RE: Permits 37-8016 thru 37-8028

Gentlemen:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

Field examinations must be done while the system is in operation. For this reason we concentrate on irrigation permits during the summer months and do examinations on permits for other uses during the non-irrigating months.

If you have any questions regarding the field examination, please contact our office.

Sincerely,

Dear Sir:

Enclosed are copies of your approved applications for permit. We direct your attention to the conditions of approval on the fourth pages.

Please be advised that numerous prior applications for permit have been filed to appropriate water from your source listed on Permit No. 35-8039, to be used on desert land entry and/or Carey Act lands. Development of these waters is currently prevented by the U.S. Bureau of Land Management. However, if the lands are released for development, the associated water rights will receive water prior to your water right enclosed. Therefore, be sure to analyze the future impact of these rights before making a major investment in a water supply system.

The 1982 Idaho Legislature added a requirement that as a permit holder you must commence the excavation or construction of diverting works within one year of the date the permits were issued, and must proceed diligently until the projects are completed. The enclosed blue cards must be completed and returned to this office as soon as you commence construction, no later than one year from the date the permits were approved.

We have enclosed a form entitled "Making Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop these permits into licenses.

Sincerely,

DAVID R. TUTHILL, JR., P.E.
