Stacie Ree
Box 726
Sun Valley, ID 83353

Dear Mrs. Ree:

We are in receipt of your letter dated November 2, 1983 in regards to the above referenced permit. After reviewing your permit I offer the following information.

The statement of proof of construction of works and application of water to beneficial use card for your permit has been received by our office. Mr. Costoff submitted proof of beneficially using the water on May 10, 1983, thus completing his portion of permit development. Our office will now take action to finalize the water permit by examining the water system and issuing a water right license according to what the field examiner finds.

A water right license is considered real property and is appurtenant to the land.

We are not sure when a field examiner from our Twin Falls office will contact you to schedule for field examination of your system. However, if for any reason you need to contact that office, their address and telephone number are: 1041 Blue Lakes Blvd. No, Twin Falls, (208)734-3578.

If I can be of any further assistance, please feel free to contact me.

Dear Mr. Costoff:

Our office is in receipt of the assignment form conveying the above referenced permit from you to Mr. and Mrs. Ree. However, we are in question as to what you wish to assign to the Rees. Your permit was issued for domestic and stockwater purposes. On the assignment form you appear to state that you only want to assign the domestic portion of the right. If this is the case, you need to state exactly how many cubic feet per second you wish to assign.

If you want to assign the whole right to Mr. and Mrs. Ree, you need to "x" the top box on the form stating you wish to assign all right, title and interest in the permit to the Rees.

I am returning the assignment form to you for clarification. Please initial all changes you make on the form since it is a notarized document.

If you have any questions on this matter, please feel free to contact our office.

RE: Water Right Permit No. 37-7709

Dear Mr. and Mrs. Ree,

Thank you for your letter of July 27, 1983. Our records show that Richard C. Costoff is the current permit holder of the above referenced water right.

In Idaho a permit is considered personal property and can only be acquired when the permit holder of record assigns all or part of his interest in the permit to another party.

It is my understanding from your letter that you currently own the property for which this permit is for. I recommend that you obtain an assignment from Richard C. Costoff. I have enclosed an assignment form for your use.

As soon as our office receives the assignment, we will be able to process the permit into your name.

Dear Mr. Costoff:

Your approved copy of Application for Permit No. 37-7709 is enclosed and we direct your attention to the conditions of approval on the fourth page.

The exercise of this permit may also be affected by the court's determination of water rights in the case of Idaho Power Company v. State of Idaho, et al., Civil No. 62237, currently pending before the District Court of Ada County.

Idaho Power officials tell us that because of Case No. U-1006-124 filed before the Idaho Public Utilities Commission, Idaho Power Company is asking the District Court of Ada County to determine whether the Power Company's water rights on the Snake River are protected against subsequent upstream appropriations in the waters of the Snake River and surface and subterranean tributaries between Milner Dam and Hells Canyon.

Since the use of water under your permit may affect the flows in this reach of the Snake River, the final decision in Idaho Power Company v. State of Idaho, et al. (Ada County Civil No. 62237) may determine to what extent the exercise of your permit may be subject to the water rights of Idaho Power.

While the Ada County court is examining this question, Idaho Power Company has not filed a specific protest to your permit.

DEPT. OF WATER RESOURCES

However, the Department of Water Resources has been advised that the Power Company is not waiving any of its rights to contest or limit the exercise of your permit or a subsequent license or water right.

If you have any questions, please let us know.

Sincerely,

L. GLEN SAXTON
Chief, Operations Bureau
