City of Gooding, Idaho

Dear Mr. Merritt:

Transmitted with this letter is the claim to a water right for the airport. At present the well is marginally operative and will probably be deepened in the near future. However, no increase in volume of usage is anticipated.

The claim for forty-five (45 gpm) is based on the calculated maximum discharge for the existing well using 2.5 Hp pump, 180 feet TDH minimum, and 80% efficiency.

If you have any questions, please call us at your convenience.
