PROOF OF BENEFICIAL USE

"Upper Meadow"
Reservoir
RECEIVED

FEB 23 2001

The Idaho Department of Water Resources considers this form a statement that the permit holder(s) has/have completed all development that will occur under this permit and that water has been applied according to the provisions of the permit for the beneficial use(s) described below. This form must be accompanied by a license examination fee, when necessary, or be accompanied by a completed field examination report prepared by a certified water right examiner.

1. Permit No. 37-08922 Telephone No. (208) 886-2206
2. Name of Permit Holder(s): USDI, Bureau of Land Management
3. Mailing Address: P.O. Box 2-B, 400 West F Street
City Shoshone State ID Zip 83352
4. Source of Water: Thorn Creek If GROUNDWATER (well), Date Drilled: mo. _____ / yr. _____
a. Well Driller: _____ Drilling Permit Number: _____ - _____ - _____ - _____
5. Use(s) (as authorized by the water right permit):
Domestic (No. of households): _____ Stockwater (No. and type of stock): _____
Irrigation (No. of acres): _____ Other: _____
6. Total rate of diversion and/or volume for which proof is submitted: _____ cfs OR 5.6 acre feet
7. Measuring Device Requirement: (refer to the approval conditions on your permit and respond accordingly)
(This question is not optional. Please check either yes or no. Proofs returned not checked accordingly, will be considered incomplete)
Measuring Device: Is a measuring device required? Yes _____ or No X
Has the measuring device been installed? Yes _____ or No X
8. Fee Enclosed: \$ 50.00 (See Fee Schedule on back of the instructions for filing proof of beneficial use)
9. Person to contact to accompany the Department representative during field examination of the water system.
Name: Floyd P. DeWitt (BLM employee) Telephone Number: (208) 886-2206
Address: Same as Item 3. above
10. The information given on this form is my true statement of the extent to which the above numbered permit has been developed and water has been diverted. I agree to relinquish any undeveloped portion of the permit to the State of Idaho. The two accompanying photos show the reservoir "as built," holding water, and providing habitat.

Signature of permit holder: Dan A. Kover for Field Manager

Date: Aug 30, 2000

Permit to Appropriate Water

NO. 37-08922

Priority: 09/01/2000

Maximum Diversion Volume: 5.6 AF

This is to certify, that US DEPT OF INTERIOR
BUREAU OF LAND MANAGEMENT
400 W F ST
PO BOX 2B
SHOSHONE ID 83352

has applied for a permit to appropriate water from:

Source: THORN CREEK

Tributary: BIG WOOD RIVER

and a permit is APPROVED for development of water as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>ANNUAL VOLUME</u>
STOCKWATER STORAGE	01/01 to 12/31	5.6 AF
WILDLIFE STORAGE	01/01 to 12/31	5.6 AF

LOCATION OF POINT(S) OF DIVERSION:

THORN CREEK SE 1/4 NE 1/4 NW 1/4 Sec. 29, Twp 02S, Rge 16E, B.M. CAMAS County

PLACE OF USE: STOCKWATER STORAGE

Twp	Rge	Sec	NE	NW	SW	SE	Totals
02S	16E	29	X				

PLACE OF USE: WILDLIFE STORAGE, same as Stockwater Storage

CONDITIONS OF APPROVAL

1. Proof of application of water to beneficial use shall be submitted on or before December 1, 2002.
2. Subject to all prior water rights.
3. Use of water under this water right will be regulated by the watermaster of State Water District No. 37.
4. This right, when considered with all other rights common to the same grazing allotment, is limited to the quantity of water beneficially used by the number of stock within the allotment.
5. Stockwater storage is for 3,100 range cattle and 1,000 sheep.
6. This development is known as Upper Meadow Reservoir.

This permit is issued pursuant to the provisions of Section 42-204, Idaho Code. Witness the signature of the Director, affixed at Boise, this 30th day of November, 2001.

