H. REMARKS AND OVERLAP REVIEW ANALYSIS

Spring reaches Seaman's Creek at times, according to BLM. Right should be under watermaster control.
 System was built before permit was applied for, so permit is essentially correct.
 Use for 100 range cattle, 40 deer, 15 elk.

RE: Permit Nos. 37-8311/8312/8313/8314/8315/8316/8317/8318/8319/8320/8321

Dear Sir/Madam:

Enclosed are eleven completed Proof of Beneficial Use forms for the permit numbers shown above. The original application fee of \$30 was paid for each of the permits by our State Office to your State Office.

By memorandum dated October 14, 1988, we were advised your department had changed the procedures for accepting applications for water rights. The new procedures requires all applications for permits, amendments, and other changes be filed in the regional office servicing the basin. We assume that also includes Proof of Beneficial use.

Because the original application fee has already been paid, and because each permit is for 0.01 CFS, we have not included license examination fees (per schedule of fees shown on the back of the Proof of Beneficial use form). According to the schedule, "No fee is required for single family domestic use, or stockwater use". We understand "stockwater" as defined by your department, also includes water for wildlife.

If you have questions or need further clarification, please do not hesitate to call Floyd Dewitt or John Aspitarte at 886-2206.

Sincerely,

K Lynn Bennett

Gentlemen:

Enclosed are copies of your approved Applications for Permit. We direct your attention to the conditions of approval on the fourth pages.

Please note the requirement that as a permit holder you must commence the excavation or construction of diverting works within one year of the date the permits were issued, and you must proceed diligently until the projects are completed. The enclosed blue cards must be completed and returned to this office as soon as you commence construction, no later than one year from the date the permits were approved.

We have enclosed a form entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop these permits into licenses.

Sincerely,

GARY SPACKMAN
Supervisor, Water Allocation Section

Gentlemen:

Enclosed you will find legal notices which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notices are correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notices on the proposed dates, please contact us immediately.

In order to receive payment, an affidavit of publication must be submitted to the Department along with the publication bill.

Very truly yours,

Mary Baldwin

Gentlemen:

Please find enclosed a supply of blank "Application for Permit" forms, Form 202-6/85, which the Department of Water Resources is currently using. Our office continues to receive applications on the old forms from various agencies and has in the past processed these applications; however, we have been recently directed not to process applications made on the old forms. All applications received on the old forms will be returned for drafting on the new forms. The priority of the application will not change but the processing time will be delayed.

Please find enclosed copies of 12 applications we recently received which will need to be re-drafted on the new forms and returned to our office.

If you have any questions or need additional forms, please feel free to contact our office.
