Department of Water Resources

Dear Mr. Flemer

I was in your Twin Falls office recently getting everything in order to complete my watering system & mentioned the high cost of an approved measuring device for my well.

They told me that due to the small size of my system & amount of hay & pasture I plan to water that you could issue a waiver of this device.

I plan to water 7 acres of hay & about 2 acres of pasture. I have been approved for 20 CFS.

Due to increase in cost of materials & Electricity I would highly appreciate any savings you could extend to me.

Sincerely

Robin I. Mitchell
