APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 37331
Permit No. G- 29333
District No.

1. Name of Applicant: Fred H. Wolske
Postoffice address: Rt. #2, Kuna County: Ada State: Idaho
2. Quantity of water claimed: 320 miners inches
(a) Rate of withdrawal in cubic feet per second 6.4 or Idaho
Miners' inches or gallons per minute
(b) Annual withdrawal in acre feet per annum
3. Source of water supply: Subterranean flow from a well
4. Location of point of diversion or well is in the NE 1/4 of the NE 1/4 of Section 35
Twp. 2 N, Rge. 1 E, B.M., County of Ada
5. Water is to be used for: Irrigation and domestic
6. If for municipal, industrial or recreational purposes, give:
(a) Point of use of water is in the 1/4 of the 1/4 of Section 35, Twp. 2 N, Rge. 1 E, B.M.
(b) Waste water or sewage effluent is to be returned to
at a point in the 1/4 of the 1/4 of Section 35, Twp. 2 N, Rge. 1 E, B.M.
7. Kind of works: Turbine type pump, electric motor and ditches
8. Estimated cost of works: \$10,000.00
9. (a) Is reservoir to be used? A small pond to be used as reserve. Not to exceed a 6 ft. dam
(b) Capacity of reservoir: 75 ft. wide, 40 ft. long and 6 ft. deep
10. The time required for the completion of such work and complete application of the water to the proposed use is 5 years.
11. If applicant is a corporation, give:
I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
II. The financial resources of the applicant are (a) Cash on hand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: none
(a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
(b) 6.4 (cubic feet per second, inches or gallons per minute) is for new lands.

Department of Water Administration

NOTICE OF EXISTING
WATER PERMIT

Notice is hereby given that Fred H. Wolske, Route 2, Kuna, Idaho, has received an approved Permit No. G-29333/63-3221 issued by the Idaho Department of Water Administration authorizing the diversion of 6.4 cubic feet per second of water from a ground water source. The priority to be established under this permit is January 19, 1961, and the permit was approved January 20, 1961.

Water is to be diverted by well and pump from a point within the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 26, T. 2N, R. 1E, B.M., Ada County, to be used for irrigation purposes in the NE $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 26; NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 35; T. 2N, R. 1E, B.M.

Proof of the application of the water to beneficial use was submitted to the Department on October 14, 1970. Any protest against the issuance of the license for the above referenced permit should be filed with the Idaho Dept. of Water Administration, Statehouse, Boise, Idaho, 83707, within ten (10) days of the last date of publication of this notice.

WATER RIGHT LICENSE

License of Water Right No. 29333/63-3221 Priority Jan. 19, 1961 Amount 2.94 cfs

THIS IS TO CERTIFY, that FRED H. WOLSKE
of Kuna, Idaho, has complied with the terms and conditions of Permit
No. 29333/63-3221 issued pursuant to Application for Permit dated January 19, 1961,
and has submitted proof to the Department of Water Resources on April 7, 1975,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 2.94 cfs of water from a ground water source,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
<u>Irrigation</u>	from <u>April 1</u> to <u>Oct. 31</u>	at <u>2.94</u> cfs and	<u>729 acre feet or</u> <u>4.5 af per acre</u>
	from _____ to _____	at _____ cfs and	
	from _____ to _____	at _____ cfs and	

(both dates inclusive)

Subject, however, to the condition that no more than 2.94 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
729 acre feet per year, said waters to be diverted within the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 26,
Twp. 2 N, Rge. 1 E, B. M. in the County of Ada

Description and location of place of use:

Twp.	Range	Sec.	NE $\frac{1}{4}$				NW $\frac{1}{4}$				SW $\frac{1}{4}$				SE $\frac{1}{4}$				Totals
			NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	
2 N	1 E	26			10										32	40		40	122
		35	40																40

Total number of acres irrigated 162

NOTE: Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho Law. This right may be forfeited by five years of non-use.

The right to the use of the water hereby confirmed is restricted and appurtenant to the lands or place of use herein described, as provided by the laws of Idaho.

Witness the seal and signature of the Director, affixed at Boise, Idaho, this 4 day of
November, 19 76.

