NOTICE OF EXISTING WATER PERMIT

Notice is hereby given that Hulen Meadows, Inc., Box 103, Ketchum, Idaho, has received an approved Permit No. G-32897/37-2734 issued by the Idaho Department of Water Administration authorizing the diversion of 1.11 cubic feet per second of water from a ground water source. The priority to be established under this permit is May 19, 1966, and the permit was approved June 1, 1966.

Water is to be diverted by well and pump from a point within the SW 1/4 SW 1/4 Sec. 36, T. 5 N, R. 17 E, B.M., Blaine County, to be used for domestic and irrigation purposes in the W 1/2 SW 1/4, SW 1/4 NW 1/4, Sec. 36, T. 5 N, R. 17 E, B.M. and NW 1/4 NW 1/4, Lot 4, Sec. 1, T. 4 N, R. 17 E, B.M.

Proof of the application of the water to beneficial use is to be submitted to the Department on or before June 1, 1976. Any protest against the issuance of the license for the above referenced permit should be filed with the Idaho Dept. of Water Administration, Statehouse, Boise, Idaho, 83707, within ten (10) days of the last date of publication of this notice or prior to the licensing of the permit. Licensing may commence prior to the date beneficial use proof is due without further notice.

RESTATED ARTICLES OF INCORPORATION
OF
HULEN MEADOWS WATER COMPANY AND OWNER'S ASSOCIATION, INC.

50 SEP 13 PM 1 35

We, the undersigned, President and Secretary, respectively of Hulen Meadows Water Company and Owner's Association, Inc. represent that the following Restated Articles of Incorporation of Hulen Meadows, Inc. covering real property described as: Hulen Meadows Subdivision Nos. 1 through 7, Blaine County, Idaho, set forth all of the operative provisions of the Articles of Incorporation as theretofore amended, that the Restated Articles of Incorporation correctly set forth without change the corresponding provisions of the Articles of Incorporation as theretofore amended and that the Restated Articles of Incorporation supercede the original Articles of Incorporation and all amendments thereto.

ARTICLE I

The name of this corporation shall be HULEN MEADOWS WATER COMPANY AND OWNERS ASSOCIATION, INC.

ARTICLE II

This corporation is a non-profit cooperative association, and shall have no capital stock; and no dividends or pecuniary profits shall be declared to the members thereof.

ARTICLE III

The objects and purposes for which this corporation is formed are as follows:

1. To acquire and own real estate and personal property, including water rights, water lines, mains, easements, pumps, pumping fixtures and equipment, water licenses and permits, franchises; domestic sewer lines, manholes, pumping stations, sewage disposal plants or systems; and any other property item or effect that may become instrumental for the purposes for which the corporation is organized.

2. To supervise, manage, distribute, control and supply water to the members of the corporation, and to acquire, maintain, control, expand, improve and repair water sources and systems, and also sewer lines, manholes, pumping stations, sewage disposal plants or systems, and conduct all business necessary or instrumental to the same.

3. To make assessments and charges to members for water and water system appurtenances and sewers and sewer system appurtenances and sewage disposal plants of systems furnished in connection therewith, and which assessments and charges shall be disbursed by the corporation only in payment for expenses of such water system and water system appurtenances, and sewer systems, sewer system appurtenances and sewage disposal plants or systems.

4. To own, operate and maintain parks and play grounds served by any water system owned and operated by this corporation and situate in Hulen Meadows Subdivision of Blaine County, State of Idaho.

5. To perform any lawful act necessary to the acquisition, ownership, maintenance, and expansion of water system or systems and the distribution of water, and any other lawful act necessary or advisable in the furtherance of the corporation.

6. To develop a community designed for safe, healthful and harmonious living.

7. To promote the collective and individual property and civic interests and rights of all persons, firms and corporations owning property in Hulen Meadows Subdivision Nos. 1 through 7, Blaine County, Idaho, according to the recorded plats thereof, records of Blaine County, Idaho, and such others as may from time to time be admitted to membership in the corporation.

8. To care for the improvements and maintenance of any community center, gateways, public easements, parkways, grass plots, parking areas, and any facilities of any kind dedicated to the community use and other open spaces and other ornamental features of the above described subdivisions which now exist or which may hereafter be installed or constructed therein.

