REQUEST FOR EXTENSION OF TIME

Department of Water Resources

To provide additional time in which to submit proof
of beneficial use for a water right permit

The Idaho Department of Water Resources will consider this form as a request that the permit holder(s) be granted an additional period of time in which to complete development of a water right under the provisions of Section 42-204, Idaho Code.

Permit No. 37-7989Name(s) of Permit Holder: White Water Power Co. Re: Stan StandalPost Office Address: P.O. Box 361, Boise, ID 83701Telephone No. 837-4970Date Proof is Due: April 1, 1987

Describe what work has been completed toward the development of this water right:

(This must be filled out! If no work has been completed, show "none".)

This Water Permit for our Hydro Installation is being used. Our Installation is 90% complete and the plant is operating. the final work required is a re-construction of the diversion facility.

Costing \$ 2000 / 100,000

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

A temporary diversion structure is in use until I finish completion of my fish Facility. When the fish facility is completed, the diversion structure will be in the end of the last fish Pond.

Permit holder(s) request an extension to April 1, 1990. Stan Standal, President White

ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that I have examined Application for Permit to appropriate the public waters of the State of Idaho No. 37-7989, and said application is hereby APPROVED.

1. Approval of said application is subject to the following limitations and conditions:

a. SUBJECT TO ALL PRIOR WATER RIGHTS.

b. Proof of construction of works and application of water to beneficial use shall be submitted on or before April 1, 19 87.

c. The rate of diversion, if water is to be used for irrigation under this permit, when combined with all other water rights for the same land shall not exceed 0.02 cubic feet per second for each acre of land.

d. Other: An access port or other device as specified by the Department shall be installed by the permit holder to provide for the installation of measuring equipment and the determination of the rate of diversion by the Department.

This project shall be operated in a manner that will not conflict or interfere with the future diversion of water for irrigation or other beneficial consumption.

This permit is subject to the provisions of Sections 42-205 through 42-210, Idaho Code, restricting the sale, transfer, assignment, or mortgage of this permit. Failure to comply with these provisions is cause for immediate cancellation of this permit.

This permit does not constitute Idaho Public Utilities Commission or Federal Energy Regulatory Commission approval that may be required.

Witness my hand this 6th day of April, 1982.

RECEIVED

Project No. 6271-001

-2-

37-7889

UNITED STATES OF AMERICA
FEDERAL ENERGY REGULATORY COMMISSION

White Water Ranch)

Project No. 6271-001

Department of Water Resources No. 6271, is amended as provided in this order, effective the first day of the month in which this order is issued.

ORDER AMENDING EXEMPTION

(Issued April 22, 1998)

On September 28, 1982, the Commission issued an exemption for the White Water Ranch Project, FERC No. 6271, to White Water Ranch, with an authorized installed capacity of 185 kilowatts (kW). 1/ On October 24, 1995, White Water Ranch informed the Commission about design changes to its project. The description of the design changes reflect the as-built project.

FILING

In the filing, the exemption indicated that instead of three developments A, B, and C as authorized by the exemption for a total installed capacity of 185 kW, the as-built project consists of two developments A and C for a total capacity of 170 kW. Development A was constructed as described in the exemption with an installed capacity of 55 kW, under a 59 feet of head. Developments B and C were combined into development C with an installed capacity of 115 kW, utilizing a combined head of 125 feet.

REVIEW

By letters dated January 23, 1996, we requested comments from the U.S. Fish and Wildlife Service, the Idaho Department of Fish and Game, and the Idaho Department of Water Resources. None of the agencies objected to the changes in project design.

This order will revise the project's description to reflect the as-built conditions. We reviewed exhibits B and C on file and found they don't represent the as-built project condition. 2/ Therefore, we are including ordering paragraph (C) requiring the exemption to file revised exhibits B and G. The exemption must report to the Commission any future proposed changes to the project prior to implementing them.

1/ 20 FERC ¶62,551 (1982).

2/ Aperture cards of 2 exhibit B drawings and 3 exhibit C drawings were filed with the Commission on July 6, 1982. A photo-copy of the exhibits is forwarded to the exemption along with this order.

