PROOF OF BENEFICIAL USE

Department of Water Resources

The Idaho Department of Water Resources considers this form a statement that the permit holder(s) has/have completed all development that will occur under this permit and that water has been applied according to the provisions of the permit for the beneficial use(s) described below. This form must be accompanied by a license examination fee, when necessary, or be accompanied by a completed field examination report prepared by a certified water right examiner who has been appointed by the department.

1. Permit No. 37-08774 Telephone No. 543-8301

2. Name(s) of Permit Holder(s): Kip Gould Ana Gould

3. Mailing Address: 4373 N. 1900E Buhl Id 83316

4. Source of Water: Surface If GROUNDWATER (well), Date Drilled: mo. _____ / yr. _____

a. Well Driller: _____ Drilling Permit Number: _____ - _____ - _____

b. OPTIONAL:
Pump Horsepower: _____ Pressure (psi): _____ Dynamic pumping level (ft): _____

5. Use(s) (as authorized by the water right permit):

Domestic (No. of households): _____ Stockwater (No. and type of stock): 1000 Cattle

Irrigation (No. of acres): _____ Other: _____

6. Total rate of diversion and/or volume for which proof is submitted: _____ cfs OR 0.2 acre feet

7. Measuring Device Requirement: (refer to the approval conditions on your permit and respond accordingly)

(This question is not optional. Please check either yes or no. Proofs returned not checked accordingly, will be considered incomplete)

Measuring Device:	Is a measuring device required?	Yes _____ or No <u>✓</u>
	Has the measuring device been installed?	Yes _____ or No <u>✓</u>
Flow Measurement Port:	Is a flow measurement port required?	Yes _____ or No <u>✓</u>
	Has the measurement port been installed?	Yes _____ or No <u>✓</u>

8. Fee Enclosed: \$ 50 (See Fee Schedule on back of the instructions for filing proof of beneficial use)

9. Person to accompany the Department representative during field examination of the water system.

Name: Kip Gould Telephone Number: 543-8301

Address: 4373 N. 1900E Buhl Id 83316

10. The information given on this form is my true statement of the extent to which the above numbered permit has been developed and I relinquish any undeveloped portion of the permit to the State of Idaho.

APPLICATION FOR PERMIT**

Department of Water Resources
Southern Region Office

To appropriate the public waters of the State of Idaho

1. Name of applicant Orie S. ^{and} or Alonzo B. Leavell Phone 934 8598

Post office address P.O. Box 54 Gooding, Idaho 83330

2. Source of water supply Unnamed ^{Stream} ~~Spring~~ ^{Springs} Stream which is a tributary of Thorn Creek ^{sinks}

3. Location of point of diversion is NW ¼ of NW ¼ of SE ¼, Govt. Lot _____

Sec. 28 Township 2 S Range 15 E B.M. Camas County; additional

points of diversion if any: _____

4. Water will be used for the following purposes:

Amount 0.2 ^{AF} for Storage for Stockwater purposes from 4/1 to 12/31 (both dates inclusive)
(cfs or acre-feet per annum)

Amount 0.2 ^{AF} for from storage stockwater purposes from 4/1 to 12/31 (both dates inclusive)
(cfs or acre-feet per annum)

Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per annum)

Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per annum)

5. Total quantity to be appropriated is (a) _____ and/or (b) 0.2 ^{AF} _{acre feet per annum}
_{cubic feet per second}

6. Proposed diverting works:

a. Description of ditches, flumes, pumps, headgates, etc. 30'x30' hole approx 6-8 deep

(dig pond collecting Spring runoff + seepage). Snowmelt runs into Thorn Creek. After the runoff, some seepage will still collect in the ponds but won't reach Thorn Creek.

b. Height of storage dam _____ feet; active reservoir capacity 1 ^{AF} acre-feet; total reservoir capacity 1-2 acre-feet; period of year when water will be diverted to storage:

1/1 to 12/31 inclusive.

c. Proposed well diameter is _____ inches; proposed depth of well is _____ feet.

d. Is ground water with a temperature of greater than 90°F being sought? _____

7. Time required for the completion of the works and application of the water to the proposed beneficial use is

1 year years (minimum 1 year).

DEC 11 1995

8. Description of proposed uses (if irrigation only, go to item 9):

- a. Hydropower; show total feet of head and proposed capacity in KW. N/A
- b. Stockwatering; list number and kind of livestock. 1000 head beef cattle and horses
- c. Municipal; show name of municipality. N/A
- d. Domestic; show number of households. N/A
- e. Other; describe fully. N/A

9. Description of place of use:

- a. If water is for irrigation, indicate acreage in each subdivision in the tabulation below.
- b. If water is used for other purposes, place a symbol of the use (example: D for Domestic) in the corresponding place of use below. See instructions for standard symbols.