9. To cooperate with the owners of all vacant and unimproved lots now existing or that hereafter shall exist in the subdivisions in keeping them in good order and condition, and preventing them from becoming a nuisance and a detriment to the beauty and to the value of the improved property therein, and to take any action with reference to such vacant and unimproved lots as may be necessary or desirable to keep them from becoming such nuisance and detriment.

10. To aid and cooperate with the members of this corporation and all property owners in the enforcement of such conditions, covenants and restrictions on and

appurtenant to their property as are now in existence, as well as any other conditions, covenants and restrictions as shall hereafter be approved by a majority vote of the members of the corporation.

11. To designate the membership, powers and duties of an architectural control committee as provided by the Declarations of Restrictions and Limitations as to use of land within Hulen Meadows Subdivisions, Blaine County, Idaho for interpretation and enforcement of the various recorded resolutions and limitations as to the construction, placement and maintenance of structures on lots within the subdivision.

12. In general, but in connection with the foregoing, to do any and all things necessary to promote the general welfare of the residents and owners of any portions of the Hulen Meadows Subdivisions and their property interests therein.

13. To acquire, own or lease such real and personal property as may be necessary or convenient for the transaction of its business and the fulfillment of its purposes and objectives, and to exercise all rights, powers and privileges of ownership to the same extent as natural persons might or could do.

14. To arrange social and recreational functions for its members.

15. To exercise any and all powers that may be delegated to it from time to time by the owners of the real property in the subdivisions.

16. This corporation shall not engage in political activity or pursue political purposes of any kind or character.

ARTICLE IV

The location and post office address of the registered office and principal place of business of said corporation shall be Ketchum, Blaine County, Idaho.

ARTICLE V

The duration of this corporation shall be perpetual.

ARTICLE VI

Each owner of an improved property in any residential subdivision which shall be served by the water system or ~~systems~~ or sewer systems or disposal plants of

the corporation shall be eligible for membership in the corporation. Such membership shall at all times be identified with the owner of the improved property or improved properties and no membership shall be subject or conditioned upon approval of the Board of Directors or other members. There shall be one voting right for each improved property served by the system and owned by the members, whether owned in community, jointly, or separately; provided, however, a member owning more than one improved property shall have but one vote. Provided further, however, that the owner or owners of each condominium created as provided for by the statutes of the State of Idaho shall have one vote for each condominium unit, whether the same is owned in community, jointly or separately. The rights of all members shall be equal; however, members equity interests will be determined on a patronage basis, and records will be kept as necessary to determine such equity interests. Membership and continuation thereof shall be dependent upon the ownership of an improved property served by a water system, a sewer system and sewage disposal plants or systems of the corporation and there can be no expulsion of a member or cancellation of voting rights of such member so long as he is so qualified.

Voting may be by proxy in writing, dated and signed by a member; provided, however, no such proxy shall be valid beyond eleven (11) months after its execution, nor binding upon a transferee of an improved property from the person executing such proxy.

ARTICLE VII

Assessments and charges of the corporation shall be made as to each improved property owned by a member and in the event of the failure of a member to pay assessments and charges, the corporation may suspend water service to such improved property during the time any assessment or charge is unpaid following the due date thereof. Upon payment of any delinquent assessment or charge, together with a reasonable charge for terminating and restoring service, water service must be promptly restored.

Unpaid assessments or charges, including reasonable charges for terminating and restoring service if service has been terminated, must be paid by a transferee of a membership or a member acquiring another improved property, and unless so paid, service may be suspended, or if suspended such suspension shall continue as above provided.

The corporation may enforce the Declarations of Restrictions and Limitations as to the use of land within Hulen Meadows Subdivisions by suspending water service to the improved property the subject of the violation of the

Declaration. Upon correction of the violation of the Declaration and upon payment of any delinquent assessment or charge, including attorneys fees, together with a reasonable charge for terminating and restoring service, the corporation shall promptly restore water service.

