

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 36805
Permit No. G- 28822
District No.

1. Name of Applicant: Salt Lake Pipe Line Company, P.N. Johnson, President
Postoffice address: Box 117, Salt Lake City County: Salt Lake State: Utah
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second 0.56 or Idaho
Miners' inches or gallons per minute 250 gpm
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: Subterranean water
4. Location of point of diversion or well is in the SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 8
Twp. 3 N , Rge. 2 E , B.M., County of Ada
5. Water is to be used for: Fire Protection
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 8 , Twp. 3 N
Rge. 2 E , B.M.
 - (b) Waste water ~~or sewage effluent~~ is to be returned to drain ditch
at a point in the SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 8 , Twp. 3 N , Rge. 2E , B.M.
7. Kind of works: Well, pump, pressure tank, steel pipe water lines
8. Estimated cost of works: \$ 26,000
9. (a) Is reservoir to be used? none
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is 5 years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation: May 23, 1947 - State of Nevada
 - (b) Amount of capital stock: \$ 4,010,000 (c) Amount paid in: \$ 4,010,000
 - (d) Names and addresses of directors: P. N. Johnson, P.O. Box 117, Salt Lake City, 10, Utah
C.V. Baxter " " " "
 - J. T. Brewster " " " "
 - II. The financial resources of the applicant are (a) Cash on hand: \$ 3,802,000 as of 12-31-59 " "
 - (b) Treasury stock: (c) Bonds to be issued:
 - (d) Other resources: Total net assets (excluding cash) less liabilities and long term debt,
\$1,423,000 as of 12-31-59
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: none
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

PROOF OF PUBLICATION

State of Idaho,
County of Ada

ss.

I, Genev Albrethsen, being first duly sworn, depose and say, that I am over twenty-one years of age, and Chief Clerk of MERIDIAN NEWS-TIMES, a weekly newspaper of general circulation, published at Meridian, County of Ada, State of Idaho, and that the annexed notice was published in said paper once each week for 4 consecutive weeks, the first publication being on the 3 day of June, 1965, and the last publication being on the 24 day of June, 1965.

That said notice was published in the newspaper proper and not in a supplement. That said newspaper had been continuously and uninterruptedly published in said county for a period of 78 consecutive weeks prior to the first publication of this notice, and is a newspaper within the meaning of the Idaho statutes.

Genev Albrethsen
Chief Clerk

Subscribed and sworn to before me this 24 day of June, 1965.

R. S. Mahs
Notary Public in and for Idaho

Residence or Postoffice Address Meridian, Idaho.

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 2 o'clock P.M., on the 12th day of July, 1965, at Room 311 First Security Building, 907 Idaho Street in Boise, County of Ada, State of Idaho, before Jean Wasserman, Notary Public, at Room 311 First Security Building, 907 Idaho Street in Boise, Idaho, proof will be submitted of the completion of works for the diversion of 0.56 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-28822, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Salt Lake Pipe Line Company, P. O. Box 117, Salt Lake City, Utah.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 0.56 cubic feet per second.

3. The use to which said water has been applied is fire protection purposes, and the amount applied to beneficial use is 0.56 cubic feet per second.

4. The point of diversion of said water is SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 8, T. 3 N., R. 2 E., Boise Meridian.

5. The place where said water is used is SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 8, T. 3 N., R. 2 E., Boise Meridian.

6. The date of priority which said user is prepared to establish is June 24, 1960.

CARL E. TAPPAN
State Reclamation Engineer

RE: Water Rights Within Contaminated Area

Dear Mr. Harman:

Upon receiving the map from you we researched water rights within the contaminated area. Enclosed please find copies of the three water rights that appear to represent groundwater diversions within the area.

Note that the two licenses represent diversions that have been measured and verified as to location. One of the licenses is in the name of the Salt Lake Pipe Line Company, which may have preceeded Chevron in developing the tank farm

The permit, in the name of Independent School District of Boise City, allows development of the groundwater system until September 1, 1985. The well may or may not be drilled for this permit at this time.