TWP	RANGE	SEC.	NE¼				NW¼				SW¼				SE¼				TOTALS
			NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	
28	15E	28														SR	SS		80
																			Plus adjoining B.L.M.

SS = Stock Storage; SR = Stockwater from Storage.

Total number of acres to be irrigated None

10. Describe any other water rights used for the same purposes as described above. _____

11. a. Who owns the property at the point of diversion? Orie S. & Alonzo B. Leavell

b. Who owns the land to be irrigated or place of use? Orie S. & Alonzo B. Leavell

c. If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing. N/A

DEC 11 1995

12. Remarks: Subject property and adjoining range rights have been acquired by applicants in recent years. Up to 3000 head of cattle has been seasonally grazed in the area of subject water for the past 50 plus years. The total animal unit grazing (stock water consumption) is not being changed; however the period of use is shortened, thus a larger number of cattle utilizes the same grazing (stock water) for a shorter period of time which necessitates more accessible stock water for the shorter grazing period.

13. Map of proposed project: show clearly the proposed point of diversion, place of use, section number, township and range number.

BE IT KNOWN that the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

RE: Change of Ownership for Water Right Permits 37-8770, 71, 72, 73, 74, 75, 76, 77

Dear Water Right Holder(s):

The department acknowledges receipt of correspondence changing ownership of the above referenced water rights to you. The department has modified its records to reflect the changes in ownership and has enclosed computer-generated reports for your records.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right to the department. Notice of the change must be provided to the department within 120 days of the change. Change reporting forms are available from any office of the department.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

for Jeff Peppersack, Manager

PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 37-08774

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

Please be advised that Section 42-248, Idaho Code, which became affective on July 1, 1996, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Please contact any office of the department for the proper form to file a change of ownership of a water right and/or a change in the address of the owner. Failure to maintain current records with the department could result in the assessment of a monetary penalty.

If you have questions concerning the field examination, contact the **SOUTHERN** Regional Office in Twin Falls, at (208)736-3033.

Sincerely,

JULIE L. YARBROUGH
Senior Secretary

PROOF DUE NOTICE

RE: PERMIT NO. 37-08774

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before December 1, 1996. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

JULIE L. YARBROUGH
Senior Secretary

RE: Permit Nos. 37-08770, 08771, 08772, 08773, 08774, 08775, 08776, 08777

Dear Permit Holders:

I have returned copies of the Proof of Beneficial Use Statements you submitted in connection with the above referenced water rights. The proof forms are not acceptable until they are accompanied by the appropriate license examination fee.

The Department has determined, from pertinent sections of the Idaho Code, that the permit holder must meet two requirements in order to be exempt from the license examination fee. They are:

1. The water right must use a **groundwater** (well) source, **and**;
2. The rate of diversion must be .04 cfs or 4.0 AF or less.

You do not meet requirement #1 since you divert water from surface water sources. Therefore, a license examination fee of \$50.00 applies to each of the permits.

You have until December 1, 1996, to submit the \$400.00 (\$50.00 x 8 permits) in license examination fees for the above referenced permits. **Please address your correspondence to my attention.**

Please contact me at (208)327-7900 if you have any questions regarding this matter.

Sincerely,

JULIE L. YARBROUGH
Senior Secretary

COMMENTS:

FROM: Allen Merritt *Adm*

DATE: November 6, 1995

TO: Application for Permit Files: 37-08773 & 37-08774 in the name of Kip Gould

SUBJECT: Review and Recommendation

These applications are for development of small ponds for stockwater in the hills between Gooding and Fairfield. The applications were originally filed by Orie and Alonzo Leavell. They were protested by F&G. Prior to conference the F&G withdrew their protests and also the applications were assigned to Kip & Ana Gould. These applications were held with others in the same area that were protested by Jim & Marianne Kramer. The Kramer protest has now been resolved.

RECOMMENDATION

I recommend that the applications be approved subject to the following conditions:

- 1) These rights are subject to all prior rights.
- 2) Subject to control of watermaster district 37.

Subj: Receipt #S018228

On 6/22/95, \$50.00 (Receipt No. S018228) was received from Kip Gould for a re-advertising fee for Application for Permit No. 37-08772; however, it was later determined that after the Application was Amended that re-advertising was not necessary.

On 8/9/95 an Assignment of Permit No. 37-08773 and an Assignment of Permit No. 37-08774 were received from Mr. Gould without any fees. He is now requesting that the \$50.00 be applied toward the Assignments in lieu of a refund.

Debbie will send a copy of the Amended Receipt to Southern Region as soon as she has completed the change. At that time, the two Assignments will be processed and changes made to the database.

