Re: Status of Permit Nos. 36-7288, 37-7259, 36-7373, and 37-7279 as requested through your telephone call to this office October 6.

Permit No. 36-7288: The affidavit submitted as proof to beneficial use is in file. A field examination will have to be made before licensing.

Permit No. 37-7259: Mr. Huber D. Durante was requested to submit proof to beneficial use on or before September 1, 1978. Since this department was not notified of completion of the project by the date required on the permit, Permit No. 37-7259 has lapsed.

For reinstatement, the applicant must submit the proof of beneficial use affidavit or show reasonable cause why the permit should be reinstated within 60 days from September 7, 1978.

Permit No. 36-7373. A water right license has been issued.

Permit No. 37-7279. A field examination has been made and Permit No. 37-7279 is awaiting licensing.

If you have any questions or need further assistance, please feel free to contact me.

Sincerely,

Dear Sirs;

I would like to withhold permit no. 37-7279 from proof of beneficial use and change points of diversion. When I filed, the system was supposed to be big enough to accommodate that much water. It won't and we are unable to run enough water through July and August.

Sincerely,
