RE: Change of Ownership for Water Right 37-8880

Dear Water Right Holder(s):

The department acknowledges receipt of correspondence changing ownership of the above referenced water right to you. The department has modified its records to reflect the change in ownership and has enclosed a computer-generated report for your records. Your request was received as an Assignment of Permit with a \$25.00 filing fee. We have made an in-house modification of the assignment and are considering it as a Notice of Change in Water Right Ownership. The assignment filing fee of \$25.00 will be accepted to cover the ownership change filing fee.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right to the department. Notice of the change must be provided to the department within 120 days of the change. Change reporting forms are available from any office of the department.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Jeff Peppersack, Manager

RE: License No. 37-8880 - Issuance of License

Dear Water Right Holder(s):

The Department of Water Resources has issued the enclosed Water Right License confirming that a water right has been established in accordance with your permit. Please be sure to thoroughly review the conditions of approval and remarks listed on your license.

The license is a PRELIMINARY ORDER issued by the Department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action by the Department unless a party petitions for reconsideration or files an exception and/or brief within fourteen (14) days of the service date as described in the enclosed information sheet.

Please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

If you have any questions, please contact me at 208-327-7946.

Sincerely,

**EXPLANATORY INFORMATION
TO ACCOMPANY A
PRELIMINARY ORDER**

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources (department) unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the department or the Idaho Water Resource Board (Board) is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Pond has been excavated to intercept shallow groundwater. Through GPS determined surface area to be $\frac{1}{2}$ acre. Tamara Smedley said that when the pond is full the ~~average~~ depth is about 4 feet deep. The max volume is reached in the spring if there is good run off. Otherwise the ponds volume is determined by the level of the water table. The max volume is 2.0 acrefeet.

Re: Field exam notes

Date: 4-30-02

On 4-29-02 I met with Tamara Sneddon for a field exam for 37-8880. This permit is for a small pond $\frac{1}{2}$ acre in surface area. The pond gets water by intercepting shallow groundwater. The average depth of the pond when full is about 4 feet deep. The max volume would be 87120 cubic feet. The max volume is achieved in the springtime when the pond captures runoff, the level drops continuously thru summer.

PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 37-08880

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

Be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions concerning the field examination, please contact the **SOUTHERN** Regional Office of the department in Twin Falls at (208) 736-3033.

Sincerely,

A handwritten signature in cursive script, reading 'Kari Lynn Townsend'.

RE: Telephone conversation

I had a telephone call today from Tamara Sneddon stating that she had left several voicemail messages but never got any response.

She had received the Proof Due Notice with enclosures but was unsure which water right was involved. They have more than one water right and she didn't have all of her paperwork available in order to be able to research the file.

I pulled the file from Julie's office and answered her questions. She said that she will fill out the B/U form and send it in with the \$50.00.

She also stated that the construction would be complete in approximately 10 days.

PROOF DUE NOTICE

RE: PERMIT NO. 37-08880

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before January 1, 2000. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

JULIE L. YARBROUGH
Senior Secretary

PERMIT APPROVAL NOTICE

RE: PERMIT NO. 37-08880

Dear Permit Holder:

The Department of Water Resources (IDWR) has issued the enclosed permit authorizing you to establish a new water right. Please be sure to thoroughly review the conditions of approval and remarks listed on your permit.

The permit is a preliminary order issued by IDWR pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action by IDWR unless a party petitions for reconsideration or files an exception and/or brief as described in the enclosed information sheet.

Enclosed is a form entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit into a licensed water right. Also enclosed is a form entitled "Proof of Beneficial Use". If your project is already completed, you should complete and submit this form immediately.

Also, please note that water right owners are required to report any change of water right ownership and/or change of mailing address to the department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the department or visit the department's homepage on the Internet to obtain the proper reporting form.

If you have any questions, please call me at 208-327-7946.

Sincerely,

Shelley W. Keen

Responding to Preliminary Orders Issued by the Idaho Department of Water Resources

The Idaho Department of Water Resources (Department) issues water right permits, licenses, and transfers as preliminary orders pursuant to section 67-5243, Idaho Code. A preliminary order can and will become a final order without further action of the department unless a party petitions for reconsideration or files an exception and/or brief as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the Department within fourteen (14) days of the service date of the order. The Department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5243(3), Idaho Code.