Director

BEFORE THE DEPARTMENT OF WATER ADMINISTRATION
OF THE
STATE OF IDAHO

IN THE MATTER OF PERMIT NO. 29333/63-3221)
in the name of FRED H. WOLSKE)
_____)

ORDER

WHEREAS, on January 19, 1961, Fred H. Wolske applied to the Department of Water Administration (formerly the Department of Reclamation) for a permit to appropriate 6.4 cubic feet per second of groundwater from a point within the NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 35, Twp. 2N, Rge. 1E, B.M., Ada County, to be used for irrigation and domestic purposes; and,

WHEREAS, on January 30, 1961, the Department approved said application and issued Permit No. 29333/63-3221 with the condition that one-fifth (1/5) of the work be completed on or before July 30, 1963, and that the whole of said work be completed and proof of beneficial use made on or before January 30, 1966; and,

WHEREAS, on November 5, 1965, the Department extended the time within which to submit proof of beneficial use to January 22, 1968; and,

WHEREAS, on February 28, 1968, the Department extended the time within which to submit proof of beneficial use to January 22, 1969; and,

WHEREAS, on October 14, 1970, the Department received the required proof of beneficial use of water; and,

WHEREAS, on May 22, 1972, the Department conducted a field examination of the project and found that the water was not being beneficially used; and,

WHEREAS, on August 31, 1972, the Department notified the permit holder that said permit was subject to cancellation for failure to submit adequate proof of beneficial use of water and that he was required to show cause why said permit should not be cancelled on or before October 10, 1972; and,

WHEREAS, the permit holder appeared at the office to show cause why said permit should not be cancelled; and,

WHEREAS, on October 24, 1972, the Department inadvertently cancelled Permit No. 29333/63-3221; and,

WHEREAS, on November 8, 1972, and May 17, 1974, the permit holder submitted affidavits from disinterested parties indicating that the water had been used for the irrigation of 180 acres of land; and,

WHEREAS, Section 42-218a of the Idaho Code provides that a permit may be reinstated upon a showing of reasonable cause; and,

WHEREAS, the permit holder has provided a reasonable showing as to why said

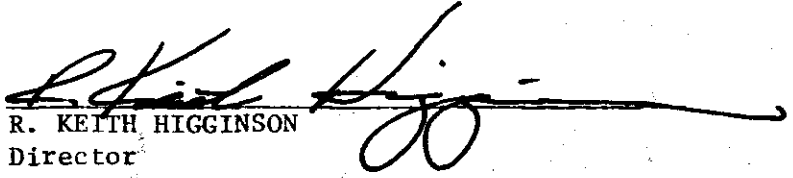

MICROFILMED

permit should be reinstated;

IT IS, THEREFORE, HEREBY ORDERED that Permit No. 29333/63-3221 be REINSTATED without a loss of priority;

IT IS FURTHER ORDERED that the time within which to place the water to beneficial use is extended to June 1, 1975.

Dated this 22 day of May, 1974.

ORDER MODIFYING REQUIREMENTS
FOR COMPLETION OF PERMIT TO
APPROPRIATE WATER

WHEREAS, the 39th Idaho Legislature made certain amendments to the Idaho Water Law; and,

WHEREAS, these changes raised questions as to the procedures to be followed by holders of permits issued prior to the effective date of the amendments, May 31, 1967; and,

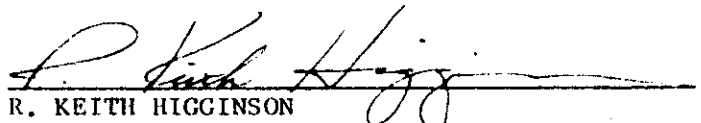

WHEREAS, on August 1, 1968, the Department of Water Administration adopted Rules of Practice and Procedure for the processing of such permits issued prior to May 31, 1967; and,

WHEREAS, Permit No. G-29333 was issued previous to that date;

NOW THEREFORE, the requirements for completion of the above numbered permit are hereby modified to conform to the adopted Rules of Practice and Procedure as follows:

1. The above numbered permit will be completed under the terms of Title 42, Chapter 2, Idaho Code, as amended by the 39th Idaho Legislature.
2. The conditions of the above numbered permit are modified as follows:
 - a. Notice of the issuance of the permit will be published at the permit holders expense for two weekly issues in the official newspaper of the county in which the point of diversion lies.