TO: FILES 37-08770 THRU 08772, 08775, 08776, 08778 THRU 08781

SUBJECT: PRE-HEARING CONFERENCE

On 9/19/95 I conducted a pre-hearing conference regarding the above described applications. All were protested by Mr. & Mrs. Jim Kramer except 08772 which is protested by BLM. The applications are in the name of LeVell or Gould. Lonnie LeVell, Kip Gould, and Mr. & Mrs. Kramer were at the conference. BLM did not show up for the conference.

The Kramer issue was interference with his irrigation rights in McHan Reservoir which he owns and operates. Early in the discussion it was determined that applications 37-08778 thru 08781 would not affect McHan Reservoir so the Kramers withdrew their protests for these applications. The remainder of the conference dealt with 37-08770, 08771, 08775 & 08776 which are located above McHan Reservoir and could in theory interfere with the storage rights. The Kramer position was that they wished to protect their water rights but were open to "leasing" the applicant water. I told them that to lease water it may involve the need for a transfer and change of the Kramer water right. They didn't seem to like that. I told them maybe it would more correctly be an agreement or a settlement that could be made where Kramer's would agree not to make a call on draining junior water rights. Gould's position was that the number of cattle above the reservoir was not going to be increased and they are presently drinking water in the streams now so there would not be an increased burden on the system so Kramer's rights would not be injured. I told them that to add storage to natural flow rights could in some years injure the senior reservoir right and then in other years probably not cause an injury if the reservoir filled and spilled water or if the stock ponds filled from water that would not normally get to McHan Reservoir. They discussed the type of lease Kramer had in mind and he indicated that \$50/year might be reasonable but money was not the issue. Gould didn't like the idea of paying money which might set a precedent. They then discussed possibility of agreement to allow access thru Gould property for Kramer.

I told them that if an agreement of sorts could not be worked out we needed to discuss setting a hearing. Kramer thought that they could work something out and didn't want to go to hearing. I instructed that they continue to negotiate and come up with something by Oct. 15th or I would set a hearing.

We discussed the matter of assignment of 37-08773 & 08774 from LeVell to Gould. The form has been filed but fees (\$50 total) had not been paid. Mr. Gould indicated that he paid a \$50 fee for amending and re-advertising 37-08772. It was determined that re-advertising was not necessary since the amendment was reducing the p/d & p/u and other changes kept the elements in the same 40 acre

RECEIVED

DEC 1 1995

tracts that was originally advertised. Since no advertising was done we discussed applying the re-advertising fee to the assignments.

After the conference I stopped at BLM to inquire why they didn't attend the conference. They were in the middle of an office move and the guy assigned forgot. I left a copy of the amended application that supposed to change the location off of BLM which may allow them to withdraw their protest.

RE: Water Rights Applications 37-08770 thru 37-08781 (Lea Vell)

Dear Allen,

After receiving information from Mr. Kip Gould, who now owns the property on which water rights 37-08770 thru 37-08777 are applied, we have concluded that continuing our protest of the above referenced applications will have little benefit to fish and wildlife. Therefore, we withdraw our protest of water right applications 37-08770 thru 37-08781.

We would, however, like to request a condition be included on the approval of these permits which states, "flow from the identified spring sources will not be restricted or regulated in any way as to reduce the availability of water to wildlife".

Thanks for your cooperation in resolving this matter.

Sincerely,

Carl H. Nellis
Magic Valley Regional Supervisor

RE: PROTESTED APPLICATIONS FOR PERMIT NOS. 37-08770 THROUGH 37-08781.

Dear Mr. Saxton,

With regards to the foregoing, part of the property has been sold to Kip Gould of Buhl, Idaho. I had executed assignments at time of closing and assumed he was receiving related correspondence to same. I discovered last week the assignment had been misplaced, so I executed another set for Mr. Gould.

I am requesting another 60 days to work through the protests.

Very truly yours,

Alonzo B. Leavell

Dear Mr LeaVell:

On October 6, 1994, I wrote you concerning the status of the above referenced twelve (12) applications which propose the storage of small amounts of surface water for stockwatering purposes in Camas County.

On November 3, 1994, you responded to my letter advising that you have contacted the protestants and wanted another sixty (60) days to try to work out an agreement.

Since sixty (60) days have passed, please advise me within twenty (20) days of the status of the protested applications.

RE: PROTESTED APPLICATIONS FOR PERMIT NOS. 37-08770 through 37-08781

Gentlemen:

The department of Water Resources has recently reviewed protested applications which are pending in department files to determine what further action is appropriate in connection with the applications.

Our files show that on January 21, 1992, you filed the above referenced twelve (12) applications proposing the storage of small amounts of surface water for stockwatering purposes in Camas County, Idaho. The applications were subsequently protested by other water users in the area.

