Gentlemen:

Enclosed herewith please find "Proof of Application of Water to Beneficial Use" for the above permits.

On behalf of my clients I make a special request that the requirement for measuring device for Permit #37-7212 be waived. For the last few weeks, and until May 11, 1974, Moonstone Lodge is not operating. Because of this a measurement is not possible. This closure is only temporary and at the present only because of the season.

Very truly yours,

Gentlemen:

One of the conditions of approval of your water Permit No. 37-7211 & 37-7212 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before May 1, 1974. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