ARTICLE VII A

Each member shall be deemed to covenant and agree with each other and with the corporation to pay dues and assessments made by the corporation for the purposes provided in these Articles of Incorporation. Dues and assessments shall be made and collected as to each lot owned by a member as provided in the corporation by-laws. Unpaid dues and assessments, together with interest thereon, shall be secured by a lien on the lot upon recordation of a notice of assessment whenever there is a delinquency in payment of the assessment. Such lien may be enforced by the corporation, after failure of the member to pay such assessment, by sale of the lot in the manner permitted by law in Idaho for the exercise of power of sale and deeds of trust or any other manner provided by law. The amount of any dues and assessments including attorneys fees against a lot shall be the personal obligation of the member owning the lot and suit for collection may be instituted by the corporation without foreclosure of waiver of the lien herein provided. By acceptance of a deed to their property, lot owners consent to the enforcement provisions as provided by these Articles and agree to be bound by them.

ARTICLE VIII

Nothing in these Articles shall be construed as restricting the ownership of improved properties and no provision shall be made in the by-laws of the corporation which shall so restrict ownership.

ARTICLE IX

The corporation shall not lease any real or personal property from other persons.

ARTICLE X

The Articles of Incorporation of this corporation may be changed or amended only by an affirmative vote of two-thirds (2/3) of all eligible votes.

ARTICLE XI

Bylaws not inconsistent with the Articles of Incorporation may be adopted, altered, amended or repealed at any regular meeting of the members, or at any special meeting of the members of the corporation called for that

purpose, by the affirmative vote of two-thirds (2/3) of the members present at such meeting; provided, however, a quorum, which shall be a majority of the eligible votes, shall be present through members and proxy.

ARTICLE XII

The business of the Association shall be managed by a Board of Directors of not less than five (5) nor more than eleven (11) in number; the number, qualification, terms of office, manner of election, powers and duties of such Directors shall be such as may be prescribed by law, these Articles, and such By-Laws as may from time to time be in force.

ARTICLE XIII

The following named persons shall serve as a Board of Directors until their successors are duly elected and qualified, to wit:

LORRAINE CURTIS, Ketchum, Idaho;
ERCEL H. DEWSON, Ketchum, Idaho;
DOYLE W. MCDORMAN, Ketchum, Idaho;
LUCILLE S. MCDORMAN, Ketchum, Idaho;
JACK TOOTHMAN, Ketchum, Idaho.

ARTICLE XIV

The personal liability of a director of the corporation or its members for monetary damages for Breach of Fiduciary duty as a director is eliminated except as follows:

- 1) For any breach of the director's duty of loyalty to the corporation or its members.
- 2) For acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of the law.
- 3) Provided for under Section 30-1-48, Idaho Code, as may be amended or renumbered from time to time.
- 4) For any transaction from which the director derived an improper personal benefit.

ARTICLE XV

The Board of Directors shall not mortgage or encumber the real or personal property of the Corporation and shall not create any new indebtedness of the corporation

HULEN MEADOWS WATER COMPANY

CONNECTIONS, INSPECTIONS AND EXTENSION POLICY

CONNECTIONS

1. Property owners or developers desiring to obtain a connection permit shall file a request with the office of the Hulen Meadows Water Company. Such request shall be in writing and in such detail as to adequately inform Hulen Meadows as to the proposed location of the desired connection.
2. All persons who contemplate building are advised that Hulen Meadows will attempt to deliver water at pressures between 20 and 100 pounds per square inch (psi), and it is up to the customers to boost or reduce pressures to fit their requirements. Static pressures can go higher than 100 psi.
3. Hulen Meadows will provide available information regarding the service connection size and its recorded location. When originally installed, service lines were marked with service markers; however, over time, some of the markers may have been destroyed or lost. Hulen Meadows will assist in locating the markers, but can assume no responsibility in preservation of the marker. All excavation and related costs to locate the service line will be the responsibility of the property owner.
4. At the time of submitting the request for a connection, the property owner or developer or a duly designated agent shall also obtain a date for its inspection, by Hulen Meadows, of the construction and physical connection to Hulen Meadows system. The property owner or developer shall be responsible for all costs on connecting to the system.
5. Under no circumstances may the connection be physically attached to Hulen Meadows' system without being inspected and approved by an authorized employee of Hulen Meadows.
6. Should a property owner or developer or his duly authorized agent connect facilities to Hulen Meadows without the facilities having been inspected and approved by an employee of Hulen Meadows, the property owner or developer may be required, at his expense, to excavate the facilities constructed, disconnect the connection from Hulen Meadows' line, and pay any applicable inspection charges. The property owner will be required to resubmit an application for connection and pay an additional inspection charge.
7. Only a plumber licensed by the Idaho State Plumbing Board is authorized to make the actual connection of the service connection to Hulen Meadow's pipe.
8. Construction of the connection shall conform to the following conditions:
 - a. Water service tap-ins for single family residences shall be 3/4 inch or 1 inch. Larger tap-ins will be permitted only with written permission by the Manager.