DC-A-1

The Director orders:

(A) The exemption for the White Water Ranch Project, FERC No. 6271, is amended as provided in this order, effective the first day of the month in which this order is issued.

(B) The project description in the public notice attached to the Order Granting Exemption from Licensing of a Small Hydroelectric Project 5 MW or Less, issued September 28, 1982, is revised to read as follows:

Project Description - The project, which is located on the exemption's trout hatchery, consists of two developments. Development A consisting of: (1) a concrete head box, 12-foot-high by 16-foot-long by 8-foot-wide, located at the downstream side of a culvert that carries Stoddard Creek under a country road; (2) a 165-foot-long by 20-inch-diameter welded steel penstock; and (3) a concrete powerhouse containing a generating unit with a rated installed capacity of 55 kW. Development C consisting of: (1) a 300-foot-long power canal that carries water from rearing pond 2; (2) a concrete diversion structure, 8-feet-deep by 8-feet-long by 8-feet-wide; (3) a 780-foot-long, 2-foot-diameter welded steel penstock; (4) a concrete powerhouse containing a generating unit with a rated installed capacity of 115 kW; (5) a buried 12.5-kV transmission line that connects both development to an Idaho transmission near Development A; and (6) apartment facilities.

(C) Within 90 days from the date of this order, the exemption shall file revised exhibit B and G drawings of the project. Exhibit B drawings must show project boundary enclosing all project works. Exhibit G drawings must show plan, elevation, and section views of the power plants, diversion structures, and any other principal structure of the project.

(D) The exemption shall report to the Commission any future proposed changes to the project prior to implementing them.

(E) This order constitutes final agency action. Requests for rehearing by the Commission may be filed within 30 days of the date of issuance of this order, pursuant to 18 C.F.R. § 385.713.

Enclosure

JUN 29 1994

MEMORANDUM

TO: File 37-07989

FROM: Sharla

DATE: June 20, 1994

RE: Term Condition

This right for power purposes is subject to review under Section 42-203, Idaho Code for determination of a term of years for the license. The factors for such determination as set forth in this section of the Code are as follows:

- a) term of any power purchase contract
- b) policy of IPUC regarding the term of power purchase contracts
- c) term of any FERC license
- d) existing downstream water uses established pursuant to state law

Because this right is for the production of power for private use, there is no power purchase contract. Thus items a & b above are not applicable. The project was exempted from licensing by FERC in 1982, therefore, item c is not applicable.

The only portion of the section applicable to this right is item d. I am unaware of other licenses which have been issued for a term based on this item. However, it does not appear to be reasonable to allow an extensive term prior to such review. Therefore, a condition will be added to the licenses setting forth a term of 10 years.

System Description (continued)

3. **Narrative:** Description (As operating at time of measurement. Indicate pressure, number of sprinklers, etc.)

Existing diversion in Stoddard Creek serves fish pond that discharge back into Stoddard Creek. A concrete diversion structure in the creek then pushes water into a short ditch. A penstock then carries the water to the generator before discharging into the Snake River upstream from Stoddard Creek. (WENWAWE 528 T6S R13E Lot 1)
Generator is a Borg-Warner Byron Jackson unit, Model 8.6 M 1-stage, #841-S-1468 rated 100 kW at 110' head & 14 cfs.

$V = \text{Smaller of } V_{I.R.} \text{ and } V_{D.R.} =$ _____

2. Volume Calculations for Other Uses:

JUN 29 1994

H. REMARKS AND OVERLAP REVIEW ANALYSIS

Measured Flow also includes about 4 cfs from springs arising about 1/4 mile north of head of Stoddard Cr. Springs are licensed under 37-2200 for fish propagation at about 4.2 cfs. Most of this flow is diverted at outlet of fish ponds via pipeline to head of penstock from Stoddard Creek. All this development is on applicant's property, so no other water users are affected.

I suggested to Mr. Standel that he file a new application for 4 cfs to cover the spring water that is being used for power generation. Recommend this permit be licensed for difference between measured amount & the spring flow. System has 125' of head for 115 kW production rate.

