Gentlemen:

Please take this note as our submittal for beneficial use of the aforementioned permit.

Calico Enterprises, Inc. was originally granted the permit to extend through their (3) three phases of construction at the site. However, due to their inadequate cash flow and ultimate bankruptcy, Phase III never was commenced.

It is the Prospectors' intentions to begin construction of Phase III in the Spring of 1973 and to continue construction into 1975.

As a result of the above noted schedule we respectfully request an extension of time in the above noted permit.

Re: Permit No. 37-7061

Dear Mr. Higginson:

We enclose herewith our check in the amount of \$1.75 to pay for the cost of making a copy of the Calico Enterprises permit application. Your cooperation with respect to this matter is appreciated.

We represent Provident Federal Savings and Loan Association which has foreclosed its mortgages against the real property owned by Calico Enterprises, and this corporation is now, for all practical purposes, defunct and not doing business in the State of Idaho. In the mortgage foreclosure proceedings, Provident Federal succeeded to all right, title and interest of Calico in and to the permit application.

At this time we do not have sufficient knowledge to submit the required affidavit and we, therefore, request an extension until January 15, 1973, in which to file the affidavit. We must make an investigation to determine the status and perfect all rights which have not to date been accomplished.

Due to pending litigation in this matter we have been prevented from completing this application.

Mr. Higginson

We are in the process of investigating the status of the water application at the site of the property, and as soon as we have a report back we will advise you accordingly.

Yours truly,

Gentlemen:

One of the conditions of approval of your water Permit No. 37-7061 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before July 1, 1972. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