MICROFILMED

SEP 25 2000

T # 5657

Larger tap-ins will normally be permitted where the property owner or developer can show that pressure in the main is likely to be less than 20 psi under high-use summertime conditions or that pressure at the highest or most distant tap will be under 12 psi due to its elevation above or distance from the main, when the use for the total demand for the connection is 20 gallons per minute or less.

- b. Hulen Meadows' flat rate schedule for monthly service charges is based on year round service. Seasonal disconnects will not be permitted.

INSPECTIONS

1. An inspection fee of \$75.00 will be charged for each connection to Hulen Meadows' system.
2. Water must be turned on by a representative of Hulen Meadows. At this time, curb stop and valve operation will be checked.
3. Special precautions must be taken by property owners of low elevation lots to prevent freeze-ups. Water connections should be buried at least six feet deep. In known problem areas, wires for electrical thawing may be installed by Hulen Meadows at the curb stop. The property owner changing to galvanized pipe and installing an insulated coupling will be required to install a wire on each side of the coupling so that it can be determined if the property owner's pipe or Hulen Meadows pipe is the one that is frozen, in case of a freeze-up.
4. Backflow prevention devices are required to be installed for certain uses, or users, on water service lines. The requirements are State of Idaho law, and are discussed in detail in the Idaho Regulations for Public Drinking Water System IDAPA 16.01.8000. As a minimum, every sprinkler system shall be installed using a backflow prevention device. Consult with Hulen Meadows if the water service will be anything other than for standard domestic service.

EXTENSIONS

1. Extensions to serve additional customers shall be constructed and paid for by the benefiting property owner or developer.
2. The designation, "main lines" will generally refer to water lines 4 inches and larger. The Board reserves the right to apply the designation of main lines as appropriate for the specific extension in question.
3. A 15-foot permanent easement over all main lines shall be provided to Hulen Meadows for lines installed other than deeded right-of-way. The easement must be recorded and submitted to the Board prior to final acceptance of the project by Hulen Meadows.
4. Upon acceptance of the project, ownership of main lines may be transferred to Hulen Meadows. Following the transfer, all maintenance and operation of the main line will be performed by Hulen Meadows.

ORDER OF REINSTATEMENT
AND EXTENSION OF TIME

WHEREAS, on May 19, 1966, Hulen Meadows, Inc. applied to the Department of Water Administration (formerly the Department of Reclamation) for a permit to appropriate 1.11 cubic feet per second of ground water with the well located in Sec. 36, T. 5N, R. 17E, B.M., Blaine County, for irrigation and domestic use on 57 acres of ground; and,

WHEREAS, on June 1, 1966, the Department of Water Administration approved said permit for the terms and conditions of approval that on or before June 1, 1971, the applicants submit proof of beneficial use; and,

WHEREAS, on July 31, 1970, the Department of Water Administration modified the terms and conditions of approval of said permit; and

WHEREAS, in connection with the terms and conditions of approval and modifications of Permit No. 37-2734 on April 1, 1971, by certified mail, the Department of Water Administration forwarded to the permit holder notification that on or before June 1, 1971, proof of beneficial use was required; and,

WHEREAS, the Department, not finding that any adequate proof of beneficial use was submitted or request for extension of time on June 8, notified the permit holder that Permit No. 37-2734 had lapsed pursuant to Section 42-218a of the Idaho Code; and,

WHEREAS, on June 11, 1971, J. Blaine Anderson, Attorney for the applicant, submitted satisfactory proof to the Department of Water Administration that application for extension of time had been submitted prior to the date proof of beneficial use was due; and,

WHEREAS, the application for extension having been lost or misplaced was not considered by the Department; and

WHEREAS, the Department having reviewed the applicant's request for extension of time, finds that adequate reason is provided for approval of the request;

THEREFORE, IT IS ORDERED that Permit No. G-32897/37-2734 is hereby REINSTATED and that the date of proof of beneficial use is required to be submitted under Permit No. G-32897/37-2734 be June 1, 1976.