APPLICATION FOR PERMIT

To appropriate the public waters of the State of Idaho

Named by BLM,
"Upper Meadow
Reservoir"

1. Name of Applicant USDI, Bureau of Land Management Phone (208) 886-2206
Post Office address P.O. Box 2-B, 400 West F Street, Shoshone, ID 83352

2. Source of water supply Thorn Creek which is a tributary of Big Wood River

3. Location of point of diversion is SE 1/4 of NE 1/4 of NW 1/4, Govt. Lot 0
Sec. 29 Township 02S Range 16E B.M. Camas County; additional points of diversion if any: None

4. Water will be used for the following purposes:

Amount 5.6 AcF for Stockwater Storage purposes from 01/01 to 12/31 (both dates inclusive)
(cfs or acre-feet per annum)
Amount 5.6 AcF for Stockwater from Storage purposes from 01/01 to 12/31 (both dates inclusive)
(cfs or acre-feet per annum)
Amount 5.6 AcF for Wildlife Storage purposes from 01/01 to 12/31 (both dates inclusive)
(cfs or acre-feet per annum)
Amount 5.6 AcF for Wildlife from Storage purposes from 01/01 to 12/31 (both dates inclusive)
(cfs or acre-feet per annum) ^{J.P.D. 10/26/00}

5. Total quantity to be appropriated is (a) _____ and/or (b) 5.6 AcF
cubic feet per second acre feet per annum

6. Proposed diverting works:

a. Description of ditches, flumes, pumps, headgates, etc. Pit-type reservoir with an earthen dam of 8-feet height, with long low-gradient spillway. See 8.e. below.

b. Height of storage dam Eight feet; active reservoir capacity _____ acre-feet; total reservoir capacity 5.6 AcF acre-feet; period of year when water will be diverted to storage: _____ to _____ inclusive.

c. Proposed well diameter is _____ inches; proposed depth of well is _____ feet.

d. Is ground water with a temperature of greater than 85°F being sought? _____

e. If well is already drilled, when? _____; Drilling firm _____
Well was drilled for (well owner) _____

7. Time required for completion of works and application of water to proposed beneficial use is 0 years (minimum 1 year)

8. Description of proposed uses (if irrigation only, go to item 9):

a. Hydropower; show total feet of head and proposed capacity if KW. _____

b. Stockwatering; list number and kind of livestock. 3,100 Range Cattle and 1,000 Range Sheep.

c. Municipal; show name of municipality. _____

d. Domestic; show number of households. _____

e. Other; describe fully. Wildlife in varying amounts. This reservoir was originally constructed as a sediment trap following the destructive "Thorn Creek Fire" started by an arsonist. Since that time (early 1990s) the reservoir has become a haven for migrating waterfowl and a source of water for all kinds of wildlife and permitted livestock.

9. Description of place of use:

- a. If water is for irrigation, indicate acreage in each subdivision in the tabulation below.
- b. If water is used for other purposes, place a symbol of the use (example: D for Domestic) in the corresponding place of use below. See instructions for standard symbols.

TWP	RGE	SEC	N E				N W				S W				S E				TOTALS
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	
02S	16E	29					S												
02S	16E	29					W												

Total number of acres to be irrigated 0

10. Describe any other water rights used for the same purposes as described above. None

11. a. Who owns the property at the point of diversion? Bureau of Land Management
- b. Who owns the land to be irrigated or place of use? Bureau of Land Management
- c. If the property is owned by a person other than the applicant, describe the arrangement enable the applicant to make this filing: Does Not Apply

12. Remarks: The upper meadow of Thorn Creek was included in the properties acquired by BLM in a land exchange. Active down-cutting and headcutting of the meadow had occurred because of excessive and ill-timed grazing. The structure prevented this and riparian restoration is occurring.

13. MAP OF PROPOSED PROJECT ATTACHED X Show clearly the proposed point of diversion, place of use, section number, township and range number.

PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 37-08922, 37-08925 & 37-08927

Dear Permit Holder:

The department acknowledges receipt of the proofs of beneficial use forms submitted for the above referenced permits. The next step in the process of developing a water right is for the department to contact you to schedule a field examination to determine and confirm the use being made of the water, and that it meets the permitted beneficial use.

Be advised that Section 42-248, Idaho Code, requires you or the owner of these water rights to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions, please contact the **Southern** Regional Office of the department in Twin Falls at (208) 736-3033.

Sincerely,

Deborah J. Gibson

RE: Permit No. 37-8922

Permit Approval Notice

Dear Permit Holder:

The Department of Water Resources has issued the enclosed permit authorizing you to establish a new water right. Please be sure to thoroughly review the conditions of approval and remarks listed on your permit.

