Dear Permit Holder:

The department acknowledges receipt of the proofs of beneficial use forms submitted for the above referenced permits. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

Be advised that Section 42-248, Idaho Code, requires you or the owner of these water rights to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions concerning the field examination, please contact the **Southern** Regional Office of the department in Twin Falls at (208) 736-3033.

Dear Permit Holder:

The Department of Water Resources (IDWR) has issued the enclosed permit authorizing you to establish a new water right. Please be sure to thoroughly review the conditions of approval and remarks listed on your permit.

The permit is a preliminary order issued by IDWR pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action by IDWR unless a party petitions for reconsideration or files an exception and/or brief as described in the enclosed information sheet.

Responding to Preliminary Orders Issued by the Idaho Department of Water Resources

The Idaho Department of Water Resources (Department) issues water right permits, licenses, and transfers as preliminary orders pursuant to section 67-5243, Idaho Code. **A preliminary order can and will become a final order without further action of the department unless a party petitions for reconsideration or files an exception and/or brief as further described below.**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the Department within fourteen (14) days of the service date of the order. The Department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5243(3), Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from a preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, a preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to a preliminary order, opposing parties shall have fourteen (14) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

CERTIFICATE OF SERVICE

All documents intended to be part of the Department record in connection with a preliminary order shall be served upon the representatives of each party of record. Every document filed with and intended to be part of the agency record must be attached to or accompanied by proof of service by the following or similar certificate.

I HEREBY CERTIFY (swear or affirm) that I have this day of _____, served the foregoing (name(s) of document(s)) upon all parties of record in this proceeding, (by delivering a copy thereof in person: (list names)) (by mailing a copy thereof, properly addressed with postage prepaid, to: (list names)).

ORAL ARGUMENT

If the Department grants a petition to review a preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Department may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The Department will serve a copy of the final order on all parties of record.

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when (a) the petition for reconsideration is disposed of; or (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

RIGHT TO HEARING

Pursuant to Section 42-1701A(3), Idaho Code, unless the right to a hearing before the Department is otherwise provided by statute, any person aggrieved by any decision, determination, order, or action of the Department or any applicant for any permit, license, certificate, approval, registration, or similar form of permission required by law to be issued by the Department, who is aggrieved by a denial or conditional approval ordered by the Department, and who has not previously been afforded an opportunity for a hearing on the matter shall be entitled to a hearing before the Department to contest the denial or conditional approval upon filing with the Department, within fifteen (15) days after receipt of the denial or conditional approval, a written permission stating the grounds for contesting the action by the director and requesting a hearing.

APPEAL OF FINAL ORDER TO DISTRICT COURT

If a preliminary order becomes final, any party aggrieved by the final order or orders previously issued in the case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which (a) a hearing was held, or (b) the final agency action was taken, or (c) the party seeking review of the order resides, or (d) the real property or personal property that was the subject of the agency action is located. The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal. See Sections 67-5270 through 67-5273, Idaho Code.

FROM: Allen Merritt *AM*

DATE: May 4, 2000

TO: Permit No: 37-08904

In the Name of the Bureau of Land Management

SUBJECT: **Review and Recommendation**

This application is for development of a small reservoir on an unnamed stream tributary to Magic Reservoir. The reservoir is locally known as Prairie Reservoir #2. The history of the development of the reservoir is not known. The reservoir was built without a water right. It was claimed in the SRBA under 37-17384 but then the claim was dropped. This application appears to be an effort to document the development.

The application was processed without protest. The application is within the Big Wood Water District 37.

Recommendation

I recommend that the application be approved subject to the following conditions:

- This permit may be subject to regulation by watermaster of district 37.
- Stockwater for 4225 range cattle, 9000 sheep and varying wildlife.

Legislative News From Wendy Jaquet

We're beginning to see some Senate bills on the House side and our level of anxiety is now rising in fear that our bills that are still over here will never get out and to the Senate for a hearing. I just don't know how people can do this year after year without damaging their health! Every afternoon I go on a hunt for chocolate - I've convinced myself that it's an energy boost when it's only a boost to my size!

The debates on the floor of the House are getting longer and more contentious. I was on the losing side of two this week:

1. The sales tax redistribution: the growing areas of the state for the second year demanded that we agree to take away money from our slower-growing and mostly rural areas. I voted against the bill even though a "floor" was guaranteed and some growth. Down the road that "floor" or base will erode with inflation. This is just another one of those tax shifts coming down from the capitol: the rail car re-evaluation, the intangible property tax shift, the timber tax adjustment and now the sales tax redistribution.

2. A change in adoption procedures was proposed to speed up the process for the adopting parents and save them some money so they wouldn't need to advertise to provide due process to the father. The legislation makes it possible to proceed with the adoption without the ok of the father unless he gets on a putative father registry after having sex with the girl. Adopting parents and agencies testified that an adoption can take place within 42 days if the father can't be located and notice goes ahead (which may cost \$200). I felt that every effort should be made to locate the father so the baby's total medical record can be disclosed. Adoptive parents testified that "certainty" is very important to them. They don't want any surprises from an absent father who was never aware that his baby was put up for adoption.

An update of the legislation that I have been working on is as follows:

HB449 - fair board change for flexibility on meeting dates/bonding	passed House and Senate
HB450 - county/district share of state ability to lease	passed House and Senate
amended in Senate to make term of lease 20 years not 99	
HB571 - planning and zoning commissioners request of cap on term	passed House
SB1323 - amending the "no contact" statute to address assault on consent	passed House and Senate
a serious felony as an offense to which an order can be issued	floor Monday
HB487 - requirement for disclosure on push poll phone calls	passed House
HB495 - Idaho Dept of Transportation address change notification	passed House
HB601 - enabling legislation which provides mediation for contentious	passed House local
planning and zoning disputes	govt committee
HB434 - legislative requiring proof of financial capability/bonding	up for hearing in House
HB578 - child fatality review committee, optional establishment	up for hearing in House
	Health and Welfare

Now we're wondering when we'll be coming home? According to the schedules of previous years we should be going home on March 24, but some of the more experience members of the House have been telling me to anticipate being here through the first week of April. I'm hoping they are wrong.

Please be sure to contact me with any concerns you may have about legislation we're considering. You can leave a message at 800/626-0471. Or e-mail me at wjaquet@sunvalley.net. If you e-mail me, be sure to include your address and phone number as I try to contact my own constituents first. Have a good week.

Know Your Government is a statewide program of UI Cooperative Extension and the State 4-H Office. The event is held annually during the Presidents Day weekend.