RE: TRANSFER OF WATER RIGHTS 37-02734/37-07011/37-07290/37-08601
(Transfer 5657)

Dear Water Right Holder(s):

Enclosed is the copy of your approved Transfer of Water Rights for the above referenced water rights (Transfer 5657). Please be sure to thoroughly read the Conditions and Remarks listed on the transfer. Also, please be advised that the accompanying transfer approval should be considered and treated as an **preliminary order** of the department issued pursuant to section 67-5243, Idaho Code. Enclosed are instructions for responding to **Preliminary Orders** if you are in disagreement with the approved transfer.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right to the department. Notice of the change must be provided to the department within 120 days of the change. Change reporting forms are available from any office of the department.

Please feel free to contact the department if you have questions.

Sincerely,

for *Sharla Curtis*

Responding to Preliminary Orders Issued by the Idaho Department of Water Resources

The Idaho Department of Water Resources (Department) issues water right permits, licenses, and transfers as preliminary orders pursuant to section 67-5243, Idaho Code. **A preliminary order can and will become a final order without further action of the department unless a party petitions for reconsideration or files an exception and/or brief as further described below.**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the Department within fourteen (14) days of the service date of the order. The Department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5243(3), Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from a preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, a preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to a preliminary order, opposing parties shall have fourteen (14) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

CERTIFICATE OF SERVICE

All documents intended to be part of the Department record in connection with a preliminary order shall be served upon the representatives of each party of record. Every document filed with and intended to be part of the agency record must be attached to or accompanied by proof of service by the following or similar certificate.

I HEREBY CERTIFY (swear or affirm) that I have this day of _____, served the foregoing (name(s) of document(s)) upon all parties of record in this proceeding, (by delivering a copy thereof in person: (list names)) (by mailing a copy thereof, properly addressed with postage prepaid, to: (list names)).

ORAL ARGUMENT

If the Department grants a petition to review a preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Department may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The Department will serve a copy of the final order on all parties of record.

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when (a) the petition for reconsideration is disposed of, or (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

RIGHT TO HEARING

Pursuant to Section 42-1701A(3), Idaho Code, unless the right to a hearing before the Department is otherwise provided by statute, any person aggrieved by any decision, determination, order, or action of the Department or any applicant for any permit, license, certificate, approval, registration, or similar form of permission required by law to be issued by the Department, who is aggrieved by a denial or conditional approval ordered by the Department, and who has not previously been afforded an opportunity for a hearing on the matter shall be entitled to a hearing before the Department to contest the denial or conditional approval upon filing with the Department, within fifteen (15) days after receipt of the denial or conditional approval, a written permission stating the grounds for contesting the action by the director and requesting a hearing.

APPEAL OF FINAL ORDER TO DISTRICT COURT

If a preliminary order becomes final, any party aggrieved by the final order or orders previously issued in the case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which (a) a hearing was held, or (b) the final agency action was taken, or (c) the party seeking review of the order resides, or (d) the real property or personal property that was the subject of the agency action is located. The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal. See Sections 67-5270 through 67-5273, Idaho Code.

T37-08601

TO: Application for Permit 37-08906

In the Name of: Hulen Meadows Water Company

SUBJECT: Review and Recommendation

Transfer 5657 and Application 37-08906 deal with the same water system and should be reviewed together. The transfer ties four licenses into the common system served by three wells. The application adds service to four lots and increases the diversion rate of the system. In total the system will serve (173 + 4) homes, and at a maximum (122.4 + 2.0) acres are allowed to be irrigated. The combined diversion capacity of the system if developed will be limited to (2.12 + 0.16) cfs.

The applications were advertised without protest.

Recommendation

I recommend that this transfer be approved subject to the following conditions:

- No new wells authorized to be drilled.
- System subject to Public Water Supply System requirements of DEQ.
 - Maintain measuring devices on all wells.
- Rights subject to limits listed above.
- Rights subject to SRBA.

I recommend that the application be permitted with similar conditions.

RE: Application for Permit 37-08852

Dear Mr. Longley:

A recent examination of pending applications in our office revealed that Application for Permit 37-08852, filed in the name of Hulen Meadows Water System, is still pending. This particular application was filed in October of 1995.

