit No. 29912 ✓

This proof is for C/W and B/U ✓

In Water District No. _____

1. Name of applicant George H. Emerson

2. Source of water supply: Mud Springs ✓

3. Location of point of diversion: Is in the Approx. center of N $\frac{1}{2}$ SE $\frac{1}{4}$ of Section 5

T. 5 N R. 5 E County of Boise

4. Describe works as they exist, giving dimensions and capacities of same: Dirt dam with 4" x

2' Clay tile from Confluence of springs to a 3' x 2' steel tank to a 1 1/2" x 1200' plastic pipe
to a 600 gal concrete Reservoir. Approx. 60' below catch basin there is a 1 1/2" plastic
pipe sticking up in a small downward area forming part of spring in wet part of year
This collects run-off just the catch basin. This 1 1/2" pipe Tee's into Main 1 1/2" plastic pipe -
1 1/2" x 250' plastic pipe from box falls to open ditch that flows to place area in Lot 10
Estimate 50' head from Reservoir to place area. - 200' h from spring to Reservoir.

5. Water is used for: Domestic and mining

6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Place of use: SE $\frac{1}{4}$ SW $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 5; N $\frac{1}{2}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 8, T. 5 N., R. 5 E.B.M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Moore's Cr. - Boise River

Remarks: Mr Emerson along

6 gpm measured at time of examination. (No water stored in Reservoir)

This examination was made on the 10th day of September, 1964

Re: Permit No. 29912

Mr. George H. Emerson,
Idaho City, Idaho.

Dear Mr. Emerson:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Idaho World
Idaho City, Idaho, all submitted in proof of completion of works and beneficial use on Permit No.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours ,

DEPOSITION OF HOLDER

Ques. 1. State your name, residence, occupation and postoffice address: _____
George H. Emerson, Idaho City, Idaho; (Miner) Idaho City, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf: _____

Ques. 3. State number, approval date of permit, and date of priority you propose to establish under the permit; NO. 29912, Approval Date July 11, 1961 7-6-61

Ques. 4. State source of water supply: Mud Springs, App-Center of N $\frac{1}{2}$ SE $\frac{1}{4}$ A5N 5E
Give location of point of diversion, showing subdivision, section, township and range:
Lot 9 5 5N 5E

See attached Map

Ques. 5. Describe your works of diversion: Small Reservoir, ditch, 1 $\frac{1}{2}$ inch pipe
to points of use, domestic, garden, and Mining, _____; state amount of water they are capable of conveying from point of diversion to place of use 1. Cu, ft; Give name of canal or ditch or other works by which water is conducted to such place of use: 1 $\frac{1}{2}$ in pipe, Ditches Reservoir
metal spring Box; if a well, state depth of well _____; depth and size of casing: _____; depth to water _____; if pump is used, state discharge of pump: _____; tell how it was measured or determined: _____
_____; if sprinkler irrigation, give number and size of nozzles and operating pressure: _____

Ques. 6. State for what purpose water is used: Domestic, Garden & Mining
If for irrigation, name each subdivision in which used and number of acres in each subdivision that have actually been irrigated with said water : _____

State nature of all improvements which have been made as a direct result of said use:
Ditches, 1,100 ft 1 $\frac{1}{2}$ in pipe, concrete storage tanks, Reservoir at point of diversion. & metal Spring Box

Ques. 6-a: If this is a ground water permit, give name and address of person that drilled the well: _____

Ques. 7. If for other than irrigation purposes, state purpose and how used:

Domestic, ~~Garden~~, mining, ditches pipe for mining purposes

Ques. 8. What is the minimum amount of water required for the purpose specified above:

1. cu.ft.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder:

Ques. 10. State when and in what amount the water diverted under above mentioned permit has been first used: ~~6-19-64~~ 6-19-64 Time used since first use:

Refer to B.L.M. Map of 1908, Water used in existing ditches by Herman Lass 1908.

First used by permit holder for mining 1938

Ques. 11. Describe all other water rights appurtenant to same place of use:

None

Re: Permit No. 29912

George H. Emerson
Idaho City, Idaho

Dear Mr. Emerson:

This acknowledges the Notice of Proof of Completion of Works and Application of water to Beneficial Use under Permit No. 29912. The proofs are to be made at 10:00 o'clock AM, on the 17 day of August, 19 64, before Katherine Brogan, Idaho City, Idaho, Notary Public.

As of this date, we have mailed the Notice to the Idaho World, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Very truly yours,

CARL E. TAPPAN

Re: Permit No. 29912
George H. Emerson

Jack Wilcock
District Forest Ranger
U. S. Forest Service
413 Idaho Street
Boise, Idaho

Dear Mr. Wilcock:

We received your letter of June 18th in regard to Mr. Emerson's permit to divert water from Mud Springs in N¹/₂SE¹/₄, Sec. 5, T. 5 N., R. 5 E.

Our field examiner visited the location June 22nd. His report shows that the metal stock trough you mentioned in your letter was rusted out and partly filled with dirt and grass growth. Apparently the trough has not been used for a number of years.

