Dear Mr. Giese,

Re: Drilling Permit

Please be advised that in order for your well to comply with the drilling requirements of Section 42-235, Idaho Code, you must submit an additional \$90 for the use of the well for Irrigation purposes. When you applied for the drilling permit, you were issued a permit for the drilling of a domestic well only. The fee for drilling a well for Irrigation and stockwater purposes is \$100.

If you do not submit any additional fee for the drilling permit, you are only authorized to use the well for stockwater purposes. The water right will not be licensed for Irrigation use. If you submit the \$90, the drilling permit can be amended to include the Irrigation use.

Please submit the additional \$90 fee within 30 days of the date of this letter. If you have any questions concerning this matter, please contact this office.

Very truly yours