62-3221 in the name of Fred H. Wolske)

ORDER OF
REINSTATEMENT

WHEREAS, Fred H. Wolske applied to the Department of Reclamation on January 19, 1961 for a permit to appropriate the public waters of the State of Idaho; and,

WHEREAS, the application proposed the diversion of 6.4 cubic feet per second of water from a ground water source with a point of diversion located in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 35, T. 2 N, R. 1 E, B. M., Ada County, Idaho, to be used for irrigation and domestic purposes in Sections 26 and 35, T. 2 N, R. 1 E, B. M.; and,

WHEREAS, the application was approved on January 30, 1961 subject to the condition that one-fifth (1/5) of the work be completed on or before July 30, 1963 and that the whole of the work be completed and placed to a beneficial use on or before January 30, 1966; and,

WHEREAS, on November 5, 1965, the permit holder was granted an extension of time to January 22, 1968 in which to place the water to beneficial use; and,

WHEREAS, on February 28, 1968, the permit holder was granted an extension of time to January 22, 1969 in which to place the water to beneficial use; and,

WHEREAS, evidence of beneficial use of the water was not received on or before January 22, 1969, and the permit automatically lapsed; and,

WHEREAS, the department failed to send a notice of lapsing to the permit holder; and,

WHEREAS, on October 14, 1970, the required proof of beneficial use of the water was received; and,

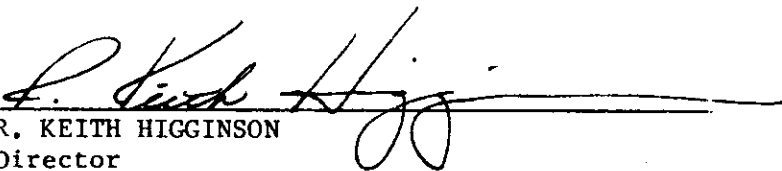

WHEREAS, Section 42-218a of the Idaho Code provides that a permit may be reinstated upon a showing of reasonable cause within sixty (60) days from the date of the notice of lapsing; and,

WHEREAS, the permit holder has provided a reasonable showing as to why the permit should be reinstated;

Permit No. G-29333

FRED H. WOLSKE of Route #2, Kuna, Idaho
(name) (address)

State of Idaho, being first duly sworn, upon his oath deposes and says:

That he is the holder, or the duly authorized agent of the holder*, of Permit to Appropriate the Public Waters of the State of Idaho No. G-29333.

That under the terms and conditions of said permit, work thereunder was required to be completed by January 22, 1968.

That he has heretofore performed the following work described under said permit:

We drilled the well to 150' and the water came in but the well caved in to 119'. It was a 16" well so we have to ream out to 20" to put the casing down and are back down with the reaming to 92'.

Costing \$ 3,150.00

That he is unable to complete the remainder of the work within the required time for the following reasons, to-wit: The U.S. Government has given me an extension of time until January 22, 1969. I would also like an extension of time on my water permit.

WHEREFORE, he asks that the State Reclamation Engineer extend the time for the completion of obligations under said permit to January 22, 1969.

Fred H. Wolske

A G R E E M E N T

THIS AGREEMENT, Made and entered into this 1st day of May, 1970, by and between FRED WOLSKE and PHYLLIS WOLSKE, husband and wife, of Ada County, State of Idaho, hereinafter called "First Party", and ROBERT O. NICHOLS, of Ada County, State of Idaho, hereinafter called "Second Pary";

WITNESSETH:

WHEREAS, First Party owns the following described real property, situate in Ada County, State of Idaho, to-wit:

The Northeast 1/4, North 1/2 Southeast 1/4,
Southeast 1/4 Southeast 1/4, Section 26;
Northeast 1/4 Northeast 1/4, Section 35,
Township 2 North, Range 1 East of the Boise
Meridian,

and desires that the same be farmed during the 1970 farm season;
and,

WHEREAS, Second Party desires to farm a portion of said land;

NOW, THEREFORE, IN CONSIDERATION OF THE PREMISES and mutual covenants and agreements herein contained, the Parties agree as follows:

1 First Party shall designate 60 acres of the above described real property, which said 60 acres shall be planted sugar beets by Second Party.