Mr. Emerson evidently does not intend to file any depositions of proof of completion of works and beneficial use of the water at this time.

Very truly yours,

RALPH W. THOMAS, Deputy
State Reclamation Engineer

RT:ew

29912

MEMORANDUM

June 22, 1964

Referring to the letter from Jack Wilcock, District Forest Ranger, Idaho City, Idaho:

In regard to the stock water development he refers to as having been in use since 1930 and each year thereafter: I didn't see any evidence of a rock in spring box. The 1" x 80' galvanized pipe could still be buried, but the stock troughs are in a very deteriorated condition and could not be used for that purpose now. The bottom is rusted out and is full of holes so it couldn't hold water. Most of the length of the trough is one third to one half full of dirt with thick vegetation growing in it. The wood supports are almost rotted away. The whole works is in a depleted condition.

Mr. Emerson has had a dozer working in the spring area. The dozer got stuck. The spring area is in a rough looking condition.

I would estimate there is a 3 gpm flow from the spring that disappears approximately 200' down stream in a cleaned strip of the channel. There is an uncleaned section about 40' long below the above mentioned cleaned section that has another spring. This water doesn't flow anywhere. Then the channel is cleaned toward the place of use which is dry.

Mr. Emerson feels that if the Forest Service develops this spring for their own use it will deprive him of water for his operation from his springs that are on his patented claims.

He has made some cross excavations across channels he claims stopped the flow to his place.

If all the water from the springs arising on his place were put together in one stream they probably would amount to 5 or 6 inches at this time. There is a dozer ditch under a rim on his place below his cabin that collects water also. This is what he uses on the placer claim along with the water from the springs. He stated he has about 10" that reaches the sluice box. He has a small garden at the cabin.

The sluice box is at the cabin now. He removes it when not being used. Mr. Emerson does most of the claim work in the spring when water is more plentiful. He says he can use the sluice box with 5" of water.

BOISE, IDAHO 83702

IN REPLY REFER TO:
2510

RECEIVED
JUN 18 1964

June 18, 1964

Department of Reclamation

Mr. Carl E. Tappan
State Reclamation Engineer
Department of Reclamation
State House
Boise, Idaho

Dear Sir:

A notice of proof of completion of works and application of water to beneficial use was published in the Idaho World Newspaper on June 11, 1964, listing a George H. Emerson of Idaho City as the permit holder. The point of diversion of this water is listed as the approximate center of the $N\frac{1}{2}SE\frac{1}{4}$, Section 5, T5N, R5E, B.M.

The above listed location is the source of a spring producing approximately five gallons of water per minute which was developed by the U. S. Forest Service in the 1930's for a stock water trough. It has been used for that purpose each year since that time. This development consists of a rocked-in spring box, 80 feet of one inch galvanized pipe, and 50 feet of metal stock trough.

Previous to this year, there has been no development between this water source and the private property of George H. Emerson in Lot 10 (Part of the $SE\frac{1}{4}SE\frac{1}{4}$) of Section 5, T5N, R5E. During the past 30 days, Mr. Emerson has constructed a ditch from this source to the above listed private property. This ditch is not carrying any water. During the past 30 days, someone has also removed part of the U. S. Forest Service stock water development.

I believe that this application is an attempt by the applicant to usurp water rights belonging to the people of the United States. This water source is not now and has not been in the past used by the above listed applicant. This water source is now, and has been for more than 30 years, used by the U. S. Forest Service for stock watering purposes.

I respectfully request that no certificate of completion of works be issued to this applicant for this water source.

Very truly yours,

Jack Wilcock

Jack Wilcock
District Forest Ranger

Application for Amendment

POINT OF DIVERSION

Permit No. 29912

RECEIVED
MAY 22 1964

Department of Reclamation

Comes now GEORGE H. EMERSON and
represent to the State Reclamation Engineer of the State of Idaho:

That he is (are) the owner and holder of Permit to appropriate the Public
Waters of the State of Idaho, No. 29912.

That the point of diversion is described in said Permit as being located:

NE 1/4 SE 1/4, SEC. 5, T. 5 N., R. 5 E

That he now requests that the point of diversion be changed to a point
located: APPROX. CENTER OF NE 1/4 SE 1/4, SEC. 5, T. 5 N., R. 5 E

That the reason for desiring to make such change is as follows:

ERROR IN ORIGINAL APPLICATION

That no one will be injured by such change, and that such change will be made
at Permit Holder's own risk.

Signed at BOISE, this 22nd day of MAY 1964

Date of Receipt at Department of Reclamation: May 22, 1964

APPROVAL OF STATE RECLAMATION ENGINEER

CARL E. TAPPAN
I, CARL E. TAPPAN, State Reclamation Engineer of the State of Idaho, HEREBY APPROVE
the above and foregoing application for amendment to Permit to appropriate the Public
Waters of the State of Idaho, No. 29912. This approval constitutes a new
permit and is issued as an amendment to the original permit, to which it refers and of
which it becomes a part, and said application is approved only insofar as the rights of
others will not be adversely affected thereby.