An FERC exemption (#313579) has been granted for this site, according to Mr. Standel. Original plan called for 2 power sites, but only the lower site was developed. There is also an old power site above the fish ponds.

I. RECOMMENDATIONS

1. Recommended Amounts

Beneficial Use	Period of Use From	To	Rate of Diversion Q (cfs)	Annual Volume V (afa)
Power	1-1	12-31	14.35	
Totals:			14.35	

2. Recommended Amendments

PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 37-07989

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. Enclosed is an order advancing the priority of the permit since the proof was received after the proof due date. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

If you have questions concerning this matter, please feel free to contact the SOUTHERN Regional Office in Twin Falls at (208)734-3578.

Sincerely,

Rita Fleck
Secretary/Records Manager

FEB 06 1991

Signed this _____ day of _____, 19 _____.

August 23, 1990

White Water Power Company
P. O. Box 361
Boise, ID 83702

Gentlemen:

Re: Permit No. 37-7989

The department received the request for extension of time form on June 15, 1990 and the \$15 fee on June 19, 1990. However, since the project is complete, I suggest you submit the proof of beneficial use form in lieu of the extension request.

Enclosed is a proof of beneficial use form and instruction sheet. Complete and return this form within 15 days. If proof form and applicable fee (minus the \$15 extension fee) are received timely, the permit can be reinstated.

I understand your concern about having an adequate water supply so as to measure the system at full capacity. The solution is to schedule the field inspection in an average water year. Thus a measurement of water flow can be made when the system is running at capacity.

If you have any questions, contact me.

Sincerely,

RITA I. FLECK
Secretary/Records Manager

LAPSE NOTICE

RE: PERMIT NO. 37-07989

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218A, Idaho Code, the above referenced permit has lapsed and is of no further force nor effect. The department provided the proper forms to you in our proof due notice dated January 31, 1990. No further construction or additional development is authorized under this permit unless it is reinstated.

The permit can only be reinstated if you submit an acceptable proof of beneficial use or an acceptable request for extension of time to the department within sixty (60) days of the mailing of this lapse notice. An acceptable proof of beneficial use submittal must include the examination fee or a completed field examination report. A request for extension of time must be accompanied by a fifteen dollar (\$15) fee.

Enclosed again for your use are a proof of beneficial use form and a request for extension of time form. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a government agency or by litigation which may bring title to the water in question.

PROOF DUE NOTICE

RE: PERMIT NO. 37-07989

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before April 1, 1990. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Rita Fleck
Secretary/Records Manager

PROOF DUE NOTICE

RE: PERMIT NO. 37-7989

DEAR PERMIT HOLDER:

ONE OF THE CONDITIONS OF APPROVAL OF THE ABOVE REFERENCED WATER PERMIT WAS THAT PROOF OF THE EXTENT OF YOUR BENEFICIAL USE MUST BE SUBMITTED TO THIS OFFICE ON OR BEFORE APRIL 1, 1987. (SEE LAST PAGE OF YOUR APPROVED PERMIT OR YOUR LAST APPROVED EXTENSION REQUEST.) ENCLOSED IS A FORM WHICH WHEN ACCOMPANIED BY THE LICENSE EXAMINATION FEE OR A COMPLETED FIELD EXAMINATION REPORT PREPARED BY A CERTIFIED WATER RIGHT EXAMINER MAY BE USED TO SUBMIT THE REQUIRED PROOF.

IF YOU HAVE NOT FULLY COMPLETED YOUR PROJECT, AND YOU OR A PREVIOUS OWNER OF THIS PERMIT HAVE NOT RECEIVED A PRIOR EXTENSION OF TIME, YOU MAY REQUEST AN EXTENSION OF TIME IF THE DELAY IS FOR REASONABLE CAUSE AS PROVIDED IN SECTION 42-204, IDAHO CODE. IF YOU HAVE BEEN PREVENTED FROM PROCEEDING BY A GOVERNMENTAL AGENCY OR BY LITIGATION WHICH MIGHT BRING TITLE TO THE WATER IN QUESTION, MORE THAN ONE EXTENSION OF TIME CAN BE GRANTED. AN EXTENSION OF TIME REQUEST FORM IS ENCLOSED FOR YOUR CONVENIENCE.