2. First Party agrees to furnish for farming during the year 1970 the 60 acres aforesaid, one-half the seed and fertilizer, and water required for irrigating said beets and labor for putting water upon said crops and shall furnish one truck for hauling harvested sugar beets to market.

3. The Second Party shall furnish one-half the seed and fertilizer, shall plow, plant, cultivate, thin and harvest

sugar beets and shall furnish one truck for hauling the harvested beets to the market.

4. Second Party shall furnish all other services and acts, furnish such supplies and equipment and do all things necessary to produce a good crop of sugar beets on the aforesaid land other than that which is required by that of First Party herein.

5. All crops shall go to market jointly in the name of Fred Wolske of First Party and Second Party, and all payments received for said crops shall be jointly in the name of such persons.

IN WITNESS WHEREOF, the Parties hereto have subscribed their names the day and year first above written.

Dear Mr. Wolske

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell during which part of the irrigation season this examination will be made, however, our examiner will try to contact you at the time he makes the exam so that you may show him the system.

If you have any questions concerning the field exam, please contact our District Office in Boise.

Sincerely,

D. Darlene Reich

Re: Permit No. 29333 (New #63-3221)

Fred H. Wolske
Route #2
Kuna, ID 83634

Dear Mr. Wolske:

One of the conditions of approval of your water Permit No. 29333/63-3221 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before June 1, 1975. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

INTER-DEPARTMENT MEMO — 1

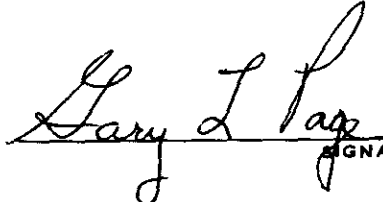

FROM Gary L. Page

DATE October 26, 1972

TO File #63-3221, Fred Wolske

SUBJECT Affidavit to establish use of water under permit #63-3221

Mr. Wolske gave me an agreement from Amalgamated Sugar Company to raise 60 acres of beets. I told Mr. Wolske that this was not adequate because it did not establish the number of acres actually irrigated. I told him he would need affidavits from persons knowing the land was actually irrigated. He said he would have the affidavits returned November 1, 1972.

SIGNATURE

63 3221

Memorandum of Agreement

DUPLICATE

BETWEEN

(Hereinafter called the Grower)

AND

THE AMALGAMATED SUGAR COMPANY

SEASON OF 1970
NYSSA-NAMPA DISTRICT

(Hereinafter called the Company)

For delivery of sugarbeets at _____ Receiving Station
WITNESSETH, that for and in consideration of the mutual covenants and payments hereinafter set out, the respective parties hereto mutually undertake and agree as follows to-wit:

1. The Grower shall grow, during the year 1970, _____ acres of sugarbeets and shall sell and deliver the entire crop therefrom, to the Company, and the Company shall buy and pay for the same upon the terms and conditions hereinafter set forth, but in no event shall the Company be held liable in damages for any failure or partial failure of crop, or any injury or damage to beets.

2. The Grower shall prepare and cultivate all beet lands and harvest the beets thereon in a farmerlike manner, and shall deliver said beets with the tops squarely cut off at the base of the cluster or whorl of the green leaves. In addition, all other stems and leaves shall be removed from the beet. However, a distinct evidence of leaf scar shall be left on each beet after topping. All beets delivered hereunder shall be free from excess dirt, stones, trash, and foreign substances likely to interfere with the work at the factory, and shall be subject to proper deductions for tare, such tare to be determined by the Company from tare samples which shall weigh approximately 20 pounds each in their uncleaned condition. That portion of the tare deduction which shall represent crown tare shall be determined by subjecting each beet of the tare sample to a top tare machine, the detailed blueprints of which will be on file at the Company's offices and with representatives of the Associations which have approved this contract. Crown taring shall be conducted in manners and ways as described in instructions on file at the Company's offices and with such Grower representatives. The Grower shall protect the beets from sun and frost after removal from the ground, and shall keep all livestock out of beet fields until after beets are harvested. The Company will exercise its best efforts to arrange to have seed available for the planting of said land. The Grower is free to use any type of seed made available by the Company or from any other source, according to the Grower's own wishes.