The permit is a PRELIMINARY ORDER issued by the Department pursuant to Section 67-5243, Idaho Code. It can and will become a final order without further action by the Department unless a party petitions for reconsideration or files an exception and/or brief within fourteen (14) days of the service date as described in the enclosed information sheet.

Enclosed is a form entitled 'Instructions for Proof of Beneficial Use.' Please read the instructions carefully since you must take further action to develop this permit into a licensed water right. Also enclosed is a form entitled 'Proof of Beneficial Use.' If your project is already completed, you should complete and submit this form immediately.

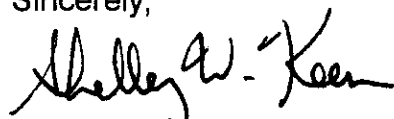

Please note that a separate stream channel alteration permit must be obtained from the Department prior to any activity in the stream channel other than construction or maintenance of the diversion structure for your water right(s). Applications for stream channel alteration permits must be filed a least sixty days prior to the commencement of work in the stream.

Also, please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

**EXPLANATORY INFORMATION
TO ACCOMPANY A
PRELIMINARY ORDER**

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources (department) unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the department or the Idaho Water Resource Board (Board) is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

MICROFILMED

JAN 03 2002

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Re: Applications for Permit No. 37-08922, 37-08925 and 37-08927 in the name of BLM (Camas and Gooding Counties)

Dear Sharla:

We have completed our field investigations of the earthen dams and drainages associated with the above referenced water right applications. We have determined that the section of the drainage that the structures are on do not provide suitable fish rearing or spawning habitat. We therefore have no problem with the issuance of these three water right permits to the Bureau of Land Management without further mitigation.

Please contact Chuck Warren, Regional Environmental Staff Biologist, at this office if you have any questions. Thank you for your assistance in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "David Parrish".

Re: Applications for Permit No. 37-08918 Through 37-08943 in the name of BLM (Camas, Elmore, Gooding and Blaine Counties)

Dear Sharla:

I am writing this letter as an update to our original request that fish passage be provided for all of the dams and diversions that the BLM has applied water rights for. We are revising our original request as a result of our staff's inspections of the photographs and descriptions provided by the BLM in their applications. Based on the inspections we do not believe that it is necessary for the BLM to modify the existing structures referenced to in the following application numbers:

#37-08918 through #37-08921

#37-08923 through #37-08924

#37-08926

#37-08928 through #37-08943

We therefore have no problem with the issuance of water right permits to the BLM for the above listed applications. We do request withholding water right permits for the following dams referenced by the application number until further investigation is done to determine if fish passage is needed:

#37-08922

#37-08925

#37-08927

Please contact Chuck Warren, the Regional Environmental Staff Biologist, in this office if you have any questions. Thank you for your assistance in this matter.

Sincerely,

David Parrish

Subject: Applications for Permit to Appropriate Water Nos. 37-8922, 37-8925 and 37-8927

Gentlemen:

In March, you requested that the department withhold issuance of permits to BLM for the above listed applications until further investigation was made to determine if fish passage is needed. In July I asked for an update of progress on your investigation so that we could finish processing the water right applications. To date, I have not received a response.

By means of this e-mail, I am requesting that you provide me with a written response either informing me that the department can issue the permits without special conditions requiring fish passage facilities, or outlining the specific conditions you feel are necessary to be included on the permit approvals. If I do not receive a written response within 30 days, the permits will be issued with only conditions that are standardly used by the department on such applications.

If you need copies of the applications or any other documents in order to complete your investigation and recommendation, please let me know.

MEMORANDUM

To: Files 37-08918 through 37-08943

From: Sharla

Date: March 5, 2001

Re: Watermaster Conditions, F&G Concerns and Water Uses

In January, David Parrish of Fish & Game sent a letter to Allen Merritt after reviewing the above referenced application for permit filings. In his letter, Mr. Parrish requested that we condition the permits to require fish passage facilities if the diversions cause a water surface elevation difference of 12" or more and that plans for ladders or other structures be approved by F&G prior to construction.

Watermaster comments were also sought by regional personnel and the watermaster recommended conditions placing all the filings under control of the watermaster and that any interference with irrigation rights to be immediately corrected by BLM.

