INSTRUCTIONS

Your claim should set forth all necessary information to describe your claimed right. Failure to give enough information may make your claim of little value. Some of the items in the form may not apply to your situation. Please use additional sheets if space provided is not sufficient to fully answer the questions.

Paragraph No.

1. Give full name and post office address of person or company making the claim.
2. Describe the point of diversion by 40-acre subdivision. Give the name of the source, the drainage to which it is tributary if surface water, and the county in which the point of diversion is located. If there is more than one point of diversion, list others in the remarks section.
3. Give the priority dates and the quantities of water that you claim. You should accurately list the dates that you initiated each new use of the water. List separately the dates and amounts of water involved in each enlargement of the diversion. (Example: if you diverted 0.8 c.f.s. of water for irrigation on May 18, 1871, for the first time for use on 40 acres of land, and then later you enlarged the diversion by diverting an additional 0.4 c.f.s. of water to irrigate an additional 20 acres of land on June 1, 1901, your right should be described as follows:

Date of priority claimed:	<u>May 18, 1871</u>	amount:	<u>0.8 c.f.s.</u> or <u> </u> acre feet
	<u>June 1, 1901</u>	amount:	<u>0.4 c.f.s.</u> or <u> </u> acre feet
	<u>Total claimed:</u>		<u>1.2 c.f.s.</u> or <u> </u> acre feet

Since the water was used for irrigation between April 1 and October 31 on that particular farm, part b. would be completed as follows:

use irrigation period of use from April 1 to October 31 (both dates inclusive). If the water had been used for any other purpose, you would have described the priority date, amount, use, and period of use in a similar manner.

4. Describe the diversion works and explain any changes since the right was first initiated.
5. If the water is used for irrigation, give the total acreage and list the lands irrigated by 40-acre subdivisions and complete the other questions.
- 6, 7, & 8. Describe any other uses of water.
9. In the remarks section, give any information or details that you feel are not fully covered or that need clarifying. You might explain your operation, where the water is returned to if for an industrial or non-consumptive right, the condition and temperature of the returned water, and any other information to help explain your claim.

You may wish to include as a part of your claim, affidavits of witnesses who are familiar with your right and who have a personal knowledge of the circumstances which you have described in your claim. You may submit maps, drawings, certified copies of posted notices which may have been filed in the county courthouse, water measurement records, or any other document which you feel will support your claim.

Your claim will be advertised in a county newspaper for two weeks. Exceptions to your claim which dispute the water right that you have described may be received by the Department of Reclamation and you will be provided a copy of such exceptions.

The fee for filing this claim with the Department of Reclamation, Room 107, Statehouse, Boise, Idaho 83701, is \$10.00.

Dear Mr. Zimmerman:

In October of 1971, the Department of Water Administration completed the processing of your claim to a water right. Your claim is recorded in our record keeping system and will be available at any time for you or the court to use if necessary.

As you are aware, the filing of the claim does not, in itself, guarantee you a water right; it only records what you feel you have established as a water right.

If, at a later date, you find that you have additional information or any other supporting evidence that you wish to have included in the claim, you may do so at any time. However, at this time, you have no further requirements to fulfill in reference to the claim.

If you should have any further questions in reference to this matter, please feel free to contact us.

Dear Mr. Clay,

This morning I found a letter from you which had inadvertently become mixed with Christmas things. I found it rather confusing and wondered if you could enlighten me. In it, you stated that before you could take further action on our claim (Water Right No. 37-4013) you needed information requested in a letter dated Aug. 26, 1971.

To the best of my knowledge, that request was complied with. In Oct.⁽¹⁸⁾ we received a form, signed by Donald H. Mc Eldowney, Appropriation Supervisor, stating that the Department of Water Administration had completed the processing of our claim and that it would be retained in their files.

37 4013

If there is some confusion and we

have not complied with all of the rules,
please advise.

Very truly yours,