During the review of application for permit 37-08852, it was discovered that several older existing water rights were already appurtenant to the Hulen Meadows Subdivision. In addition, a water right permit, 37-08601, was pending licensing for the subdivision. It was decided to delay action on application for permit 37-08852 until permit 37-08601 was licensed.

During the licensing of water right 37-08601, it was determined that the existing water rights that were appurtenant to Hulen Meadows when combined with water right 37-08601 covered all the water uses for the subdivision. Therefore, the application that you filed in October of 1995 was not necessary.

Our Department, and the subdivision, need to address the pending application for permit 37-08852, filed in October of 1995. Since the application for permit is no longer necessary due to the existing water rights covering the subdivision's water use(s). Our Department can process, and eventually deny, the application, or you can withdraw the application. Since this particular application has not been advertised yet, you may be able to obtain a refund of your \$100.00 application filing fee (if requested). I have enclosed a partially completed form that would enable the subdivision to withdraw the application.

MICROFILMED

As you recall, all the existing water rights, except recently licensed water right 37-08601, for the subdivision do not reflect the actual point of diversion (well) locations. In addition, the Snake River Basin Adjudication claims filed for the subdivision do not reflect the current point of diversion locations. This is partially due to the abandonment of the well located along Sorrel Lane and the addition of the new well along Hulen Way. Representatives of the Department have discussed with you the need for the filing of a water right transfer application to correctly record the existing well locations.

I encourage you, and the subdivision, to file an application for transfer to properly record all the current well locations on all of the subdivision's existing water rights. If you, or the subdivision, need assistance in this process feel free to contact me. The filing fee for an application for transfer is \$100.00, so if you obtain a refund from withdrawing application for Permit 37-08852, you could use this money to file the transfer application.

If you have any questions, or if I can be of any assistance, feel free to contact me at your convenience.

Sincerely,

Corey Skinner, EIT

MEMORANDUM

DATE: December 2, 1996
TO: File No. 37-02734, 37-07011, 37-07290, & 37-08601
FROM: Cindy Zimmerman 
RE: Transfer Required

During the review of the beneficial use examination on 37-08601, I noted that the legal description of the points of diversion for licenses 37-02734, 37-07011, and 37-07290 required correction to add the backup well drilled in 1992.

I spoke with Marc Longley, manager of Hulen Meadows Subdivision on 9/26/96 about filing a transfer to make the p/d corrections. Mr. Longley understood and agreed to the corrections and will file a transfer.

Application for permit 37-08852 filed by Mr. Longley to cover any additional water use not covered by existing rights. The licensing of 37-08601 covered all remaining uses of water for the subdivision. Therefore, the new application is unnecessary. Mr. Longley plans to withdraw the application when he files the transfer and apply the permit application fee against the transfer filing fee. As of this date, we have not received either the transfer application or the request to withdraw the permit application at this office.

Today Corey Skinner called in follow-up to this situation. I explained the above to him. Corey volunteered to pursue the disposition of the permit application and transfer.

Gentlemen:

Enclosed are copies of the Water Licenses issued on the above referenced permits along with a copy of the approved application for amendment which amended both permits to cover all three wells.

Since the system was found to be producing 1.34 cfs, we direct your attention to the conditions made a part of License No. 37-7011. Should you have questions regarding these licenses, please feel free to contact us.

Gentlemen:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

If you have any questions concerning the field exam, please contact our Southern District Office at 1041 Blue Lakes Blvd., North, Twin Falls, Idaho.

Dear Sirs;

Following is a Log of drilling and testing of well at
Hulen Meadows, finished on June 28, 1966.

0-17 Ft. Gravel and Boulders
17-19 Loose gravel and sand
19-47 Gravel set sandy clay
47-56 Loose water-bearing gravel Water raised to 44 ft.
56-59 Gravel set in clay (tight)
59-61 loose gravel and water
61-69 Clay and boulders
69-92 Loose gravel with boulders and water
92-100 Gravel with clay--no water

Testings

Water-level in well 44 ft.
Start of test 115 gallons per minute at 63 ft. level, at 1700 RPM.
86 ft. level--120 gallons per minute, at 1750 RPM.
At the above level, pump was breaking suction.

It would be my suggestion to hold a pump at 110 gallons per
minute, from 70 ft. pumping level.