EXCEPTIONS AND BRIEFS

Within twenty-one (21) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from a preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, a preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to a preliminary order, opposing parties shall have twenty-one (21) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

ORAL ARGUMENT

If the Department grants a petition to review a preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Department orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Department in connection with a preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Department may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

DATE: January 4, 1999

TO: Application No. 37-08880
In the Name of: Golden Sneddon

SUBJECT: Review and Recommendation

This application proposes the excavation of a pond which when completed will naturally fill with groundwater due to the high water table. The pond is located within the Camas Creek Drainage which is part of the Big Wood River Groundwater Management Area. The application was processed since the pond size is less than 1/2 acre and use is considered non-consumptive.

The application was processed without protest.

RECOMMENDATION

I recommend the application be approved subject to the following conditions:

- Use is non-consumptive. If use found to be consumptive then future mitigation may need to be provided.
- Surface area of pond limited to 0.46 acres.
- No well is authorized to be drilled under this approval. Filling of pond with water shall be accomplished by excavation of pond below water table.

Come rain or shine, the Musers prove that they are able to play football in any conditions they are given. The Camas County Musers beat the Castleford Wolves Friday, September 25, 52-6.

The rainy conditions couldn't stop the Muser offense. Jamon Frostenson led with 185 rushing yards, followed by Doug Myers with 106 rushing yards. Myers and Frostenson combined were able to score five of the Muser touchdowns, and one extra point apiece. Myers scored the first touchdown of the game with a 41 yard run. He was also a key player on the defense with fifteen tackles,

followed by Rufus Lockwood and Allen Wilson with eleven tackles each.

The Muser (4-1), will battle the Rockland Bulldogs Wednesday, September 30, at 3:30. It will be the Musers first home game of the season. The Musers will be ready for anything Rockland can dish out. Rufus Lockwood quotes: "It's going to be a tough game, and I don't think any team will score over 30 points. We have the weapons of Jamon and Doug to make it turn over in our favor." Good luck boys!!

MEMORANDUM

TO: Golden or Tamara Sneddon Application for Permit File

FROM: Corey Skinner *CS*

DATE: August 31, 1998

SUBJECT: Staff Review

The enclosed Application for Permit, filed by Golden or Tamara Sneddon, seeks to develop a water right for a proposed excavated pond in the Camas Prairie, a couple of miles northwest of Mormon Reservoir. The total pond surface area is to be about 20,000 square feet (0.46 acres). The applicant's intent is to dig a pond and let it fill up with groundwater, which is quite high in the area, in order to supply wildlife habitat. The application lists two different forty acre tracts (in adjoining sections) as location of the point of diversion and place of use. This was done since the proposed site of the pond is right along, or very near, the section line. The application is for one pond located at this particular location.

This particular application should be approvable as proposed, since it will not be subject to the moratorium (storage < $\frac{1}{2}$ acre in surface area). However, the applicants also intend to drill a well to serve a domestic residence. Note that a domestic well permit was approved on 08/28/98 in the name of Golden & Tamara Sneddon on the same property. It seems as though the enclosed application could be viewed as separate, and independent, of the domestic use that will occur as a result of the domestic well, or part of the same overall development. Depending on what view the Department takes on this application, it could influence how much of the " $\frac{1}{2}$ acre domestic exemption" the applicant's could use under their domestic well. If the enclosed application is approved, appropriate approval conditions or remarks should be implemented to address this issue.

Dear Ms. Sneddon:

Per a recent discussion with Terry Blau of this office, please find enclosed the Notice of Claim to a Water Right and the \$25.00 filing fee (check #4150) that you recently submitted. A notice of claim, must be filed for an **existing** water use. It is my understanding that the domestic use described on this notice of claim is for a **proposed** system. Once the use begins (when water from a well is actually diverted and used for a home) a Notice of Claim to a Water Right can then be submitted and processed.

I have also enclosed a copy of the Application for Permit that you recently submitted to this office for your proposed wildlife pond. This application reflects the changes that you discussed with Mr. Blau. This application has been received and receipted by this office, and processing of the application will begin. You will be notified of all future Department actions relating to this particular application. I am also returning some of the extra copies of the map(s) that you submitted with the application.

If you have any questions, feel free to contact me or Mr. Blau at your convenience.

Sincerely,

Corey Skinner, EIT