The last correspondence in the files is dated April 13, 1992 and asks that you contact the protestants to determine the nature of the protests and attempt to resolve them.

The purpose of this letter is to inquire of the status of the applications, of your efforts to work out the protests and to determine the need of a conference or hearing in connection with the applications.

Please provide a written update of the status of the applications to the department within thirty (30) days. The department will then attempt to determine further action which is appropriate.

Sincerely,

L. GLEN SAXTON, Chief
Water Allocation Bureau

RE: APPLICATIONS FOR PERMIT NOS. 37-08770-08781 (inclusive)

Gentlemen:

Enclosed are copies of protests filed against the above referenced applications.

The Department suggests you contact the protestant(s) directly to determine the exact nature of the protest(s) and, if possible, to resolve the matter without action by the Department.

Correspondence in our file indicates that you have received and reviewed copies of protests filed against the approval of the above referenced application. To date our Department has not received a written withdrawal of the protest; therefore, it appears that action by the Department is necessary to resolve the matter.

The attachment to this letter describes the issues which the Department must consider in taking action on an application. It also gives a brief description of the conference and hearing procedure followed by the Department in resolving protested applications.

If you have any questions or if this office can be of further assistance, please feel free to contact us.

Very truly yours,

Loren O. Holmes, P.E.
Southern Region Manager

LH:MB
Enclosure(s)

RECEIVED
DEC 11 1995

Attachment to letter dated 13-Apr-1992

To all parties in the matter of
Applications for permit Nos. 37-08770-08781 (inclusive)
in the name of ORIE S. &/OR ALONZO B. LEA VELL

PROTESTED APPLICATION FOR PERMIT:
ISSUES CONSIDERED, CONFERENCE PROCEDURE

In processing all applications for permit, the department must consider the following issues, which are specified in Section 42-203A of the IDAHO CODE:

- 1) Will the proposed use reduce the quantity of water under existing rights?
- 2) Is the proposed water supply insufficient for the purposes intended?
- 3) Is the application made in good faith or for delay or speculative purposes?
- 4) Has the applicant sufficient financial resources with which to complete the proposed project?
- 5) Will the proposed use conflict with the local public interest?
- 6) Is the proposed use contrary to conservation of water resources within the state of Idaho?

When an application is protested, the statute requires the department to conduct a hearing to create a record of the evidence considered in approving or denying the application.

Normally, an informal pre-hearing conference is held prior to the actual hearing. The objectives of the informal conference are as follows:

- 1) To familiarize all parties with the application and the issues being raised.
- 2) To provide a forum for discussion and possible resolution of the matter among the parties.
- 3) To provide information to the parties about the department's hearing procedure in deciding protested applications.
- 4) To discuss scheduling of the matter for hearing.

Notices setting the time and place for the conference will be sent by certified mail to all parties at least 10 days prior to the conference. This is the same procedure specified by law for serving notice of hearings.

Conferences are conducted under Rules for Practice and Procedure adopted under the Idaho Administrative Procedures Act.

RE: Application #'s 37-08770-81, Orie S. Lea Vell and Alonzo B. Lea Vell

Dear Loren:

We are concerned these applications for stream and spring water diversions would affect surface flows into Spring Creek Reservoir, Mchan Reservoir and Schooler Creek and negatively affect wildlife values in this area. For this reason, we are protesting the applications. If further review of the full application and additional information supplied by the applicant demonstrates that these diversions of water will not be detrimental to wildlife values, we will withdraw our protest.

We would also appreciate it if you would send us a copy of these applications.

Thank you for the opportunity to comment.

Re: Applications for Permit Nos. 37-08770 thru 37-08781, inclusive

Gentlemen:

The Department of Water Resources acknowledges receipt of your water right applications for permit. The applications have been assigned the above referenced identification numbers. Please refer to these numbers in all further correspondence, copies of the applications are enclosed for your information.

This office will be advertising the applications in the Snowshoe on 3/4 & 3/11/92. A period of ten days following the second publication will be allowed for the submittal of protests.

If an application is protested you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If an application is not protested, it will be forwarded to our State Office in about five weeks. State office personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When a permit is issued, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Please feel free to contact this office if you have any questions regarding this procedure.

Very truly yours,

James E. Stanton
Sr. Water Resource Agent

Gentlemen:

Enclosed you will find a legal notice which we wish to have published on the dates indicated (once a week for two consecutive weekly issues) in your newspaper. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. Your cooperation is appreciated.

Please send the affidavit of publication and publication billing to this office before MARCH 23, 1992.

Yours truly,

Mary Baldwin
Secretary/Office Coordinator
