We have been worrying and waiting for our water license to be sent to us as promised by Gary Funderburg, a department Rep. at Twin Falls.

It was acknowledged to us Dec 8, 1977 that the Affidavit submitted was received by you as proof of beneficial use on our permit No. 37-7167.

A field examination was made before the deadline lapsed but we have never received the license. We contacted Gary Funderburg at Twin Falls & he told us to be patient that you were back-logged at Boise etc & that you would get to us, but that was 5 mos. ago. We are wondering what is wrong?

Thank you for your letter. We forgot about letting you know how it turned out. We may not have the exact date of drilling, but it will be very close. Our records say we paid George Roessler of Shoshone on 26 MAY 1973, and we've been using it ever since. I think we had to go down 5 hundred 13 feet. The water came up to about 5 hundred & 5 or 3 feet. You didn't instruct us how to prove the success of the well. If this won't do - or if you need the Application Permit ANY further you'll have to let us know. OVER

If we need to come in the ^{TWIN FALLS} off, let us know
& we'll come up before the deadline of Dec 1.
The well works fine..

Orem, Utah 84057

Dear Mr. & Mrs. Ercanbrack:

One of the conditions of approval of your water Permit No. 37-7167 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before December 1, 1977. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