EITHER AN ACCEPTABLE PROOF OF BENEFICIAL USE SUBMITTAL OR AN ACCEPTABLE REQUEST FOR AN EXTENSION OF TIME MUST BE RECEIVED BY THIS DEPARTMENT ON OR BEFORE THE ABOVE DESCRIBED PROOF DUE DATE. IF NEITHER IS RECEIVED, THE DEPARTMENT WILL SEND YOU A LAPSE NOTICE. WITHIN SIXTY (60) DAYS OF THE MAILING OF THE LAPSE NOTICE, THE PERMIT WILL NO LONGER BE OF ANY FORCE NOR EFFECT.

SINCERELY,

RITA FLECK

Re: Permit No. 37-7989 (Norman Stanley Standal, Jr.)

Dear Mr. Standal:

In response to your letter dated September 8, 1985, I have reviewed the above-referenced permit file and determined that the permit is in the name of Norman Stanley Standal, Jr. There is no reference in Department files of an assignment to White Water Power Company. Enclosed is an assignment form for your use. If the permit should be in the name of White Water Power Company, the assignment would need to be completed and returned to the Department.

The permit shows that proof of beneficial use is not due until April 1, 1987. If the project is fully completed, however, proof of beneficial use can be submitted now. Enclosed is a proof of beneficial use form for your use.

Sincerely,

L. GLEN SAXTON

RE: Permit # 37-7989

Dear Sirs:

I have recently recieved correspondence from you regarding the status of my permit # 37-7989.

This letter is to inform you of the work I have done to divert and beneficially use water for my hydro power project.

I began construction on my hydro power project in October 1984, which included excavating for the diversion structure, excavating the penstock trench, installation of 450 feet of penstock and pouring a concrete foundation for the generator house. Construction resumed in March 1985, and water was diverted in June 1985. The Project is now complete and operating.

In January 1985 I assigned this Permit to my hydro power corporation, White Water Power Co.

Sincerely,

Stan Standal

SEPTEMBER 1, 1985

DEAR PERMIT HOLDER:

ACCORDING TO OUR RECORDS, YOU ARE THE HOLDER OF A WATER PERMIT ON WHICH PROOF OF BENEFICIAL USE OF WATER WAS NOT SUBMITTED BEFORE JULY 1, 1985, WHICH INDICATES YOUR PROJECT IS NOT COMPLETE. THEREFORE, YOU NEED TO BE AWARE OF CHANGES IN IDAHO LAW, EFFECTIVE JULY 1, 1985, WHICH IMPACT ALL WATER PERMITS ISSUED BY THIS DEPARTMENT.

SPECIFICALLY, PURSUANT TO SECTION 42-203D, IDAHO CODE, THE DEPARTMENT MUST REVIEW ALL PERMITS FOR WHICH DEVELOPMENT OF WATER USE WAS NO COMPLETED ON OR BEFORE JULY 1, 1985, TO DETERMINE IF THEY MEET THE NEW REQUIREMENTS OF CHAPTER 2, TITLE 42, IDAHO CODE. RULES AND REGULATIONS GOVERNING THE RE-EVALUATION OF PERMITS ARE NOT YET FINALIZED. HOWEVER, IF YOU COMPLETED THE DEVELOPMENT UNDER YOUR PERMIT BEFORE JULY 1, 1985, YOU SHOULD SUBMIT A PROOF OF BENEFICIAL USE STATEMENT, STATING THAT THE PROJECT WAS COMPLETED BEFORE JULY 1, 1985 SO THAT YOUR PERMIT WILL NOT BE SUBJECT TO THE REVIEW REQUIREMENTS OF SECTION 42-203D, WHICH READS AS FOLLOWS:

42-203D. REVIEW OF PERMITS - OPPORTUNITY FOR HEARING. - (1)THE DEPARTMENT SHALL REVIEW ALL PERMITS ISSUED PRIOR TO THE EFFECTIVE DATE [JULY 1, 1985] OF THIS SECTION, EXCEPT TO THE EXTENT A PERMIT HAS BEEN PUT TO BENEFICIAL USE PRIOR TO JULY 1, 1985, TO DETERMINE WHETHER THEY COMPLY WITH THE PROVISIONS OF CHAPTER 2, TITLE 42, IDAHO CODE. IF THE DEPARTMENT FINDS THAT THE PROPOSED USE DOES NOT SATISFY THE CRITERIA OF CHAPTER 2, TITLE 42, IDAHO CODE, THEN THE DEPARTMENT SHALL EITHER CANCEL THE PERMIT OR IMPOSE THE CONDITIONS REQUIRED TO BRING THE PERMIT INTO COMPLIANCE WITH CHAPTER 2, TITLE 42, IDAHO CODE. IF THE DEPARTMENT FINDS THAT THE PERMIT SATISFIES THE CRITERIA ESTABLISHED IN CHAPTER 2, TITLE 42, IDAHO CODE, THEN THE DEPARTMENT SHALL ENTER AN ORDER CONTINUING THE PERMIT. (2)THE DEPARTMENT SHALL PROVIDE AN OPPORTUNITY FOR HEARING IN ACCORDANCE WITH SECTION 42-1701A, IDAHO CODE, AND SECTIONS 67-5209 THROUGH 67-5215, IDAHO CODE, FOR EACH HOLDER OF A PERMIT THAT IS PROPOSED EITHER TO BE CANCELLED OR MADE SUBJECT TO NEW CONDITIONS.

YOU MAY OBTAIN PROOF OF BENEFICIAL USE FORMS FROM THE DEPARTMENT. IF YOU HAVE ANY QUESTIONS, PLEASE LET US KNOW.

Project No. 6271-000

-2-

Department of Water Resources

UNITED STATES OF AMERICA
FEDERAL ENERGY REGULATORY COMMISSION

White Water Ranch) Project No. 6271-000

NOTICE OF APPLICATION FOR EXEMPTION FOR SMALL HYDROELECTRIC
POWER PROJECT UNDER 5 MW CAPACITY

(June 24, 1982)

Take notice that on April 29, 1982, White Water Ranch (Applicant) filed an application under Section 408 of the Energy Security Act of 1980 (Act) (16 U.S.C. §§2705 and 2708 as amended), for exemption of a proposed hydroelectric project from licensing under Part I of the Federal Power Act. The proposed small hydroelectric project (Project No. 6271) would be located on Stoddard Creek and an unnamed spring in Gooding County, Idaho. Correspondence with the Applicant should be directed to: Mr. Dale Hatch, P.O. Box 1071, Twin Falls, Idaho 83301.

Project Description - The proposed project would be located on the Applicant's trout hatchery and would consist of three developments. Development A consisting of: (1) an existing 5-foot-high diversion structure on Stoddard Creek; a 250-foot-long, 20-inch diameter penstock; (3) a powerhouse containing a single generating unit with a rated capacity of 55 kW. Development B comprising: (1) a 280-foot-long, 22-inch-diameter penstock connecting settling pond #2 with; (2) a powerhouse containing a single generating unit with a rated capacity of 30 kW. Development C comprising: (1) a 22-inch-diameter, 440-foot-long penstock connecting settling pond #4 with; (2) a powerhouse, containing a single generating unit with a rated capacity of 100 kW that would be located above the A.J. Wiley Project No. 2845 reservoir boundary on the Snake River.

Purpose of Exemption - An exemption, if issued, gives the Exemptee priority of control, development, and operation of the project under the terms of the exemption from licensing, and protects the Exemptee from permit or license applicants that would seek to take or develop the project.

Agency Comments - The U.S. Fish and Wildlife Service, The National Marine Fisheries Service, and the Idaho Department of Fish and Game are requested, for the purposes set forth in Section 408 of the Act, to submit within 60 days from the date of issuance of this notice appropriate terms and conditions to protect any fish and wildlife resources or to otherwise carry out the provisions of the Fish and Wildlife Coordination Act. General comments concerning the project and its resources are requested; however, specific terms and conditions to be included as a condition of exemption must be clearly identified in the agency letter. If an agency does not file terms and conditions within this time period, that agency will be presumed to have none.

