Gentlemen:

One of the conditions of approval of your water Permit No. 37-7012 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before May 1, 1974. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Steve

I believe I have found an error in the make up of this permit and of course the identity is wrong.

I know this well and area.

The permit was made up and described 1/2 mile too far east.

I have enclosed a sketch map of the area from a 15" Quad and the Bouding Co. map has come out also.

The P.D. should be NE ¹/₄ SW ¹/₄ 35.
and the land description should be:
