Gentlemen:

One of the conditions of approval of your water Permit No. 37-7455 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before February 1, 1979. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Dear Mr. Purdy:

In reviewing your Application For Permit to Appropriate the Public Waters of the State of Idaho for domestic use, I became aware of an item that may be of interest to you. The Department allows up to .04 cfs per single family dwelling. You have applied for only .03 cfs for 10 family dwellings. As your present application reads, we could not license you for more than this amount even if your well was pumping much more.

As I was unable to reach you by phone, I am returning your application and check #92-38. You may increase the amount of water filed on up to .20 cfs, without increasing your fee and up to .40 cfs with a fee of \$25.00.

If you have any further questions, please don't hesitate to contact our office.

Sincerely,