3. The Grower agrees that he will not apply to any beets grown hereunder, any nitrogen fertilizer in any form after July 15. The Grower further agrees not to apply to the crop or land on which the crop is grown any pesticide chemical, as defined in the Federal Food, Drug and Cosmetic Act, as amended, unless a regulation shall then be in effect under Section 408 of said Act, exempting such chemical from the necessity of a tolerance, or establishing a tolerance for such chemical, in which event such chemical shall be applied to the crop or land only at such time and in such manner and quantities as shall be within the tolerance specified for sugarbeets in such regulation.

4. The Company has the privilege, at various times during the growing and harvesting season, to ascertain the quality of beets grown under this contract, by causing such beets to be sampled and polarized.

5. The Grower may deliver all beets grown, at his own expense, subject to the approval of the Company and as directed by it, to and including October 20, 1970. If adverse climate or other conditions necessitate, the Company may, subject to the approval of the Board of Directors of the Nyssa-Nampa District Beet Growers Association, extend the date of such controlled harvest to and including October 25, 1970. Thereafter, the Grower may deliver, without further notice, at his own expense, all previously unharvested beets, provided, however, that the Company, at its option, may reject any **DISEASED, FROZEN, DAMAGED, OR IMPROPERLY TOPPED BEETS**, as well as beets not suitable for the manufacture of sugar, or which contain less than twelve per cent (12%) sugar, or less than eighty per cent (80%) purity. Any beets not delivered by November 25, 1970, shall be delivered as directed by the Company.

6. All truck bodies used in delivering beets shall be constructed with tight bottoms and tight hinges connecting the side boards with the box or body to prevent the spilling of any dirt when the beets are being unloaded. The weight of the dirt and trash delivered with the beets shall be deducted in the customary manner, and the Company shall exercise reasonable diligence to prevent the commingling of dirt and trash spilled from one load with that from another.

7. The Company will pay for all beets delivered and purchased under this contract at the rate per ton (2000 pounds) set out in the following schedule (subject to Section 9), based on the average sugar content of beets in the Nyssa-Nampa District, as shown by the factory cossette test for such district, and on the average net return per one hundred (100) pounds received by the Company between October 1, 1970, and October 1, 1971, on all sales of sugar produced from beets grown in its Elwyhee and Nyssa-Nampa Districts.

Values for intermediate net returns and sugar contents shall be in proportion. Payment for net returns and sugar contents above or below the foregoing schedule shall be increased or decreased in proportion by using the immediately succeeding or preceding interval as the basis for calculation.

The net return on sugar sold as aforesaid during said period shall be determined by deducting from the gross sales price, all such charges and expenditures as are regularly and customarily deducted from gross sales price of sugar, in accordance with the Company's system of accounting heretofore established, showing net receipts from sugar sold, after deducting also all excise, sales and other taxes either now or hereafter imposed directly or indirectly on or arising out of the possession, holding for sale, sale or shipment of such sugar or on all or any part of the proceeds of such sale. Gross sales price as herein used in determining net return on sugar sold shall be the gross sales price received by the Company beyond which no interest, title or claim in sugar sold is retained by the Company and no profit, compensation or advantage thereon accrues to the Company or its employees. The Company will furnish for inspection of growers a certified statement by a certified public accountant, not connected with the Company, of net receipts from sugar sold in accordance with this contract.

8. The net return shall not be less than 78c above the simple average of daily quotations of New York spot raw prices for the period between October 1, 1970 and October 1, 1971. The limitation of 78c shall be reduced by the amount of any storage charges deducted from the gross sales price of sugar in arriving at the net return. If the net return used to determine the price of beets according to the schedule in paragraph 7 is altered by the application of this provision, the amount of penalty to the Company, representing the difference between the net return realized on sugar sold and the net return determined by the application of this paragraph, shall be limited to the full first 5.0c per cwt. upward adjustment of the net return and one-half of the next 5.0c per cwt. upward adjustment. The application of this provision shall result in a penalty to the Company of no more than a total of 7.5c per cwt. This entire provision of Section 8 shall be null and void if either (1) the average New York raw price is more than 5 percent above the average "target" price (as determined under Section 201 - Sugar Act) for the period, or (2) if at any time during the period government price controls are in effect.

