Dear Mr. Peterson:

We acknowledge receipt of the affidavit of beneficial use submitted in connection with the above referenced permit.

We wish to advise you, however, that there appears to be a discrepancy under item 4b of the affidavit. On the affidavit, you have listed the point of diversion as being in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 26; NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 35, T. 3 N, R. 21 E, B. M.; whereas, permit no. 33308/37-2751 lists the point of diversion as being in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 26; NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 34, T. 3 N, R. 21 E, B.M. If the point of diversion is indeed as you have listed on the affidavit, then you will need to file for an amendment to the permit. We are enclosing such an amendment form for your use. However, if this is merely an error, please advise this office and we will correct the error.

We are withholding further processing of your permit until we have received an answer to our inquires. Please be advised that we must have your answer on or before December 1, 1970 or we will reject the proof of evidence of beneficial use and your permit will lapse.

If we may be of any assistance, please contact us.

Very truly yours,

Gentlemen:

Returned herewith is your application for permit and your check in the amount of \$6.50. In checking over your application we find you list three separate points of diversion on your map but show only one on the permit. Also, your map shows land not listed on the permit, item #14. You failed to show the NW $\frac{1}{4}$ SE $\frac{1}{4}$, Section 26, and your map indicates you have about 30 or 35 acres in that subdivision.

Please check over the permit and make sure all the land you intend to use is listed in item #14. Also, list all your points of diversion and the streams in item #4. After you have made the corrections return to our office along with your check and we will process your application as soon as possible.

Re: Permit No. 33308

Muldoon Grazing Association, Inc.
Carey, Idaho 83320

Gentlemen:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with those rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit and are now submitting proof of beneficial use. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.
