Dear Mr. Outzs:

A representative of this Department has made an examination of the works covered by your Permit No. 37-7093 and has found the following:

Amount of water that can be recognized as beneficially used under Idaho law: 0.02 cfs

Source: ground water (well)

Beneficial use: Domestic purposes from Jan. 1 to Dec. 31 within the NE $\frac{1}{4}$ SE $\frac{1}{4}$ , Sec. 18, Twp. 3N, Rge. 18E, B.M.

Point of diversion: NE $\frac{1}{4}$ SE $\frac{1}{4}$ , Sec. 18, Twp. 3N, Rge. 18E, B.M.

Priority date established: April 16, 1971

Your permit lists the source of water as being the Wood River, whereas, our field report indicates that you are actually taking water from a ground water source. Before a water license can be issued, it will be necessary for you to amend the permit in order to change the source of water. We have enclosed a partially completed application for amendment for your use.

Please sign the amendment application and return it to this office with a \$10.00 filing fee within 20 days of the date of this letter in order that we may issue your water license as set forth above. If you have any questions regarding this matter, please contact us within the 20-day period.

Dear Mr. Outzs:

One of the conditions of approval of your water Permit No. 37-7093 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before August 1, 1972. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Mr. Randles:

We received your recent letter concerning the application of Mr. Leslie Outzs. Mr. Outzs has an application for a permit to appropriate water. This application was published as a legal notice in the Wood River Journal, Hailey, Idaho, on May 6, and May 13, 1971, naming the source of water supply as the Wood River. Mr. Outzs, however, is not required to file an application for a permit since this well is to be used strictly for domestic purposes.

As for the problem of an injury to any right of access that you may have established, it is suggested that you contact your own attorney, as this cannot be considered as a basis for a protest against approval of this application.

According to Section 42-203 of the Idaho Code, we can consider only four (4) points of the protest. These points are as follows:

1. Will the proposed use reduce the quantity of water under existing water rights?
2. Is the proposed water supply insufficient for the purposes intended?
3. Is the application made in good faith or for delay or speculation purposes?
4. Has the applicant sufficient financial resources with which to complete the project?

If you have valid grounds for this protest under one of these four (4) points, we will allow you ten (10) days in which to submit your protest.

If you have any questions in reference to this matter, please let us know.

Very truly yours,

Bobby D. Fleenor

FOR THE LAST TWELVE YEARS PUBLIC ACCESS

PROPERTY OF LESLIE CUTZ. FOR THE PAST  
SEVEN YEARS MR. CUTZ HAS BEEN THE  
OWNER OF LAND ON WHICH HE PRESENTLY  
LIVES. DURING THIS TIME MR. CUTZ HAS  
MADE NO ATTEMPT TO PREVENT USE OF OUR  
RIGHT-OF-WAY UNTIL THE 15TH OF APRIL, 71  
WHEN HE DIRECTED THE DRILLING OF A  
WELL IN THE MIDDLE OF THE ROAD WHICH

GIVES ME ACCESS TO MY PROPERTY.

ACCORDING TO IDAHO CODE; IF PUBLIC IS PERMITTED ACCESS OVER PRIVATE PROPERTY FOR SIX YEARS THE ACCESS IS CONSIDERED COUNTY THOROUGHFARE.

I PROTEST THE CHOSEN WELL SITE BY MR. LESLIE CUTZ AS IT POSES ACCESS HARDSHIP TO MY PROPERTY.

Dear Mr. Hunter:

We received your recent letter in regard to the well of Leslie G. Outzs. We cannot consider as a valid protest the reasons you outlined in your letter. We suggest that you contact an attorney if you feel that your property rights have been injured by the location of this well. The granting of a permit by the Department of Water Administration does not grant a right-of-way to the point of diversion.

The only matters that we can consider as valid protests are the following:

1. Will the proposed use reduce the quantity of water under existing water rights?
2. Is the proposed water supply insufficient for the purposes intended?
3. Is the application made in good faith or for delay or speculation purposes?
4. Has the applicant sufficient financial resources with which to complete the project?

If you feel that you have valid grounds for protesting, we will allow you an additional ten (10) days in which to submit that protest.

If you have questions concerning this matter, please contact this office.

Very truly yours,

Bobby D. Fleenor  
Assistant Director

Dear Sir,

I am writing in regards to the notice published in the Hailey times newspaper, in regards to a Water Well for Leslie G. Outys Box 221 Ketchum, Idaho. My property is adjoining to Mr. Outys property, on said property he has moved a Trailer House, and I was of the understanding this was zoned property, and Trailer Houses were not allowed, anyway this Well has been drilled, and to my estimation it seems to be setting directly in the right of way. for all property owners surrounding it, would you please check on this before any approval is given on this Well.

Sincerely  
Bill Hunter

Post Office Box #221

Dear Mr. Outzs:

We have received letters of concern about the well you recently completed. Did you intend the Application for Permit to cover the use from your well? We notice on that application that the source of water supply is the Wood River. However, if this application was for the well, the source of supply would be ground water and the application must be amended and must also be re-advertised. If this was your intention, please let us know and send us the \$10.00 fee required for re-advertising.

If there are any questions concerning this matter, please let us know.

Very truly yours,

Bobby D. Fleenor  
Assistant Director
