Re: Permit 37-7523

Dear Mr. & Mrs. Trader:

On March 2, 1982, I visited your place and verified that your well is indeed located in the NW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 27, T1S, R12E as described in your permit. Our field report will be changed to reflect this.

According to the map I used in making my inspection, your house is located in the NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 27.

Since the permit described only the NW $\frac{1}{4}$ NE $\frac{1}{4}$ as place of use, an amendment will still be required to add the NE $\frac{1}{4}$ NW $\frac{1}{4}$ to the license.

I have taken the liberty of drafting an amendment for your signature and filing.

If the amendment is satisfactory, please mail it, with filing fee of \$20.00, to our State Office in the enclosed envelope and we will expedite licensing. If not, or if you have questions, contact this office.

Very truly yours,

Re: Permit No. 37-7523

Dear Mr. & Mrs. Trader:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

Field examinations must be done while the system is in operation. For this reason we concentrate on irrigation permits during the summer months and do examinations on permits for other uses during the non-irrigating months.

If you have any questions regarding the field examination, please contact our office.

Dear Wateruser:

The enclosed Order changes the measuring device condition of approval on your water right permit.

The changed condition is less restrictive and provides you the option to install an access port or have your system measured and certified by a professional engineer. Instructions for access port installation are also enclosed.

If you have questions regarding this matter, please contact the Regional Office nearest to you.

Sincerely,

David R. Tuthill Jr.