Please be advised that wells that are used for single household domestic purposes are not required to be filed with the State. Also, until March 25, 1963, a water right could be developed from groundwater by diversion and beneficial use. There is a chance that wells of these types could exist within the contaminated area.

I hope that this information will be of assistance in your attempts to mitigate the leakage problem. Please advise this office if we can assist you further.

Sincerely,

DAVID R. TUTHILL, JR., P. E.
Supervisor, Water Allocation Section

4. Describe works as they exist, giving dimensions and capacities of same: 15 HP US Motor # 1120227, Worthington Turbin Pump # T1550591 (Size - 6-GFE4) 4" discharge to a 4" check valve and Gate Valve to a 560 Gal pressure Tank with electric differential Control switch, 4" Gate Valve at tank to 4" main line and 17 Fire Hydrants for 2 1/2" and 1" fire hoses

5. Water is used for: Fire Protection

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

PLACE OF USE: Salt Lake Sec. 8., Twp. 3 N., Rge. 2 E.B.M.

The total storage is 550,000 bbls. (42 gal. = 1 bbl)

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks: Mr. Art Wickham Foreman along

This system can be used with the domestic water system in case of emergency

Measurement from Pump curve 250 GPM @ ~~60~~ 115.1 PSI

This examination was made on the 26th day of October, 1965

(Signed) Larry Johnson Examiner.

28822

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Re: Permit No. G-28822

A. K. Wickham, Division Foreman
Salt Lake Pipe Line Company
201 North Phillippi Street
Boise, Idaho

Dear Mr. Wickham:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the MERIDIAN NEWS-TIMES, all submitted in proof of completion of works and beneficial use on Permit No. G-28822.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

CARL E. TAPPAN
State Reclamation Engineer

PROOF OF APPLICATION OF WATER TO BENEFICIAL USE
AND COMPLETION OF WORKS

DEPOSITION OF HOLDER

Ques. 1. State your name, residence, occupation and postoffice address:

Answer: My name is A. K. WICKHAM; my residence address is 7003 Ashland Drive, Boise, Idaho; my occupation is Division Foreman for Salt Lake Pipe Line Company, whose postoffice address is 201 North Phillippi Street, Boise, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if foreign corporation, give name of post-office of statutory agent) and your position with reference to same:

Answer: The name of the corporation is SALT LAKE PIPE LINE COMPANY; the principal place of business of the corporation is Salt Lake City, Utah; the statutory agent of the corporation is T. H. Eberle or W. C. Roden, whose post office address is 711½ Bannock Street, Boise, Idaho; my position with reference to the same is Division Foreman.

Ques. 3. State number, approval date of permit, and date of priority:

Answer: The number of the Permit is G 28822, the approval date of the permit is June 30, 1960, and the date of priority is June 24, 1960.

Ques. 4. State source of water supply. Give location of point of diversion, showing subdivision, section, township and range:

Answer: The source of water supply is subterranean water. The location of point of diversion is SW¼SW¼, Section 8, Township 3' North, Range 2 E.B.M., Ada County, Idaho.

Ques. 5. Describe your works of diversion:

Answer: A well 230 feet in depth, a turbine pump installed on that well pumping water into a 560 gallon pressure tank, a series of underground pipelines connecting that pressure tank to 17 one inch and two and one-half inch fire hydrants located at various pertinent locations upon the property described in the Answer to Question No. 7.

28822

Question 5 (cont.)

State amount of water they are capable of conveying from point of diversion to place of use:

Answer: 0.56 cubic feet per second (250 gallons per minute)

Give name of canal or ditch or other works by which water is conducted to such place of use:

Answer: Water is conducted to fire hydrants through the pipelines above mentioned.

If a well, state depth of well:

Answer: The well is 230 feet deep.

Depth and size of casing:

Answer: The casing is 222 feet 7 inches deep; the size of the casing 12 3/4" O.D. x 3/8" wall thickness.

Depth to water:

Answer: Depth to water is 15 feet at static condition.

If pump is used, state discharge of pump:

Answer: Pump is used to discharge 250 gallons of water per minute.

