RE: Permit No. 37-8180

Dear Mr. LeMoyne:

The department has received your proof of beneficial use form submitted to the Southern Region Office on June 9, 1988, requesting water use at a rate of 0.04 cfs.

Please note on the enclosed copy of your application for permit form, the amount of water use approved is 0.02 cfs, which is the maximum rate allowed for diversion.

In compliance with the statutes, a water right license could not be issued for a rate greater than the permit approval. Your proof of beneficial use form has been amended by showing 0.02 cfs as the maximum rate of diversion for the permit.

The department will continue processing the proofs by notifying the regional office that a field inspection is needed.

If you have any questions concerning this matter, please feel free to contact this office.

Sincerely,

RITA I. FLECK
Secretary/Records Manager
