RE: Permit No. G-28863

W. K. Adams
1307 S 11th Avenue
Caldwell, Idaho

Dear Mr. Adams:

Our field examiner's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-28863 shows the well ~~is~~ is ~~capable~~ capable of conveying ³⁴ miner's inches, or 0.68 c.f.s. However, due to the limitations of your permit, we can only allow the amount of water originally requested, the amount of water actually used beneficially, or 1 (one) miner's inch per irrigated acre.

Upon receipt of the statutory fees, totaling \$ 9.00 , we will issue the Certificate of Completion of Works for 0.68 c.f.s. and the License and Certificate of Water Right for 0.68 c.f.s. confirming the right, with priority of July 28, 1960 , to the use of subterranean water with the point of diversion in the SW~~1/4~~ Sec. 8 for irrigation of ³⁴ acres in the W~~1/4~~ Sec. 8, T. 3 N., R. 3 W., b.M.

Caldwell, Idaho.

Dear Mr. Dearborn:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. **G-28863**, in the name of **W. E. Adams**. Final Proof is to be made before you, as Notary on the **28th** day of **July**, 19**65**, at **2:00** o'clock **P.M.**, at **9th & Dearborn Sts., Caldwell**, Idaho.

As of this date, we have mailed the Notice to the **News-Tribune Caldwell, Idaho**, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Very truly yours,

Gentlemen:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G-28863 are due not later than **July 15, 1965**

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

Carl Z. Dwyer

Dear Mr. Boyd:

Returned herewith is the application for permit with the attached check you submitted.

From the location of Section 8 it appears that the north direction shown on the pencil sketch and the regular map forms should be south, and that the point of diversion is probably in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 8. The land to be irrigated should be shown on the maps.

The fee for 1.6 cubic feet per second is \$5.25.

Kindly correct and return with the proper fee.