9. Individual grower sugar content tests will be used in the district as the basis for individual grower payments, and the price per ton of beets as calculated in Section 7 above, hereinafter called the district price per ton of beets, shall be modified for each grower according to the following formula:

- The average district cossette test shall be divided by the average of all individual grower sugar contents to arrive at an adjustment factor. The average of all individual grower sugar contents shall be determined by multiplying each grower's average sugar content by his respective tonnage of beets delivered, and by then dividing the total of all such figures for all growers by the total tonnages delivered in the district.
- The adjustment factor shall then be multiplied by each grower's average sugar content to arrive at his adjusted sugar content.
- For each one percent additional sugar content by which a grower's adjusted sugar content exceeds the average district cossette test, that grower shall be paid the district price per ton of beets plus the amount per ton of beets as is determined to be the sugar content value factor in sub-section d. For each one percent lesser content by which a grower's adjusted sugar content is less than the average district cossette test, that grower shall be paid the district price per ton of beets less the amount per ton of beets as is determined to be the sugar content value factor in sub-section d. Fractions of one percent in sugar content shall be calculated in proportion to the one percent values shown in sub-section d.
- The value per ton of beets for each one percent variation between a grower's adjusted sugar content and the average district cossette test shall depend upon the average net return per one hundred (100) pounds in accordance with the following schedule:

\$6.50.....	.80281	\$6.75.....	.83916	\$7.00.....	.87513	\$7.25.....	.91652
7.50.....	.95795	7.75.....	.99939	8.00.....	1.04087	8.25.....	1.08233
8.50.....	1.12382	8.75.....	1.15695	9.00.....	1.19008	9.25.....	1.22321
9.50.....	1.25634						

Values for intermediate net returns shall be determined in proportion within the applicable intervals. Values for net returns above or below the schedule shall be increased or decreased in proportion by using the immediately succeeding or preceding interval as the basis for calculation.

10. An initial payment shall be made on November 15, 1970, for all beets delivered hereunder prior to November 1, 1970, and an initial payment shall be made on December 1, 1970, for all beets delivered during the first 15 days of November, and an initial payment shall be made on December 15, 1970, for all beets delivered after November 15, 1970, and prior to December 1, 1970, and an initial payment shall be made on December 31, 1970, for all beets delivered after November 30, 1970, and through December 19, 1970, and an initial payment shall be made for all beets delivered after December 19, 1970, within a reasonable period after the completion of harvest. The initial payment shall be at the highest rate per ton that the Company may deem to be justified, taking into consideration anticipated returns from the sale of sugar and the sugar content of beets. Further payments will be made by the Company in such amounts and at such times as the Company may deem to be justified by the aforesaid conditions and the quantity of sugar sold. Final settlement for beets delivered hereunder shall be made, in accordance with the terms of this contract, not later than October 25, 1971.

11. Advances by the Company to the Grower, either in seed, money or otherwise, shall constitute part payment for beets grown and delivered under this agreement, and any monies or other obligations payable from the Grower to the Company are and shall become, constitute, and remain a prior lien upon the crop of sugarbeets herein referred to, and shall be deducted from the initial or any subsequent payments to the Grower. If the Grower is a tenant, his check in payment for beets may be made jointly to the landlord and tenant, unless previously thereto the landlord has made proper release in writing to the Company. If the Grower abandons his beet acreage, any advances made by the Company, either in seed, fertilizer or otherwise, shall immediately fall due.

12. The Grower may, at his own expense, have representatives (weighmen, taremen, and chemists) in scale houses, tare room and/or laboratory to inspect weights and work done, such representatives to be experienced in the line of work to be performed and satisfactory to the Company.

13. The Company agrees to give the Grower priority of right in the purchase of pulp, for his own use until December 31, 1970, or until 10 days before end of campaign, whichever comes first.

14. The Grower hereby authorizes the Company to deduct from any monies owing for beets delivered under this contract the sum of three and one-half cents (3½c) per ton as service charges for the year 1970, for the Nyssa-Nampa District Beet Growers Association, or three cents (3c) per ton for the Elwyhee Sugar Beet Growers Association, as may be applicable, and the Company agrees to pay such sums to said Associations unless the Grower notifies the Company in writing at its office between August 1, and August 31, 1970, both dates inclusive, not to make such deduction and payment.