Other Federal, State, and local agencies are requested to provide any comments they may have in accordance with their duties and responsibilities. No other formal requests for comments will be made. Comments should be confined to substantive issues relevant to the granting of an exemption. If an agency does not file comments within 60 days from the date of issuance of this notice, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

Competing Application - Any qualified license applicant desiring to file a competing application must submit to the Commission, on or before AUG 16 1982 either the competing license application that proposes to develop at least 7.5 megawatts in that project, or notice of intent to file such a license application. Submission of a timely notice of intent allows an interested person to file the competing license application no later than 120 days from the date that comments, protests, etc. are due. Applications for preliminary permit will not be accepted.

A notice of intent must conform with the requirements of 18 C.F.R. §4.33(b) and (c) (1980). A competing license application must conform with the requirements of 18 C.F.R. §4.33(a) and (d) (1980).

Comments, Protests, or Petitions to Intervene - Anyone may submit comments, a protest, or a petition to intervene in accordance with the requirements of the Rules of Practice and Procedure, 18 C.F.R. §1.8 or §1.10 (1980). In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a petition to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or petitions to intervene must be received on or before AUG 16 1982.

Filing and Service of Responsive Documents - Any filings must bear in all capital letters the title "COMMENTS", "NOTICE OF INTENT TO FILE COMPETING APPLICATION", "COMPETING APPLICATION", "PROTEST", or "PETITION TO INTERVENE", as applicable, and the Project Number of this notice. Any of the above named documents must be filed by providing the original and those copies required by the Commission's regulations to: Kenneth F. Plumb, Secretary, Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426. An additional copy must be sent to: Fred E. Springer, Chief, Applications Branch, Division of Hydropower Licensing, Federal Energy Regulatory Commission, Room 208 RB at the above address. A copy of any notice of intent, competing application, or petition to intervene must also be served upon each representative of the Applicant specified in the first paragraph of this notice.

RE: Permit No. 37-7989

Norman Stanley Standal, Jr.
Star Route
Bliss, ID 83314

Dear Mr. Standal:

Enclosed is a copy of your approved Application for Permit. We direct your attention to the conditions of approval on the fourth page.

Be sure to note the special condition requiring you to install a measuring device, or an access port to provide for the installation of measuring equipment by the Department. Enclosed please find a list of measuring device options, and specifications for the installation of the access port.

We have enclosed a form entitled "Making Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit into a license.

Sincerely,

DAVID R. TUTHILL, JR., P.E.
Supervisor, Water Allocation Section

RECEIVED

POWER CALCULATIONS FOR APPLICATION NO. 37-7989

P = Kilowatts .74 X hp 108 = 80 kW

Q = cfs = 16

H = feet = 85

e = efficiency ?

proposed

2ND P/D

38 X .74 = 28 kW

Q = 16

H = 30

e = ?

$$e = \frac{P(11.8)}{QH} = \frac{80(11.8)}{16(85)} = .69$$

2ND P/D

e = $\frac{28(11.8)}{16(30)}$

16(30)

e = .69 = 69%

Based on the above calculations the proposed project must have an 69% efficiency.

REASONABLE *Jim* 4-5-82

TOTAL Power Production

80 kW + 28 kW = 108 kW

Ave PEAK DEMAND PER TOTAL ELECTRIC HOME
= 30 kW

TOTAL NO. OF HOUSES SUPPLIED w/108 kW = 3.6

Assume Permit holder will not sell
POWER GENERATED AND WILL NOT BE
REGULATED BY FERC.

RECOMMEND APPROVAL OF APPLICATION

Gooding, Idaho 83330

Gentlemen:

Enclosed you will find a legal notice which we wish to have published on the dates indicated (once a week for two consecutive weekly issues) in your newspaper. We have allowed ample time for you to submit a galley proof to this office for review before the first publication date. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. Your cooperation is appreciated.

Please send the affidavit of publication and publication billing to this office before FEBRUARY 1, 1982.

Yours truly,

Mary A. Hill
Secretary