The entire batch of filings represent excavated pit-style reservoirs that are already in existence which catch spring run-off or are springbox constructions that feed stock troughs. They are not "on-stream" reservoirs that could possibly be related to fish passage issues. With the exception of nine (9) of the filings, all are tributary to "sinks"; of the other nine (9), only three (3) are for sources other than a spring or an unnamed stream. And the remaining six (6) are tributary to named streams/creeks but still represent pit-style reservoirs.

"Fish passage" conditions are not warranted and I have sought concurrence from Fish and Game. Watermaster control conditioning is not appropriate for those filings for springs that sink and have not been placed on those permits. Several files are not even within a water district at all and one is within Water District 37N. Further, these filings represent no possible interference with irrigation rights so special conditioning concerning that matter is not appropriate.

Finally, all of these applications that represent storage of water also listed stock & wildlife FROM storage uses. Water is not diverted to tanks out of the reservoirs; the stock drink directly from the reservoirs, therefore, the "FROM STORAGE" uses have been removed.

RE: Applications for Permit Nos. 37-08918 Through 37-08943
in the Name of BLM (Camas, Elmore, Gooding & Blaine Counties)

Dear Mr. Parrish:

In January, you sent a letter to Allen Merritt of our Twin Falls office after you reviewed the above referenced application for permit filings. In your letter, you requested that we condition the permits to require fish passage facilities if the diversions cause a water surface elevation difference of 12" or more and that plans for ladders or other structures be approved by your agency prior to construction.

The applications have arrived here at the State Office for final review and approval. I have some information for you to consider and ask that you let me know whether or not you concur with my findings after you've reviewed the matter.

The entire batch of filings represent excavated pit-style reservoirs that are already in existence which catch spring run-off or are springbox constructions that feed stock troughs. They are not "on-stream" reservoirs that could possibly be related to fish passage issues. I am attaching photos from a couple of the applications to give you a sample of what these filings represent. With the exception of nine (9) of the filings, all are tributary to "sinks"; of the other nine (9), only three (3) are for sources other than a spring or an unnamed stream (photo labeled Found Calf Reservoir is one example). The remaining six (6) are tributary to named streams/creeks but still represent pit-style reservoirs (see photo labeled Upper Bench Reservoir for example).

If this information is sufficient for you to determine that "fish passage" conditions are not warranted, I would appreciate an e-mail or fax noting your agreement with my proposal. I can then send the files forward for permit approval. If you still feel such conditions are necessary or you want to have copies sent to you of the photos for each reservoir, let me know and we will do our best to accommodate your needs. I look forward to hearing from you.

Sincerely,

Sharla Curtis
Sr. Water Resource Agent

Comments were sought from F&G and the watermaster of District 37. The F&G requested that on perennial streams if the diversions create a fish barrier (elevation difference of 12" or greater) that a fish ladder be required and plans of ladder be reviewed and approved by F&G. The watermaster commented that these permits be under his control and that they not interfere with prior irrigation

MICROFILMED

15M 10 9 1997

rights.

My review of these filings finds that most if not all are on streams that sink and are ephemeral in nature.

The applications were processed without protest.

Recommendation

I recommend that these applications be approved subject to the following conditions:

- Under control of watermaster of district 37.
- Any reservoir or diversion on a perennial stream must not create a fish barrier. Such structures and diversion works must be reviewed and approved by F&G.

**RE: Water Right Applications for Bureau of Land Management - Camas, Elmore,
Gooding, and Blaine Counties**

Dear Allen,

We have reviewed the above referenced applications from the BLM to divert and store water for wildlife and stockwater in parts of the above listed counties. Please consider the following issue in approving the applications:

On perennial streams, we would request that the permits be conditioned to require fish passage facilities if the diversions cause a water surface elevational difference of 12" or greater. We request that plans for ladders or other structures be approved by our agency prior to construction.

Thank you for the opportunity to review and comment on this proposed diversion.

Sincerely,

David Parrish
Magic Valley Regional Supervisor

Sheriff Harold Lee decided that after 30 years of service, it was time to retire. So we, his family Ann, Halena, Short and Thad, along with his office staff, Search and Rescue, EMT's and the American Legion Post 19, would like to formally invite you to Harold's very special occasion.

Saturday January 6, 2001 from 2:30 P.M. to 5:00 P.M. at the American Legion Hall in Fairfield. Story time begins at 3:00 P.M., so bring them with you.

cline and includes various methods and alternatives for treatment and regeneration."