15. No agent of the Company is authorized to make any alterations, erasures, or additions to this printed contract.

16. This agreement shall be binding upon both the Grower, his heirs, legal representatives, successors and assigns, and upon the Company, its successors and assigns, and shall not be transferable by the Grower without the written consent of the Company, its successors and assigns.

17. Fire, strikes, accidents, acts of God and of the public enemy which prevent the Grower from the performance of this contract or the Company from utilizing the beets contracted for in the manufacture of sugar therefrom, shall excuse the respective parties hereto from the performance of this contract, except for repayment to the Company of any advances made by the Company to the Grower, as provided in Section 11 hereof.

18. In the event Congress enacts legislation which is in conflict with any provision herein, such provision shall be null and void and all other provisions of this agreement shall remain in full force and effect. In such event, the affected provision may be reopened for negotiation upon the written request of either party.

19. The parties to this agreement agree to comply with the applicable provision of Title VII (Equal Employment Opportunity) of the Civil Rights Act of 1964.

Kuna, Idaho 83634

Dear Mr. Wolske:

It appearing to the Department of Water Administration that the terms and conditions of Permit 29333/63-3221 to appropriate the public waters of the State of Idaho have not been complied with as to failure to submit adequate proof of beneficial use of water,

you are hereby notified that under the provisions of Section 42-311, Idaho Code, as amended, said permit is hereby held for cancellation, and you are required to show cause before the Director of the Department of Water Administration on or before October 10, 1972, why said permit should not be cancelled.

Permit 29333/63-3221 claims the use of 6.4 cubic feet per second of water from a ground water source, the point of diversion was to be located within the NE¹NE¹, Sec. 35, Twp. 2N, Rge. 1E, B.M. and the permit was approved January 30, 1961.

ORDER OF CANCELLATION

WHEREAS, the permit holder has failed to submit adequate proof of beneficial
use of water ; and,

WHEREAS, on August 31, 1972, notice was sent to the holder of said permit
to appear before the Director of the Department of Water Administration on or before
October 10, 1972, to show cause why said permit should not be cancelled; and,

WHEREAS, the holder of said permit has failed to comply with the requirements of
said permit and has not shown adequate cause why such permit should not be cancelled;

IT IS THEREFORE ORDERED and Permit 29333/63-3221 is hereby CANCELLED.

Dated this 24 day of October, 19 72.

Re: Permits No. 63-3221 & 63-7982

Dear Mr. & Mrs. Wolske:

A representative of this Department has made an examination of the works covered by the above referenced permits and has found the following:

63-3221 Quantity of water diverted: 2.94 cfs Source: ground water
Amount of water that can be recognized as beneficially used under Idaho law: 2.94 cfs
The maximum quantity diverted shall not exceed 729 acre feet, or 4.5 af per acre, per year.
Point of diversion: NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 26, Twp. 2 N, Rge. 1 E, B.M.
Beneficial use: Irrigation of 162 acres within the SW $\frac{1}{4}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 26; NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 35; Twp. 2 N, Rge. 1 E, B.M.
Priority date established: January 19, 1961

63-7982 Quantity of water diverted: 1.56 cfs Source: ground water
Amount of water that can be recognized as beneficially used under Idaho law: 0.55 cfs
The maximum quantity diverted shall not exceed 232 acre feet, or *4.5 af per acre, per year.
Point of diversion: SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 34, Twp. 2 N, Rge. 1 E, B.M.
Beneficial use: Irrigation of 109 acres within the SW $\frac{1}{4}$, Sec. 34, Twp. 2 N, Rge. 1 E, B.M.
Priority date established: May 16, 1974
* Subject to the condition that the maximum volume per year shall not exceed 4.5 af per acre when combined with License No. 27844/63-3150.

If you do not concur with these findings please contact us within 10 days, otherwise water licenses will be issued as set forth above.

Sincerely,

BOBBY D. FLEENOR

The Idaho Statesman
Box 2640
Boise, Idaho

Gentlemen:

Enclosed is a legal notice which we wish to have published for two consecutive weekly issues of your newspaper. We have inserted the publication dates, allowing ample time for you to submit to us a galley proof for our review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you cannot publish the notice on the proposed dates, please contact the Department of Water Administration immediately.