Tell how it was measured or determined:

Answer: This figure was determined by measuring the lbs. per sq. ft. in the discharge pump plus suction level of the pump and calculating the gallons per minute from the pump curve No. 111557.

If sprinkler irrigation, give number and size of nozzles and operating pressure:

Answer: There are 17 fire hydrants operating at 150 lbs. pressure.

Ques. 6. State for what purpose water is used:

Answer: The water is used for a fire protection system. A connection has been provided in order that water from the well can be diverted to the culinary water system normally using Boise Water Corporation water by reason of the fact that several fire hydrants on the property described in the Answer to Question No. 7 are designed to use Boise Water Corporation water for fire protection purposes and in the case of an emergency, should Boise Water Corporation water not be available for those purposes, through that connection the water from the well can be used through those hydrants.

Ques. 6 (cont.). State nature of all improvements which have been made as a direct result of said use:

Answer: Turbine pump installed on the well, 560 gallon pressure tank, underground water lines connecting the pressure tank to 17 fire hydrants.

Ques. 6-a: If this is a ground water permit, give name and address of person that drilled the well:

Answer: Henry L. Johnson, residing at 2211 N. 26th Street, Boise, Idaho, drilled the well.

Ques. 7. If for other than irrigation purposes, show full legal description of place of use and state purpose for which water is used:

Answer: That portion of Block 12 in Scott's Third Subdivision in Ada County, Idaho, according to the plat thereof filed in Book 2 of Plats at page 58, Records of said county, lying southeasterly from the right-of-way of Oregon Shortline Railroad Company. The water is used as a supply for the fire protection system located on said property.

Ques. 8. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder:

Answer: The permit was originally issued to Salt Lake Pipe Line Company.

Ques. 9. State when and in what amount the water diverted under above mentioned permit has been first used:

Answer: July 10, 1958; 0.56 cubic feet per second (250 gallons per minute)

Time used since first use:

Answer: Since that date the water has at all times been used in supplying the fire protection system. The water has actually flowed only when testing and flushing the system every three months. Testing consists of flushing each hydrant at the maximum capacity of the pump (250 gallons per minute) for approximately a 15 minute interval.

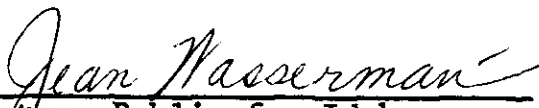

Ques. 10. Describe all other water rights appurtenant to same place of use:

Answer: Boise Water Corporation water is used for domestic and culinary uses, for sprinkling and to supply several fire hydrants on the property described in the Answer to Question No. 7.

PROOF OF APPLICATION OF WATER TO BENEFICIAL USE

DEPOSITION OF WITNESS

The deposition of two witnesses on this form, taken separately, required in each case.

Ques. 1 State your name, age, residence, occupation and postoffice address: Name: Orville L. Clark; age: 37 years; residence: 7820 Preece St., Boise, Idaho;

occupation: Terminal Manager of Beeline Refining Company; Postoffice address: 70 N. Phillippi Street, Boise, Idaho.

Ques. 2 Are you acquainted with Salt Lake Pipe Line Company, the holder of the holder

Permit No. G 28822? How long have you known ~~him~~ and where ~~does he reside?~~ is its pump station? I have known the holder since July 15, 1954. Its pump station is on Block 12 in Scott's Third Subdivision in Ada County, Idaho.

Ques. 3. Have you read or heard said Permit No. G 28822 read, and are you familiar with its provisions and conditions: Yes x No.

Ques. 4. State source of water supply: Subterranean water

Give location of place of diversion, showing subdivision, section, township and range
SW $\frac{1}{2}$ SW $\frac{1}{2}$, Section 8, Township 3 North, Range 2 E.B.M., Ada County, Idaho.

Describe works for conveying water to place of use: Well 230 feet in depth in which is installed a turbine pump by which water is pumped into a 560 gallon pressure tank and conveyed by that tank through underground water lines to fire hydrants.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use: 0.56 cu. ft. per second How much water have you seen being so

conveyed? At the time of testing the well I have seen water conveyed through those works, which I believe to have been the quantity above stated and I know that the pipelines to the fire hydrants have at all times been connected with the pump on the well & are capable of carrying that quantity of water.

