Remarks: This well was drilled, pump installed and used in 1961 under the
ASC Emergency Program. There was no permit filed for at this time.
Since this well was drilled and used in 1961 and each year thereafter,
may we use 1962 as the priority date in completion of works on
establishing underground water rights as of the year 1961?

Enclosed is information obtained from the Gooding County ASC office
pertaining to the above mentioned well.

We called the Driller in Texas who drilled
the well said he would mail up the well
log.

Dear Mr. Giese:

We acknowledge receipt of the depositions and affidavit of publication in the Gooding County Leader, Gooding, Idaho submitted as proof of completion of works and beneficial use on Permit G-33542.

Before a certificate and license of water right can be issued, a field examination must be made by a representative from this department. We cannot tell just when this examination will be made, but our field examiner will try to contact you at the time he makes the examination so that you may show him the system.

Very truly yours,

Donald W. McEldowney
Water Rights Clerk

P.S. We are enclosing your advertising receipt. We do not need it for our files.
