Dear Mr. Stewart:

A representative of this Department made an examination of the works covered by your Permit No. 37-7154 on June 8, 1977, and has found the following:

Amount of water that can be recognized as beneficially used under
Idaho law: 0.08 cfs Source: an unnamed spring

The maximum quantity diverted shall not exceed 2.4 acre feet per
year.

Point of diversion: NE~~1~~SE~~1~~, Sec. 34, Twp. 2N, Rge. 14E, B. M.

Beneficial use: Domestic use within the SE~~1~~SE~~1~~, Sec. 34, Twp. 2N,
Rge. 14E, B. M.

Priority date established: August 7, 1972

If you do not concur with these findings please contact us within 10 days, otherwise a water license will be issued as set forth above.

Sincerely,

JAN GROVER

Dear Mr. Allred:

William F. Stewart
37-7122 and 37-7154.

I have your letter of May 5th, 1977 concerning lapse of the above permits.

On March 17th, 1977, we received notice from Mr. Gary Funderburg of your Twin Falls office. He ask that we make arrangements for a field examination. I am enclosing a copy of the letter.

I contacted him in early April, when I was sure that we could drive to the site of the development. We made arrangements for an examination on Friday, April 15th. On April 14th, Mr. Funderburg advised by telephone that he could not make the inspection. We agreed at that time that the inspection could be made at his convenience, as I could be available at any time. He was to call me and set the date. I have had no further word from him.

I am sure Mr. Funderburg will verify the above.

Under these circumstances I presume a reinstatement will not be necessary at this time.

Thanks kindly.

Yours very truly,

Dear Mr. Wokersien:

Water right Permit No. 37-7122 may be reinstated if Mr. William Stewart will submit the proof of beneficial use affidavit. This proof must be received by us before April 9, 1977, and we suggest that it be returned to us as soon as possible since a day of priority is being lost for each day proof is late after February 1, the proof due date.

You also attached with your February 12th letter a letter from the Soil Conservation Service indicating that the spring flow is much less than the permitted amount. Mr. Stewart could, therefore, request that the measuring device requirement be removed from the permit. This request can be made on the proof form. A proof of beneficial use form is enclosed for your convenience.

The proof of beneficial use on Permit No. 37-7154 is not due until September 1, 1977, but if the project is complete proof may also be made now and a second form is enclosed for that purpose.

Do not hesitate to contact us if you have further questions concerning this matter.

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. In order to receive payment, the following certification must appear on the bill:

" I hereby certify that the foregoing account is just and correct,
that the amount claimed is legally due, after allowing all just
credits, and that no part of the same has been paid."

(signature of claimant)

Very truly yours,

Bob Haynes
District Engineer
Southern District

Mr. Bobby D. Fleenor
Assistant Director
Department of Water Administration
Statehouse - Annex 2
Boise, Idaho 83707.

Dear Mr. Fleenor:

I am enclosing Application for permit to appropriate Public Waters of the State of Idaho in the name of William F. Stewart, Fairfield, Idaho. My check in the amount of \$10.00 is also enclosed. The purpose of the application at this time is to establish a priority date.

Application has been made to the Sawtooth National Forest, Fairfield office for a Special Use permit for development of the Spring and the water transmission line. Before the permit can be approved, we must submit an engineers drawing of the development, survey of the transmission line, and approval of the system by the Department of Public Health of the State of Idaho. (This is the advice we receive from the Forest office.)

To accumulate the above will take some time, and we would like to establish priority at this time.

Thanks kindly.

Yours very truly,

CAMAS ABSTRACT COMPANY.