Ques. 6 If for irrigation, show number of acres irrigated in each subdivision, giving full legal description:

Not for irrigation

28822

Ques. 7. If for other than irrigation purposes, show full legal description of place of use, and state purpose for which water is used. That portion of Block 12 in Scott's Third Subdivision in Ada County, Idaho, according to the plat thereof filed in Book 2 of Plats at page 58, records of said county, lying southeasterly from the right-of-way of Oregon Shortline Railroad Company. The water is used as a supply of water for the fire protection system located on said property.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Not for irrigation

Ques. 9. Have you any ownership interest in the works, water or lands above mentioned?

If so, in what way and to what extent? No

Ques. 10. When did you first see this water used? July 10, 1958

Other times you have seen such use: I know that consistently since July 10, 1958 the water has been used in the fire protection system through underground pipelines connecting the pressure tank with fire hydrants.

NOTICE OF PROOF OF COMPLETION OF WORKS

RECEIVED 10/1/63
MAY 27 1965

and
APPLICATION OF WATER TO BENEFICIAL USE

Department of Reclamation

Notice is hereby given that at 2 o'clock P. M., on the 12th day of July, 1965, at Room 311 First Security Building, 907 Idaho Street in Boise, County of Ada, State of Idaho, before Jean Wasserman, Notary Public, at (~~address~~) Room 311 First Security Building, 907 Idaho Street in Boise, Idaho, proof will be submitted of the completion of works for the diversion of 0.56 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-28822, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Salt Lake Pipe Line Company, P. O. Box 117, Salt Lake City, Utah

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 0.56 cubic feet per second.

3. The use to which said water has been applied is fire protection, purposes, and the amount applied to beneficial use is 0.56 cubic feet per second.

4. The point of diversion of said water is SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 8 T. 3 N., R. 2 E., Boise Meridian

5. The place where said water is used is SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 8 T. 3 N., R. 2 E., Boise Meridian

6. The date of priority which said user is prepared to establish is June 24, 1960.

May 27, 1965

Mr. Robert I. Troxell,
Attorney at Law,
P. O. Box 1617,
Boise, Idaho.

Dear Mr. Troxell:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. **G-28822**, in the name of **Salt Lake Pipe Line Company**, as Notary on the 12th day of July, 19 65, at 2:00 o'clock P.M., at Room 311, First Security Bank Bldg, Boise, Idaho. **Jean Wasserman**

As of this date, we have mailed the Notice to the **Meridian News-Times**, **Meridian, Idaho**, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Very truly yours,

CARL E. TAPPAN

Re: Permit No. G- 28822

April 1, 1965

Salt Lake Pipe Line Company
P. M. Johnson, President
P. O. Box 117
Salt Lake City, Utah

Gentlemen:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 28822 are due not later than June 30, 1965

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

Carl E. Tipton

State Reclamation Engineer

Re: Permit No. G-28822

Mr. P. N. Johnson, President,
Salt Lake Pipe Line Company,
Box 117,
Salt Lake City, Utah.

Attention: C. V. Baxter

Dear Mr. Johnson:

We enclose Permit No. G-28822 in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

We also enclose Departmental Receipt No. G-4949 which was issued covering payment in the amount of \$5.00 for the filing fee of the above mentioned permit.

You will note, under Question 10, that we have changed the required time for completion of works and complete application of the water to the proposed use to five years. However, you may make the required proofs at any time you are prepared to do so within that time.

