PROOF DUE NOTICE

RE: PERMIT NO. 37-08835

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before February 1, 1996. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

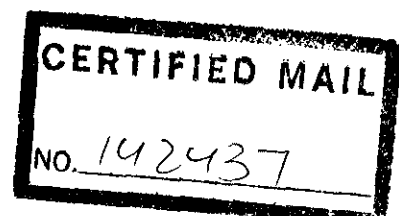

SINCERELY,

Re: Applications for Permit Nos. 37-08834, 37-08835 (Sun Valley Water & Sewer District)

Dear Mr. Campbell:

The Department of Water Resources acknowledges receipt of the above referenced water right applications for permit. The applications have been assigned the above referenced identification numbers. Please refer to this number in all further correspondence.

This office has scheduled advertising the applications in the Wood River Journal for 12/7 & 12/14/94. A period of ten days following the second publication will be allowed for the submittal of protests.

If an application is protested you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If an application is not protested, it will be forwarded to our State Office in about five weeks. State office personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When a permit is issued, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Please feel free to contact this office if you have any questions regarding this procedure.

Very truly yours,

James E. Stanton
Sr. Water Resource Agent

Re: Applications for Water Permit

Dear Loren:

I have enclosed two separate Applications for Permit to appropriate the public waters of the state of Idaho for filing with your office, pursuant to Idaho Code § 42-202. I have also enclosed a check in the amount of \$220.00, which represents the filing fees required under I.C. § 42-222. The amount of \$220 was calculated by assigning a \$100 fee to the application for 0.27 cfs and \$120 for the application for 1.33 cfs.

Please note that these Applications are made in the name of the Sun Valley Water & Sewer District. I will be the attorney of record in this matter for purposes of notices and correspondence. You may also send notices and correspondence to the Sun Valley Water & Sewer District.

Please advise me of the date of publication of the notices with respect to this matter and also provide me with copies of any protests which are filed against the Applications if any. Also, I would appreciate receiving a receipted copy of the Applications in the enclosed self-addressed, stamped envelope.
