Describe what work has been completed toward the development of this water right:
(This must be filled out! If no work has been completed, show "none".)

In addition to the work that has been completed on my previous extension, I have since completed all work on the one spring at (SE 1/4 SE 1/4, SEC 28, T2N, R14E B.M. CAMAS COUNTY).
THE COST OF THIS IMPROVEMENT WAS \$1,100 AND IS PRESENTLY READY FOR BENEFICIAL USE. IN ADDITION, I'M NEARING COMPLETION OF MY CABIN WHICH ADJOINS THESE SPRINGS AT A COST OF \$20,000. Costing \$21,100 plus FENCING OF \$12,000

AFTER THE INITIAL APPLICATION TO THE FOREST SERVICE FOR A SPECIAL USE PERMIT ON THE REMAINING THREE SPRINGS IN 1989, THEY FIRST INSPECTED THE SPRING SIGHTS IN MAY 1990. THEN THEY REQUIRED AN ARCHEOLOGICAL STUDY TO INSURE THAT NO INDIAN ARTIFACTS WOULD BE DISTURBED. THIS STUDY AND APPROVAL WAS FINISHED THE LATTER PART OF 1991. I NOW HAVE TO SUBMIT THE FINAL SPECIFICATIONS TO THE FOREST SERVICE FOR THE SPRING COLLECTION BOXES AND TRANSPORTATION SYSTEM BEFORE THEY CAN GIVE ME THEIR FINAL APPROVAL. I WILL SUBMIT THESE SPECIFICATIONS IN AUGUST.

RE: Permit No. 37-08075

Dear Permit Holder:

Returned is a copy of the proof of beneficial use you submitted in connection with the above referenced permit. Unfortunately, the proof can not be accepted as filed.

The Department has determined, from pertinent sections of the Idaho Code, that the permit holder must meet two requirements in order to be exempt from the license exam fee. They are:

1. The water right must use a **groundwater** (well) source, and;
2. The rate of diversion must be .04 cfs or 4.0 AF or less.

As you can see, you do not meet requirement #1 since you use a spring (surface) for your source. Therefore, a license examination fee of \$50.00 applies to the permit.

Please return the copy of the proof form and the license examination fee within thirty (30) days of receipt of this letter.

If you have any questions or if I can be of any further assistance, please feel to contact me.

Sincerely,

SUBJECT: Permit 37-08075

FROM: Jim Stanton

DATE: 9-30-94

Today I received the proof of beneficial use for this permit. Mr. Sims told me that he
he runs water from 4 springs via buried pipelines to frostless hydrants. The hydrants
are opened as needed to supply stock troughs. One line also runs to a cabin for domestic
use. These springs have no surface connection to Soldier Creek. The total flow of the
springs is less than 0.02 cfs. There is no watermaster on Soldier Creek, which is an
inactive water district. Therefore, recommend the measuring-device requirement be waived.
This system can be measured with a bucket and stopwatch, and will probably be licensed for
0.02 cfs regardless of what is measured.

PROOF DUE NOTICE

RE: PERMIT NO. 37-08075

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before November 1, 1994.

(See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

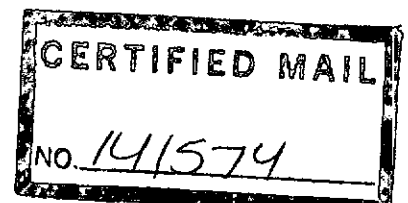

SINCERELY,

JULIE L. YARBROUGH

Re: Permit No. 37-08075

Dear Permit Holder:

The Department is receipt of the Request for Extension of Time you submitted in connection with the above referenced permit. However, before I can proceed with the analysis, further information is necessary.

You indicate several requirements and applications for the Forest Service. Please provide the Department with copies of any correspondence concerning this matter.

The Department has already issued one extension of time based on due diligence. Section 42-204, Idaho Code, only authorizes one extension of time based on due diligence, and therefore, we could not grant another extension for this reason. In order to grant the extension, it would have to be due to governmental delay (i.e. Forest Service).

In order to meet all of the required dates, you will need to submit this information on or before November 1, 1992.

If you have any questions or if I can be of any further assistance, please feel free to contact me.

Dear Mr. Jones:

We have reviewed the Application for Amendment concerning Water Permit 37-8075, filed by John R. Sims. We do not wish to submit a formal protest of the amendment, but do want the information on the permit to be accurate. According to records on the Fairfield Ranger District, there are some errors in Mr. Sims' permit application and amendment.

There are three springs in the NW1/4, NW1/4, Sec. 27, T.2N., R.14E. One, in the NWNWSW, Sec. 27, was developed by the Forest Service as a pond in 1977. We do not have a claim on this development at this time, but will be filing on it in the Snake River Adjudication. A second spring, in SENWSW, Sec. 27, is needed for wildlife purposes and a request by Mr. Sims to develop this spring under special use permit was denied. The third spring, on the line between SWNWSW and SENWSW, is currently developed and being used by Mr. Sims.

We do not believe there is a spring located in the SE1/4, SE1/4, Sec. 28, as being claimed by Mr. Sims. This is the location of use for the spring in SENWSW, SWNWSW, Sec. 27.

The fourth spring in Mr. Sims application is located in the SESENE, Sec. 28. This spring was developed by the Forest Service, and a Water Right License was issued in April, 1984 (#37-7903).

The Fairfield Ranger District personnel have discussed these water developments with Mr. Sims and have worked out the details of a special use permit that includes use by Mr. Sims of the overflow from the two Forest Service spring developments (SESENE, Sec. 28 and NWNWSW, Sec. 27). The special use permit has not yet been signed, but agreement has been reached.

We feel Mr. Sims' water permit should reflect the above information. We would like to request that a Forest Service representative be invited to the field exam on this development so that we may participate in the verification of this information. Please feel free to contact Gary Ketcheson at 737-3200, or Brant (Buz) Vanskike at 764-2202, at the time of the field exam or for further information.

PROOF DUE NOTICE

RE: PERMIT NO. 37-08075

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before June 1, 1990.

(See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Rita Fleck
Secretary/Records Manager
