Re: Permit No. 20449

Mr. Ira Eldredge
Carey, Idaho

Dear Mr. Eldredge:

We enclose License and Certificate of Water Right issued under Permit No. 20449, confirming your right to the use of 0.7 of a second foot of water from four small streams known as Cottonwood Creeks, with point of diversion in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$ and SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 30 and the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 31, Township 2 North, Range 24 East, B.M.; priority May 7, 1948, for irrigation of 35 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 30, and E $\frac{1}{2}$ NE $\frac{1}{4}$ Section 31, Township 2 North, Range 24 East, B.M.

License No. 12388 gives you the use of 1.6 second feet of water, or 80 inches, with priority of July 28, 1916, for use on 10 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, 35 acres in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ and 35 acres in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 30, Township 2 North, Range 24 East, B.M.

The total amount in Licenses Nos. 12388 and 20449 is 1.6 c.f.s. plus 0.7 c.f.s., or 2.3 cubic feet per second, which should be ample to take care of heavier application on the NE $\frac{1}{4}$ of Section 31.

We also enclose Departmental Receipt No. 22991 for the \$6.00 fee paid in connection with Beneficial Use Proof under Permit No. 20449.

Carey, Idaho

Dear Mr. Eldredge:

The report of our Field Engineer on examination for Beneficial Use on Permit No. 20449 shows that you have irrigated five acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 30, and twenty acres in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ and ten acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 31, Township 2 North, Range 24 East, B.M., in addition to the eighty acres included in License No. 12388 which includes ten acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, thirty-five acres in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ and 35 acres in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of said Section 30.

A License can therefore be issued for 35 inches (or .7 of a second foot) of water from Cottonwood Creeks for irrigation of these 35 acres, upon receipt of the statutory fee of \$6.00.

Very truly yours,

Permit No. 20449

Ira Eldredge, Carey, Idaho

2 To 3 40

This is an isolated valley North of the Craters of the Moon. Fair sized stream of water was coming down each of two canyons, joining together and being used for a bit of wild irrigation on range grass lands, most of which had formerly been in a farm, after which it ~~had gone~~ down into the lava and sinks. *Flows*

The reason for putting this to use in this manner and making a filing was because of rumor that a filing would be made on some of this water and it would be piped to Laidlaw Park, a distance of approximately three miles to the South, and some of the grazing land in the Craters of the Moon, to furnish water for sheep on years when there was no surface water available in that region as drinking water for sheep.

Mr. Eldredge stated that he owned all of the grazing land to the North, and that ^{the} the water was rightly his. There is other good grazing land in this District immediately to the South and East of his. He stated that there was one good spring on some of this other land up a canyon to the East, and pointed out ~~some~~ as being located in a green clump of aspen.

The pasture has been rented out for several years by Mr. Eldredge and two bands of sheep are being pastured in this area at present.

Dear Mr. Eldredge:

The inspecting Engineer works throughout the summer making inspections pertaining to Permits that are being brought to License, covering the whole State of Idaho.

In the winter when the days are short and the weather unsuitable for making inspections, the notes are worked up in the office and checked against the records in the files, after which Licenses are issued.

You may expect to receive a License from this office before long, or in case any question arises, you will hear from us.

Dear Mr. Eldredge:

We acknowledge receipt of the Affidavit of Publication in the Hailey Times which, together with the depositions previously sent in, completes your Proof of Beneficial Use under Permit No. 20449.

Before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We are unable to say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, Mr. Tolman, Field Engineer for this Department, will try and contact you at the time he makes the examination in order that you may arrange to show him over the grounds.

Re: Permit No. 20449

Mr. Ira Eldredge
Carey, Idaho

Dear Mr. Eldredge:

We enclose Certificate of Completion of Works issued under your Permit No. 20449 for the diversion of six (6) second feet of water from four small streams known as Cottonwood streams, for the irrigation of land in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, S $\frac{1}{2}$ SW $\frac{1}{4}$ Section 30; NE $\frac{1}{4}$ Section 31, Township 2 North, Range 24 East, B.M.

The statutory fee in connection with this proof is \$5.00. We therefore return your check in the amount of \$6.25 with the request that you substitute for it, a check in the amount of \$5.00.

We note that you are prepared to make Beneficial Use Proof under this Permit. As you know, the law requires publication once a week for four consecutive weeks prior to making this proof. The notice should be made in duplicate on Form 10 enclosed, setting the time and place and naming the Notary Public before whom the proof is to be made. Both copies of Form 10 to be returned to this Department together with Form 11 which is your authorization for us to have the notice published at your expense in the designated newspaper.

We shall then send a copy to the paper with instructions in regard to publishing.

Very truly yours,

Re: Permit No. 20449

Mr. Irs Eldredge
Carey, Idaho

Dear Mr. Eldredge:

We are in receipt of your letter of June 18, 1949, in reply to notice that Completion of Works Proof was due on your Permit No. 20449 on or before May 12, 1949.

If the work was completed by that time, you may have the enclosed forms of deposition executed by yourself and two witnesses, stating that the works were so completed within that time.

On the other hand, if you wish an extension of time for completion of works, you may execute the enclosed form of application for extension and return to this Department.

Very truly yours,

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. Ira Eldredge

Carey, Idaho

Boise, Idaho March 1, 1949

Dear Sir:-

Under the terms of your permit No. 20449 you are required to complete your diversion works on or before May 12, 1949. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

Dear Mr. Eldredge:

In reply to your letter of March 24, 1948, we are enclosing a form of application for permit to appropriate the public waters of the State of Idaho, together with instructions in regard to filing same.

When this application is approved it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application. In order to complete your water right two proofs are required as follows:

First, proof of completion of works which is made by affidavit before a Notary Public. The time required for making this proof should be stated under Question 12 in the application.

The final proof is made when the water has been completely applied for irrigation or whatever purpose it is intended. Notice of such proof must be published for four consecutive weeks in a county newspaper at your expense and at the time set for proof depositions are to be executed by yourself and two witnesses in proof of such beneficial use. The additional time required for making this proof should be stated under Question 13 of the application.

Dear Sirs:

I would like to have
a form, that is needed,
to file on some water.

This is a small stream
of water that runs thru
some land that I own;
and the water runs down
into the lava and is
lost; no one else is
using this water.

Please advise what
step I am to take to
prove upon this water.

Yours sincerely,