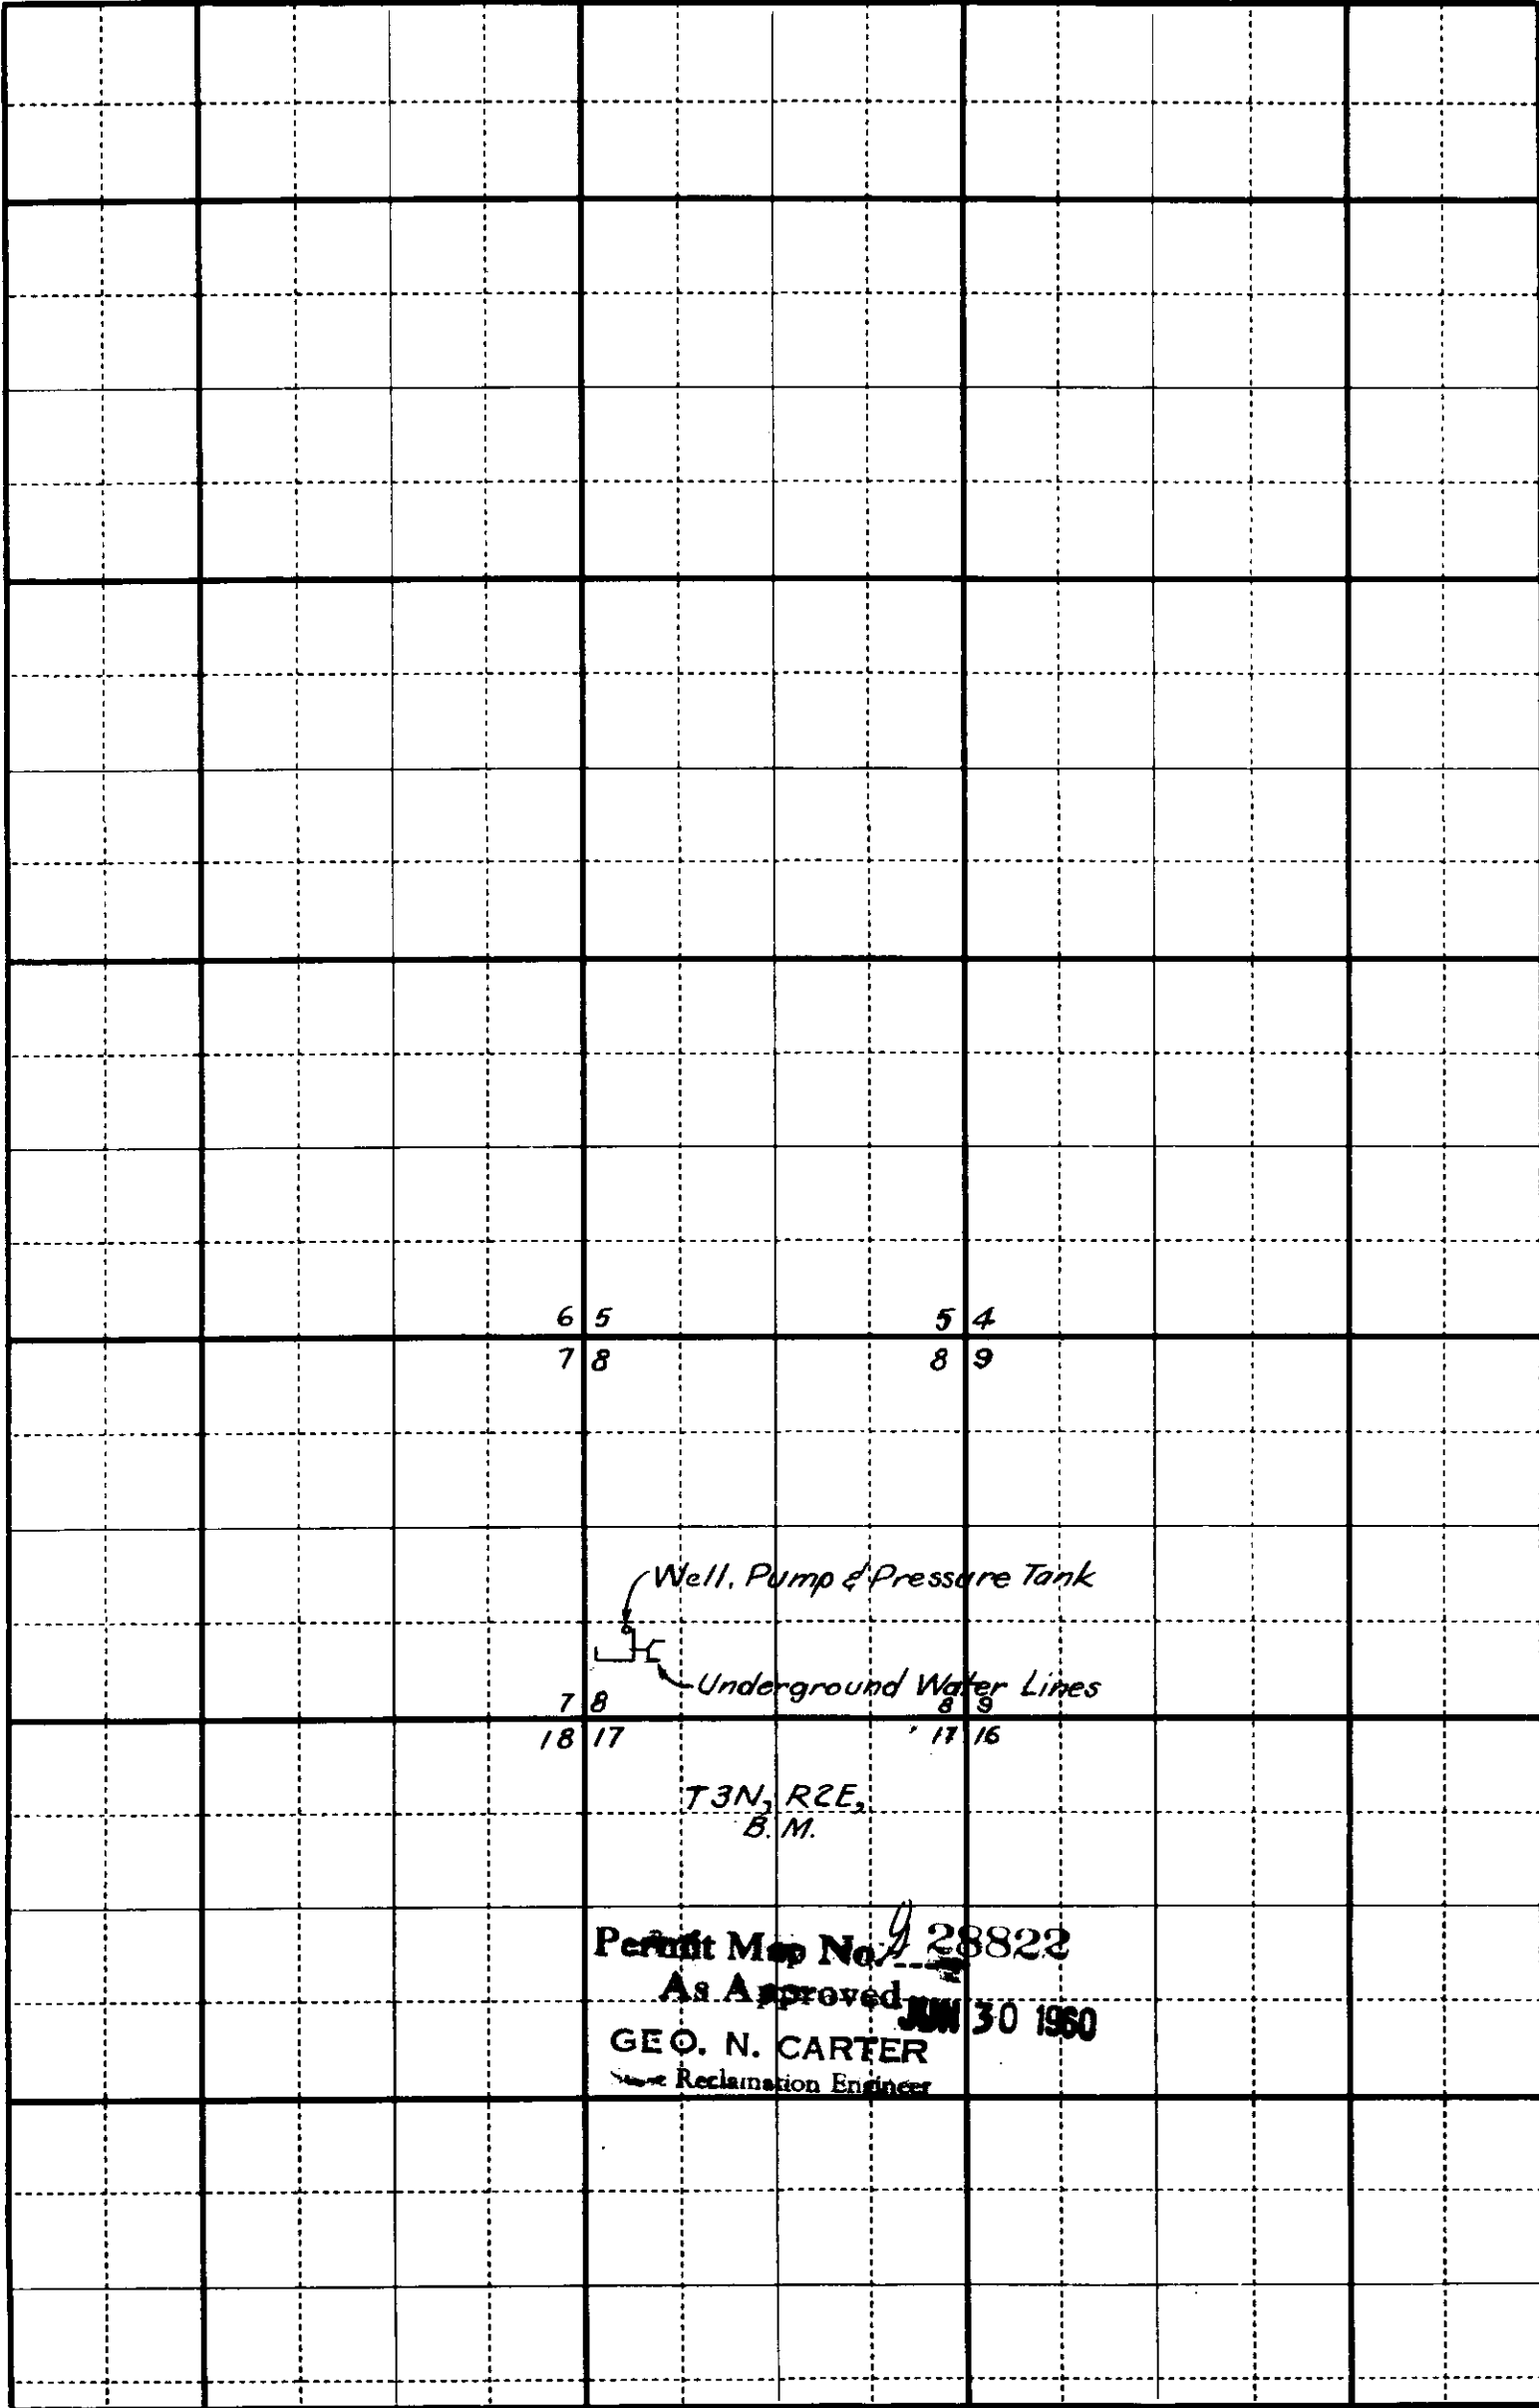

Very truly yours,

Boise, Idaho

Gentlemen:

Attached herewith is Application for Permit to appropriate subterranean water (Form No. 3) and 2 copies of Location Map (Form O), accompanied by a check of \$5.00 for filing fee.

The appropriation of water is required for a fire protection system serving jointly the Salt Lake Pipe Line Company Boise Pump Station and Standard Oil Company of California, Marketing Department Terminal, both located in the block bounded by Phillipi, Cedar, Citrus and Bethel Streets, adjacent to the City of Boise, Idaho. The well was drilled in July, 1958 and connecting system and appurtenances installed immediately thereafter.

Yours very truly,

C. V. Baxter