The expense of the publication is to be paid by Fred H. Wolske, Route #2,
Kuna, Idaho, to whom you should furnish
an affidavit of publication.

Very truly yours,

Donald W. McEldowney
Appropriation Supervisor

Re: Permit No. G-29333/63-3221

Mr. Fred H. Wolske
Route #2
Kuna, Idaho 83634

Dear Mr. Wolske:

We acknowledge receipt of the affidavit of beneficial use submitted in connection with the above referenced permit. Please find enclosed a copy of the APPROVED application for amendment and an Order of Reinstatement for permit no. G-29333/63-3221. Please note on the Order of Reinstatement that it has been granted with no loss of priority.

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed Modification Order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a newspaper as prescribed by the Department; previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit. We have enclosed a copy of this notice. If you will complete this form and return it to this office, we will cause the notice to be published.

Should you require additional forms or information, we will be glad to supply them upon request at any time.

Very truly yours,

Donald W. McEldowney
Appropriation Supervisor

DECISION

FEB 29 1969

Fred H. Wolske

:

Desert Land Entry

EXTENSION OF TIME GRANTED

On January 16, 1968, the above-named entryman applied for another extension of time within which to make final proof on desert land entry, Idaho 011553.

The request has been regularly examined and considered, and the reasons given therefor appear to be adequate to justify an extension of time.

Pursuant to the Act of April 30, 1912 (37 Stat. 106; 43 U.S.C. 334), an extension of time of one year from the date final proof would have been due is hereby granted. Final proof will, therefore be due on January 22, 1969. Further request for an extension will be denied if the basis for such a request still related to the completion of the well.

Eugene E. Babin
Acting Manager, Land Office

March 6, 1968

Re: Permit No. G-29333

Fred H. Wolske
Route 2
Kuna, Idaho 83634

Dear Mr. Wolske:

It appearing to the State Reclamation Engineer that the terms and conditions of Permit G-29333 to appropriate the public waters of the State of Idaho, have not been complied with as to failure to submit proof of completion of works and beneficial use of water due January 22, 1968,

you are hereby notified that under the provisions of Section 42-311, Idaho Code, as amended, said permit is hereby held for cancellation, and you are required to show cause before the State Reclamation Engineer on or before April 8, 1968, why said permit should not be cancelled.

Permit G-29333 claims the use of 6.4 c.f.s. of water. The point of diversion was to be located NE1/4, Sec. 35, T. 2 N, R. 1 E, B.M., Ada County,

and the permit was approved January 30, 1961.

State Reclamation Engineer

Re: Permit No. G-29333

November 1, 1967

Bred H. Wolske
Route 2
Kuna, Idaho

Dear Mr. Wolske:

Proof of completion of works and application of water to beneficial use for the above referenced permit is due not later than January 30, 1968.

Under the terms of your permit, it is required that a notice be published once a week for four consecutive weeks in a local newspaper showing your intent to submit proof. The proof will consist of depositions which the permit holder and two disinterested witnesses must complete before the listed notary public, and must be accompanied by an affidavit of publication of the legal notice.

We have prepared the enclosed notice from the information on your permit. The complete name and address of a notary public of the State of Idaho must be entered together with a date for you to appear before the notary. Allow at least 40 days from the date the notice is mailed to this department for your appearance before the notary.

If you find any discrepancy in the notice or have made any changes, please advise this department and we will assist you in doing whatever may be necessary to assure correct publication.

If the enclosed notice is correct, complete the blank spaces and sign the form authorizing us to publish the notice at your expense and return all forms. At the time we send the notice to the newspaper, you will be supplied with further instructions.

If you do not desire to complete the proofs and obtain a license of water right, you are requested to complete the relinquishment portion of this form below and return it to the Department of Reclamation.

State Reclamation Engineer

RELINQUISHMENT

STATE OF IDAHO
DEPARTMENT OF RECLAMATION

Boise, Idaho
Nov. 1, 1966

Re: Permit No. G - 29333

Mr. Fred H. Wolske
Route #2
Kuna, Idaho

Dear Mr. Wolske:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 29333 are due not later than Jan. 30, 1966

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

Carl E. Tappan
