Dear Danni:

I am writing this letter in response to your request concerning my representation of the Sun Valley Company in the above-referenced water right numbers. Please be advised that this firm, Elam & Burke, P.A., represents the Sun Valley Company. Mr. David Lincoln, a Shareholder with our firm, signed the initial SRBA claims for several of Sun Valley Company's water rights in the late 80's. Accordingly, Mr. Lincoln is listed as the "attorney" for Sun Valley Company on those claims. It is my understanding that for the few licenses and/or permits filed post-November 1987, my name is listed as the "attorney" for Sun Valley Company.

Mr. Lincoln is no longer handling water rights matters for this firm. Therefore, to avoid any further confusion, I ask that the Department update their records to reflect my name as "attorney" for the Sun Valley Company in each and all of the above-referenced water rights.

Thank you for your assistance in this matter. If you have any questions, please do not hesitate to contact me.

Very truly yours,

Dear Mr. Meyer:

We have received the assignments of Sun Valley Company, Inc., in connection with the above referenced licenses.

We wish to advise you, however, that the Department has no procedure for changing the record of ownership once a permit has been licensed. We will file these documents in the license files for future reference as to present ownership. If you have any questions regarding this matter, please advise.

Re: Permit No. G-32672/37-2722

Sun Valley Company, Inc.
Sun Valley,
Idaho

Gentlemen:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department; previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply them upon request at any time.

Very truly yours,

Donald W. McEldowney