Test-pump bowls set at 86 ft. Ca 10" bowls and 8" coupled col-
100 ft. 12 3/4" x 5/16" wall in ground
3 ft. above ground

Well perforated as required in specifications:

Dear Ms. Curtis:

As of this date, we have not yet received the affidavit of publication to be submitted in connection with the above referenced permit. Proof of beneficial use is not required until June 1, 1976. However, many newspapers do not keep copies of these advertisements in their files.

The legal notice was to have been published in the Wood River Journal, Hailey, Idaho on October 21st and October 28th, 1971. We, therefore, recommend that you obtain this affidavit as soon as possible and submit it to the Department. This insures that when you are ready to submit proof of beneficial use, there will be no unnecessary delay or added expense.

Very truly yours,

FROM: Don McEldowney

SUBJECT: Permit No. G-32897/37-2734

The Appropriations Division, having researched this file, as well as files in the vault of corresponding in light numbers, have failed to find the original of the transmittals enclosed of a June 11, 1971 correspondence. Lacking better or sufficient information it is recommended that the Department consider that it was properly served on May 21, 1971 or shortly thereafter by regular mail with the copies of the application for extension of time and that lacking better information, the permit should be reinstated and the extension of time approved.

APPLICATION FOR EXTENSION OF TIME TO
MAKE FINAL PROOF, WATER PERMIT NO. G-32897/37-2734

TO: STATE OF IDAHO, DEPARTMENT OF WATER ADMINISTRATION, BOISE,
IDAHO.

Comes now, Hulen Meadows, Inc., an Idaho corporation, the owner and holder of the above numbered permit, and makes application for an extension of time for the making and filing of final proof and, in this connection, states as follows:

The waters covered by said permit are appropriated to six legally filed and accepted housing subdivisions of Blaine County, State of Idaho, known as Hulen Meadows Subdivisions Numbers 1, 2, 3, 4, 5 and 6, and being situated in the West Half Southwest Quarter and Southwest Quarter Northwest Quarter of Section 36, Township 5 North, Range 17, East of the Boise Meridian, and also Lot 4, Section 1, Township 4 North, Range 17, East of the Boise Meridian, all in Blaine County, and is also the owner and holder of Idaho Department of Water Administration Permit No. 42291.

Both wells, pumping, pressure, and a storage system in connection therewith, are a part of a central domestic water distribution system serving the entire subdivision and in connection therewith, applicant further states as follows:

1. Both of said wells have been drilled and are equipped with pumps, motors and appurtenant equipment and are operational.

2. The water is pumped therefrom to a central storage tank of the capacity of approximately 17,000 gallons and is situated immediately adjacent to said subdivisions on the Sawtooth National Forest under a special use permit and is distributed therefrom by underground lines to the lots and building sites in each of said subdivisions and has heretofore been approved by the State of Idaho, Department of Public Health. All of the distribution system has

been completed to all of the subdivisions with the exception of subdivision No. 5, but approximately one-quarter, with respect to that subdivision, will be completed and installed during the summer of 1971.

3. That said system was engineered by J.U.B. Engineers of Boise, Idaho, as a unified and integrated domestic water system serving the approximate 150 available building lots.

5. That since 1966, applicant has expended in excess of \$75,000.00 for engineering, construction and installation costs.

5. That 30 homes have been built within the said subdivision and water applied ^{/to} beneficial domestic uses to that extent, but until other lots are sold and dwellings constructed thereon, all of the water applied for cannot be applied to beneficial domestic purposes and it is essential to such development that domestic rights be retained and appurtenant to said subdivisions.

6. That in spite of the statements made in each of the above numbered permit applications, none of the water is used for agricultural irrigation purposes, but is used only for culinary uses and domestic irrigation of yards, lawns and shrubs by sprinkler irrigation.

7. That full application to beneficial use for such domestic purposes cannot be completed until all lots are sold and dwellings constructed thereon, which cannot be done in the time limited for final proof.

WHEREFORE, said permit holder prays for an extension of time for the making of final proof.

DATED This 20th day of May, 1971.

Gentlemen:

One of the conditions of approval of your water Permit No. G-32897/37-2734 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before June 1, 1971. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Ketchum, Idaho

Gentlemen:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department; previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply them upon request at any time.
