RE: Permit Nos. 37-8311/8312/8313/8314/8315/8316/8317/8318/8319/8320/8321

Dear Sir/Madam:

Enclosed are eleven completed Proof of Beneficial Use forms for the permit numbers shown above. The original application fee of \$30 was paid for each of the permits by our State Office to your State Office.

By memorandum dated October 14, 1988, we were advised your department had changed the procedures for accepting applications for water rights. The new procedures requires all applications for permits, amendments, and other changes be filed in the regional office servicing the basin. We assume that also includes Proof of Beneficial use.

Because the original application fee has already been paid, and because each permit is for 0.01 CFS, we have not included license examination fees (per schedule of fees shown on the back of the Proof of Beneficial use form). According to the schedule, "No fee is required for single family domestic use, or stockwater use". We understand "stockwater" as defined by your department, also includes water for wildlife.

If you have questions or need further clarification, please do not hesitate to call Floyd Dewitt or John Aspitarte at 886-2206.

Sincerely,

K Lynn Bennett

Please find enclosed a supply of blank "Application for Permit" forms, Form 202-6/85, which the Department of Water Resources is currently using. All applications received on the old forms will be returned for drafting on the new forms. The priority of the application will not change but the processing time will be delayed.

Please find enclosed copies of 12 applications we recently received which will need to be re-drafted on the new forms and returned to our office.

If you have any questions or need additional forms, please feel free to contact our office.