Once the broad-based, or programmatic, EA is completed, the Forest Service will identify specific projects for treatments. The public will again be offered the opportunity to review and comment on these individual project proposals.

The Forest Service will consider several alternative methods of restoring aspen trees. These methods include prescribed fire, use of tractors to mechanically rip the tree roots to encourage sprouting and the removal of other tree species that crowd out the aspen trees.

A short briefing paper describing the "purpose and need" for the EA is available at Sawtooth National Forest offices in Twin Falls (208-737-3200), Fairfield (208-764-3202), Stanley (208-774-3000) and at the SNRA Headquarters (208-727-5013).

The Forest Service is offering the opportunity for the public to review and comment on the proposal for restoring aspen. To be the most helpful, written comments are requested by January 15, 2001. For further information, please contact Deb Bumpus at 208-727-5000.

Groves of aspen provide many important benefits. They are rich wildlife habitat areas, second only to riparian areas. They provide wildlife cover and food. They provide a colorful diversity to the forest setting during the spring, summer and fall.

Legal Notice of Public Hearing

Pursuant to Idaho Code 67-6509, NOTICE IS HEREBY GIVEN that the Camas County Board of Commissioners will hold a public hearing in the Camas County Commissioners Room on Thursday the 28th of December, 2000 at approximately 9:30 A.M. The purpose of this hearing is to hear a request by High Country Properties to rezone 41.29 acres of their property, 8 miles north of Fairfield, off of Soldier Road, from Agricultural to Agricultural Transition Zone. The property is described as follows:

Township 1 North, Range 14 East of the Boise Meridian, Camas County, Section 4, Parcel 6: SW 1/4 NE 1/4.

published December 13, 20, and 27/2000.

NOTICE OF TRUSTEE'S SALE

On the 29th day of March, 2001, at the hour of 10:00 A.M., of said day, (recognized local time), in the Office of Land Title and Escrow, Inc. 211 West 13th Street, Burley, in the County of Camas, State of Idaho, First American Title Company of Idaho, Inc., an Idaho Corporation, as successor trustee, will sell at public auction, to the highest bidder, for cash, in lawful money of the United States, all payable at the time of sale, the following described real property, situated in the County of Camas, State of Idaho, and described as follows, to-wit:

Lots 12, 13 and 14 in Block 10 of Fairfield Townsite, Camas County, Idaho, according to the plat thereof, recorded in the office of the County Recorder of said County.

The Trustee has no knowledge of a more particular description of the above referenced real property, but for purposes of compliance with Section 60-113 Idaho Code, the Trustee has been informed that according to the County Assessors office, the address of 708 Soldier Road, Fairfield, Idaho, is sometimes associated with said real property.

Said sale will be made without covenant or warranty regarding title, possession or encumbrances to satisfy the obligation secured by and pursuant to the power of sale conferred in the deed of trust executed by SHIRRI NT JONES, as grantor, to FIRST AMERICAN TITLE COMPANY OF IDAHO, INC., an Idaho Corporation, as trustee for the benefit and security of BA MORTGAGE LLC (A WHOLLY OWNED SUBSIDIARY OF BANK OF AMERICA N.A.), as beneficiary, recorded January 5, 2000, as Instrument No. 73645, Mortgage Records of Camas County, Idaho.

THE ABOVE GRANTORS ARE NAMED TO COMPLY WITH SECTION 45-1506 (4)(A), IDAHO CODE. NO REPRESENTATION IS MADE THAT THEY ARE, OR ARE NOT, PRESENTLY RESPONSIBLE FOR THIS OBLIGATION.

The default for which this sale is to be made is the failure to pay when due, under Deed of Trust Note, the monthly payments for Principal, Interest and Impounds of \$254.59, due per month for the months of August through October, 2000 and all subsequent payments until the date of sale or reinstatement, with interest accruing at 8.25% per annum, and continuing to accrue from July 1, 2000. The principal balance owing as of this date on the obligation secured by said Deed of Trust is \$25,396.22, plus accruing interest, costs and advances. All delinquent amounts are now due, together with accruing late charges and interest, unpaid and accruing taxes, assessments, trustee's fees, attorney's fees, and any amounts advanced to protect the security associated with this foreclosure and that the beneficiary elects to sell or cause the trust property to be sold to satisfy said obligation.
