Dear Mr. Fleenor:

^{WATER}
Please ~~use~~ the inlet measuring device on my
Permit #37-7200.

Due to the all concrete structure (installed prior to permit application) it would be prohibitably expensive to install an accurate measuring device. Mr. G. Funderberg of your Department agrees with this finding and that an outlet measuring device would be sufficient.

All this water flows to the Snake River on my property and there are no other water users below me. Thank you.
